CLUB NOTES

By Watchman

A NOTHER home victory this afternoon would do much to improve our prospects in the Second Division. At the moment Luton Town, our visitors, are two points ahead of us. We can today draw level in the matter of points, and possibly go ahead of them on goal average.

When our side appeared at Luton in the first game of the season, the Bedfordshire team appeared a well-balanced one. There were two new wingers on view, Davies and Mitchell, and while Luton conceded a point to us that day, they showed vast improvement in subsequent matches, and were in a very challenging position for several weeks. In that first meeting of the sides our team was losing two-nil until five minutes from the end, when Scrine, who helped materially to overcome the League leaders last Saturday, got two goals.

DIFFICULT MATCHES

Luton have always provided us with very difficult matches, and it will be remembered that their two victories at Christmas last year placed us in real difficulty in the League. Their home defeat last week was largely attributable to the injury sustained by Owen, their centre-half.

The fine win over Rotherham United should inspire our side to another big effort this afternoon, for to secure a strong position in the League before Christmas must go a long way towards lessening the severity of the fight after the holiday. Today's visitors have been playing football of a very high order, and our team will need to be in very good form to secure the points.
