SATURDAY, 26th NOVEMBER, 1960.

STRICTLY FOOTBALL.

The defeat at Swansea—the third in a row by such a score on opponents' grounds—did nothing to alleviate the blow suffered in our last home game against Stoke City. Just at the time when we hoped to be picking up a few points from teams who were in a worse plight than ourselves we are literally throwing them away, and putting ourselves in their position. So that instead of fighting for promotion the opposite is the case, a most unenviable and serious position to be in.

Only the first team spoiled a quadruple of wins by our teams last Saturday. The Reserves' 4-3 victory over the Wolves toppled them from their perch at the head of the League table in a game which has been described to me as the best Central League game ever seen on this ground. Be that as it may it was certainly a great victory and a personal triumph for Peter Fitzgerald, who scored three goals.

The A team's 8-0 victory against Huddersfield Town was revenge for the 5-2 defeat they inflicted upon us earlier in the season, the only match which the North Midlands Combination team has lost so far. There was no score at half-time, but sustained pressure brought its

reward, and although the Huddersfield boys fought hard they could not prevent eight goals being scored against them. Both Bertie Paton and Ronnie Wright recorded hat tricks.

The Juniors entertained Newcastle United in the Northern Intermediate League, and after a very hard and keenly fought game, won 2-1.

We took another step forward in the Football League Cup when we beat Chesterfield 4-0 last Wednesday afternoon. Now we await the draw for the next round when the last sixteen go into the hat.

One of our younger players, Ronnie Wright, was transferred to St. Johnstone during the week, they tried to sign him when he joined us eighteen months ago from the Scottish junior club, Shettleston Rovers, and after seeing him score three goals from the inside-right position in the A team last Saturday, they made another attempt and this time were successful.

Jack Taylor.

THE "HATTERS"

Although Luton Town, former adversaries whom we welcome to Elland Road to-day, have been having a struggle to keep away from the foot of the table, there have been recent signs that things are taking a turn for the better for them.

Last week the Hatters defeated Middlesbrough 6-1 at Kenilworth Road, after running up a four-goals lead in the first sixteen minutes of the match. In their previous home game they had registered a 3-2 win over promotion-seeking Ipswich Town.

The former Charlton goalkeeper and ex-York City manager, Mr. Sam Bartram, who took over as manager of the Hatters from Syd Owen during the summer, has fielded a more settled team recently, which has doubtless had something to do with the improvement. In the early stages he had rung the changes frequently in an effort to find a winning combination.

Every position in the team has had a minimum of two occupants, and the only ever-present is Gordon Turner, who has played at inside-right and centre-forward.

Luton have been fairly active in the transfer market, both as buyers and sellers, since the end of last season. During the summer they signed left-winger Stewart Imlach from Nottingham Forest in the hope that he would solve one of their most pressing problems. Unfortunately, Imlach was never able to strike his best form at Kenilworth Road, and after making only eight League appearances, without scoring, he was transferred to Coventry City for about £8,000 on October 20th.

A few days earlier there had been another departure from the Hatters' playing staff in Irish international outside-right Billy Bingham, who joined Everton for a substantial fee, with full-back John Bramwell and inside-forward Alec Ashworth going from Goodison to Luton. Then, at the end of last month, Jim Standen, Arsenal's reserve goalkeeper, was taken on to the Luton 'pay-roll'.

Standen's signing was urgently necessary because the former England international, Ron Baynham, had sustained a fractured skull in a home game with Sheffield United at the end of September. To take his place the Hatters had to introduce an untried 16-year-old amateur named Mike O'Hara in the next match. Then Allan Collier, the usual deputy for Baynham, returned following a broken arm, but after only two games had the misfortune to suffer a similar injury again.

In the past four matches there have been only two changes in the composition of the Luton side, both in the front line. Les Spencer, a close-season signing from Rochdale, as an inside-forward, has been on the right wing, to allow former England amateur international Mike Tracey to move to the opposite flank in place of David Noake. Last week veteran Allan Brown returned after missing three games, and took over at inside-left from David Brogan. Brown has also played in all three half-back positions and at centre-forward this season.

In partnership at full-back are Brendan McNally and newcomer John Bramwell, with Dave Pacey and Alwyn McGuffie at wing-half and John Groves as pivot.

Spencer and Ashworth have formed the right flank of the attack, with Turner leading the line and Brown and Tracey on the left. Turner

is the team's top marksman, having netted ten times, including four in his last three outings at centre-forward. Brown has scored five goals while in the front line, and Tracey and Ashworth have two goals to their credit and Spencer one.

Luton are still seeking their first away win of the campaign. So far they have taken only three points from their nine matches on opponents' grounds, with only eight goals scored and 20 conceded. They have drawn 1-1 at Huddersfield and Plymouth and 2-2 at Liverpool. Three of their defeats have been by a single goal—at Brighton and Scunthorpe (0-1), and Portsmouth (2-3)—while Charlton and Derby County have each beaten them 4-1 and Stoke 3-0.
