CHAIRMAN'S MESSAGE

There were many sad faces in the dressingroom after Bank Holiday Monday's loss to Swansea City. I am always saying that a good sporting game is the main target for our teams, but it is difficult to accept gracefully a loss after dominating an entertaining game.

The teams' disappointment was felt by those on the terraces and we hope that our share of bad luck will now desert us.

We look forward to another good and entertaining game against Luton Town this evening, and this time may the success come our way. Never despair!

ON THE BENCH WITH **Barry Fry**

Tonight I am delighted to be able to welcome officials, players and supporters of Luton Town to London Road after big changes in the Kenilworth Road set-up during the summer when Mike Watson-Challis took over as chairman from Cliff Bassett and Ricky Hill returned to the Hatters as manager.

Ricky is a Hatters legend and I know he will do an excellent job and, with the enthusiastic backing of his chairman and new board, make Luton Town a force to contend with in the Second Division. We will see them here at London Road in league action during January but tonight's test is different as both sides will want to progress to the second round of the Worthington Cup and, hopefully, earn the chance of a meeting with one of the big clubs that come into the competition at the later stage.

The onus is on us to produce a first winning display at London Road this season after a couple of draws and with the disappointing defeat against Swansea City sandwiched between. On Saturday, just as against Bristol Rovers in last month's opening game here, we had to be content with a point after taking the lead.

Facing Bury our first touch let us down badly. The opening 45 minutes produced some tremendous attacking football with real end to end entertainment and we deservedly took the lead with a great move involving Ritchie Hanlon and Andy Clarke before a calm finish from Francis Green. There were chances to go further ahead, Clarke was through wide after Jon Cullen's excellent pass but his first touch was not good enough and David Farrell suffered the same problem just after.

We needed that second goal because Bury are a good side and one full of experience and confidence. They ground out a result in the end and from a Posh point of view this is not good enough at home and we only have ourselves to blame. The Bury equaliser should have been prevented after

we watched them several times and did our homework, telling the players what to expect. But after conceding an un-necessary corner, we also failed to pick-up Darren Bullock when he headed it in.

As we have one or two knocks from Saturday there will probably be changes tonight which will give some of the other lads the chance of 90 minutes as we make use of the full squad - just as we did at Kenilworth Road in the first leg. Although finishing without a goal being scored, this was a good attacking game and after coming through strongly in the second half we must try to carry on where we left off.

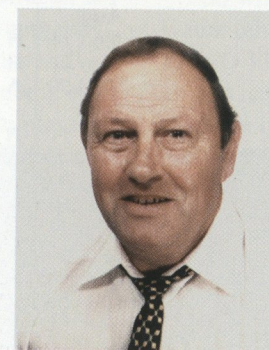

Enjoy the game!

■ So what is going on in Division Two with all these away wins? Over the two-day Bank Holiday programme, 12 out of 18 games resulted in away victories including Swansea's first win of the season over Posh here at London Road and Bristol Rovers' 6-2 mauling of Brentford. It just seems that in the higher division there is more opportunity to play football, more available space, and away from home any team with space and quality has the chance of hitting the opposition on the break. The perfect example of what can be achieved was of course superbly demonstrated by Posh at Boundary Park with David Farrell twice supplying pinpoint crosses after out-striping the Oldham defence. Andy Clarke and Francis Green did the rest.

Edwin Overland
BBC Radio
Cambridgeshire's
voice of Posh

■ What on earth was the referee thinking about in the match against Swansea? Adam Drury giving away a penalty? Whatever next? It is a bit like the Queen Mum slapping an innocent bystander around the face with her handbag or Kirsty Young playing Rugby League or 'Peter Burrow' chasing 'Mister Posh' out of the ground. Things like that do not happen, do they?

■ Posh are overdue a cup run but if they are to reach round two of this year's Worthington Cup competition they have to

get the ball past one of my all-time star pupils. In 32 years of teaching and coaching junior football teams only one pupil ever made it through to the professional ranks - and he is playing in goal for Luton tonight. Mark Ovendale who made some outstanding saves in the second half of the first leg a fortnight ago signed for Luton in the summer for £425,000. I remember him as a versatile 10 year old, very athletic and a good all-round sportsman. Little did I realise that one day he would be worth the best part of half a million otherwise I would have volunteered to be his agent!

■ Mark, who will be 27 in November, began his career with local village team Leverington before joining Wisbech Town FC. After a spell at Northampton Town he then joined Barry Town in the Welsh League where he created a record for the number of

consecutive clean sheets. After three years with the Welsh side which included European action. Mark moved back over here with Bournemouth and following two years with the South Coast side he moved nearer to his home town of Wisbech with his July transfer to Kenilworth Road. Dad Brian will be in the crowd tonight but mother Janet may not be - after seeing him once sent off in a European cup tie in Budapest she gets very nervous watching him!

COLUMN

When I meet other Academy Directors or youth Development Officers, they often tell me how lucky I am to be at a club whose manager so obviously believes in giving young players a chance. By the end of last season 18 players from our youth policy had made their debuts in the first team. The last was defender Dan Murray.

I would be a poor Academy Director if I did not constantly push for our young players to be given their chance and hopefully Barry gets sick of me constantly going on about it. However, we can point to players who are permanent fixtures in the first team such as Mark Tyler, Adam Drury and Tony Shields and ask the question: Have they ever let the club down?. We can say the same about the other 15 lads and the answer would have to be: No!

Phil Chapple has an important role to play in the development of our young players as the Reserve team is the crucial testing ground for young talent coming through. It is so easy to worry about results and not select young players. They will make mistakes and this is how they learn. All young players develop at different stages of their career and we need to be sensitive to this.

We can offer youngsters at this club an incredible incentive. Following a decision of the chairman and the board at the end of last season, it was decided that a minimum of three youth players compete in Reserve team games. The selection is a reward for achievement at youth team level. Already

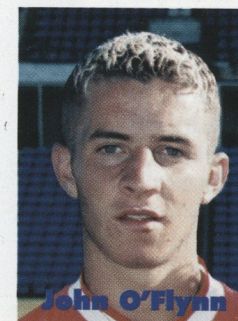

this season Matthew Byrne, James Bishop, Luke Hardy, Louie Evans, John-Paul Duncliffe and Simon Rusk have played for the Reserves.

I can say to any young player today that if they sign for Posh they will have a real chance. I call this THE POSH GUARANTEE and the whole club endorse it.

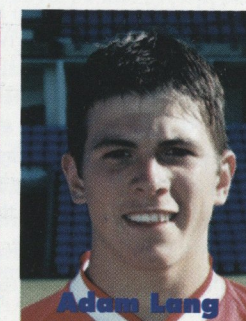

So who are the new Posh players to watch other than those already mentioned? John O'Flynn, our Republic of Ireland striker, is a name to look out for when he recovers from injury. I know Barry is anxious for him to get fit and to see how he handles the higher level. The same applies to defender Adam Lang who is continuing with the recent flow of producing fine left backs here at London Road.

Peterborough United is one of the best clubs in the country for a young player to join. We can point to Matthew Etherington making his debut as a 15 year-old and this says it all. At this club there is a real chance. It is not easy to play in the first team but there is a clear route to it which is the envy of many other clubs.

CHANCE!**

WELCOME TO Luton Town

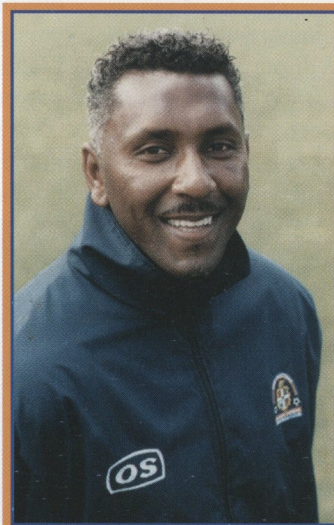

Luton Town will be looking for a win this evening to establish some consistency in their play after kicking off the League campaign with a mixed bag of results. The Hatters suffered defeat in the opening two matches of the season but supporters will no doubt have faith in old favourite Ricky Hill, now in the managerial hot-seat.

The Worthington Cup first round first leg meeting between Posh and Luton Town at Kenilworth Road ended goal-less, despite both sides creating goal scoring opportunities. Francis Green went close late on but his shot was saved by record signing Mark Ovendale in the Hatters goal.

Andrew Fotiadis almost opened his side's account in the first half when his diving header flew agonizingly wide of the upright. And Spring had the ball in the back of the net in the 54th minute, but his effort was ruled out for offside.

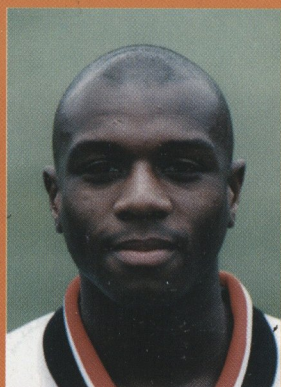

Town have seen a handful of players come and go during the summer, most notably goalkeeper Ovendale who was signed from AFC Bournemouth for a club record £425,000 fee. The Luton Town board made money available to spend after Gary Doherty left for Tottenham Hotspur at the back end of last season for £1million.

Mark Stein is now in his second spell with the club, having arrived from Dean Court along with Ovendale after he was available on a free transfer. Peter Holmes and Dean Brennan were also snapped up from Sheffield Wednesday's youth squad on free transfers. Prolific marksman Phil Gray left for Burnley in the close season under the Bosman ruling, and Michael McIndoe joined Conference side Hereford United also on a free.

Ricky Hill was installed as manager of Luton Town during the summer after being first choice of a new board of directors at Kenilworth Road following the departure of Lennie Lawrence. It is the first time the former star midfielder has tried his luck at management, although Hill underwent various coaching appointments in this country and in the USA, where he was player-coach of the year while assisting Rodney Marsh at Tampa Bay in the early 1990s. Widely regarded as one of the most creative midfielders Luton Town have ever signed, Hill joined the Hatters as a school boy and was a regular in the senior side by the time he was 17 years of age. He reached the pinnacle of his 14 year Town career in 1988 when his side clinched the League Cup after beating Arsenal 3-2 in a scintillating Wembley final. He went on to star in 507 League and cup matches for the Kenilworth Road club, scoring the first of his 65 goals in his debut against Bristol Rovers in 1976. After leaving Town, the London born midfielder played in France for a year before signing for Leicester City and then ending his playing career in America. Hill rekindled his association with David Pleat, who was youth coach when he joined Luton, and worked alongside the one time Posh player of the late 1960s in coaching roles beginning at Sheffield Wednesday for three years in 1996 before following Pleat to Tottenham Hotspur.

signings and another player plucked from the Sheffield Wednesday youth squad. A product of the FA's School of Excellence in the same year as Michael Owen and a two footed midfielder who adds an extra dimension to the centre of midfield.

MARVIN JOHNSON
(29th Oct 1968, 6ft 1ins, 13st) Defender who is the longest serving player at Kenilworth Road and is in his 13th season as a first team regular with Luton Town, his only club. Skipper of the team, he joined the Hatters as a schoolboy and has made over 400 appearances, scoring nine goals.

ADAM LOCKE
(20th Aug 1970, 5ft 11ins, 12st 7lbs) Well travelled midfielder who joined Luton on a free transfer from Bristol City last summer. Began as a YTS boy with his local club Crystal Palace but could not get into the first team and moved to Southend United before spells at Colchester United and Bristol City.

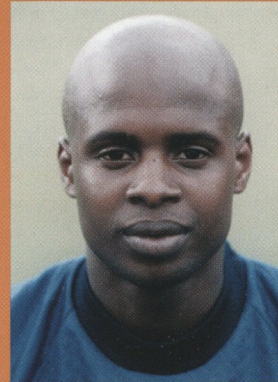

PAUL McLAREN
(17th Nov 1976, 6ft 1ins, 13st) Midfielder who was offered professional terms while still only 17 years of age. A forceful player who is always ready to back up attacks and soon became a regular in the side after his 1994 debut.

MARK OVENDALE
(22nd Nov 1973, 6ft 2ins, 13st 10lbs) Goalkeeper who arrived from AFC Bournemouth in the summer for a substantial fee after having previously played for Wisbech Town, Northampton Town and Barry Town. The 26 year-old was immediately given the number one shirt and has quickly settled in at Kenilworth Road.

ANDREW FOTIADIS
(6th Sept 1977, 5ft 11ins, 11st 7lbs) Old-fashioned centre forward with good physique and power who is a constant worry to opposing defences. Born not far from Luton in Hitchin, he won England Schools caps at Under 15 and Under 18 level, and chose to gain his GCSE exams before being a full time professional.

MATTHEW SPRING
(17th Nov 1979, 5ft 11ins, 11st 7lbs) Competitive midfielder who was the driving force in the Luton side which reached the FA Youth Cup semi-finals in 1997. Made his League debut when he was 17 and has made over 120 appearances for the Hatters. Opened his 2000-2001 season Town account with a penalty kick in the 1-0 home success over AFC Bournemouth 10 days ago.

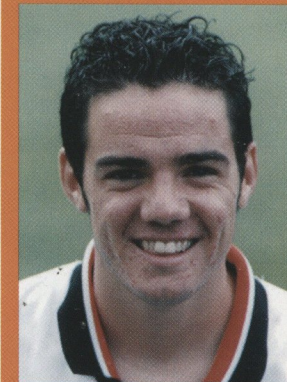

NATHAN ABBEY
(11th July 1978, 6ft 1ins, 11st 13lbs) Goalkeeper who has battled defiantly to keep his career going at Kenilworth Road. But has had to accept the role of near permanent understudy. Turned down a move to Holland last summer and was rewarded with a first team chance.

MARK STEIN
(28th Jan 1966, 5ft 5ins, 11st 7lbs) Crowd pleasing striker who returned to Luton Town nearly 20 years after joining as a schoolboy. Brother of Brian, another noted Luton striker, he enjoyed four years at Kenilworth Road, winning the League Cup in 1988. The South Africa born forward furthered his career at QPR, Oxford United, Stoke City, Chelsea and AFC Bournemouth. Poised to join Swansea City this summer but responded to a call from his old team-mate Hill.

MATTHEW TAYLOR
(27th Nov 1981, 5ft 10ins, 11st 8lbs) Young wing-back who came through the ranks and was given his chance at the age of 17. Settled in immediately and became a regular in the team, gaining over 50 appearances and five goals.

JULIAN WATTS
(17th Mar 1971, 6ft 2ins, 13st 6lbs) Reliable defender who played a major part in Luton's receivership restrictions last term by joining on a free transfer from Bristol City where he was out of favour. Started his League career at Rotherham United where he enjoyed his first taste of league football before moving to Sheffield Wednesday and Leicester City. He went on to Ashton Gate in 1998.

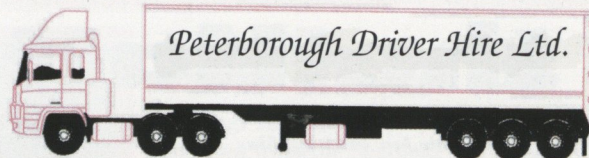

DEAN BRENNAN
(17th June 1980, 5ft 9ins, 11st 8lbs) Captured on a free transfer from the Sheffield Wednesday youth squad along with team-mate Peter Holmes after Ricky Hill went back to his old club in search of a midfielder. A valuable addition to the Luton squad and one for the future as he can also play in attack.

Posh lads head for Everton clash

A team of Posh supporters representing the club in a new Worthington Fives tournament have reached the second round and face a clash with Everton on Sunday 24th September at the Powerleague Soccer Centre in Nottingham.

The Worthington Fives is the first amateur tournament to give fans the chance to represent their chosen professional club in a national five-a-side competition. All 92 Carling Premiership and Football League clubs are represented in the tournament and the first round draw mirrored that of the actual Worthington Cup.

Steve Paling, Stewart Paling, Lee Darcy, Richard Marriott, Graham Marriott, Andrew Bradley and Luke Charlotte formed the team which went through to the second round receiving a bye when scheduled opponents Luton Town failed to turn up.

However, it was not a wasted day for the Posh lads who took part in a round robin tournament which they won earning the right to face a Worthington Masters team of ex-professionals which included Kerry Dixon, Kenny Sansom, Paul Allen, Clive Walker, Mickey Hazzard and Bob Boulder. The Peterborough Five produced a great performance to beat the Masters 3-1.

In the round robin event Posh won their group including Fulham, Kidderminster Harriers, Oxford United and Cheltenham Town before defeating Cambridge United in

the semi-final and Bristol Rovers in the decider. And just to prove it was no fluke, Posh defeated Exeter City to win a second tournament also involving Kidderminster Harriers, Millwall, Portsmouth and Gillingham.

The Worthington Fives final will be played as a curtain raiser to the Worthington Cup Final in February with the winners scooping an all-expenses paid trip to a top European game.

Supporters' Club REVIEW

By the end of tonight's game the prospect of meeting a Premier League club in the Worthington Cup will only be a 'ball out of a hat' away for ourselves or Luton. Both the Worthington Cup and the FA Cup give lower division sides the opportunity of generating much needed cash when drawn against Premiership opposition. Let's hope tonight's result will see the Posh in this week's second round draw and a big name club at London Road later this month.

Supporters' Club committee member Tony Broughton runs the away travel programme. Coaches are provided by C&G Coaches of Chatteris and are all non-smoking, and for journeys over two hours coaches have toilet facilities. Departure from London Road is timed so to arrive at our destination at least an hour before kick-off, allowing time for a pie and a pint (alcohol is strictly forbidden on the coach).

Tony will be happy to arrange for you to be picked up en route, providing of course your pick up point is on the way! For example, for the Stoke City match on September 9th, the coach will pick up at Oundle & Thrapston Services prior to joining the M6 via the A14 (please ring Tony on 01733

756760 after 6pm to arrange any meeting points). Regular travellers can qualify for a free trip to Swindon Town at the end of the campaign if you travel with us at least 10 times during the season.

Travel is open to all supporters, although Supporters' Club members get a saving of £1.50 on all trips, and accompanied Junior Posh members also travel at the reduced fare. Away trips can be booked during normal opening hours in the Posh Club Shop and credit card bookings can be made by telephoning 01733 319666. Please remember to quote your Supporters' Club/Junior Posh membership number to get your discount of £1.50. Tony is always in the Club Shop on match days from 1pm on Saturdays and 6.15pm midweek matchdays to take your bookings or answer any queries.

Forthcoming away travel:
Stoke City, Saturday 9th September, depart: 11am, Members: £7.50, Non-members: £9
Wigan Athletic, Tuesday 12th September, depart 3pm. Members: £10, Non-members: £11.50.

Wycombe Wanderers, Saturday 23rd September, depart 11.30am. Members: £7, Non-members: £8.50.

'Player of the Month'

Francis Green is the new season's first winner of the Supporters' Club 'Player of the Month' award after topping the voting for August and will be presented with a bottle of champagne prior to kick-off here at London Road this evening. Once again all votes cast in the monthly polls will count towards the 'Player of the Season' award, won last season by Andy Clarke.
