MANAGER'S NOTES

Disappointing finishing robbed us of at least a point at Leeds, where the luck was never with us. For a team which scored more goals than any other League side last season we seem to have struck a patch when the forwards are failing in front of goal. It is difficult to pin this down, but it is as disappointing to the management and the players as it is to the supporters, so many of whom backed us up at Elland-road. For today's game we have made changes and include new signing, Jimmy Munro, secured from Oldham just before the deadline.

Today we welcome as visitors a polished Luton Town side. When we visited Luton earlier in the season the general opinion was that they were the best side in the Second Division, and nothing we have seen since then has made any change of opinion. Led by the experienced Jesse Pye, their attack is full of goals, and their defence is well balanced and sound. They should provide really tough opposition for our lads today.
