News and Views from the City Ground

OUR Cup luck is out again, but there are compensations this time. All Forest supporters hoped for a home draw at long last, but as fortune still frowns it is something to find that the away journey is short enough to allow them to see the Cup game at Sheffield. And with an even break we can go to Bramall Lane with some hope of success, for both teams are the type to play football rather than the "kick and rush" tactics so often associated with the knock-out tournament.

One of the "Reds" best games in recent years was on this ground when three years ago they won 4-1; what a joy that would be if that feat could be repeated in the Cup. Since that occasion Sheffield United have climbed up to the First Division but are having a struggle to retain that status.

Our Cup luck may be of the wrong sort; let's hope we shall have a lucky game to compensate.

Coming back to League affairs, today's visit of Luton Town marks the start of the second half of the season, for it was at Luton that we began the campaign. But, of course, we have not yet met every other club in the Second Division.

Middlesbrough and Stoke have been met twice in the first half, Birmingham and Rotherham have to be encountered twice in this second half, in the two

holiday periods. Our next home match is against Birmingham on Monday week after we have been to St. Andrew's on Christmas Day.

In these notes a week ago we ended with a plea to our forwards to let us have some goals, but once again they disappointed us, and so, for the first time this season, we had a drawn game at the City Ground. It was bound to come some time, of course, but it was none-the-less a disappointing experience, particularly as we were against ten Swansea men for half the game. We missed top-scorer Noel Kelly, but we must not forget to congratulate our opponents on their very fine effort—and their good football—under their big handicap.

Once again it was shown how a depleted side by their sheer fighting spirit can overcome a handicap by the remainder all pulling out the extra effort. We have seen it with our own team and praised them for it, so let us recognise the way in which Swansea played full out to cover the gap in their ranks.

Naturally, we all want to see our own team on top and winning every time. Given some much-needed better finish by our forwards, we must win more than we lose now that our defence is playing so well.

So once again, let us say "Come on, Reds, hit the back of that net."

FOCUS ON LUTON TOWN

It was on the opening day of the season—August 21st—that we met Luton Town at Luton in a match that we lost 3—0, and to-day marks the second half of the League fixtures, because the majority of clubs fulfil fixtures this afternoon in exactly the reverse manner to that first day. Dare we hope for a reverse of the result, too?

Perhaps it's not too much to expect, because in six previous visits to the City Ground Luton have managed only one win—in 1947/8, when they won 2—1—the other meetings, starting with 1946/7 until 1953/4 going in our favour, 4—2, 2—0, 2—0, 4—3 and 2—1.

This latter result was in the corresponding game last season, played on Wednesday, September 2nd, when we fielded this team: Walker; Whare, Hutchinson; French, Gager, Burkitt; Moore, Scott, Leverton, Capel, Collindridge. Our scorers were Leverton and Moore, and the attendance was 17,022.

Luton did not begin the season too well, because after the initial victory over ourselves they lost four of their first seven matches. However, they have been enjoying a good spell of late and at the present time they have only lost seven times.

Their best feat was a 7—3 victory over Blackburn Rovers at the end of November, which shook the then league

leaders as well as the remainder of the football world! Incidentally, this match was described by some worthy judges as "the best-ever seen at Luton."

To take you back to August 21st our team then was: Walker; Thomas, Hutchinson; Orr, Gager, Burkitt; Moore, Turner, Blackman, Martin and McLaren. Luton were represented by: Streten; Dunne, Aherne; Morton, Owen, Shanks; Davies, Turner, Pye, Groves and Adam. Their goals came from Pye, Turner and Davies.

Of course, Jesse Pyc is no longer with them, and, since our first match, Morton has taken over the role of centre-forward with such success that in two consecutive matches (against Notts. County at Meadow Lane and Liverpool at Luton) he got a brace of goals.

Their Kenilworth Road enclosure is slightly on the small side, and most teams that play there find that the Luton side have a decided advantage in better adapting themselves to the confined area. However, it is excellently situated and in immaculate condition, and boasts a record attendance of 28,433 set up in March, 1952, when they played Arsenal in the F.A. Cup.

A true footballing side, we can rely on seeing a very good game between our two sides—a curtain raiser for the Christmas games to come.

Tough Cup Luck! Shakespeare on Soccer

January 8th—Sheffield United v.
Nottingham Forest

ONCE again the luck of the draw has eluded us; we have to travel to Bramall Lane on January 8th to oppose Sheffield United in the Third Round of the F.A. Cup and this makes our fifth game in a row on foreign soil in the Cup in the past three seasons!

Not since we were drawn at home to Blackburn Rovers on January 12th, 1952, have we had a home tie, and in that match we made a draw 2—2 and lost the replay 0—2 three days later.

The following season we were drawn away at Mansfield, and following our win there were drawn away again at Goodison Park, where we went out to Everton.

Last season, of course, we were drawn away again—this time to Plymouth, but lost once more, and now we journey again to nearby Sheffield.

Our last visit there was on September 23, 1952, when we lost to the United 2—0, but few will forget the return game we had with them at the City Ground on Easter Saturday, April 6th, 1953, a most exciting affair, which ended in a one-all draw. Sheffield were, as you will recall, promoted that season into the First Division, where they have not so far had much success.

Along with Sheffield Wednesday they are lying near the foot of the First Division chart, and let us hope that on January 8th we can spring a surprise on them, a surprise similar to the one they had on the same ground in November, 1951, when we won there 4—1, which ended their unbeaten run of 15 games at that time.

Though a struggling side at the moment, you can always rely on the United to play good football, and that is why we shall look forward to a grand game with them, and we naturally wish that we may get through to the next round—and a home tie!

By DENNIS M. FRANCIS.

A FEW more comments from William Shakespeare at this festive season are very applicable when quotations from his works are set at the side of those who are responsible for the appeal of soccer.

DIRECTORS—

"Most potent, grave and reverend signiors" (Othello).

MANAGERS—

"... our doubts are traitors, and make us lose the good we oft might win by fearing to attempt" (Measure for Measure).

"They that stand high have many blasts to shake them" (Richard III).

SECRETARIES—

"Into a thousand parts divide one man" (Henry V).

TREASURERS—

"O, that we now had here but one ten thousand of those men in England that do no work to-day" (Henry V).

PLAYERS—

"Be swift, like lightning" (Richard II).

TRAINERS—

"These wounds heal ill that men do give themselves" (Troilus and Cressida).

REFEREES AND LINESMEN—

"Constant in spirit, not swerving with the blood, garnished and decked in modest compliment, not working with the eye without the ear and but in purg'd judgement trusting neither" (Henry V).

"... be thou as chaste as ice, as pure as snow, thou shall not escape calumny" (Hamlet).

PRESS—

"I will a round unvarnished tale deliver" (Othello).

"Give every man thine ear, but few thy voice, take each man's censure but reserve thy judgement" (Hamlet).

INTRODUCING OUR VISITORS

TAKE a good look at this Luton Town side, which we welcome—together with their manager, our old friend "Dally" Duncan, of Derby County fame—to our headquarters to-day. For many shrewd critics have selected them as this year's Second Division promotion team.

So far this term they have shaped well in all departments, particularly in defence, but we shall miss from their ranks to-day centre-forward Jesse Pye, now with Derby, who has invariably done well when opposed to us.

His replacement, who has got well among the goals, is former right Bob Morton, but we can expect to see some familiar faces in Luton's defence. Probable goalkeeper is Bernard Streten, who was once on Notts. County's books as an amateur. He has the unique record of playing for his country both as an amateur and a professional.

Streten began his career with Norfolk Juniors, and later played with Shrewsbury. He was born at Gillingham.

The full-backs—like our own—are rated as consistent as any in the Second Division.

Seamus Dunne is Irish born. He hails from Wicklow and joined Luton from Shelbourne, from which club Notts. County obtained Eddie Gannon, now of Sheffield Wednesday. Seamus is an Irish International and came to Luton in 1951/2. His partner, Bud Aherne, is a fellow countryman. Bud has skippered both Ireland and Eire. He was originally a wing-half, but is excelling

at full-back, invariably placing his clearances well. He joined Luton from the Linfield club in 1949.

Strong man in the defence is ex-England pivot Sid Owen, who succeeded Horace Gager in this position when Horace joined us.

Fair-headed Sid, a former wing-half with Birmingham, signed for Luton in 1947 for £1,500—a real football bargain. He is Birmingham born and powerfully built, being very quick in recovery.

The wing-halves are expected to be Jim Pemberton and Wally Shanks. The former is a good constructive type, while Malta-born Wally, originally with Chelsea, can also play at inside forward.

The danger men in the attack are fast, speedy wingers Roy Davies and Jim Adam. Davies is a South African who has assisted Clyde, while Adam was signed from the Scottish club, Pennymoor United a year ago. He is a smart opportunist.

Gordon Turner, originally a centre-forward, has lately been hitting the high spots at inside-right. He first played for Luton in 1950/51.

John Groves, expected to play at inside-left, is the son of a former Derby County forward. He is very dangerous inside the penalty area and has a useful understanding with centre-forward Morton, the ex-Aston Clinton player, who recently has fitted well into the attack.

Luton play in white shirts and black shorts.

One club in Glasgow Celtic is finding their attraction as floodlight visitors an embarrassment. They have had so many offers to travel south for these games that they have announced that in future they will limit their appearances to in and around the areas of Newcastle, Sunderland and Leeds.

A HISTORY OF FOOTBALL

By DENNIS M. FRANCIS.

Part VIII :

Season 1935-36 - A Feast of Goals

THE season of high scoring and big transfer deals—that was 1935/36.

Sunderland, runners-up in the First Division the previous season, wrested the championship from the Arsenal and finished eight points in front of Derby County. Their bright star was one named Horatio Carter! Tragedy, too, in their year of triumph, for their goalkeeper, James Thorpe, died after a League game on February 1st, 1936, but medical evidence proved that he died from diabetes.

Arsenal were not entirely out of the news that season! They carried off the F.A. Cup, beating Sheffield United 1-0, and in one of the earlier rounds centre-forward Ted Drake set up a Cup record that still stands to-day, when he scored seven goals in succession against Aston Villa on December 4th, 1935.

This was not the only high-scoring feat of that season, for Tranmere beat Oldham 13-4, "Bunny" Bell scoring nine times even after missing a penalty! Yet another record which still stands to-day was recorded—Joe Payne, playing his first game for Luton Town, scored ten times in their 12-0 victory over Bristol Rovers in April, 1936!

Big money was paid out by Aston Villa that season in an effort to prevent relegation to the Second Division, and they spent £35,000 on seven players, but the outlay proved in vain, for they only managed to finish second from the bottom, with Blackburn below them. This was the first time the two clubs had ever been relegated.

Villa paid £9,000 for Phillips from Wolves, £8,000 for Cummings (Partick),

£6,000 for Alex Massie (Hearts) and £5,000 for Tom Griffiths (Middlesbrough); Hodgson (Liverpool), Williams (Huddersfield) and Palethorpe (Sheffield Wednesday) cost £8,000 between them.

Charlton Athletic continued their upward rise and were second to Manchester United in Division Two, and so won promotion to the premier division. They nearly made it a "triple crown" the following season, when they finished as runners-up in Division One.

Coventry and Chesterfield were promoted from the Third Division, and Port Vale and Hull City relegated in their places. Meanwhile, Scotland won back the International championship by holding England to a draw at Wembley. Jack Barker and Eric Brook were two very prominent figures in the 'National side at this time.

In May, 1936, England were again beaten on tour, this time by Austria and Belgium, and the writing was on the wall, for the influence of the English coaches was beginning to take effect on the Continent.

Back to goals again. This time, in Scotland, James McGrory was setting up a British league record of 50 goals in this season and bringing his personal total to 386 in Scottish League football. He went on to score 550 goals in first-class soccer, counting League, Cup, charity and representative games.

One International success for England worth mentioning here was the victory over Germany at White Hart Lane, by three goals to nil, the team being: Hibbs (Birmingham); Male (Arsenal); Hapgood (Arsenal); Crayston (Arsenal); Barker (Derby); Bray (Manchester City); Matthews (Stoke), Carter (Sunderland), Camsell (Middlesbrough), Westwood (Bolton), Bastin (Arsenal). Scorers: Camsell (2), Bastin.

Results in Retrospect

SATURDAY, DECEMBER 11th

SECOND DIVISION

Forest 0 Swansea Town 0

Before a disappointingly small crowd, both teams showed some really clever football, but with some appallingly bad finishing from the Forest forwards a depleted Swansea side merited their share of the spoils with a fighting second-half and with Ivor Allchurch absent. This, incidentally, was Swansea's third draw at the City Ground in five outings and it was our first draw at home this season.

Team: Farmer; Whare, Thomas; Morley, McKinlay, Burkitt; Wilson, Thompson, Ardron, Martin, Small. (Attendance 12,962).

MIDLAND LEAGUE

Wisbech Town 1 Forest Res. 0

When a Reserve side containing seven players with much Second Division experience fail to score at all against a side (lying second from the bottom of the table) which, in four previous meetings with us had never registered a win, what can one say? A match which, on chances alone, we could (and should) have won but didn't—no excuses to offer, just indecisive play.

Team: Knibbs; Hutchinson, Lay; French, Gager, Barclay; Moore, Scott, Lemon, Cluroe, Burton.

Forest "A" 3 British Ropes 2

The first "double" of the season for the "A" team and their first win in four games; the winning margin should have been greater but for a couple of defensive lapses late on that allowed the "Ropes" to notch two simple goals. Scorers for the "A" were, strange to relate, two half-backs, Ron Farmer and Alan Holder, with a third from Terry Cassidy.

Team: Brown; Banham, T. Butler; Farmer (R.), P. Watson, Holder; Gerrard, Turner, McKaig, Cassidy, K. Britten.

NOTTS. INTERMEDIATE CUP
(Third Round)

Carlton Athletic 1 Forest "B" 3

Our Junior "Under 18" XI took another step towards success in this most testing of all the local cup competitions by virtue of a good away win over a side of mature players who compete in

the Notts. Alliance. Always trying to play good, constructive football on a very heavy pitch, they were deserving of their winning margin. Ken Simcoe scored twice and a third came from David Smith.

Team: A. Farrow; V. Bearcroft, E. Carnell; D. Smith, D. Ballard, D. Singleton; E. Greasley, R. Gilbert, K. Simcoe, K. England, J. Langford.

Scheduled for a visit to England in 1956 is a team from Uganda—the first-ever visiting football team from there—and, of course, in their own country they do not use football boots, but they say they may do so on this tour.
