NOTES.

Both first and second teams can show four points from their first four matches. In each case there is good reason for claiming there would have been a balance on the right side, but for injury to a player.

The Reserves were leading convincingly up to half-time at Cardiff, last Saturday. But an unusual mishap deprived them of the services of Eric Littler—struck by the ball on the eye—for the whole of the second half. Their Welsh opponents proceeded to take advantage of those circumstances by changing the deficit into a narrow lead.

At Hillsborough, two evenings later, the first team displayed entertaining football and but for inspired work by the home goalkeeper would have been sitting pretty at the interval. The odds on completing a double continued to appear until Tom McArthur had to leave the field for attention for a strained groin.

An indirect free kick brought the chance to Jackie Sewell to score a goal and win the points. McArthur, although returning, could not be risked in his usual position.

The view was practically unanimous that City were unlucky losers on the evening's play. Yorkshire folk were very interested in the debut of one of their own products, Billy Webb. They were generally very favourably impressed by his showing.

After the fine win over Birmingham City, we were naturally hopeful in tackling the Sheffield task. The quality of football left these hopes by no means misplaced and we are not downhearted as a result of the defeat.

We are again at home this afternoon with Luton Town as our visitors. The Bedfordshire club were heavily loaded with anxiety over their League position when here towards the end of last season. This term they have some newcomers in their attack and are playing in confident style.
