"This ground is equipped with closed circuit television which enables the police to take film and photographs of any person involved in disorder. The equipment is there to improve crowd safety and to help the police by providing evidence which can be used in the courts. The police have power to deal with any person who involves himself in disorder or commits a criminal offence. This could mean arrest and prosecution."

# FROM THE CHAIRMAN

**John Poynton**  
**Chairman**  
**Coventry City F.C.**

My message to our loyal Sky Blue fans today is that it is more important than ever that we all pull together now. We have got to win our remaining three matches if we possibly can, and it is vital that we have all of you with us.

People often say that it would be better to drop down a division and bounce straight back — as though it is easy. When you are tempted to think like that just remember that it took Coventry City 80 years or so to reach the First Division. It just might take another 80 to get back.

That is why I say it is imperative that we stay in the First Division, particularly as promotion and relegation positions will be altered over the next couple of years when the number of teams will be reduced.

It is also important for us all to pull together today because the team is without a manager. I can only speak good of Don Mackay. He was a nice man, a gentleman and I am sorry to see him leave the club.

It is a fine dividing line between success and failure as manager of a football club. We are not going to rush into appointing a new manager. There are many things to be analysed when the season ends and whoever we do appoint will have to get us to where we as a club, and you our supporters, want us to be i.e. near the top of the First Division.

# LOOKING BACK

For the second successive season our two clubs are thrown together in a match which is crucial to Sky Blues' First Division future.

The Sky Blues had to win their last three matches last season to stay in Division One. They did so by beating Stoke City (a) 1-0, Luton Tn (h) 1-0 and Everton (h) 4-1.

The match against Luton proved to be the toughest of the three and it was decided by a goal by Brian Kilcline. Fate has thrown us together again at precisely the same stage of the season and again it is vital for Sky Blues to collect three points.

This is the fourth contest at Highfield Road at First Division level and Luton have yet to win here. They drew here by 2-2 in 1983-84, but lost 2-4 the previous season. The Sky Blues have also done well at Kenilworth Road at First Division level winning three of the four matches.

## HELP US & WE CAN DO IT

"The chips are really down, but with your help we can do it," says Sky Blues' defender Trevor Peake.

As the Sky Blues go into today's match in the knowledge that the three points are absolutely vital, Trevor says: "We have lacked self-belief and our home form has been abysmal, but perhaps, with you behind us, we can win our remaining two matches at Highfield Rd and stay in the First Division."

It is a tremendous task but Trevor says: "With all our loyal fans shouting us on we can maybe get rid of some of our fears and regain some of our confidence."

"At the end of the day it is down to the eleven players who take the field and those players have got to make sure that their attitude is absolutely spot on for the last three games of the season — just as we did last season."

"I know we shall get some stick if we get the points needed to stay up because people will point at us and ask why, if we could do it now, we did not do it earlier in the season. I can live with that criticism if we stay up, because we can have another go next season and get it right."

Yet hard though he tries to analyse what went wrong Trevor cannot come up with an answer. "We seem to have played in spurts now for a long time. We never seem to get our act together for the whole 90 minutes of a match. There was an upsurge when the new players arrived at the club a few weeks ago, but now we are back again to producing form only in patches."

"If we can win here against Luton and Q.P.R. on the last day of the season that might be enough, but it would be a marvellous bonus if we could get a draw at West Ham Utd as well."

"I am not kidding myself. There will be a lot of onus on our defence. We have to make sure, as we did at the end of last season, that we keep clean sheets if we possibly can. It sets our attack a hopeless job if we let in three or four goals, so our big priority is to tighten everything up in defence."

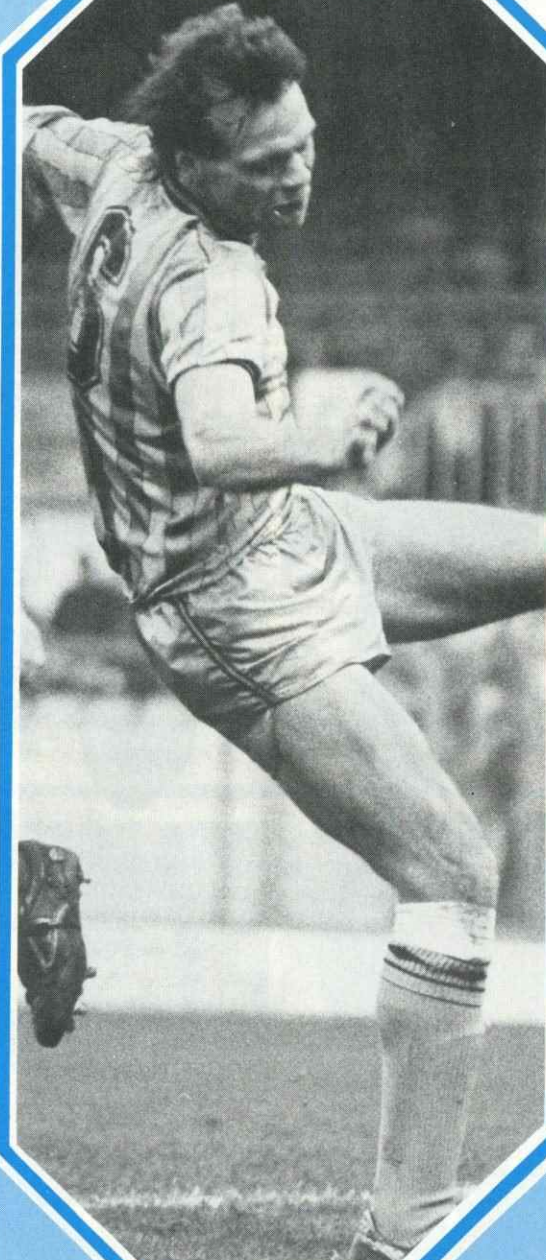

"It's easier said than done, especially against good teams like Luton Tn. I have always rated them as a fine football team, but with the arrivals of Steve Foster, Peter Nicholas and my old mate Mick Harford, they appear to have the basis of a very good side for the next few seasons."

Trevor is this season's winner of The Coventry Evening Telegraph-Channel Island Ferries Award for his consistently high performances, and he reveals today the secret of his success.

"It stemmed from the knee injury to Kirk Stephens. He is a very good pal of mine and I looked at him with something like shock and realised that he might just have played his last professional football match. Thankfully Kirk is recovering well but ever since then I have had a different attitude to my career. I go into every match as though it might be my last and determined to give everything I have got and to get as much enjoyment out of it as I can."

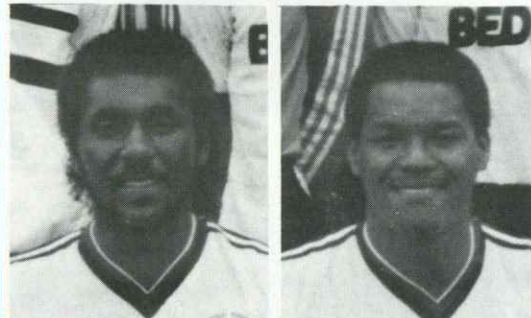

"It will be no good in my late thirties or early forties telling myself that I wished I had given a bit more in certain games. I am 29 now and have not too many years left as a player. I want to give as many good performances as I can. If I start sluggishly I try to pick myself up by telling myself it could be my last game. I'm not sure that it would work for everyone, but it seems to work for me"

**TREVOR PEAKE**

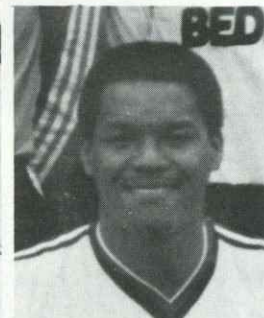

## LUTON TOWN

Mal Donaghy

Today we entertain a side who have not won here since November 1930 and who have gained just five points from their last eighteen visits here. Luton are, however, a leading First Division side these days and could well better their best previous position of eighth.

Founded in 1885 the 'Hatters' became the first side in the south of England to turn professional when they did so in 1890. They had a short spell in Division Two from 1897 to 1900 before returning to the Southern League and then in 1920 becoming founder-members of Division Three. This became Division Three (South) a year later and it was from there that they climbed to Division Two in 1937. They continued to make steady progress and in 1955 they reached Division One for the first time ever.

Four years later they reached the F.A. Cup final, going down 2-1 to Nottingham Forest at Wembley, but a rapid decline set in from that point on. They slipped to Division Two 1960, to Division Three in 1963 and to Division Four in 1965 to become only the second team up to then (Brentford were the first) to slip all the way from Division One to Division Four.

Happily they climbed back up almost as quickly and by 1974 they were back in Division One, though this time they stayed up for only one season. Financial problems were also acute around this time, but they weathered the storm and in 1981/82 they topped Division Two by a clear eight points, losing only four games all season.

In their first season back in Division One they just held on to their place with a win at Maine Road in their very last game to send Manchester City down while they stayed up themselves. In the last two seasons they have finished 16th and 13th respectively. Last season they were still in a little danger with a month to go, but then they won six of their last ten games.

### THIS SEASON

This season they kicked off with a draw at Newcastle and a win at West Ham and since then they have won at Tottenham, Watford, West Bromwich, Southampton and Birmingham. They beat Southampton 7-0 at Kenilworth Road in October and the only visiting teams to win there have been ourselves in November and Oxford last month. Now in his eighth full season at the helm David Pleat, who formerly managed Nuneaton, is one of the longest serving bosses in the Football League. He must be delighted with the form of striker MICK HARFORD, who after service with Lincoln and Birmingham is now on the edge of the England team while MIKE NEWELL has fitted in well alongside him since moving from Wigan this season.

MARK STEIN brother of England cap BRIAN STEIN has joined him in the side this season and has netted some useful goals while in midfield DAVID PREECE (ex-Walsall) links up with another England cap RICKY HILL and ex-Arsenal and Crystal Palace man PETER NICHOLAS.

In defence STEVE FOSTER (ex-Brighton and Aston Villa) has snatched quite a few goals this season since linking up with local lad BOB JOHNSON and MITCH THOMAS and Northern Ireland regular MAL DONAGHY. In goal LES SEALEY has played over a hundred games since moving from us.

**Les Sealey** (goalkeeper) — Born London. Age 28. Joined Coventry City from school and played 158 matches for this club before transferring to Luton Town in the Summer of 1983. Has now played 120-plus games for Luton.

**Mitchell Thomas** (defender) — Born Luton. Six footer who is a product of Luton's youth scheme who has played 106 games for the club.

**Steve Foster** (defender) — Born Portsmouth and joined 'Pompey' from school. He played 109 League games before making a short move to Brighton where he played 172 games and won 3 England caps. A move to Aston Villa did not work out and he moved to Luton last season.

**Mal Donaghy** (defender) — Born Belfast and joined Luton Tn from Northern Ireland club Larne. Ever present this season and has played a total of well over 350 games for the club. Holds nearly 40 caps for Northern Ireland.

**Tim Breacker** (defender) — Born Bicester, Oxfordshire. Six feet tall player who joined Luton straight from school and is now on his way to 100 games for the club.

**Rob Johnson** (defender) — Born Bedford. A big future was forecast for Rob when he joined Luton but he is currently reviving his career after two successive knee ligament injuries.

**Peter Nicholas** (midfield) — Born Newport and has been capped more than 30 times by Wales. Joined Crystal Palace from school and played 127 times before joining Arsenal. He wore the Gunners' shirt 60 times before rejoining Palace on loan and then transferring to Luton.

**Ricky Hill** (midfield) — Born London. Luton is his only football club and he has played nearly 400 games for the club. Holds two England caps.

**David Preece** (midfield) — Born Bridgenorth, Shropshire. Signed from school by Walsall and played 100 games for the Black Country club

before joining Luton last season. **Mike Newell** (forward) — Born Liverpool. The six feet tall striker played nearly fifty games for Wigan Athletic before signing for Luton. Among the goals already in the First Division scoring six in his 13 games.

**Mick Harford** (forward) — Born Sunderland. One of the most highly rated centre-forwards in the country and pressing hard for a World Cup place in England's team. His previous clubs were Lincoln City, Newcastle United, Bristol City and Birmingham City.

**Back row** (l to r): David Preece, Gary Parker, Emeka Nwajobi, Stacey North, Mark North, Ray Daniel, Rob Johnson. **Middle row:** Tim Breacker, Les Sealey, Paul Elliott, Mick Harford, Andy Dibble, Mitchell Thomas, John Faulkner. **Front row:** Trevor Hartley, Ricky Hill, Mal Donaghy, Steve Foster, David Pleat, Peter Nicholas, Brian Stein, Ashley Grimes, John Sheridan.

# KEEPING THEM OUT

## FIFTEEN YEARS AGO

We beat Burnley 3-0 here with all goals coming in the second half on April 17, 1971. ERNIE HUNT (2) and BILL RAFERTY were the scorers against a side, who were looking booked for relegation. Teams:

COVENTRY: Glazier, Smith, Cattlin, Machin, Blockley, Parker, Alderson, (Mortimer), Carr, Rafferty, Hunt, Clements.

BURNLEY: Waiters, Angus, Latcham, Docherty, Dobson, Nulty, Casper (Probert), Coates, Fletcher, Bellamy, Collins.

Attendance: 18,365

Arsenal moved to the top of Division One with a Charlie George goal against Newcastle while Leeds lost at home to W.B.A., the goal awarded by referee Tinkley caused such a rumpus that the Leeds ground was closed at the start of the following season. Denis Law (3) and George Best (2) carried Manchester United to a 5-3 win at Crystal Palace and in Division Two Luton, who were just outside the promotion race drew 2-2 with Sheffield Wednesday, Peter Anderson and Don Givens getting the goals.

## TEN YEARS AGO

In our last game of the season we virtually consigned Wolves to Division Two with a 3-1 win here on April 17, 1975. Alan Green opened the scoring and though John Richards got an equaliser just before half-time Alan got two more after the break to complete a notable hat-trick, the teams being:

COVENTRY: Blyth, Oakey, Cattlin, Craven, (Murphy), Holmes, Coop, Cartwright, Powell, Cross, Green, Hutchison.

WOLVES: Parker, Palmer, Parkin, Daley, Munro, McAlle, Hibbitt, Carr, Richards, Bell, Farley, (Gould).

Attendance: 18,678

Taking advantage of slips by Derby and Q.P.R., Liverpool moved to the top of Division One with Emyln Hughes among the scorers in a 5-3 win over Stoke. Hereford clinched promotion to Division Two in only their fourth season as a Football League club and Luton were now seventh in Division Two after a 3-1 win at Oxford with Steve Buckley, Pasquille Fuccillo and Jimmy Husband on the mark.

## FIVE YEARS AGO

After failing to score in our previous four games we managed a 2-2 draw with Stoke on April 18, 1981 at a time when they were in mid-table and we were just below them. In fact we took a 2-0 interval lead with Gerry Daly and Garry Thompson on the mark, but then the visitors hit back with Lee Chapman and Paul Maguire (penalty) netting after the break. Teams:

COVENTRY: Sealey, Coop, Roberts, Blair, Dyson, Gillespie, Bannister, Daly, Thompson, English, Hunt.

STOKE: Fox, Evans, Munro, Dodd, O'Callaghan, Doyle, Hampton, Bracewell, Chapman, Heath, Maguire.

Attendance: 12,766

There were 34,000 at Villa Park to see the home side get right back into the championship groove with a 2-0 win over Nottingham Forest. This was 13,000 down on the midweek gate that had seen them lose ground by going down to fellow-contenders Ipswich.

Luton meanwhile beat Bristol Rovers with a David Moss penalty, but they were still just outside the Second Division promotion race.

## MEMORY LANE

by Geoff Allman

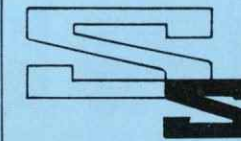

## Bernard Streten by Geoff Allman

There have been few better examples over the years of the old adage that if a player is good enough then he is big enough, than Bernard Streten, who stood only 5 feet 9 inches but played over 400 games for Luton and was capped by England at both amateur and professional level.

Born in Gillingham in 1921, he grew up to Norfolk junior football and played for Notts County reserves as an amateur before the war before linking up with Shrewsbury in their pre-Football League days. During the war he won several amateur international caps and guested for a number of Football League clubs including Wolves and Walsall. He actually played one game for Walsall in the forward line in an emergency.

He was still an amateur when making his Football League debut for Luton just after the war and signed professional in January 1948. In the following season he was capped for England in the following year, being preferred to Bert Williams in a 9-2 win over Northern Ireland in November 1949 when Jack Rowley got four goals and Stan Pearson and Stan Mortensen two each.

As a climax to his career he helped Luton to promotion in 1956 and at 36 was playing for them in Division One, finally handing over to Ray Baynham, who had joined Luton from Worcester in 1951 and who was also destined to play for England. Bernard meanwhile went on to play for Wisbech, Kings Lynn and Cambridge City and then at the age of 40 moved to give further good service to North Walsham, Norfolk, when well into his forties.

## JOHN'S PRIDE AND JOY

There was no prouder man than John Sillett, our Youth Team manager last week when his team fought magnificently to come within an ace of reaching the F.A. Youth Cup final.

They appeared to have no chance when they lost the home leg of the semi-final against Manchester United by 0-2, but they rocked the 'Reds' with an early goal at Old Trafford and came desparately close to winning the tie.

Sadly their repeated attacks proved their undoing because it left space at the back through which United's youngsters scored a late goal to wrap up the tie.

But John was so proud of his lads that he raced onto the pitch to hug each one of them as they walked despondently back to the dressing room. Their disappointment was mollified to some extent however when our chairman John Poynton rewarded them for their efforts by announcing in the dressing room that he would be paying for them to have a Summer holiday in Jersey.

"That was a marvellous gesture," says John Sillett, "It shows that the chairman, like me, was proud of the way they played. They showed a tremendous attitude when most people had written them off and I swear the wrong team is in the Final."

And John's pride is not just confined to the F.A. Youth Cup performances. "They have given me everything all season and it has been a great pleasure for me to be associated with them," he says.

"I think they have learned a little and there are a few players there who could go on to play in the Coventry City first team. One thing is for sure they will have Coventry City at heart and they will all know the words of the Sky Blue Song."

But now comes the hard part, because John has to make decisions on the futures of the youngsters he has trained all season. "It's a difficult task," he admits. "But in football you cannot let your heart rule your head. I shall have to be honest to the club and look at each player objectively. I shall have to look at the reserve positions and if a youngster has not been able to force his way into the reserves I am afraid there can be no contract to stay. I can't play these lads again in next season's youth team, much as I would like to, and there are some hard decisions to be faced soon."

Meanwhile we reproduce below the team's magnificent record in the F.A. Youth Cup.

# BRRRM BRRM IT'S WENDY

Sky Blues 'Hello Girl' Wendy Smith is as much at home on a powerful motorbike as she is on a telephone switchboard.

Wendy (25) who is usually the first voice you hear when you telephone Coventry City, is a former Chief Instructor on the R.A.C./A.C.U. Motor Bike Training Scheme and her proudest possession was a 500cc Motor Guzzi machine.

And she is clearly a lady who likes the adventurous life. She is one of the few people to have to run the nine miles around the Badminton Horse Trials Course dressed as Robin Hood — all for charity.

She has tried her hand at motor bike Trials riding across country and was into Karate until she broke her toe trying out one of the kicks.

"After that I thought I should try something a little more ladylike, so now I make pottery and play indoor rink bowls in the evenings," she says demurely.

She learned to ride a motorcycle back home in Stroud and she was such a model pupil that she was invited back to become an instructor. After five years they promoted her to Chief Instructor.

She gave up her post to move to Coventry with husband Stuart after their marriage six months ago. But she says if any local motorcycle training scheme wants her help she would willingly assist on a part-time basis.

And she has not lost the urge for a spot of adventure. "I would love to have a go at speedway riding and one of my ambitions is to drive around Brands Hatch race track, just to be able to say that I have done it," says Wendy.
