### OUR VISITORS

This afternoon we entertain most attractive opposition in Luton Town, and to all our visitors we extend a very sincere and hearty welcome.

Judging from their present record, Luton must be rated as just about the best side in the League, being a mere three points behind the leaders, Blackburn, with three games in hand, and now that they have no further interest in the F.A. Cup they are certainly firm favourites for promotion. Should they succeed it will be just reward for their consistency during the past few seasons.

Luton's visit to Derby always has an added interest for they are managed by a great Rams favourite of yesteryear—Mr. 'Dally' Duncan. Numerous Rams supporters will need little or no reminder of the many wonderful displays he gave at outside-left which were suitably rewarded with several Scottish International Caps. As a fitting climax to his career with the Rams he was a member of our Cup-winning side in 1946 when we beat Charlton 4-1. Since taking over the managership of Luton his shrewd team-building has brought about a tremendous improvement and this can best be illustrated by looking at their League placings in the past four seasons. In

1950-51 they narrowly avoided relegation, finishing in 19th position. In 1951-52 they went up to 8th position; in 1952-53 to 3rd place, and last season, after always being in the running, they eventually finished 6th. Now this season everything seems to be set fair for them to claim one of the spots that really mean something—1st or 2nd. Last season, incidentally, the 'Hatters' did the double over us, winning by the same margin 2-1 home and away.

Unless any of their players are injured it is not expected that any change will be made in their usual full strength side which lines up as follows: Baynham, Dunne, Aherne, Pemberton, Owen, Shanks, Davies, Turner, Morton, Cummins, Cullen.

Goalkeeper Baynham has been keeping International Streten out of the side since he made the team last November which indicates that he is playing remarkably well.

Dunne and Aherne are an International combination, both being automatic selections for their native Eire. Right-half Pemberton came into the side when Morton moved to centre-forward and has filled the bill excellently.

Skipper of the side, Sid Owen is ranked one of the best pivots in the game and left-

half Shanks was originally a winger but has been converted into a grand wing-half. Right-winger Davies is a South African who went to Luton via Clyde and his inside partner. Turner is one of the most prolific goal-getters this season having scored 28 Cup and League goals to date. The latter was also their leading scorer last season with 16 goals.

Centre-forward Bob Morton earned a great reputation as a wing-half last season, but when Jesse Pye came to Derby, Manager Duncan had no hesitation in moving him to lead the attack which he has done with outstanding success.

Inside-left Cummins is another Eire International who was signed from Everton in 1953, and his wing partner Cullen is a young Scot who has made the position his own since Mitchell was transferred to Middlesbrough.

A brief history of their probable side is given below.

**BAYNHAM, R., goalkeeper**—In his fourth season with the club. Secured from Southern League club Worcester City. After a series of brilliant displays in the reserves this season was promoted to the

League side on November 13th and is keeping out of the first team Bernard Streten, the England International goalkeeper. Made 5 appearances last season.

**DUNNE, S., right-back** — Hails from County Wicklow, Eire. Joined Luton from Shelbourne in May 1950. Has played for his country on several occasions and forms an all-Eire full-back partnership with Bud Aherne. Made 24 appearances last season.

**AHERNE, T., left-back** — Born in Limerick, Eire. Came to Luton from Belfast Celtic in March 1949 and has already played in 22 International matches for his country. Made 35 appearances last season.

**PEMBERTON, J., right-half**—Was chosen for the right-half berth vacated by Morton and is filling the bill admirably. Is a most useful utility player and since he joined Luton in 1947 has played in every position except goal and outside-right. Made 4 appearances last season.

**OWEN, S., centre-half**—Captain of the side. Previously with Birmingham City. Toured Australia with the F.A. three years ago; was a member of the Football League

## CLUB NOTES

These comments on our match with Leeds at Elland Road last Saturday must follow the all-too-familiar theme that we could once again claim to be the better side on the day and yet lose, this time by one goal to nil. Whatever the pros and cons may be regarding the disallowed goal, missed chances and the like, the Rams have every reason to wonder, particularly in view of their present position, why the luck of the game has apparently deserted them completely. When it looked odds on that they would at least share the spoils—and many Leeds followers freely admitted that our general performance was worthy of both points—a penalty was conceded for what looked to be an accidental case of hands against Patrick from which Charles gratefully scored. This was bad enough, but two minutes from the end, with the Rams still fighting desperately for an equaliser, Keith Savin was carried off injured, a subsequent X-ray examination showing that his leg is broken just above the ankle. Add to this Plymouth's win at Hull, which makes our position infinitely worse, just about capped everything.

In the first half the Rams were far and away the better side, their only failing being that they seemed loth to press home many dangerous attacks. Many times they worked the ball skilfully through to the penalty box line but then either shot from too far out or dallied sufficiently long to give the Leeds defenders chance to regain position. During this first half the Leeds rearguard looked anything but steady and they were somewhat fortunate to leave the field at the interval with their goal intact.

After the breather Leeds came more into

the picture, mainly through the influence of Charles who, as we had seen at Derby earlier this season, was a commanding figure and barred the path down the middle with great skill. The Leeds attack, however, were also rather goal-shy, but on a few occasions did get through to test Webster who proved equal to everything fired at him—one or two saves being first-rate.

Ken Oliver, who came into the side for Ray Young, played a major part in keeping the Leeds inside-forwards at bay during their period of ascendancy, he and Webster being the pick of a sound and capable defence which never looked like being beaten until the unfortunate penalty.

Tommy Powell was the pick of our forwards, with Nightingale claiming the same honour for Leeds.

To sum up, this was one of those days when the luck was against them even more than usual, and if they should have made better use of their first half opportunities, they certainly did not deserve to lose.

This latest set-back means that points from our future games are a vital necessity, and as our next opponents—Luton—need them just as badly in their bid for promotion, we should see an exciting struggle next Wednesday.

**TURNER, G., inside-right** — A Doncaster boy recommended to Luton whilst playing

# PRINTING

*For those who discriminate*

*Discerning buyers of print know full well that price is not the only consideration. The lay-out, the style of type used, the register of Colour work and the precision of the various processes employed are factors which must have consideration.*

*Neatness and strength in packaging enabling the purchaser to maintain his stock in clean and useable condition are elements to which we pay high regard.*

*Whether you buy print to sell your goods, or merely to record your transactions, 'DERWENT PRESS LTD.' will do the job supremely well.*

in Navy football and signed forms upon demobilisation in March 1950. Was the club's leading goal-scorer last season with 16 goals and his total to date for this season is 28, including Cup-ties and a hat-trick against Blackburn on November 27th when Luton won by 7 goals to 3. Made 32 appearances last season.

**MORTON, R., centre-forward**—Local boy who signed professional forms in February 1946. Usually a brilliant wing-half and frequently tipped for honours in this position, but since transfer of Jesse Pye to Derby County has taken over the centre-forward role with outstanding success. Made 40 appearances last season.

**CUMMINS, G., inside-left** — Another outstanding Irishman secured by Luton for a five-figure fee from Everton in August 1953. A brilliant ball player and has already played for Eire versus Norway this season. Made 34 appearances last season.

**CULLEN, M., (outside-left)** — A Scot recommended to Luton when only 18 and was signed as a professional immediately they saw him play. Plays typical close Scottish football and very clever in possession of the ball. Scored two very nice goals against Workington in the F.A. Cup recently. Made 8 appearances last season.

### **CENTRAL ALLIANCE**
