## GIGG LANE GLEANINGS

INJURIES continue to dog us and although we do not wish to use misfortune as an excuse for our recent disappointing record it has had some influence. The impact of injuries is often greater when a club's playing resources are restricted, and we have not, it must be agreed, a ready supply of experienced material. Yet despite the loss of valuable points there has not been a great deal of difference between ourselves and those who have beaten us.

At Rotherham a week ago when a defensive formation was used in an effort to make more likely the avoiding of defeat, our boys put up a gallant fight, especially after the loss of Jones. For sixty-three minutes the plan worked, and it was a shock goal which turned the game in favour of the United. We were eventually beaten by two goals but the performance was not without some encouraging features. Had Jones not been injured a much different result might have been achieved.

But we must not dwell on our misfortune; for it will get us nowhere. Rather must we note with a sense of increasing urgency our worsening League position. It's going to be a case of all hands to the pumps if the old ship is to be kept afloat in the Second Division. There is in prospect a grim and sustained contest, but safety can still be gained—of that we are certain. But there is no doubt we shall have to save ourselves. We cannot and must not bank on the failures of others. Middlesbrough's great victory at Southampton on Wednesday was a reminder of the hectic fight that is to be expected. It's certainly going to be an exciting and eventful March and April.

Our fog postponed match with Leyton Orient, which should have been played at Gigg Lane on December 9th, will now be played on Tuesday, March 13th, kick-off 7-30 p.m.

## To-day's Visitors . . .

LUTON TOWN come to us this afternoon free from any League worries. They could still, with a strong finish, challenge for a place in the top four, but they are too far behind to have any hopes of promotion. But they are also free from any threat to their status, and this will enable them to play a relaxed type of game as they seek to improve their quite respectable record. They have averaged a point a match, having won thirteen and lost thirteen and scored 55 goals against 54 conceded. Yet they have drawn only three games. They are an attractive side, capable of playing a powerful attacking type of football, and they will certainly be a difficult side to beat. We expect a very close game.

## LUTON TOWN

The Luton club was founded in 1885—the year we began—but they had experienced the round ball game earlier for the Town were formed by the amalgamation of Luton Wanderers with Luton Excelsior. Holding the distinction of being the first club in the south to employ professional players, they joined the Southern League in 1894 and three years later were elected to the Second Division. The Town retained senior status for only three years, and after a twenty-year break joined the Third Division in 1920. Here they remained until 1937 when they won back a place in the Second Division and were promoted to the First Division in 1955, holding the top rank for four seasons. Their best run in the F.A. Cup competition was in 1959 when they were beaten in the Final by Nottingham Forest.

## The Manager Reports . . .

THE first five years will be the worst, said a smiling colleague when he seemed to think I was worrying a little unduly about our position in the Second Division table. Perhaps I tend to go into myself when things are not going as one would like them to, but difficult though the task be I am enjoying the service. It is, however, a little discouraging to receive critical notes when the writers are not always aware of or will not recognise the circumstances in which we have to work. We do not and never will make team changes for their sake alone. What point would there be in this? Our aim, our sole aim, is to find as quickly as possible a side that can collect the urgently needed points.

May I say just a few words about the team selection for our visit to Rotherham which appears to have caused so much comment. We were in difficulties in that some players were injured while others had been playing below their best form. In all the circumstances it was agreed that if we could bring back a point it would be a worth-while effort, and thus our policy was linked with this aim. It is true that we were beaten by two goals, but as we played with only ten men for 73 minutes the performance, if not the result, was possessed of some merit.

Results have recently gone against us, and we are now struggling with the bottom clubs, but the issue is not by a very long way decided. A little good fortune would make a world of difference. I think we deserve a "break".

BOB STOKOE.

Yates Duxbury & Sons Ltd., are the makers of 'YD Papers' and operate two paper mills at Heap Bridge, Bury. They are among the largest U.K. manufacturers of high quality chemical wood printing and writing papers which are used throughout the printing industry and for many Government publications. They are also one of the few manufacturers of the special paper required for making calender rolls which are used in the finishing of dress and furnishing fabrics and papers.
