etc. from the County Cricket Club they were able to increase the accommodation to 6,500. At the time these notes were being penned we had not heard from the Club what plans they have in mind or what our ticket allocation will be. As soon as we have any details a statement will be made through the "Luton News."

Christmas will soon be here and in this vein we would like to draw your attention to what we think would make an ideal present, for the men. We are now selling

Club Ties, in Terylene, with the Town Crest very nicely interwoven. These make ideal gifts and are obtainable from the Office, price 15/-.

Our lucky Number scheme still continues in a healthy fashion and very shortly (November 11th to be exact) we shall give you even better value for your shilling, when we intend to incorporate a Football scheme into the ticket. This will then have 2 schemes in 1, all for the price of one. Keep your eyes and ears open for further details.

**Club Notes**

Some people say there is no such thing as 'bad luck.' If the spell through which we are going, and have been going for some little time, is not that we would like to know what it is. Last Wednesday night's result was surely the culmination of all the misfortune we have experienced. That Bristol City did not have at least one goal scored against them before we scored for them was almost incredible, and yet it was so. The City goalie had been beaten three times, but the ball either struck a post or was just off target, and the Bristol lads had just not been in the game. And then it happened, and from then on we were struggling, in the end having to suffer for the second time in just over a month the unpleasant experience of having four goals scored against us when, in each case if we had scored first after doing everything but just that, we might and feel we would have finished on the winning side. There is an old saying that it is no good crying over spilt milk, so we will not add to the misery, but it was a very disappointing end to a match we fully anticipated winning.

Southend United provide the opposition this afternoon and we extend to them a hearty welcome in their first visit to

Kenilworth Road since Season 1936/37. Known, so we are informed, as 'the Shrimpers' the United were formed in 1890 as 'Southend Athletic' but changed to the present title when they became a professional Club in 1906. Members of the Southern League until they joined the Third Division of the Football League when it was formed in 1920/21, they have never enjoyed any other company. The highest position they obtained was third on two occasions, in Season 1931/32 and in 1949/50, which were not quite good enough to promote them to a higher sphere. They can however always be relied upon to provide a stiff battle and their two goals to nil win over Reading last Saturday proves that they are a team not to be taken lightly.

It is many years ago since we were drawn in the First Round of the F.A. Challenge Cup, and now that we are back in the Third Division we have automatically been included in the First Round Draw this season. We have to face the long journey to Bridgwater in Somerset, on November 16th. Members of the Western League, we are informed they have a ground capacity of about 5,000 but that on the occasion of the visit of Crystal Palace two years ago in the Second Round by borrowing stands

## FOOTBALL LEAGUE'S JUBILEE BOOK

Histories are something dull. No one will say this of The Football League's Jubilee Book just issued to mark the pioneer competition's 75th birthday. It is a thriller with about fifty illustrations—some in colour—to light up great teams, games and players.

The highlights and humours of the early days are summarised; the growth to 92 clubs is covered in a fascinating cavalcade of The League's star performers. A chapter on The League's outstanding teams explains why these sides are placed on the pedestal. A chapter on pioneers cites the players who made new moves—men like Alex James (Arsenal), Wm. R. ("Dixie") Dean (Everton), Don Revie (Manchester City) and also Billy McCracken (Newcastle United) whose off-side tactics revolutionised the Game.

This Jubilee Book has been compiled by Ivan Sharpe (with half a century of experience on and off the field as background) with the collaboration of Alan Hardaker, The Football League Secretary, and the Headquarters Staff who are responsible for the concluding statistical section containing every League Match result since the last War.

This colourful panorama tells young and old all they ought to know about The League that showed the way for the rest of the world.
