FROM THE BOARDROOM

LAST WEEK'S GAME against Shrewsbury was a perfect example of what can happen when a team fails to take advantage of the scoring opportunities created by their own good football. In the first half, by any standards, the Saints were easily the superior side until it came to the most vital part of football—shooting. During that first half we had sixteen shots and only Terry Paine managed to find the back of the net. In the same period Shrewsbury only had three possible chances but they made the most of one of them. Encouraged by their equalising goal just before half-time, Shrewsbury scored again just after the interval and then had us struggling to save a game which should have been comfortably won by the interval.

Well played the Reserves! They played good football and had a smart win against a strong Birmingham side which included Internationals Jeff Hall and Noel Kinsey—both of whom might easily have been playing in the England v. Wales match at Cardiff.

Tonight we welcome First Division opponents Luton Town in the first round of the Southern Floodlight Cup which we have entered for the first time this year. Managed by well-remembered ex-Derby County and Scottish International Mr. Dally Duncan, Luton Town are recognised as a good footballing side and we look forward to a very interesting game.

'Saints' supporters will be sorry that Bobby McLaughlin's injury prevented him from playing for the Ireland 'B' side against Rumania. Bobby has been one of our most consistent players and had well deserved his recognition by the Irish selectors.

TEAM MANAGER'S NOTES

OUR PRIMARY REASON for entering the Southern Floodlit Challenge Cup Competition was with the hope that we should have the pleasure of a home draw with a First Division Club.

As they are one of the outstanding sides in the First Division, tonight's match with Luton Town—winners of the competition last season—should see football played at its best.
