WITH BRYAN HAMILTON

Good afternoon everyone, and a warm welcome to Filbert Street for our first match of the new season.

I would like to start by saying how delighted I am to be joining such a stable club as Leicester City. The club has always had a great reputation, but my aim is to make good things happen on the field as well, and make Leicester a real force in the First Division.

I feel it is very important for Leicester to get away from the habit of being near the foot of the First Division. A team that can beat the likes of Everton, Manchester United and Spurs last season lack only the consistency needed to be a very good First Division team.

Once again it seems Leicester City are not expected to do well, at least according to the 'experts', but that just makes me want to prove them wrong, and it should be a great incentive for the players as well.

Let me assure you I am not here to make up the numbers. If I thought that, or felt the Board had that attitude I simply wouldn't have come here.

I think we should forget about the past, take a positive and determined approach to the new season, and aim for the stars at the start.

I'm not a man who looks on the negative side of things, and although luck, injuries and other factors all play their part during the course of a season, I shall

always be working to produce a positive and successful team.

Our pre-season build-up has gone well, improving the players general fitness, fortunately without any serious injury. Both in Sweden and Germany the players were excellent ambassadors for Leicester City and we have made a lot of friends.

Now it is down to business, and a glance at the fixture list makes it seem like Christmas every week with early visits by Liverpool, Manchester United and Spurs. That does not worry me, and in fact I'm looking forward to them all, because I firmly believe that in our own sensible way we can compete in the First Division with the best of them.

I should like to welcome Steve Walsh to the club. He's a defender who is strong, quick and good in the air, and should prove a great asset.

Finally I must say that I regard supporters as a 13th man in the team. It's easy I know, to join in when a match is going well, but we need you too on those days when it isn't. With your help I believe we can make some exciting things happen at Leicester City. Have a good day.

WITH GORDON MILNE

Welcome back everyone to what I hope will be an enjoyable, exciting and trouble free season.

I am delighted to officially welcome Bryan Hamilton, our new Team Manager, who I have known personally for a very long time.

We have had the opportunity to work closely together over the last month, particularly during our time spent on the continent in Sweden and Germany.

The players have already been made aware of his intentions and ambitions for Leicester City Football Club, and I'm sure all our supporters will find him to be a talented, dedicated, hard-working and conscientious man who will do his utmost to bring success on the field to Leicester City F.C.

Many people have asked me about my new role at the club and I quite understand their reasons for asking. I would like to take this opportunity to identify the areas in which I will be working.

Football is a team game and it is essential to have a close unit working in harmony on the pitch, but it is also just as important that you have

a strong professional, experienced team to support and back up the playing staff.

Club management today at First Division level is a vast responsibility; the workload has to be shared because it is not humanly possible for an individual to take on the full burden. I hope with my experience, knowledge and time spent in the First Division that I can relieve Bryan of time-consuming jobs and some of the day to day problems that can bog you down and keep you away from your players.

It is vitally important that Bryan has licence and freedom to concentrate on the team. At the end of the day this is what it is all about. I am totally convinced that with the right support from all of us, and that includes the Chairman and Directors of the club, Bryan and the boys can produce something this season for us to be proud of.

Let us all get right behind Bryan and the Team from the start and get them off to a great result today.

A new season, as always, brings a wave of optimism to supporters throughout the country and for many there is the promise that this could be their favourites year to lift a trophy.

There are questions on everyone's lips. How will Manchester United who began last season in such style manage without the talents of striker Mark Hughes, or similarly, can Everton cope with the loss of England's World Cup star Gary Lineker?

With Ian Rush staying at Liverpool for another season on lease after his £3.2m move to Juventus, surely few people would bet against Kenny Dalglish's men getting among the honours again, even though The Double will be a tough act to follow.

Will David Pleat revive Spurs fortunes by motivating their talented but inconsistent squad, and can Frank McAvennie and Tony Cottee do it again for West Ham who came so close to snatching the title their entertaining style deserves? All will be revealed as the weeks unfold!

The close season has as always been a busy period on the transfer front, so to bring you up to date we've included a list of all the main moves involving First Division clubs.

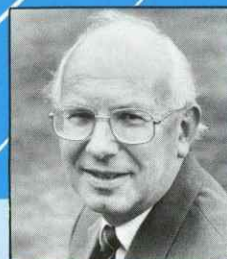

Mark Hughes: Man. Utd. to Barcelona; **Gordon Durie:** Hibernian to Chelsea; **John McNaught:** Hamilton A. to Chelsea; **Mark Loram:** Torquay to Q.P.R.; **Garry Thompson:** Sheff. Today is the day of "Welcome Back" from all of us who write columns for this programme.

Can I assure you that despite the repetition of that phrase, the sentiment is deeply felt by us all.

We all know that without your support football cannot live, and the opening day of a new Season, with its air of optimism throughout the country, truly does make us in the game only too pleased to welcome back the true supporters of the sport.

Of course, there is a small minority of attenders who we equally sincerely wish would never darken our doors again. Regrettably, they attract a share of publicity far above their worth, and I can assure them that, together with the police and security forces, we shall be trying ever harder to weaken their influence as the months progress.

Our visitors today, Luton Town, have taken the brave step of entirely banning visiting support from their ground at Kenilworth Road.

I must say, and Luton know of my views, that I do not agree with their decision as I think it is an example of letting the baddies triumph over the goodies. Football should be a spectator sport open to all, and if the Leicester supporter wishes to watch his team play at Liverpool, Manchester United, Arsenal — or Luton — in theory I see no reason why he should not, provided of course, he behaves himself at those towns or cities.

However, I accept that this is not a perfect world, and I do understand Luton's theory that if they exclude visiting support some or most of their problems will disappear and their genuine home support will increase.

I, like most in football, will watch with interest.

Looking at Leicester City this summer, not a lot has happened at the ground in an obvious manner.

However, we are in the throes of two important improvements which I believe is in keeping with soccer's caring image.

Scheduled for operation today is our new sound system, being installed by British Telecom at a cost to us of around £20,000.

We have known for a few years that our old system had seen its best days, and the complaints, especially from the Members Stand, seemed to be growing last Season week by week.

Hopefully, the new system will answer all those complaints, although, like any new sound system, balance can only be achieved after practical trials before live audiences.

As we can hardly bring in crowds of ten, fifteen or twenty thousand to help us with sound system trials, we have to use the first few games to get things right. I am sure you understand.

Secondly, we are updating and increasing the ladies toilets in the Members Stand.

We are determined to continue to fight for the family audience, and know that our facilities for the ladies have not been up to the mark.

The placing of the order was delayed while our application for Grant Aid was being considered by the Football Grounds Improvement Trust — if you start work before the decision you lose any right to Grant Aid. Fortunately the answer was in our favour and by the middle of October our ladies should have nothing to complain of in that direction!

We are also pleased to be able to make available the facility of the Fosse Bar, to be renamed, the Lifeline Bar, for Season Ticket Holders and Lifeline Members before and after matches. Unfortunately, the Leicester City Magistrates still will not grant us extended hours, so on Saturday matches the sale of alcoholic drinks there will cease at 2.30 pm.

Finally, most of you will note our new Shirt advertisement of John Bull. Our old friends, Ind Coope, are still very much with us — and are indeed sponsoring our next two matches — but they decided to promote their popular brand of Bitter, John Bull, rather than the Company name. Cheers!

And, of course, to Bryan Hamilton and the players, all the best for a new Season that is as vital as ever. Football is still at make or break — and we're determined to make it.

BIRCHENALL

Hi everyone — and welcome back to Filbert Street for the start of the new season! It doesn't seem that long since the last match against Newcastle, but that's nearly always the way during World Cup year.

I'd just like to say what a relief it is to be playing in the First Division after our nailbiting last match, and I'm sure everyone at the club and our supporters feel the same way. Still, that's in the past now, and we must look towards the future. All I can say is that if the new season is as hectic as the last on the Public Relations side, then yours truly is going to be very busy!

While the lads have been enjoying a break this summer, I've been busy attending various fetes, carnivals and functions throughout the county. Some of them were pretty tricky, as much of the time the weather was dreadful, but we still managed to make most of them go off well and I'd like to thank everyone who invited me along to an event — which included everything from 5-a-side to wellie-wanging!

Somehow I managed to squeeze in my family holiday, and I've in fact just arrived back this week from a

business trip to the Far East, although even in Hong Kong they found a function for me!

This was the third anniversary of the opening of Traps Bar, run by a friend and former footballer John McGunnigle, and it doesn't take too much imagination to find a good night was had by all when I tell you that celebrities included Alex 'Hurricane' Higgins, Gordon McQueen and — would you believe it — former City favourite Lenny Glover, and Malcolm Allison's son David.

It was great to see Gordon McQueen again, and a piece of exclusive news — he's off to start coaching in Tel Aviv, Israel in the next few weeks, so I'd like to wish him all the best.

In the next few weeks I'll be giving you the full info on everything else — the runs, new projects for kids, and of course, the plans for the geriatric megastars, but space is limited this time.

Today I would like to thank Trevor Lowe for bringing Hinckley Gymnastics club along to provide our pre-match entertainment. Congratulations also to new Luton manager John Moore, who was coach during my days at Kenilworth Road. I wish him every success in his new role — it couldn't happen to a nicer guy!

Finally, I would like to welcome Bryan Hamilton to Filbert Street, and I'm sure, alongside Gordon Milne and Dave Richardson we shall have a 'team' second to none. Hopefully, we will also have a team on the pitch to confound the pundits who have already written us off. There's no better challenge than proving them wrong!

As in previous seasons I must ask you to continue behaving yourselves. As far as I'm concerned, incidents last season inside the ground were fairly minor, so let's try and clear those up as well so we can have a record we are all proud of!

It was delighted therefore when the Club's Chairman Terry Shipman invited me to become the Chairman of the new Lifeline society.

It will be a pleasure to become involved again with my old Club, and hope once again I can help to "Keep" the Club in the top flight.

For Clubs like Leicester City it is becoming increasingly difficult to keep up with the Liverpools, Manchester Uniteds' and Tottenhams' in these days of financial problems and falling attendances.

It is vital to the City of Leicester and the public to have a First Division Football Club, and I am confident that with the backing and support of the Directors, Management, Players, Staff and the Supporters of Leicester City FC we can, by making Lifeline successful, put the Club on a more stable financial footing and hopefully help the Manager to improve the squad in his bid for success in Division One.

You have my commitment and that of the Directors, Players and Staff: WE NEED YOURS — don't hesitate to join if you want us to stay in the top flight.

LUTON TOWN

An attractive side with a reputation for playing open, attacking football, Luton Town finished last term in a creditable 9th place, and coupled with some exciting Cup runs, their days of struggling seemed to be over.

However, the summer departure of popular manager David Pleat to Tottenham must have been a serious blow, as was the fact that Pleat tempted talented young full-back Mitchell Thomas to follow him to White Hart Lane, with the fee set by tribunal at £250,000.

The deal upset new manager John Moore who was promoted to replace Pleat, 21 years after playing for The Hatters as a left-half, but he still must have been pleased to fight off summer bids for defender Mal Donaghy and top striker Mick Harford, who misses today's game with a knee injury.

In goal Luton rely on former Coventry man **Les Sealey**, while Thomas' departure has increased competition for the full back slots between tough tackling **Ashley Grimes**, Under 21 international **Tim Breacker** and local lad **Rob Johnson**.

In the middle of defence is the inspirational, head-banded figure of skipper **Steve Foster** who has

bloomed after an unhappy spell with Aston Villa, and Northern Ireland star **Mal Donaghy**, a close season target for Chelsea.

In midfield Luton have the impressive talents of **Ricky Hill**, back to his best last season, coupled with the penetrating talents of Welsh international **Peter Nicholas** and busy little **David Preece**, a £150,000 buy from Walsall.

With Harford injured, Luton will rely on the subtle skills of loyal striker **Brian Stein** who may well be partnered by his younger brother **Mark Stein** for today's match.

Also up front will be England Under 21 striker **Mike Newell** who following his signing from Wigan, deputised so well for the injured Harford last season that the youngster won a place on merit.

Luton can also call on the powerful and unpredictable skills of Nigerian **Emeka Nwajiobi** — a player who says much about the Luton style of play.

Certainly, the fresh season looks sure to provide quite a challenge for manager John Moore and his new coach Ray Harford.

Back Row: Marcus Tuite, David Preece, Mark Stein, Emeka Nwajiobi, Marc North, Ricky McEvoy, Rob Johnson. Middle Row: Jim Ryan (Coach), Tim Breacker, Les Sealey, Mick Harford, Stacey North, Andy Dibble, Mike Newell, John Faulkner (Coach). Last season at Filbert Street:

29 March 1986: City 0 Luton 0 (att. 9,921)
City: Andrews, Feeley, Morgan, McAllister, Osman, O'Neill, Lynex, Sealy, A. Smith, Mauchlen, Cunningham, (sub. Banks).

Although there have been plenty of goals scored in cup-ties between the two teams, oddly enough high scoring league games have been something of a rarity. Our best performance came as Leicester Fosse in 1898-99 with a 6-1 success at Dunstable Road, previous home of today's visitors. Since then only once have we recorded four goals — a 4-1 victory at Filbert Street on Easter Tuesday 1958 with Arthur Rowley netting twice. The Hatters first four goal haul

came at Kenilworth Road the following season, bringing them success by the odd goal in seven, and their biggest win over us came on the final day of the 1984-85 campaign — a reflection of Luton's superiority over us in recent seasons. Undoubtedly the finest encounters between the two clubs have come in the F.A. Cup. The clashes in the Fifth Round in 1949, part of City's trail to Wembley, were epics recalled with relish by old time supporters. The first game at Luton was see-saw affair with Jack Lee netting four times for City, including an equaliser 30 seconds from the end of extra time. Almost 39,000 fans packed Filbert Street for the replay the following Saturday, and the excitement was almost as intense. Jack Lee and Mal Griffiths each netted a brace and City went through 5-3. More recently, City's journey to the 1974 Semi-Final included an outstanding Fifth Round performance at Kenilworth Road. Steve Earle scored twice in our 4-0 win but the goal best remembered was a dazzling individual effort by Keith Weller. The list of players who have had connections with both clubs is fairly small. In the Fosse era there was Jimmy Blessington, Edwin Daw and "Jaimie" Durrant; between the wars came Tony Carroll; since World War II there has been Max Dougan, Billy McDermott, Barry Reed, Peter Small, Frank Soo, and more recently, the popular Rodney Fern.

A warm welcome to the new season. The pre-season period is just as important for the younger lads at a club as it is for the first team squad.

Some of them are starting their second year with the club, which can be all important as regards their future and development as players, while of course there are the new boys — eight young lads starting their first full year of the new 2 year long YTS scheme.

I believe their introduction to a First Division football club is a memory which will stay with them all their lives, and it is important it should be done correctly. With the help of everyone at the club, and our Youth Officer Jack Curtis who gives a great three day introduction, they have all settled in pretty well.

Most of the lads have been through the mill as far as general fitness goes, and we've had a number of games, both at home and away, which have been interesting and useful from both my viewpoint and theirs as well.

In addition to all this, we've also had a lot of schoolboys down at the club for trials, training and coaching. Looking to the long term future is vital for Leicester City and the development of young players comes very high on the list.

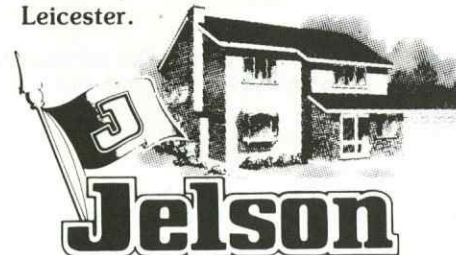

A new season means everyone at the club is working hard to improve our circumstances, and that means the Fresha Youth team producing even better displays in the Saturday morning league and Cup games, and the Reserves, who finished their first season in Central League Division One showing the resolution and determination to improve on their final mid-table position.

As far as the Reserves are concerned, we start off with a cracking first match at home to Liverpool on Tuesday night, but our first Youth matches will in fact be out of the country as we are off to a tournament at Veendam in Holland.

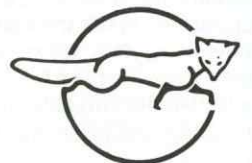

Teams taking part include KNVB Arnhem, NEC Nijmegen, FC Groningen, AZ 67 Alkmaar, and Fortuna Sittard, so the competition should provide all our youngsters with some invaluable experience.

IMPROVEMENTS

We are proud to announce two improvements to facilities for supporters at Filbert Street for the coming season.

A new Public Address System, funded by the club and supplied by British Telecom at a cost of £20,000, entirely replaces the old which after giving good service for over ten years has caused problems in the last two seasons.

The British Telecom system is the latest computerised equipment and will, says British Telecom Executive Bert Thorpe, "Give City fans a sound system as good as any in the country".

The second improvement will be welcome news to our lady supporters in the Members Stand. In this case following approval of grant aid from The Football Grounds Improvement Trust, the existing ladies toilets in the Members Stand are to be doubled in number and completely refurbished and modernised at a cost of around £10,000.

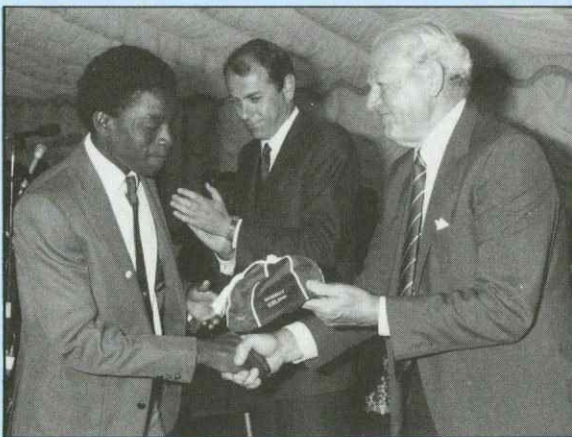

The order for this work could not be placed until approval for the scheme was received from the Football Grounds Improvement Trust at the end of the last month, but it is expected the new facilities will be in full use by the end of September.

Says City General Secretary Alan Bennett "These two improvements will be welcomed by our supporters. While the new loudspeaker system will benefit everyone, we are especially pleased to be able to provide toilet facilities for our lady Season Ticket Holders and Members. It's no good asking for family support unless we can provide the right facilities."

PAUL'S CAP!

Sixteen-year-old Leicester born striker Paul Williams who has joined City as a trainee this season, is seen here collecting an International Cap from Sir Walter Winterbottom CBE.

Paul, who attended the Football Association/General Motors National School at Lilleshall from 1984-86 collected his cap at the School's 'Graduation Day' held in July.

SUMMER FOOTBALL FUNWEEK

Dozens of enthusiastic youngsters from throughout the city and county turned up at City's Belvoir Drive training ground in July for the special F.A. Football Funweek.

The course which runs each summer throughout the country is designed to improve the football skills of any youngsters aged between 8 and 14.

The exciting programme, all supervised by qualified coaches was a great success, and as you can see from our picture Leicester City staff including Bobby Smith, Alan Birchenall and Youth Officer Jack Curtis all turned up to join in the fun.

APPOINTMENT

The club are pleased to announce that during the close season Mr. Ian Silvester was appointed Assistant Secretary. Ian, aged 23, joined the club in January 1985, having previously worked for NatWest Bank.

Our best wishes also go to David Guildford, our Admissions Manager, who left the club during the summer to become General Secretary at Northampton Town F.C.

Team Manager Bryan Hamilton and former City favourite Gordon Banks sign autographs at the launch of the club's 'Lifeline Society' at Granby Halls recently. Gordon is the new Chairman of the scheme which aims to put Leicester City on a more stable financial footing.

FRONT COVER

Our front cover photograph shows our Team Manager Bryan Hamilton welcoming our new £100,000 signing Steve Walsh to Filbert Street. To be fair, neither of them are complete strangers, as Steve was a defensive mainstay at Mr. Hamilton's successful former club Wigan Athletic.

A warm welcome back to the new season and our first home match of the new campaign. A really big welcome of course to any new members who have come along this afternoon.

First of all we must wish everybody who celebrated their birthday during the summer a Happy Birthday, and of course congratulate all of you with Birthdays coming up this month!

Lisa Waters of Kenmore Crescent, Coalville, will be ten years old tomorrow, while *Paul Jordan* of Melton Drive, Broughton Astley, is the same age on August 25th.

Matthew Haselton of Kendal Drive, Flitwick, Bedfordshire, will be eleven on August 29th, while *Matthew Gardiner* of Falcon Road, Anstey and *James Malpass* of Begonia Close, Burbage both have birthdays on the 31st August. Matthew will be ten and James will be seven.

As usual we will be holding our special Junior Fox training sessions at our Belvoir Drive Training Ground throughout this season. Our first session takes place on Sunday 28th September. The other dates are November 2nd, December 7th, February 1st 1987, March 15th and April 26th. The sessions start at 10.00am and last two hours. Please remember all your usual training kit, but don't forget — NO FOOTBALL BOOTS.

Being a JUNIOR FOX entitles you to a chance to become City's mascot for a home first team game. The draw for the mascot and two reserves, takes place on Danny Cox's show on Radio Leicester at about 9.30am on the Saturday prior to the match.

The winner and two runners up will receive a meal at **Poppins Restaurant** in Belgrave Gate, while the runners-up will also receive **Ladybird Football Books** signed by the players. All three lucky Junior Fox members will also get TWO complimentary tickets to the next home first team game! See you soon!

MASCOT

Today's mascot is Jim Reddy of Prospect Road, Kibworth Beauchamp in Leicestershire. Jim is ten-years-old and attends Stoneygate School.

The news came as a surprise to Jim who was away on holiday in Devon when the draw was made, but now he'll get the

chance to meet his favourite City player — our goalkeeper Ian Andrews.
