### A Message from the Chairman

Welcome back to Burnden Park at the start of the new season. We start the campaign hopefully. There is a good spirit in the camp which has been cemented by the successful tour abroad.

I do not intend to dwell in this message on playing matters. I want to talk about a subject of supreme importance and urgency at this time.

As you know, in the past we have been castigated as a closed shop here at Burnden. To rectify this and to increase capital, 40,000 voting shares have been put on the market at £3 each.

We are opening the door wide to the fans because the purchase of three shares carries with it the entitlement to attend the club's annual general meeting—or extraordinary meetings—and thus to have a voice in affairs, and more important, a vote!

It is a golden opportunity for you to step into what has been a privileged position—and it is unlikely that the opportunity will occur again.

As chairman, I would like this appeal to reach every corner of the ground. It costs a minimum of £9 to have a part in this great adventure of applied democracy.

To those of you to whom this type of share does not appeal, we are making a splendid offer of 2,000 loan notes at £25 each. These carry season ticket discounts of 25 per cent. for each note purchased. Four give a free ten guinea ticket per annum until the notes are repaid at face value from 1980 onwards.

The shares carry, as well as the vote, a 5 per cent discount on season tickets and a 7½ per cent. dividend when the club pays one. You just can't lose!

Loan notes are transferable together with their ticket privileges. They can be sold and in time could be worth more than their face value.

I hope that you will all come forward to help the club.

I must apologize to you because I have not welcomed you in the usual way. That warm welcome to you is still there. Here's to good sport and good results for Bolton Wanderers this season.

Mr. H. T. Tyldesley

## FLASHBACK!

### Luton head for the top again

to the Southern League.

They returned to the Football League in 1920 when the Third Division (South) was formed.

In the 1935-6 season Luton beat Bristol Rovers 12-0 with Joe Payne, a wing half playing his first game at centre forward. Joe hit 10 goals to set up a record which has still to be beaten.

The following season, Luton won the Third Division championship to earn promotion to the Second Division where they stayed until 1955.

They reached the First Division in that year and in 1959 played in the Cup Final at Wembley when they were beaten 2-1 by Nottingham Forest.

In 1968, they started their big comeback under manager Stock. They won promotion to the Third Division and then to Division Two last season.

Luton have been active in the transfer market, signing Jimmy Ryan, Dan Givens, Ken Goodeve and Peter Woods from Manchester United.

Another player to come their way was £20,000 signing Roger Hoy from Crystal Palace.

But their biggest capture came when manager Alec Stock persuaded Arsenal to part with midfield man David Court for a record Luton fee of £35,000. David was all set to make his debut for his new club in today's game.

ALEC STOCK . . . Luton Town boss

Bolton Wanderers and Luton Town last met in the 1959-60 season when they were both First Division clubs.

That season was a fateful one for Luton. They dropped into the Second Division and in 1963 continued their fall to the Third Division, hitting the bottom again two years later when they were relegated into the Fourth Division.

Luton had dropped from the First to the Fourth Division in only six seasons.

On September 5, 1959, the Wanderers visited Luton and earned a point in a goalless draw which was a very dour battle indeed.

The Bolton side for that game was skippered by centre half John Higgins and was without full back Roy Hartle who was out of action with a kidney injury and forward Ralph Gubbins who was transferred to Hull City a few weeks later after starting the season in the No. 9 spot.

Bolton's line-up was: Hopkinson, Hennin, Tommy Banks, Stanley, Higgins, Edwards; Birch, Hill, Stevens, Parry, Holden.

When the sides met at Burnden Park on March 9, 1960, the points were again shared, this time in a 2-2 draw.

Dennis Stevens and Brian Birch scored for the Wanderers with Gordon Turner and Joe McBride on target for Luton.

Derek Hennin was hurt after 20 minutes and was forced to leave the field after playing on the wing—and for the record there was a 14,791 gate.

The game at Luton, incidentally, notched up a milestone in the career of Duggie Holden, since it was his 300th League game.

Luton Town was formed in 1885 when two prominent local clubs — Wanderers and Excelsior — merged. They changed to professionalism in 1891-2 and can claim to be the first southern club to accept that the amateur game was finished.

When the Southern League was formed in 1894, Luton immediately applied for membership and were accepted.

Luton were elected to the Football League the following year, 1897, but after struggling for several seasons they were left out of the League and returned

# Today's Visitors

## LUTON TOWN

**ALAN STARLING**—(Goalkeeper). Former youth star who fought his way into the first team late last season at the age of 18 and showed such brilliant form that he would have been an automatic choice. However, he had a knee injury that necessitated a cartilage operation. A six-footer, all his footballing career has been with Luton.

**TONY READ**—(Goalkeeper). At one time last season, he found it difficult to get a game in his correct position and had some outings in the Reserves at inside-forward. When Starling was injured, Read was preferred to the former Scottish under-23 International Sandy Davie, now with Southampton. Born at Haydock, Read's first club was Sheffield Wednesday and he joined Luton from Peterborough United.

**JOHN RYAN**—(Right-back). A real bargain came the way of Luton 12 months ago when they picked up this talented player free from Fulham, despite the fact that he had had considerable first team experience at Craven Cottage.

**JACK BANNISTER**—(Left-back). Cost a fee of £8,000 from Crystal Palace about two years ago and was signed as a midfield player. However, he showed an aptitude for a place in the back four; where he is neat and effective and missed only six games last season.

**MIKE KEEN**—(Wing-half). The club captain who had 10 years with Q.P.R., some of them under the present Luton manager, Alec Stock, before moving to Kenilworth Road. A fee of £18,500 was involved.

**DAVID COURT**—(Wing-half). Most expensive ever signing by Luton, he cost £35,000 from Arsenal during the summer. Court, who is 26, has spent all his playing career at Highbury and made 55 First Division appearances in the last two seasons. Luton see in him the strong midfield player to complete their side.

**ROGER HOY**—(Wing-half). Another costly close season signing, he cost £20,000 from Crystal Palace and the details of the transfer were ironed out when both clubs were on tour in Southern Spain during May.

**ALAN SLOUGH**—(Wing-half). Is probably Luton's most valuable, young asset who has long been wanted by First Division clubs. Slough

has made it very clear that he wants to continue to play for his home town club and, 12 months ago, asked for, and got, a long term contract.

**CHRIS NICHOLL**—(Centre-half).

After this 22 years-old 6 feet 2 inches tall player had been instrumental in Halifax Town gaining a completely unexpected draw at Kenilworth Road last season, Luton went in with a big bid and, next day, the deal was completed at £30,000 which was then, a record fee for the club.

**JIMMY RYAN**—(Outside-right). Cost the greater part of £35,000 when he signed from Manchester United for whom he could not secure a regular place because of competition for both wing positions. A Scot from Stirling, he is two-footed and can take a turn on either wing.

**VIVIAN BUSBY**—(Inside-right). Made a quite remarkable impact when he was brought into the team towards the end of last season, only weeks after having left the amateur ranks with Wycombe Wanderers. Rising 21, he developed a fine understanding as a striker with top marksman, Malcolm Macdonald, and scored some vital goals.

**JOHN COLLINS**—(Inside-right). Was used mostly in midfield during last season, but can act as a striker as his 10 goals in 44 matches, five of them as substitute, show. A Londoner, he first came to the fore with Q.P.R. and was then transferred to Oldham Athletic. Reading bought him, and Luton paid £10,000 to secure his services 12 months ago.

**MALCOLM MACDONALD**—(Centre-forward). Wore a variety of numbers during last season, but was always to be found taking the shortest route to goal as his 25 successes in 47 League matches show. Luton paid £17,500 for him from Fulham.

**DON GIVENS**—(Centre-forward). Last of the four newcomers from Manchester United, and he probably figured in the deal at a five figure fee. Born in Dublin, he followed the well trodden path to Old Trafford and, at 21, is regarded as a very promising prospect.

**MATT TEES**—(Centre-forward). Another big money buy because Luton paid £25,000 to Charlton Athletic for him the day after they signed Nicholl from Halifax Town last August. Made 30 appearances, plus three as substitute, and scored 11 goals.

## MEET THE REF

### CLIVE THOMAS, RHONDDA

Started refereeing at the age of 16 years after playing football for Norwich City. He progressed through the Rhondda League to the Welsh League and was appointed to the Football League line in 1964. He became a Football League referee in 1966.

Some of the more important matches he has officiated in are the 1968 Inter-Cities' Fairs' Cup match between Hibernian and Leeds United; 1969 Inter-Cities' Fairs' Cup matches between

Arsenal and Glentoran and Coleraine and R.S.C. Anderlecht.

In 1970 he had the Under-23 International between England and Scotland and the Welsh Cup Final between Cardiff City and Chester.

Mr. Thomas is married with two daughters aged ten and two, and he is employed as the general secretary of the Boys' Clubs of Wales. He is interested in basketball and table tennis.

Whenever possible, he referees boys' club matches, and he likes talking to people connected with all aspects of football.

### TOUGH BUILD-UP SHOULD PAY

What a strenuous build-up this has been to the new season for the players! We have had three games in Germany plus a tremendous amount of travelling, then came the friendly against Newcastle United at St. James's Park.

As you will know, we drew our first tour game against Bayreuth 0-0, then we moved to North Germany where we beat Celle 2-0 and Osnabruck 2-1.

The tour went perfectly. It was organised down to the last detail, and we really enjoyed the social side as well as the games themselves.

We were guests of British Army units in Celle and they made their sports grounds available to us for training.

There were plenty of British civilians over there too. Our interpreter for part of the tour was a woman from Sunderland—and one of our oddest moments was a meeting with a German who spoke English with a Scots accent.

Today we take on Luton Town, a newly promoted side with a big reputation. They have spent many thousands of pounds on new players and won't be pushovers.

Let's hope that the Wanderers will benefit from all the pre-season activity and build-up to put on a show which you, the fans, will enjoy.

The person to guess the exact number—or nearest—will win the car.

The Football League have agreed to furnish us with the exact attendance on this particular day and to give guidance for people entering the competition, they have given us the attendances for the corresponding matches in 1969 and 1970 to act as a guide.

This information is on tickets which are now on sale on the car park. Each entry costs 6d. and there is no limit to the number of entries allowed.

So a brand new car can cost just 6d. Can you afford to let a bargain like this pass you by?

\* \* \*

Don't forget that the Sporting Club is staging a cabaret night with attendance free to members and guests. The bar is open until midnight and what better way is there to round off the evening in style?

Supporters Club member Leslie Hall has given the Wanderers a boost in the most practical way possible . . . by giving a car to be raffled this season.

Mr. Hall, of Springfield Garage, Manchester Road, Bolton, has given an Opel Kadett which can be seen on the car park at every home match.

And to win this car, you are invited to enter a simple competition, the object of which is to guess the total aggregate attendance of all League matches played on April 3, 1971.

## HOW TO GET THERE

The Royal Automobile Club have provided the following route for Wanderers fans who intend to make the 251-mile journey to Portsmouth by car for next Saturday's game.

From Bolton take the A58 via Hindley to M6 intersection 24 (12 miles). M6 southbound for 76 miles to intersection 8 junction with M5 motorway. Continue on M5 for 39 miles to intersection eight following M50 for one mile to intersection one — junction with A38. This will have brought 128 miles up on the clock for the journey so far.

JIMMY McILROY

We welcome "new signing" Jimmy McIlroy to Burnden Park at the start of the new season. He was appointed chief coach and aide to manager Nat Lofthouse this week.

Jimmy will be no stranger to many fans who will remember his particular brand of Irish magic when he played inside forward for both Burnley and Stoke City.

A former international, he became manager of Oldham Athletic when his playing days ended and then moved on to Stoke as chief coach. He resigned his job with the Potteries' club 12 months ago and considered many projects outside the game.

But the lure of soccer was too great for a man with football in his blood, and the Wanderers managed to persuade him to return.

Here's to a successful career with the Wanderers for a man who has such a lot to give to the game.
