# A Season of Destiny

by Mr. J. H. WILLMER

Today sees the beginning of the 1973/74 season which we commence in the Second Division as aspirants for promotion to the highest sphere in League football and all efforts must be made to that end. I am taking the opportunity of recording herein what I have already expressed to those concerned who have a responsibility towards the future destiny of the club.

It is the beginning of Dave Mackay's first full season with the club and what I said about him at the time of his arrival at the City Ground still holds good and events so far have upheld those observations. It is not my intention to comment on anything that happened before his arrival. To him personally, and to all the members of his staff, I express the sincere hope that their efforts will be rewarded by the success that I am so certain they will have justifiably deserved by the end of the season.

In the playing staff we have a body of professionals whom I feel will respond to the energetic determination of the staff to provide them with every facility and give them every encouragement to produce satisfactory results.

We are all aware that ultimate success depends on what happens on the field of play. The desire of every player must be to play in a First Division side and, insofar as our lads are concerned, may I say to them that I trust that by your collective efforts you achieve First Division status with this club by the end of this season. I wish you a happy season and may the results and your efforts be individually both successful and rewarding.

Everyone else employed by the club will, I am sure, perform their varying duties in a manner which will give the players the necessary backroom support to their efforts.

The Committee will do everything possible to engender a spirit of wellbeing in the club and to ensure that our relationship with the public, press, and correlated bodies and the media generally is maintained on a jointly co-operative basis beneficial to all concerned.

Success cannot be guaranteed but I reiterate what I have said previously that I am satisfied that we have a manager, staff and players who I am confident will do everything possible to achieve success by gaining promotion to the First Division both for their own

personal satisfaction and for the good of the club, and on the road to achieving success may you, our supporters, benefit by seeing entertaining matches at the City Ground which bring the desired results.

In conclusion, may I suggest that the great effort which has to be made should not come exclusively from the club but that those who are the club, especially the players, should receive every encouragement and support from you, especially by your presence at the City Ground during what we hope will be a happy season.

## CITY GROUND TALKING POINT COLUMN

by KEN SMALES

Nice to see everyone back for the opening of this new season.

A season promising much and in which we welcome "newcomers" Division Three champions Bolton Wanderers and runners-up Notts. County. From the First Division we shall be renewing acquaintance with Crystal Palace and West Bromwich Albion.

These four clubs have replaced promoted Burnley and Queen's Park Rangers and relegated Huddersfield Town and Brighton & Hove Albion.

Next year the list of changes will be greater than ever before in the history of the Football League as three clubs will now be promoted and three relegated from the Second Division, following the change in regulations at the Annual General Meeting of the Football League. This will make the Second Division a real "melting pot" with six clubs out of the 22 leaving the section at the end of the season.

Yes, with the local derby games with Notts. County back in the fixture list for the first time since 1956/57, this is a season which promises a lot of interest and increasing excitement as the weeks roll by.

At club level we were delighted to regain the County Cup and did it the hard way with two away victories. This means we shall be staging the final at the end of the season with Mansfield and Notts. playing each other for the right to challenge us.

The youth team gave a pleasant reminder that they were still very much around when news filtered through of their defeat of Coventry City in the final of the Bremen International Youth Tournament. This trip provided the opportunity of giving competitive trials to some youngsters and three of these have since signed as apprentice players. In addition to the tournament proper, we were required to play two other matches against "open ages" local amateur teams, F.C. Lunestaldt and F.C. Rotenburg. We beat the former 1-0 but were held to a 3-3 draw by the Rotenburgers (!!). Our young left back Viv Anderson was awarded the "Best Player of the Tournament" trophy. Well done, Viv!

Four players represented the club in a sports quiz challenge organised by "Nottingham Sport" in the first of what is hoped will be an annual

event. Dave Serella, George Lyall, Duncan McKenzie, and John Robertson produced the right answers to defeat a team from Notts. County.

The seniors competed in the Port Wine Trophy competition in June having been invited to join three Portuguese First Division teams, Benfica (including Eusebio), Boavista and Oporto. We did not win the trophy but made many friends and the visit to Portugal will have given our younger players much valuable experience which should prove of great benefit to them in this new season.

The Chairman's report, presented to the Members of the club at the Annual Meeting, showed a working loss on last season of £107,568. This was slightly reduced by the club receiving £10,000 more in transfer fees than was spent but how long can losses of this magnitude continue? Our average league attendance figures revealed a drop from 21,433 to 9,995 and an overall deficit of 236,634 spectators. It reminded me of a remark once made by Eric Taylor, general manager of Sheffield Wednesday, who said that their supporters just "ran away" when they were relegated.

# AROUND AND ABOUT

SENIOR CITIZENS—there is now a turnstile sited on the Riverside for your use. A reduced admission charge of 25p (including VAT) will help in a small way to relieve the financial burden of the pensioners.

Anniversaries today, 25th August...

1956—Jim Barrett scored all three goals in our 3-1 win over Fulham in the first home game of our promotion season. He had already scored twice in the away win over Leyton Orient (4-1) and another two in the victory over Bristol City away (5-1) thus making seven goals for him in our first three matches.

1964—We lost to Everton (0-1) at Goodison Park before a big crowd of 53,526 with the following team. Grummitt, Wilson, Grant, Newton, McKinlay, Whitefoot, Crowe, Addison, Wignall, Barnwell, Hinton.

The appointment of Paul White to the post of assistant secretary was announced after last Thursday's committee meeting. Paul is a former professional player with us and retired in June, 1971 when he accepted an appointment in the club office.

We welcome as our guests today the winners of consolation prizes in our "Design a Badge" competition. May we take this opportunity to thank them and all the other entrants to this most successful competition. The response was terrific.

New players to join us for this season are: Steve Peplow (former Liverpool and Swindon Town player), Jim Day (East Bridgford), Robert Turnbull (Edinburgh), and Ken Bryce (Glasgow). We shall be supplying further details of these players in due course.

As forecast in the Middlesbrough "Review" last season, wedding bells duly rang out for assistant coach Colin Murphy and his bride Judith on Sunday, 12th August. May we take this opportunity of wishing them every happiness.

NOTTINGHAM FOREST F.C.

This Token must be cut out and affixed to the Official Token Sheet.

Two senior players, now no longer with us, are Tommy Gemmell who went to Dundee on a free transfer, and Doug. Fraser who was transferred to Walsall for a small fee. Tommy made 42 appearances scoring six goals since his first game against Arsenal at the City Ground on 27th December, 1971. Doug. made 97 appearances and scored four goals. His first game for us being against Newcastle United on 16th January, 1971. The photograph above shows Tommy and George Lyall watching Doug. Fraser retrieving the ball from the 10th hole at Chilwell Manor Golf Club. Tommy incidentally knocked his three-footer in to collect the money.

Congratulations to Mr. Jack Levey on his election as life vice-president of the Midland Intermediate League. Mr. Levey has been a member of that League's Management Committee for several years but had to resign because of our withdrawal from the league.

The maintenance of football grounds is a costly business and, with gates down to their present level, is proving almost prohibitive. However a certain amount of work has to be done and this close season we have painted the Trent Stand at a cost of £2,000. Of course we could have left it to the "aerosol paint-spraying gang" but they don't bother to prime it first!

Jackie Sewell, the former Notts. County, Sheffield Wednesday, and England inside-forward called in to see us during the summer, having returned from Zambia where he has been living for a good number of years. Jack went out as national coach but latterly was working for the Ford Motor Co. He met our Youth team in Lusaka and wanted to renew acquaintance with Bert Johnson, Alan Hill, and Ken Smales.

# Harry Haslam holds high hopes for the "Hatters"!

FRUSTRATING is a word that adequately describes last season's campaign for Luton Town, who finished the season in the Second Division in 12th position, whilst gaining 41 points from 42 games. Their away record, until the latter part of the season was outstanding and probably the best in the country for their first 10 away games produced seven victories and one draw... an amazing record. Unfortunately, from their point of view, their home record was extremely mediocre. At one stage they played 10 consecutive league games at Kenilworth Road without a win.

In common with many league clubs, they were confronted with the problem of not possessing at least one prolific goal scorer. Their most successful forward was Vic Halom with 10 goals, and he was transferred to Sunderland midway through the term! Incidentally, his tally was identical to that of their previous season's top scorer, Peter Anderson.

When considering the above facts, it is reasonably obvious to deduce that all the "Hatters" need to be candidates for promotion is a team capable of producing consistent and outstanding displays, and to include in its ranks a regular goal scorer!

The man faced with this difficult task is Harry Haslam, the present club manager and their former chief scout. This is his first complete season in the managerial chair, and he would obviously like it to be one to remember, preferably for reasons beneficial to both Luton Town and himself.

He will probably be hoping that Barry Butlin, whom he signed from our neighbours Derby County for a £50,000 fee in November, 1972, will prove to be the marksman he needs for it is a position that has not been adequately filled since the £100,000 plus departures of Bruce Rioch (to Aston Villa) and Malcolm MacDonald (to Newcastle United). Last season, Butlin netted four goals in 11 games for the "Hatters", a reasonably promising introduction into their senior team and he also played a prominent part in Town's

extended F.A. Cup run which ended in a 6th round defeat at Roker Park by Sunderland, the eventual trophy winners.

The corresponding game last term between ourselves and Town was played early in the season on 9th September, our fourth home game in fact. John Aston scored the game's only goal for Luton in the first half inflicting our first home defeat of the campaign. The attendance for the game was 9,133. Town went on to complete the double over us on 27th January, 1973 when winning the game at Kenilworth Road by an identical score (a goal by Alan Slough in the second half) before a crowd of 10,983.

Luton Town are one of the few clubs in the Football League to have, in recent years, plunged headlong from the upper to the lower regions of the Football League. In 1958/59 they were members of the First Division and played in the F.A. Cup Final against... Nottingham Forest. The following season they were relegated to the Second Division, in which they enjoyed only moderate success, and subsequently again suffered the indignity of relegation three seasons later. Their "downhill path" then saw them further slide into the Fourth Division at the end of season 1964/65 when they finished in only fourth position from the bottom of the Third Division table and so were again relegated.

During this dismal and frustrating period in their long history they appointed Mr. Alec Stock to the position of manager in 1968. It was then that the club's fortunes began to slowly improve culminating with heading the Fourth Division in 1967/68, and promotion from the Third Division at the end of season 1969/70, and so rapidly progressing back to the Second Division!

Possibly it is a little ungenerous when we emphasise that we hope they do not begin their quest for glory with a victory here today. That, we hope, will be reserved for ourselves as we commence this very important season, and our vital quest for an ultimate return to the First Division!

# LUTON TOWN PEN PICTURES

JOHN RYAN

**KEITH BARBER (goalkeeper)** : He was signed by Town, after playing in London senior football, and was then loaned to the Southern League team Dunstable Town. He became Luton's regular first team 'keeper last season, making 42 league and cup appearances.

**GRAHAM HORN (goalkeeper)** : A former England Youth goalkeeper, he was signed from Arsenal in February for £25,000. Made his debut against Millwall on 24th February and is now competing for the first team spot with Keith Barber. 19 years of age and standing over six feet, he made five league appearances last season.

**JOHN RYAN (defender)** : Although he usually plays at right back, he is equally dependable in almost any position. A vastly improved player, his senior career began at Fulham over four seasons ago. 45 senior appearances last season.

**BOBBY THOMSON (defender)** : A very experienced player and an England international, he is now the

Luton captain, and was voted their "Player of the Year" for last season. He commenced his career with Wolves, eventually moving to Birmingham City in exchange for a £60,000 fee. Luton subsequently signed him on a free transfer from the St. Andrews club. Was the only ever-present in the "Hatters" side in the last campaign.

**DON SHANKS (defender)** : He's a former England Youth international, and a highly promising young player who commenced his career, as an apprentice, at Fulham. Established himself in the first team midway through last season to finish with 27 appearances.

**JOHN FAULKNER (centre-half)** : He received recognition and publicity after playing magnificently for Sutton United against Leeds United in the 1971/72 F.A. Cup tourney. He was soon recruited to the Elland Road staff but never really settled and Town signed him for a fee of £6,000 in March of last year.

**ALAN GARNER (centre-half)** : For the majority of last season this young defender was competing for a senior place with Faulkner. Commenced his soccer career with Millwall, but only played two senior games before receiving a free transfer and joining the Town playing staff.

**KEN GOODEVE (defender)** : Another former Manchester United player who joined Town three years ago, and is on the fringe of securing a regular position in the first team. The majority of his nine senior appearances were made towards the end of the '72/73 campaign.

**JOHN MOORE (defender)** : Has almost completed nine years service with Town since his transfer from Motherwell. He made 18 appearances for the first team last season and is now the club's longest serving player.

**PETER ANDERSON (midfield)** : Whilst playing for Hendon, his local team, he was recommended to the "Hatters", who promptly signed him. An attacking midfield player, he was still an amateur when making his debut for Town. He played in 34 senior games last term.

**JIM RYAN (winger)** : He's a former Manchester United player who moved to the "Hatters" some three years ago in a £20,000 transfer deal. A very speedy player, he possesses good ball control, and is one of the few Scots on our visitors playing staff.

**GORDON HINDSON (forward)** : Although he had only seven appearances to his credit with Newcastle United, he was signed by Town for a fee of £25,000 in October, 1971. A strong and speedy forward, he won himself a regular place towards the end of last season.

**BARRY BUTLIN (centre-forward)** : One of the club's most expensive signings, he cost £50,000 when moving from Derby County almost a year ago. His career at Kenilworth Road received a tremendous start when he scored in each of his first three games but a recurrence of an old knee injury caused him to miss the latter part of last season.

**RODNEY FERN (forward)** : A talented but unpredictable player, he was signed from Leicester City for a substantial fee just over a year ago. His impact at Luton was not as impressive as was anticipated and he only appeared in 26 games whilst netting five goals.

**PETER CRUSE (forward)** : Joined the "Hatters" recently from Arsenal, where he didn't quite make the senior team, on a free transfer, and will obviously be challenging for a first team place.

**JOHN ASTON (winger)** : Another Manchester United player, he cost a similar fee to that of his United team-mate Jim Ryan. He is probably best remembered for a superb performance for the "Red Devils" at Wembley in 1968 when they beat Benfica in the European Cup Final. Played with great success for Luton last season and quickly became a firm favourite of the Town fans.

# RAMBLINGS OF A FOREST PROGRAMME COLLECTOR

by PETER F. TOZER

1928

contacts the pre-war items began to assemble.

Now I have over 1,200 home and away since the war, and nearly 100 before, dating back to 1884—the present programme being, in my opinion, one of the finest we have produced.

I have made contact with many old supporters who have discovered their programmes in the oddest places—attics, garages, discarded suitcases, etc., and I often spend happy hours with these veterans whilst they walk in "memory's garden".

Although I prefer a programme to be unmarked, I do get copies with team alterations, match scores and, sometimes, hardly printable written comments—after all, the Reds didn't always play well!

## VINTAGE COPIES

Now a few notes on the style of the Forest programme over the years. The earliest item in my collection is for a match against Walsall Swifts in 1883/84, and as a matter of interest the team was: Sands, Hancock, Caborn, Ward, Billyeald, Norman, Fox, Earp, Lindley, Fletcher and Leighton. Park Side was the venue and the crowd was in the region of 1,000.

This programme consisted of a single card  $4\frac{1}{2}'' \times 6\frac{1}{4}''$ , but by 1884/85 it was folded down the middle with an extra page pasted in, and the size increased to  $5'' \times 7\frac{1}{2}''$ . I have a copy for the game with Great Lever (a Bolton side of some standing at that time).

The club had now moved to Trent Bridge and the team was: Daft, Caborn, Hancock, Pike, Billyeald, Norman, Fox, Danks, Tutin, Leighton and Unwin. Forest won 3-2.

In this period both Forest and Notts. employed the same printer (G. Richards, Greyhound Street) and the format was identical—each club publishing the others fixtures in addition to its own. This style continued at least until the 1890's as I have seen a photostat of an item from that era.

A gap in home match programmes occurs in my collection until just after the first world war when a single-sheet "Card of the Match" was the norm. Printed on, naturally enough, rather poor quality unsurfaced card the printer was C. H. Richards of Lower Parliament Street, presumably associated with the former mentioned person.

## 1919 LEAGUE CHAMPIONSHIP FINAL

The size now was  $9\frac{1}{2}'' \times 5\frac{1}{2}''$  and among several specimens, the best is that for the League Championship Final at the City Ground in May, 1919 when Forest, as champions of the Midland section, met Everton, champions of the Lancashire section over two legs, of which this was the first.

Forest drew this game, and the team was: Hardy, Bulling, Jones, Lowe, Wightman, Armstrong, Birch, Shea, Tinsley, Burton and Martin.

The old Welbeck Hotel was one of the advertisers on this card, offering not only a Table D'hote

luncheon at 2s.6d., but also a motor garage, good stabling and a billiards room.

Music was provided at the game by the 1st Cadet Battalion Band of the Sherwood Foresters who obliged with two selections, an overture, a march and a valse, together with threats to march round the ground at half-time playing "Colonel Bogey".

In the second leg at Goodison Forest, who were considered the underdogs, surprised everyone but themselves by winning with a Noah Burton goal scored just before the interval.

Unfortunately the Nottingham public remained largely aloof to this really splendid effort. The "Journal" reported that on the Sunday the players "arrived at Victoria Station in the afternoon and dispersed very happy with themselves and the world at large, even if there was no big crowd to welcome them in and to rejoice with them". Is there

anyone still watching the Reds who can remember this event?

## THE PROGRAMME GROWS AND GROWS

By 1920/21 the club programme was beginning to "up-date" itself, having 12 pages, size  $7\frac{1}{2}'' \times 10''$ , a pink cover headed "The Nottm. Forest News & Official Programme" and sporting an illustration of Robin Hood in the top left-hand corner.

The majority of this cover was devoted to a local brewery advertisement, in fact a cover "Ad" was the Forest policy until the 1957/58 season commenced.

Barnes and Humby, of Peck Lane, St. Peter's Gate had commenced the printing contract and a long association had begun.

During '20/21 season, in particular, the programme appeared to be largely subsidised by the advertisers,

so that consequently information was at a premium although the "Editor's Notebook" was a readable feature. "Forest Chatter" too, was a handy little fill-up on the fixtures and scorers page, a typical item being "The Reds have only twice failed to score at home this season. Let it be the last time. We don't want all the good marksmanship to be exhibited for the benefit of other clubs' supporters. They don't appreciate it like we should".

On the back inside cover for the Rotherham County fixture a full length article appeared featuring Joe Johnson, the 'keeper who replaced Sam Hardy when he left for the Navy during the war. These articles were to continue for several seasons.

The Forest team to entertain Rotherham in 1920/21 was: Bennett, Bulling, Barratt, Belton, Parker, Armstrong, Harrold, Spaven, Bedford, Higgins and Lythgoe.

WHY NOT MAKE SURE YOU GET THE "FOREST REVIEW" ON YOUR BREAKFAST TABLE

There is an easy way of doing this with our postal scheme. This ensures that the "Review" arrives at your home on the morning of the match.

If you wish to have the publication posted to you, send in an application with £2.10p to cover the cost and postage of the 21 League match issues to—"Forest Review", Carrington Publications Ltd., 20 Carrington Street, Nottingham.

**THE 1973-74 PROGRAMME TOKEN SCHEME**

Tokens will again be included in each issue of the first team "Forest Review" during the current season. A numbered Token will appear, as before, in the "Review" published for all first team matches during the season and full information about the scheme appears on the Collection Sheet which is included in today's issue of the "Review" for the game versus Luton Town and in the next issue for the match against Sheffield Wednesday.

A Collection Sheet is needed in which the Tokens are stuck, in order as they appear. These Sheets may be called in at any time during the season and may well afford regular supporters who buy the "Review" to participate in special arrangements regarding tickets.

IT IS IMPORTANT TO NOTE THAT THE ACTUAL COLLECTION SHEET WILL NOT BE INCLUDED IN EVERY "REVIEW" ALTHOUGH THE TOKENS WILL.

Tokens are not valid unless correctly stuck on the Collection Sheet so make sure you get and keep the Sheet included in the "Review" this afternoon.

**adidas** the world famous '3-striped' soccer shoes should only be worn by the best players on the field, and not by 'Forest' supporters. However, **adidas** suggest that if you must wear the famous '3-striped' sports equipment, that you contact **Redmayne & Todd Ltd., Carrington Street, Nottingham** (official suppliers to **Nottingham Forest F.C.**) who stock the full range of **adidas** sports and recreation clothing and equipment.

## Save Money with a Season Ticket!

If you intend coming to the City Ground regularly but have not yet bought a season ticket please think again about taking one out.

Not only are the savings considerable but you will be able to have a seat of your choosing rather than take a chance on what is available on a match to match basis.

Most of the "C" and "D" block seats have been sold but there are some left with an excellent view in the Main Stand at £15 (including VAT). There are also some available in the centre of the East Stand at £12 (including VAT).

Of course you may prefer to stand and we do cater for the regular supporter by issuing season tickets for the Terrace and Enclosure.

Why not buy a season ticket—just contact the office where all information can be obtained.

We shall give advance details of ticket availability for away games in the "Review" but please note we do not have any away league match tickets—it is necessary for you to write to the club concerned.

### SPORTSMEN'S CLUB NEWS

Nottingham Forest Social Club F.C. is about to commence its third season with a team entered in Junior Division Two of the Notts. Sunday League Morning Section and are willing to consider new players. Anyone who feels that they would like to play for us should visit the Social Club on Pavilion Road where they will be given more details.

### FOR SALE

We have recently received a letter from Miss Redhead of Heanor, Derbys. who has made, and is consequently trying to sell, two very pleasant Forest mascots. The mascot is a "dog-cum-bear" character almost two-feet tall and fully fitted in the club's colours. Each mascot is stuffed with kapok and made in a polyester material. His appealing face is made of felt, with a stuffed tartan cap perched on his head and he's wearing a scarlet crimplene shirt with the club's name embroidered on his chest. A white tape around the neckline completes the shirt, whilst the elasticated shorts are also made of crimplene. To complete this "kit" he is wearing white knitted socks and black leatherette boots complete with studs and scarlet taped laces. Each mascot costs £3, and anyone interested should contact Miss Redhead at 13 Church Street, Heanor, Derbys.
