Anyone for Tennis?

Will anyone who was at the Valley on February 12th, between 3 and 5 p.m., and witnessed an accident between a team, believed to be coloured red and white, and a Football League fixture please contact the police immediately as the fixture subsequently died.

There'll Always Be . . .

Owing to the fact that our long suffering Printer will be spending most of his time in darkness these notes are being written in advance of the Bristol City match and we apologise for this omission.

In view of the power cuts it is interesting to re-call our recent remarks concerning our war-time Cup Final with Chelsea at Wembley when the front of the programme contained air raid warning instructions.

In view of our reversion to war-time conditions it may well be that in the interests of National morale community singing will be re-introduced at Wembley Finals. If this is so the following could be candidates for the song sheet . . .

"There will be reductions over the dark cliffs of Dover, tomorrow just you wait and see"

or

"We will hang out our washing on the power line, If the power line's still there"

or

"Don't go down the mine Daddy There's plenty of murk on top"

or

"Underneath the lamp light in the mid-day sun".

With these titles in mind perhaps a local newspaper should sponsor a 'Song for Our Times' contest.

Meanwhile

We have pleasure in welcoming Luton Town to the Valley today. Vic Halom took the trouble to play for the ex-Charlton XI in Keith's Testimonial Match and we appreciate his action and Alec Stock's in releasing him.

It is not generally realised that Alec Stock himself is an ex-Charlton player and as we have mentioned before is another member of that considerable band of present day managers who are ex-Charlton players.

Our recent games with Luton have been close, exciting encounters and we look forward to an entertaining match.

Hospitals

Through work by the friends of local hospitals we hope to let you have details of live match coverage from the Valley for local hospitals. Presumably patients suffering from nervous troubles will be banned from listening.

Royal Life Boat Institution

As mentioned in our last programme the Royal Life Boat Institution are holding a collection on the ground today for a cause which appeals to everyone in this Island Race. The Borough of Greenwich and the County of Kent have strong connections with the sea and we hope you will support this very worthy cause.

Printer's Ink

Mention of our Printers—Andress Limited—brings to mind a letter I received from an anonymous supporter who is obviously a Liverpool exile. I happened to mention a conversation I had with Bill Shankly

whilst sitting next to him at a recent match. My anonymous friend considered this on a par with Gerontius coming before God and was enraged that in the programme we spelt Mr. Shankly's name incorrectly. In fairness to the compositor I should point out that the poor chap has to try and decipher my writing which is invariably against the clock. I therefore take full blame for heresy Mr. X but the wonder is that the printer can read anything at all!

Mee and Me

While in a name dropping mood, a long train journey the other month was made interesting by the company of Mr. Bertie Mee and Alan Ball.

One particularly interesting point from the conversation was that out of nearly 100 apprentices with Arsenal over the past 10 years only about 9 or 10 in this period had become established first team players.

Our own experience is that if we obtain a regular first team player every other year from our youth policy this player has cost the Club between £30,000 and £40,000.

For a warm thought on a cold day Alan Ball mentioned that during the World Cup in Mexico he lost over half a stone in weight per match which had to be re-gained within 3 or 4 days on a two match a week basis. This was made even more difficult when the climate did not favour typically solid British foods.

Profile

By PETER BURROWES

Although Don Givens did not quite make it as a "Busby babe" he has certainly made his impact on the game since joining Luton Town in May, 1970.

It was a shrewd move by Luton boss Alec Stock when he swooped on Old Trafford to sign Irishman Givens, and his team mate Jim Ryan.

The move almost gained Luton promotion with Givens providing skill and imagination to the Hatters attack and setting up goal chances for hot shot Malcolm MacDonald, now with Newcastle.

Although Luton failed to go up, Givens has remained a regular member of their side and last season he played 39 league games, scoring 11 goals.

Givens, who was born in County Limerick, spent most of his childhood in Dublin, and is at home either in a mid-field or striking role, both of which he has played for Luton.

Aged 23, he has a deceptive turn of speed and a fine shot, especially with his left foot.

Givens, who is married, joined Manchester United as a youngster in September 1966 but he got few chances in the first team and jumped at the chance of joining Luton even though it meant leaving a great club like United.

DON GIVENS

An Eire schoolboy international, Givens has also gained 14 full international caps for his country and has played many times alongside Charlton's Ray Treacy.

The two are great friends and respect each other as players. Don Givens likes meeting people and hates travelling to play football.

His favourite ground is Hillsborough and he considers Sheffield United captain and Scottish International Eddie Colquhoun as the most difficult opponent he has faced.

A keen golfer in his spare time Givens hopes his ambition to play in the First Division, with Luton, will soon be realized.

Pen Pictures—Luton Town

Tony Read. Born in Haydock. First played for Sheffield Wednesday and then moved to Peterborough United prior to joining Luton.

Keith Barber. A good goalkeeping prospect who has already made his first team debut. Played for Dunstable Town in Southern League.

John Ryan. Probably the best free transfer signing Luton have ever made. Joined Luton from Fulham after making 21 first team appearances for them.

Alan Slough. At 23 years of age Slough has a wealth of experience all of it gained with his home town club, Luton.

Ken Goodeve. Was signed from Manchester United twelve months ago as a centre-half and showed much promise.

Peter Woods. Another Old Trafford product, who, so far, has made the least impact of the four former United players on Luton's books. However, being young, he has time in which to make the first team grade.

Don Shanks. Served his apprenticeship with Fulham who did not offer him terms as a full-time professional, so Luton snapped him up.

Mike Keen. One of the most consistent players in the game. Former captain of Q.P.R. who signed for Luton for an £18,000 fee.

David Court. A record fee for Luton of £35,000 changed hands when this clever midfield player moved from Arsenal 12 months ago.

Chris Nicholl. Signed by Luton the day after he had put up a storming display against them for Halifax Town.

John Moore. Longest serving member of the playing staff and one of the Club's most dependable players. Joined Luton from Motherwell.

Peter Anderson. Made his debut whilst still an amateur, against Watford on 13th February and was signed as a professional the following week.

Jimmy Ryan. Joined Luton from Manchester United in May last year. A Scot from Stirling he did well for Luton last season.

Don Givens. Joined Luton from Manchester United with Jimmy Ryan last season. With eleven goals was a leading goal scorer for Luton last season.

Viv Busby. With the departure of Malcolm MacDonald to Newcastle extra responsibility has developed on this 21-year-old player.

Robin Wainwright. Joined the Club straight from school but has yet to make his first team debut.
