TONY READ (Goalkeeper). Despite the fact that he has been displaced on occasions, Read has always managed to bounce back as first choice for the position, and is nearing the landmark of 200 League appearances for Luton. Born in Haydock, Sheffield Wednesday gave him his first chance and he moved on to Peterborough United. There, an embarrassment of goalkeepers caused him to play in the forward line for the Reserves and he has had League experience as a striker for Luton.

KEITH BARBER (Goalkeeper). Came late into the game as a professional, being in his early 20's, but looks an extremely good prospect, having already made a successful League debut. Comes from Vauxhall (London) and played for Dunstable Town in the Southern League before Luton signed him on a permanent basis.

JOHN RYAN (Right-back). Probably the best free transfer signing Luton have ever made because he was allowed to go by Fulham after having made 21 appearances in their team when it was relegated from Division II. In the two seasons he has been with Luton, he has made 78 out of 88 League appearances and has developed into one of the fastest, most dependable full-backs in the Second Division. A Londoner, he had a spell with Arsenal before going to Craven Cottage.

ALAN SLOUGH (Left-back). At 23 years-of-age, Slough has a wealth of experience, all of it gained with his home town club, Luton. Most adaptable, he began his career as a full-back, had a spell in the attack and then it seemed that he had found his best place as a driving force in midfield. However, it was then decided that he would serve the Club better in the back four where he had a brilliant spell last season. When First Division clubs were showing an interest in him, he asked for a long-term contract, and signed one for three years with the option of a further three.

KEN GOODEVE (Left-back). Was signed from Manchester United twelve months ago as a centre-half and showed much promise there in the Reserves. However, towards the end of last season, a first team vacancy occurred at left-back where he did so well that this is likely to be his future position. Was born in Manchester and signed for United as a youngster.

PEN PICTURES—continued

PETER WOODS (Left-back). Another Old Trafford product who, so far has made the least impact of the four former United players on the Luton books. However, he is also the youngest and he has time in which to make the first team grade. Is a strong tackler and was a Manchester schoolboy star.

DON SHANKS (Left-back). Served his apprenticeship with Fulham who did not offer him terms as a full-time professional, so Luton snapped him up. Since then, he has developed quickly having been a regular member of England's youth team squad and he did not miss a match during their triumph when they won the Little World Cup in Czechoslovakia during the summer. Is now regarded as being ripe for a League bleeding.

MIKE KEEN (Wing-half). One of the most consistent players in the game, something that was recognised last Easter when the Club presented him with a silver salver to mark his 500th League appearance. Most of these were made for Q.P.R. whom he captained during their meteoric rise to Division One and in their League Cup triumph. Luton paid Rangers £18,000 for him, made him their captain and he has been a tower of strength to them. Toured Australia with the F.A. party this summer and was appointed captain.

DAVID COURT (Wing-half). A record fee for Luton of £35,000 changed hands when this clever midfield player moved from Arsenal just over 12 months ago. For a long time was a member of the first team squad at High-bury where he made over 150 first team appearances and it came as something of a surprise when the "Gunnery" agreed to let him go. In fact the deal went through only after protracted negotiations.

CHRIS NICHOLL (Centre-half). Most of the football world was taken by surprise when Luton paid Halifax Town £30,000 for his transfer only a day after he had put up a storming display against them. Has developed into one of the most commanding centre-halves in the Second Division and is now rated in the £100,000 class. Born at Macclesfield, he had trials with Burnley who did not keep him, and Halifax signed him from Witton Albion for a mere £750.

JOHN MOORE (Wing-half). Longest serving member of the playing staff and one of the club's most dependable players. Luton's Scottish scout had noted his progress when he was playing for Motherwell who gave him a free transfer after which Luton could not sign him quickly enough. Has made over 200 appearances in League Football and has developed a fine understanding with Nicholl.

PETER ANDERSON (Outside-right). Made his debut whilst still an amateur, against Watford on 13th February and was signed as a professional the following week. Previously he had been one of Hendon's most prominent stars and the move into the higher circle did not worry him because he maintained his place for most of the rest of the season. So far, the majority of his outings have been on the left wing but the indications are that he is happier on the right.

JIMMY RYAN (Outside-right). As the most experienced player he probably cost the greater part of the £35,000 which Luton paid to Manchester United in May last year for four players. A Scot from Stirling, he found his first team appearances limited at Old Trafford but he did well for Luton last season both as a raiding winger and a midfield link.

DON GIVENS (Striker). Fourth member of the ex-United quartet he came as a centre-forward but spent much of last season in the number 11 shirt, though operating as a striker. With eleven goals he was second leading scorer and it is reasonable to assume that he will boost this total this time. Dublin-born, he has been a regular member of the Eire team during the last two seasons.

VIV BUSBY (Striker). With the departure of Malcolm Macdonald to Newcastle United extra responsibility has developed on this 21-years-old player who made a brilliant ending to last season. Early on he found it difficult to command a regular place because of a succession of injuries. Several First Division clubs have shown interest in this former Wycombe Wanderers player but Luton have turned down all enquiries.

ROBIN WAINWRIGHT (Forward). Has been on the books as a full-time professional for some time, but is still only 20 and he joined the Club straight from school. Has the potential for a brilliant midfield player but has yet to make his League debut for Luton. However, he did so late last season with Cambridge United to whom he was loaned for a spell.

YOUTH NOTES

After our first round win over Bury at Bloomfield Road we are fortunate once again to be drawn at home. This time the visitors are Stoke City and the game will be played at Bloomfield Road on Tuesday, 30th November under floodlight. Kick-off 7.30 p.m.

The "B" team won the last game v. Blackburn Rovers "B" 2-0 at Squires Gate. The scorers being Fairclough and Cartmell, a local winger who plays for Evington and a former B.A.Y.C. player who is now settling down in the defence.

On Wednesday last the Youth team went to Bolton (the holders) and it was a similar game to the final last year when we were beaten 4-3 in extra time.

The result was a 2-2 draw and a last minute penalty for Bolton gave them the chance of a replay at a date to be decided later.

After a poor first half display the Youth team conceded a first minute goal but then in the last 30 minutes attacked continually and after Tong had been brought down in the box Allison scored with eight minutes to go from the spot. Three minutes later Tong headed in a short cross from Suddards and when we felt we had it won Bolton came back and dramatically equalised.

Supporters' Club Notes

Our "Coach set" were finally rewarded last Saturday by seeing the 'Pool coming away from Sunderland with a point. They have had a long time to wait since Blackpool picked up their only other away points at Portsmouth as long ago as the first day of September. It says much for these regular away supporters that most of them have spent a lot of money and time following the team around without many points or goals to show for it, but they are ever hopeful the tide will turn.

They were off again for the 5th Round of the League Cup against Spurs last Wednesday, but these notes were written before that result was known. However, win, lose or draw they will be on the move again next Saturday for the match at Oxford. If you would like to join us, book in the Social Club with Ossie Macdonald or Alan Shepherd, our Travel Stewards.

SOCIAL CLUB ATTRACTIONS

We still have one more full length sound film to show on Tuesday next, the 23rd November—England v. West Germany (World Cup 1970). Kick-off 8.0 p.m. Our two showings of the Anglo-Italian Cup final — Blackpool v. Bologna were very well supported indeed, but attendances at the two films of England's World Cup sides in action against Brazil and Czechoslovakia were rather on the thin side. Perhaps there will be a few more for the West Germany match, which was a good one. If not, we will probably have to drop the film shows, which will be a pity, as the small attendances do not justify the hire of the films and other expenses.

Later in the week, on Friday night, we have the second of our Disco Nights especially arranged for the younger members. The first one went off very well and everyone was congratulating themselves on a very successful event until we found someone had pinched our microphone! Naturally our mikes not in use will be under lock and key next Friday! If this event is as well attended as the last we will probably be able to make it a regular feature.

The ladies' Social Evening and "Hot Pants Competition" went off quite well and was attended by close on 100. On Tuesday the 7th December it is the turn of the men. We have often been asked to put on a "Stag Night" for the men only, but have always been a bit reluctant to bar our lady members from the club even for only one evening. We have finally yielded to the blandishments and the menfolk can look forward to a night on their own on Tuesday the 7th December when we have engaged a very well-known comedian — Wandering Walter — and also a strip artiste. A small charge for admission will have to be made on this occasion. We hope our microphone pincher is absent on this occasion or he may cause considerable embarrassment!

TOTE DOUBLE COMMENCING

We have tried various ways of raising funds in the past, many of which do very well for a start and then gradually fall off as members lose interest. We therefore have to think up something else to try. Several of the committee are sure that a "Tote Double" will prove popular with the members and also a source of profit. Tickets are now being printed and you can obtain these in the Social Club from Ken Stone or any members of his sub-committee.
