**WELCOME back to The Matchroom Stadium for tonight's Third Division encounter with Luton Town — and the third home game in succession where we have played opposition that are new to this division.**

Football League newcomers Rushden & Diamonds were our last visitors and Bristol Rovers, relegated from Division Two last term, arrived before that.

We managed to beat the pair of them and so Tommy Taylor and his side will be looking to complete a winning hat-trick tonight against a Luton side who accompanied Bristol Rovers down into Division Three — along with Swansea City and Oxford United last May.

So let's start by giving a warm welcome to Joe Kinnear's side and hope the players, officials and supporters from Luton Town enjoy their short stay with us.

And one man no doubt looking forward to this evening's game more than most is our ex-striker Carl Griffiths who joined The Hatters on the eve of the new campaign in a £65,000 move and scored a hat-trick against Torquay on Saturday.

### No introduction

Carl, of course, needs no introduction to Orient fans, although he missed the play-offs because of suspension, he was our leading goalscorer last season and bagged 19 goals — 15 of which were in the league.

He joined us, initially on loan from Peterborough United, before signing on a permanent basis and then moved to Port Vale in 1999.

Carl rejoined us 19 months ago from The Valiants and, in total, scored 60 goals in 129 starts for the club before heading for Luton in the summer and he has already scored seven times this season and is second in the Third Division goal scoring charts behind Luke Rodgers of Shrewsbury Town.

### Relegation

Following the disappointment of relegation last season, Luton have made a bright start to life in Division Three and on Saturday they hammered Torquay United 5-1. But it was not only Griffiths' hat-trick which hit the headlines. There was a fantastic performance from French import Jean Louis Valois who marked his debut with a stunning goal from 35 yards after he chose to join Luton instead of staying with French champions Lille.

That win lifted Luton into the top three and they arrive here tonight with 18 points on the board from their first nine games. Four of those matches have been played away and they have picked up seven points in the process with victories at Carlisle United (2-0) and York City (2-1).

while they shared the points in a 2-2 draw at Exeter City. Their only defeat in the league this season was a 3-2 reverse at Bristol Rovers and they are currently in good form having won three and drawn three of their last six games.

### Tight

However, following our point at Halifax on Saturday, we go into tonight's game just three points behind The Hatters in a tight Division Three where just four points separates the top nine.

Luton boss Kinnear, who was appointed back in February, was one of the few Third Division managers to splash the cash in the summer.

Hull were the big spenders — but apart from the £65,000 Kinnear splashed out on Griffiths, he also paid Norwich £60,000 for Adrian Forbes, while Kevin Nicholls joined from Wigan for £25,000 — although the fee could rise to six figures.

Carl Emberson joined from Walsall on a free, as did Aaron Skelton from Colchester.

### Busy summer

It was a busy summer for Kinnear as out went veteran striker Mark Stein to Dagenham & Redbridge, while Nathan Abbey (Chesterfield), Petri Helin

(Stockport), Paul McLaren (Sheffield Wednesday) and Rocky Baptiste (Farnborough), all departed on frees — and seven other players were released.

The bookies were impressed with Kinnear's dealings as Luton were installed as 11-2 for the title — just behind 4-1 favourites Hull City — and the Hatters were also quoted as 6-4 for promotion and 100-1 to drop into the Nationwide Conference!

**GOOD evening everyone and welcome back to Brisbane Road for tonight's game against Luton Town which, quite simply is a six-pointer.**

Just recently, sides who have dropped down into Division Three have adapted quickly and have been successful. Last season three of the teams who came down — Chesterfield, Blackpool and Cardiff City went straight back up again.

So, it's no surprise that when Luton were relegated last May most people tipped them for an instant return and they have made a good start to the season. Following Saturday's big home win against Torquay they are up into third place and so tonight's game is another big match for us because Luton are the sort of side we have to match if we're to do well this season.

We have had Luton watched several times and although we have a good home record we're under no illusions about tonight's game and every one of our players will have to be on top form if we are going to win.

#### **New side**

While Luton might be a new side to the division, one player who needs no introduction is Carl Griffiths.

Carl left us in the summer for Luton and I know that he will be desperate to do well on his return and will be working hard out on the pitch to try and put one over us. But three points for us are vital and so our only concern is to go out there and win the game.

By a strange coincidence we played Luton in a reserve team game a couple of weeks ago and Ahmet Brkovic, who was on trial with them at the time, scored a couple of goals — so hopefully lightning won't strike twice!

But, as I have said before, although tonight's game is important, they are all

## the taylor report

massive matches when you are in the promotion race and we have to take something from tonight's game and then also win Saturday's game against Torquay and make the most of these back-to-back home games.

I know that if we play well we can take six points from the two matches and, on a positive note, we will have Dave McGhee available tonight after a three-match ban which is a bonus because we have missed him and he also adds a bit of height to the side.

#### **Record**

We have a good record at home to date with 10 points from 12 games and we need to keep it going. The only side we have dropped points against is Carlisle and it is difficult to beat teams if they are not prepared to come and play and try to win the game.

But I'm sure that Luton, in their position near the top, will be more ambitious and will be coming here to try and win the game and the same goes for Torquay on Saturday because that's how Roy McFarland likes his team to play.

#### **Tight**

It's going to be a very close division this season and there are a lot of sides who have a chance of winning promotion — you only have to look at how tight things are at the moment.

We went to Halifax in ninth position — but were only three points behind the leaders Rochdale and we go into tonight's game still in ninth place — but just four points behind Shrewsbury, who went top at the weekend.

Any side who can put together three straight wins will suddenly find themselves right up there — as we proved with our recent good run and it was disappointing that those four straight victories came to an end at Darlington a week ago.

I have to say I was disappointed by the performance at Feethams — we had too many players who were way below their best and in this division you cannot afford to carry anybody — you need all 11 out there playing to their full potential if you are going to win.

Hopefully it was a blip, because we took a point at Halifax on Saturday and let's hope that's the start of another little run. But, I think we have to be realistic — we are going

to get a blip from time to time because it's unlikely that we are going to go 10 or 11 games without losing.

It's important to remember we have a lot of young players in the side and it is asking a lot of them to hit the top of their form and then maintain it over a long period — that's where experience comes in.

I know that we can play a lot better than we did at Darlington — but I don't really want to criticise the players because I was over the moon with the way they had played in the previous four games and so, as far as I'm concerned, there is no need to panic.

#### **Impressed**

I have to say that I was impressed with the way Darlington played. They passed the ball well and moved it about quickly and Barry Conlon caused us a lot of problems and is a striker I have always been impressed with.

So Darlington are a team that could do well this season, while Plymouth have come from nowhere and are looking good as Saturday's win against Macclesfield lifted them into fifth.

And there are a couple of others sides like Shrewsbury and Mansfield who have made good starts.

Hull have spent a lot of money in the summer and have started well, as have Rochdale and if you add the usual suspects to that list you can see just how tight things could be this season and how many sides have a chance.

#### **Travel**

Finally, There's not too much I can say about Saturday's goalless draw at Halifax as I couldn't travel because of a back problem.

I missed a game last season because of 'flu — but those are the only couple of matches I've not seen since I've been a manager and while it might be frustrating sitting on the sidelines sometimes, I can tell you it is murder being at home when the team is playing and watching every single goal flash coming through on Sky Sports.

Still, I was pleased that we kept a clean sheet and, from all the reports I have had, we thoroughly deserved a point and were unlucky not to come home with all three. Well, that's about all from me. Enjoy the game

**Like most people, I like to have a bet from time to time, particularly on the O's.**

The problem in the past, though, has been the limited type of bet available. You can back the team to win, lose or draw (although naturally I have never bet the last two!) or maybe pick the scorer but never some of the more interesting options that have been available for supporters of bigger clubs.

### Betting site

Fear no more! Just log onto leytonorient.com and click on the bet button. That puts you through to the betting site that has a dedicated section on the O's and gives odds on a vast array of bets available on all Orient matches. In addition the site enables you to bet on other matches and other sports.

Even better; if you open an online account today you will receive 50% cashback on the stake of your first settled bet if it contains a selection at odds of 2/1 or above. This is up to a maximum bet of £50.

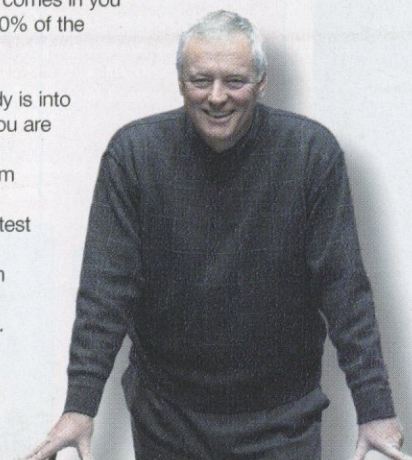

As part of the O's new website, this area could be one of potential revenue for the club so to make it even more attractive, I will send a cheque for £20 to the first 50 Orient fans who open an account.

### Details

Once you have placed your bet, all you have to do is e-mail the O's website editor Matthew Porter (m.porter@leytonorient.net) giving details of your bet before it takes place, include your name and address and the cheque will be in the post. All we ask is that if your bet comes in you give the club 50% of the winnings.

Not everybody is into betting but if you are then leytonorient.com gives you an opportunity to test your opinions about our team and its players with hard cash. Be lucky!

## EMMERSON BOYCE

The defender was signed as a YTS boy in the summer of 1995 and made the breakthrough to the League squad at the age of 19 midway through the 1999/2000 season. A commanding defensive figure, he was a regular last season.

## DEAN BRENNAN

Previous Luton boss Ricky Hill signed the midfielder from Sheffield Wednesday but he has found it difficult to adjust to Second Division football, and is still trying to establish himself.

## CHRIS COYNE

THE centre-half was playing for Perth Soccer Club when he received an invitation to join West Ham but he was unable to claim a Premiership place and after loan spells at Brentford and Southend, the player accepted a transfer to Dundee. However, Joe Kinnear had been an admirer of the defender and a £50,000 transfer deal earlier this month took the

## incharge

Joe joined Luton Town in February 2001 becoming their third manager of a troubled season that ultimately saw the Hatters relegated despite Joe's gallant efforts to avoid the drop. Formerly enjoyed an illustrious career as a full back with Spurs, making more than 280 appearances for them, and collecting 26 Republic of Ireland caps as well as an impressive array of medals - an FA Cup-winner in 1967, League Cup winner in 1971 and 1973 and a UEFA Cup winner in 1972.

He then played for Brighton for four years before moving into coaching in the United Arab Emirates.

He then returned to take charge of Wimbledon in 1992 and with no ground of their own, and the smallest fanbase in the Premiership, the Dons did much more than just survive in the Premiership, and the "Crazy Gang" were still there when a heart attack forced him to step down. Fully fit after being sidelined for 18 months, he was ready to get involved again when Luton approached him to take control of all football matters at Kenilworth Road - director of football, manager and coach all rolled into one.

player back south.

## STUART DOUGLAS

A striker with excellent pace, Douglas scored on his league debut as a 17 year-old in 1995, but a series of injuries delayed his progress before he won a regular place in Luton's league side in the 1998/99 season. He has since flourished both as maker and taker of goals although was affected again by injury last season.

## RICHARD DRYDEN

Experienced defender who was signed on a free transfer from Southampton in February 2001. Started with Bristol Rovers before moving on to Exeter for £10,000 before a big money deal took him to Notts County for £250,000. Further hefty fees were paid as the player was transferred to Birmingham, Bristol City and Southampton.

## CARL EMBERSON

Joe Kinnear moved swiftly in the summer of 2001 to sign the former Millwall and Colchester player when his contract at Walsall ended. He made his name in a seven-year spell at Colchester before going to the Bescot Stadium in the summer of 1999 where he was a member of the squad that won promotion.

## ADRIAN FORBES

A winger with considerable First Division experience for Norwich City from whom the Hatters signed him for £60,000 in the summer. Noted for his ability to run at and past defenders, either to deliver crosses from out wide, or to cut in and have a crack at goal.

## ANDREW FOTIADIS

A local discovery, this centre-forward has won England Schools caps at under-15 and under-18 level. Boasts good physique, power, and concentrated determination.

## STUART FRASER

Stylish defender who was given his league debut on the final day of the 1997/98 season after emerging from the club's youth team. Within a year he was established as a regular member of the Luton squad and the Scottish under-21 team, until he suffered a broken leg at Queens Park Rangers in January 2001. Has made a good recovery and returned for pre-season training.

## LIAM GEORGE

Quick, and with tricky footwork, the striker joined Luton as a schoolboy and has won caps for the Republic of Ireland Under 21 and youth squads. Made his league debut in September 1997 but suffered a broken leg soon afterwards and was out of football for nearly a year. Returned to head Luton's scorer charts in 1999/2000.

## CARL GRIFFITHS

Needs no introduction to O's fans who delighted in the striker's impressive goal record. Luton signed him for a fee reported to be £65,000 but his earlier moves had totted up to well over £1million, starting with a £500,000 transfer from

## onetowatch

### STEVE HOWARD

Signed in March 2001 from Northampton Town for a fee of £50,000 after costing the Cobblers £120,000 when they recruited him from Hartlepool two years previously. At Sixfields his height and power as a target man, and a scoring rate of a goal every four games, helped Northampton to win promotion to Division Two.

Shrewsbury to Manchester City. Carl set his bench mark by netting 61 goals in 130 starts for the Shrews and has been knocking them in ever since, for Portsmouth, Peterborough, Leyton Orient, Wrexham, Port Vale and back to Orient for a second time.

### IAN HILLIER

Welsh under-21 international who joined Luton on loan at the start of the season from Tottenham Hotspur and made his league debut for Luton in the second game of the campaign.

### PETER HOLMES

A product of the FA's School of Excellence, in the same year as Michael Owen. Sheffield Wednesday were his first club, but the two-footed midfielder moved to Luton for a nominal fee last year.

### PAUL HUGHES

Began his career at Chelsea under Glen Hoddle's management, and gained experience on loan to Stockport, Norwich and Crewe. When Hoddle became manager

of Southampton he moved swiftly to recruit Hughes, but a serious groin injury put the midfielder out of football for nine months.

Southampton then made him available for transfer, and he joined Luton just before this season kicked off.

### ADAM LOCKE

The midfielder joined Luton on a free transfer from Bristol City in the summer of 1999 having previously played for Southend and Colchester.

### LEE MANSELL

Another product from the youth system having linked with the club as an 11-year-old. Made his first team debut at Queens Park Rangers in January 2001 and in the summer he was rewarded with a full professional contract.

### KEVIN NICHOLLS

The tough-tackling midfielder began his career as a trainee at Charlton and quickly made an impact after skipping England youth teams at under-18, under-19 and under-20 levels. Charlton sold him for £250,000 to Wigan in the summer of 1999, but the move did not work out and Luton's offer of £150,000 in the summer saw him moving to Kenilworth Road.

### MARK OVENDALE

Luton secured the services of the goalkeeper from Bournemouth in the summer of 2000 for £425,000. He was previously with Wisbech, Northampton and Barry Town.

### RUSS PERRET

Played in Cardiff City's promotion winning side last season but the big central defender was allowed to join Luton a few days before this season began.

Strong in the air, and with a good first touch on the ground, he began with non-league Lymington before being snapped up by neighbouring Portsmouth in 1995 then moved to Cardiff four years later.

### AARON SKELTON

Signed for the Hatters for the second time in July 2001 having initially joined the club as a schoolboy. Reached the fringe of the first team in 1993, when he was 19 but an unfortunate run of injuries hampered his progress and a free transfer to Colchester in the summer of 1997, brought a much-needed change of luck. His contract at Layer Road expired in the summer of 2001

and the invitation to move back to his first club, on a Bosman, was too good to turn down.

### MATTHEW SPRING

A competitive midfielder, Spring made his league debut for the club when still only 17 and soon became a regular in the Luton side. His first 100 appearances were clocked up while he was only 20.

### MATTHEW TAYLOR

The wing-back made his debut as a 17 year-old but his pace and fierce shooting ability allowed him to settle in immediately, and has developed into a top class player, a real crowd-pleaser and a respected professional.

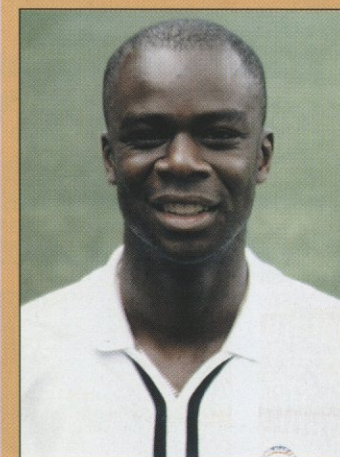

### PETER THOMSON

Was playing for Lancaster before a £25,000 move took him to Dutch club NAC Breda. After recovering from a broken leg, he continued to score goals in the Dutch Premiership before Luton brought him home for a £100,000 fee in September 2000 although he has yet to establish himself in the side.

## onetowatch

### MARVIN JOHNSON

Longest-serving player at Kenilworth Road and is the only member of the playing staff to have appeared in all four divisions for Luton, making his debut in 1988. However a serious neck injury restricted him to only 11 games last year.

**ONCE again it's pretty quiet in the treatment room — apart from our long-term casualties there's nothing else that's too serious at the moment.**

I'm putting these notes together on the way home from Halifax and everyone seemed to come through the game on Saturday without a problem.

Sometimes it can be a while before players have a reaction to an injury but, fingers crossed, there is no new problems at the moment and all the squad who played on Saturday should be available again for tonight's match with Luton Town.

### Back

For those of you who travelled to The Shay, you would have seen that **Ashley Bayes** (right) was back in goal.

Ashley hurt his shoulder in training prior to the Rushden & Diamonds game and it kept him out of that match and the one at Darlington four days later.

His shoulder was sore and as a precaution we sent him for a scan. It revealed a couple of small tears — which you probably would expect to see as he's a goalkeeper — but there was nothing serious and Ashley was back in action at Halifax.

**Scott Barrett**, who deputised for Ashley, is having a few days rest after playing two games in four days. It's not that long ago that Scott underwent a cartilage operation and so he was rushed back into action to cover for Ashley.

He would not normally have come back so quickly but it was an emergency situation. Under normal circumstances, he would probably would have had another week off before playing again. So, all credit to Scott, he did well to play twice in such a short space of time following his operation.

### Progress

Meanwhile, **Steve Watts** (right) is making progress. He has had a couple of weeks off to allow his back problem to sort itself out and he was due to return to training yesterday (Monday) and we will have to see how things go.

**Gary Fletcher's** kidney infection has cleared up and he is on his way back and was on the bench at Halifax at the weekend, while **Ilysedon Christie** is feeling better and we hope it won't be long

want the latest news?

[www.leytonorient.com](http://www.leytonorient.com)

before he hits the comeback trail.

As you probably know, he had a minor exploratory operation on his knee recently which we hope will clear up his cruciate ligament problem once and for all.

### Emergency

But **Matthew Lockwood** still faces a long lay-off after rupturing his spleen at York City. As I have said before, there is no emergency cure for something like that and I can't see Matthew returning to action until the New Year.

Finally, we did have a rather unusual casualty last week as manager **Tommy Taylor** was struck down with a bad back. It came on a week ago at last Wednesday's reserve team game — and it's been so severe that it stopped him travelling to Halifax Town on Saturday. But, hopefully he is on the mend and he will be here tonight

Well, that's about all from me, enjoy the game.

**'It was important we took something from Saturday's game'**

## pearls from dean

**GOOD evening everyone and welcome back to Brisbane Road for tonight's game against Luton, which should be an interesting one — especially with our former striker Carl Griffiths returning tonight for the first time.**

I know that all the lads will be keen to win this one and I think that we go into the game in a positive frame of mind following Saturday's goalless draw at Halifax Town.

It was important that we took something from the game following the 3-0 defeat at Darlington which, hopefully, was just a blip.

Indeed, with a little bit more luck on Saturday I thought we could have come home from The Shay with all three points.

Halifax went into the game on the back of two successive wins — yet we kept a clean sheet and I thought that we outplayed them for long periods.

It was a boost for our confidence not to let a goal in and we generally performed well and let's hope we have put the Darlington result behind us.

### Great win

Meanwhile, Luton had a great win on Saturday as they put five past Torquay and are now in the top three, so it's going to be a tough game because they are one of the sides who I thought would do well this season and they appear to be living up to those expectations.

Joe Kinnear has a great record as a manager and I'm sure he will be a success at Luton and that they will be knocking on the door at the end of the season.

It seems that we have played several of the fancied sides in recent home games, Hartlepool, Bristol Rovers and Rushden & Diamonds were all expected to do well when the season kicked off and we have beaten all three of them. Now let's hope we can add Luton Town to that list tonight.

### Open

As I have said before, I think that it's going to be a very open league this season and there is no reason why we can't be up there with the best of them.

With things being so tight, it's important that we keep our good home form going. We have taken 10 points from a possible 12 and it's important that we make the most of the two successive home games against Luton Town tonight and Torquay on Saturday.

I really do believe that if we can win the majority of our games, which is a distinct possibility because we are a difficult side to beat at home, and we start picking up a few more points on our travels then we can have a really successful season.

### Return

As I mentioned at the top of the column, tonight will see the return of Carl Griffiths — and I'm sure he will want to try and put one over us. But, hopefully, he has used up his allocation of goals for the week following his hat-trick on Saturday!

I still keep in touch with 'Griff' and it will be nice to see him again — but all friendships will be put on hold during the 90 minutes of action

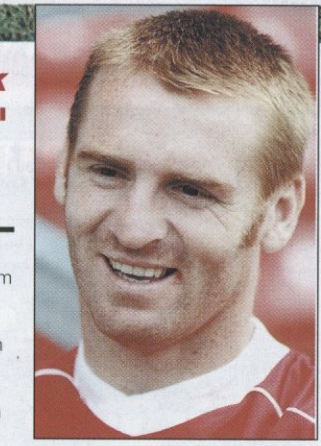

I should be close to 'Griff' all night as I would have thought that I will have the job of marking him — and I'll be

quite happy to buy him a drink afterwards — as long as it's to commiserate with him about Luton's defeat!

It's not the first time that we have been on opposite sides — as I've played against him when he was at Shrewsbury.

There's no doubt that 'Griff' was a big favourite and I'm sure he will get a good reception from our fans tonight because he had a great scoring record while he was here.

Let's hope he gets a good reception at the start and has nothing else to celebrate all game!

### Back up

Our target has to be to try and win win these back-to-back home games and, if we can do that, it would really push us back up the table.

The four straight wins that we put together lifted us from 17th to fourth and with things so tight at the top, any side who can put together a block of wins has a great chance of going clear — just like Rochdale managed to do during the first few games.

It was, of course, a big disappointment to see our good run come to such an emphatic end at Darlington. We really didn't do ourselves justice on the night and let ourselves down.

Although I thought Darlington were a good, strong side and passed the ball well. But we should have done better — to lose 3-0 was a big disappointment.

All the lads were gutted about the performance and it was a really long and miserable journey home on the bus.

We didn't defend well and all credit to goalkeeper Scott Barrett as he kept us in the game during the first half with several excellent saves — including a penalty stop.

Scott did tremendously well to play two games in four days — especially as he'd had a cartilage operation three weeks earlier. It's a amazing what you can do in a wheelchair these days!

It was a sad end to our unbeaten run which we had stretched to four matches after beating Rushden & Diamonds here in our last home game.

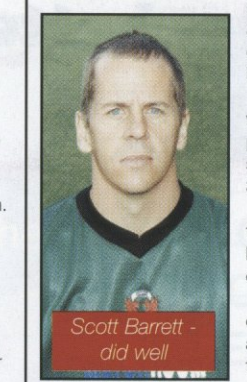

### Down

I felt that we made hard work of the game in the end and after Rushden had gone down to 10 players we should have won it a little more comfortably than we did.

In many ways it was an effective result rather than a pretty game. But, at the end of the day, we picked up the three points and that was the most important thing.

It was a case of the points being more important than the performance.

Well, that's about all from me. Enjoy the game.

Scott Barrett - did well

years **may** come...**Orient on the pitch on this day:-**

25th September 1937

**v Mansfield Town (Home) lost 1-2.**

Attendance 8,590

**Goalscorer for O's:** Hearty.

**Leyton Orient team:** Hillam, Searle, Hearty, Lawrence, Taylor, Heinemann, McCombe, Fletcher, Crawford, Smith H, Codling.

This match, in our first season since the move from Lea Bridge, was only the fourth league game played on the present ground here in Brisbane Road and also marked our first defeat.

In the programme notes of the day under the heading

"Oriental Jottings", the programme editor - "Free Lance" greets the visit of Mansfield Town thus:- "No, it is not a meeting of King John and his merry men today, but Mansfield Town jolly boys are here and bring with them a whiff of Sherwood Forest, which should mix well with our Epping Forest air. The "Town" have not paid us a visit since 1931-32 when they were in the "exalted

company of Third Division (Southern) and which I might be permitted to term is a geographical qualification. And don't the Northern Section like it? Nothing like the London clubs, you know; or is it the gate percentage that's the attraction? Anyway, let's give them a special cheer and hope for a rousing game."

Later, referring to the previous three matches he comments, "We have rasped the "Cobblers," (beat Northampton Town 1-0) and skinned the "Shrimps," (beat Southend United 2-1) and then we got kiboshed by "The Rovers." (lost 2-3 to Bristol Rovers). Surely all this should fill the ground for I have heard it said everybody will flock to see a winning team, so I'll be disappointed if we don't have 15,000 here today."

Of the ten goals scored, five have been scored by Charlie Fletcher who grabbed a hat-trick in the 3-0 defeat of Bournemouth, our first league win at Brisbane Road.

25th September 1967

**v Walsall (Home) won 2-0.**

Attendance 3,481.

**Goalscorers:** Jones, Whitehouse.

**Leyton Orient team:** Ray Goddard, Bert Howe, Owen Simpson, Brian Wood, Vic Halom, Tom Anderson, Peter Allen, Brian Whitehouse, Roy Massey, Mick Jones, Barry Fry.

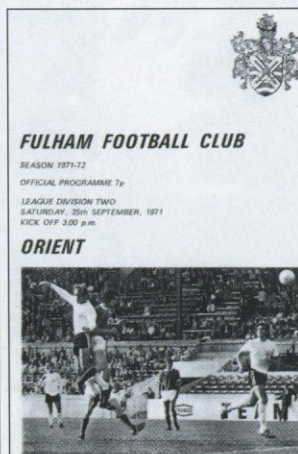

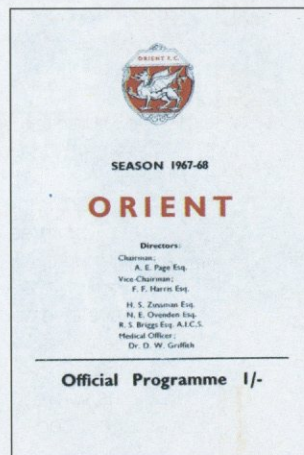

Walsall team: Keith Ball, Frank Gregg, Mick Evans, Terry Simpson, Stan Bennett, Nick Atthey, Alec Jackson, Allan Baker, Jim Murray, Jim McMorran, Colin Taylor.

Our first league win of the season at the eighth attempt. The O's programme for the match has a section entitled 'The Orient Of The Future' and states, "While the roar of the crowd is

focussed on the Football League, in our case on the Orient's efforts in Division Three, every club is quietly building a future out of the raw material of a squad of talented youngsters.

Nowhere is this more important than at a club like ours where extensive outlayings in the transfer market are beyond our pocket. Here our young players are in the capable hands of Len Cheesewright, Harry Spinner and Les Brown who work under the direction of manager Dick Graham. We believe we have a colts side to match any in the country and you will notice that we are in a group of six leading clubs in the South East Counties League Division One separated by only one point. More to the point, we had scored more goals than any other side in the division."

Youngsters playing for the club at the time included Steve Bowtell, Ray Ford, Bill Bailey, Dennis Rofe, John Still, Tommy Taylor, Terry Brisley, Barry Fairbrother, Graham Archell, Phil Manning, Mickey Cooke, Bobby Moss and Steve Coventry.

25th September 1971

**v Fulham (Away) lost 1-2**

Attendance 9,153.

**Goalscorers for Fulham:** Barrett, Earle.**Goalscorer for O's:** Dyson (penalty).

Fulham team: Malcolm Webster, Stan Brown, Fred Callaghan, John Richardson, Reg Matthewson, Jimmy Dunne, Jimmy Conway, Roger Cross, Steve Earle,

Barry Lloyd, Les Barrett. Substitute David Moreline.

**Leyton Orient team:** Ray Goddard, John Sewell, Dennis Rofe, Peter Allen, Terry Mancini, Paul Harris, Mark Lazarus, Terry Brisley, Mickey Bullock, Peter Bennett, Ian Bowyer. Substitute Barry Dyson.

We started this match in 11th position in the league table, four points ahead of bottom placed Fulham but the defeat saw us slip four places.

Commenting on the match, manager George Petchey said, "I can only say that I hope we start a rapid climb up the Second Division table. It was obviously a disappointment to lose at Fulham and it might so easily have been a draw if a "goal" from Ian Bowyer had not been disallowed-the referee at first giving a goal but changing his decision after consulting a linesman. Paul Harris impressively took his opportunity when Peter Bennett was injured and was rewarded by keeping his place in the side even when Bennett returned."

That was the eighth match of the league season for O's and the leading scorer at that stage was Ian Bowyer with four of our nine goals which included a hat-trick in a 4-1 defeat of Cardiff City in our first home match of the campaign.

Later in his notes, George Petchey continued, "Chief scout and youth team manager Len Cheesewright has been going all over the country assessing players who might strengthen the side. Like so many clubs, we have to be absolutely sure of the ability and character of a man before attempting to sign him. Incidentally, I would like to draw your attention to the recent results of our juniors side. They read 5-0 (Tottenham), 5-1 (West Ham) and 5-1 (Charlton). And of course, it cuts down the necessity to go into the transfer market whilst such youngsters show such potential."

Juniors of the time included Mike O'Shaughnessy, Bobby Fisher, Ian Woodward and Ian Filby.

### Leyton Orient 2 Luton Town 3

Former Orient midfielder Ahmet Brkovic plotted the downfall of his former club assisting in the first goal before scoring twice to enable the visitors to maintain their fine start to the season.

The Croatian is currently on trial with the Hatters and did his chances of being offered a contract no harm with an impressive display. It took little more than 60 seconds of play before Brkovic played Liam George in for the opening goal but we equalised after 22 minutes when Aaron McLean completed a cross from Dutch trialist Rudi Witvoet, who had cut in from the left. The scorer turned well in the box and sent his shot past the Luton keeper.

There were no further goals in the first-half but on the hour, Brkovic struck to restore his side's lead when he ran onto a pass and rounded Glen Morris to coolly slot the ball home with the O's defence appearing to have sound claims for an offside call.

Once again, the O's levelled, this time from the penalty spot after a Luton defender handled a Billy Jones free-kick. Phill Hadland (right) stepped up to send a rasping shot into the roof of the net.

It seems as if both sides were going to be rewarded with a point apiece for their efforts in an entertaining game but Brkovic had other ideas and with only two minutes left for play, he headed home a centre from Dean Brennan to plunder all three points.

**Teams:** Leyton Orient - Morris, Beall, Roger Joseph, Fenton, Martin, Hadland, Castle, Gould, Witvoet, Fletcher, McLean. Substitutes Jones for Witvoet 46 minutes, Hatcher for Fletcher 46 minutes, Brown for McLean 68 minutes. Substitute not used Grimsdell. Luton Town - Ovendale, Hogg, Stirling, Everitt, Bouchuers, Brennan, George, Holmes, Djorkaeff, Valois, Brkovic. Substitutes - Crowe for Stirling 46 minutes, Thompson for Djorkaeff 46 minutes.

A report of our 4-0 win at Barnet will appear in the next programme.

## community **sports** programme

### Youth Football Project Kicks Off for East London Kids

Children from all over the Thames Gateway had a chance to develop football and life skills at two football courses provided by the Thames Gateway Youth Football Project. The event was the product of a partnership between Ford of Britain, Sportmatch and the Thames Gateway London Partnership. 80 girls and 130 boys aged between 6 and 16 years put on their boots to play football over four days. The event kicked off on Monday 20th August with a two day girls' course followed by a two day boys' course at the Ford Sports and Social Club in Rush Green, Romford. Thames Gateway Youth Football coaches based at West Ham United, Charlton Athletic, Leyton Orient and Millwall Football Clubs provided the expert instruction. The courses were part of a £200,000, three year programme to bring the benefits of football to children across twelve East London boroughs.

#### Skills

The course aimed to develop interpersonal skills such as self-confidence, endeavour, self-esteem cooperation and teamwork. A speed gun for measuring the speed of a shot on goal was very popular. The children use all their new skills to compete in front of their parents on the last day of their course in a penalty competition and a 'World Cup' tournament.

Millwall player David Livermore and Millwall captain Stuart Nethercott held a question and answer session with the girls on the Monday afternoon. Trevor Brooking CBE, chairman of Sport England and non-executive director of West Ham United talked about his experiences as a West Ham United and England player and gave out prizes at the end of the girls' course on Tuesday. He was helped by Jeff Body, Operations Manager of Ford's Dagenham plant. Charlton player, Paul Konchesky, Martin Cearn, Vice Chairman of West Ham United. Jeff Body and Jim Fitzpatrick MP presented the awards to the boys on Thursday afternoon. Andrew Rosindell MP for Romford was also in attendance to support the event. In addition to the prizes all the children received a certificate, water bottle and a T-shirt donated by Railtrack. Ford also provided four prize draw tickets to an Arsenal Champions League game.

#### Benefiting

The government-backed Thames Gateway Youth Football Project has been benefiting young people for three years. It runs after-school clubs and estates, probation, truancy and coach education programmes across Barking and Dagenham, Bexley, Dartford, Greenwich, Hackney, Havering, Lewisham, Newham, Redbridge, Thurrock, Tower Hamlets and Waltham

Forest. It is a unique collaboration between local authorities, the private sector, local communities and four professional football clubs.

#### Trevor Brooking said:

"Football is unrivalled in its ability to connect with young people. The Thames Gateway Youth Football Project uses football to promote fitness, healthy living and social skills, as well as building self-esteem through teamwork. I am delighted to be able to support a project that uses the sport to do such great work in areas of need across East London."

#### Jim Fitzpatrick, MP for Poplar and Canning Town, said:

"The Thames Gateway Youth Football Project is an excellent scheme providing high quality activities and opportunities to thousands of young people. It is raising standards, life skills and expectations and helping communities in the area that is the regeneration priority for central and London government."

#### Jeff Body, Operations manager at Ford's Dagenham plant said:

"I am very proud that Ford Motor Company - with our employees support- is able to sponsor the Thames Gateway Youth Football Project and to encourage and help children across the Thames Gateway from every background to participate in this excellent programme."

Leyton Orient urgently require a part-time Centre of Excellence coach to work with age groups ranging from under-9 to under-16. The successful applicant would take coaching sessions on Monday and Wednesday and manage a team on Sunday. The minimum required qualification is a UEFA 'B' coaching badge. Send a CV to Peter Johnson, Youth Development Officer, Leyton Orient FC, Matchroom Stadium, Leyton, London, E10 5NF.

**Goalscorers:** Brown 61, Hatcher 75, Grimsdell 79. The style of this match followed the similar pattern of recent weeks when, in the first half, we just haven't been performing to our full potential. The opening

forty-five minutes were goalless and frankly we created little in the way of chances.

Harsh words were spoken in the interval and the few home truths levelled appeared to have the desired affect because we began the second half looking more lively and like a side that wanted to win the game as we showed a much improved attitude.

We took the lead when Danny Hatcher squared the ball across for Craig Brown to shoot home just after an hour's play. We then took our foot off the pedal and allowed our opponents to get back into the game. They had a great opportunity to score when they were awarded a penalty but the visitors squandered the opportunity by hitting a post.

That shocked us into a positive response as we realised that we could

**Goalscorers:** Holder 11 minutes, Earle 59 minutes

We got off to a great start with a goal after 11 minutes following a free-kick on the edge of the penalty area that Phil Holder sent over the defensive wall and wide of their keeper.

We had a very young side playing and started with 16 year old Ket Koka-Makitu playing up front and he took full advantage of the opportunity to impress. We looked the more lively of the two sides with Ket linking well with Dean Earle as the striking pair whilst we also had four under 16's in our line-up having lost players to the older age group as the demands on their squad by first team calls left them short of players.

Although we were never able to play our desired free flowing passing game, this was an encouraging and workman-like performance. We closed down well and played impressively in certain areas although we didn't put their keeper under too much pressure.

In the second-half, we failed to deal effectively with free-kicks and balls coming into the box allowing Gillingham to eventually level the scores after 54 minutes. However we responded assertively and restored our lead after 59 minutes when Jake Gibson involved Tommy Laxton in a move which saw Tommy's cross reach Dean Earle at the back post and he put away the chance easily.

We continued to shade the game with Phil Holder's passing, a feature of our game when we went forward. Although we gained a number of free-kicks around the penalty area, we failed to use them effectively thus wasting chances to seal the game decisively, but considering the young age of our side we have to be pleased with the overall display.

**Team:** Rian Maxwell, Greg Tiffin, Andre Williams, Gabriel Zakuani, Graeme Butler, Jake Gibson, Phil Holder, Ian Bellis, Prince Toku, Ket Koka-Makitu, Dean Earle. Substitutes Patou Wembolawa, Tommy Laxton and Josh Felix. Substitute not used Jamil Makinwa.

## theojgang

Here we are back at the Matchroom Stadium for two home games in the space of five days and hopefully we can maintain our excellent home record by collecting another six points.

There was certainly no shortage of excitement when we met Rushden & Diamonds here in our last game with three penalties, one twice taken, a sending-off, three goals and plenty of action throughout the ninety minutes.

We have a difficult task on our hands tonight when we face Luton Town who were relegated from the Second Division last season but who are determined to reclaim their status at the first attempt. However, we overcame Bristol Rovers, who have similar aspirations, recently when Tommy Taylor's men produced a fine performance and with your support I'm sure that we can overcome the threat from the visitors who have made the short trip down the M1.

Give every player in an O's shirt every encouragement and cheer our lads on to victory.

Up the O's.

Theo

**One of the most exciting new aspects of [www.leytonorient.com](http://www.leytonorient.com) is the live commentary of every first team match in all competitions.**

Whether it's at home against Rushden and Diamonds on a warm September's afternoon or away at Darlington on a cold September's evening (just three days later), you can hear the full 90 minutes of action live through your computer.

We have invested in some digital broadcasting equipment which will mean that soon (once the gear arrives!) the quality of sound and any problems with 'buffering' or interference will be greatly reduced.

### Match day commentary

Here at Orient we are one of the only clubs to be providing the match day commentary service ourselves rather than using a local radio station.

This personalises the service and allows us to bring in various new aspects and innovations such as 'Txt the commentator' where you can send us in your text messages throughout the game and ask us a question or comment on the match or the O's in general.

This worked especially well at Darlington the other week when we had around 50 messages with questions which varied from how the Feethams pitch was playing to whether or not Leon Constantine was likely to sign a longer loan deal.

In other words, anything you want to ask us about the game you can - obviously we can't answer all questions but we can try and give you a better insight in to the O's performance and the match in general.

This is the first time there has been an interactive audio forum for fans to receive two-way information during the game and it is proving one of the most popular aspects of the new site.

### Key figure

We are hoping to bring in a regular slot on a weekday evening where we host a 'Radio Orient' style show from the ground with a key figure from the club who will be able to answer your queries directly in a phone-in style show. Watch this space for further details as we are still in the planning stages of this at the moment.

### Working well

Premium TV are gradually sorting things out at their end and the site is beginning to take on the sort of shape we wanted it to. Reserve and Youth Team pages have been added and the Q & A with a player is working well - tomorrow is the last day to let me have your questions for Andy Harris.

We are always open to ideas and suggestions about the site and you can let us know what you think by posting your opinions on the message board or emailing me directly.

### Tune in

For those of you who have tried the commentary - we hope you are enjoying it, and if you haven't given it a go yet, why not tune in the next time you can't make it to a game.

Up the O's

## STRANGE BUT TRUE

■ IT was a case of lucky LUTON when they were drawn against Manchester City in the FA Cup 40 years ago. Denis Law scored six times for Manchester City during a fourth round tie against Luton on January 28th 1961, but with the score at 6-2 in City's favour the game was abandoned. When the tie was restaged Law was on target again - but it was Luton who went through into the fifth round following a 3-1 win!

■ WHAT a difference a win makes. LUTON recorded their biggest-ever league victory when the caned Bristol Rovers 12-0 in a Division Three South game back on April 13th 1936 when Joe Payne scored 10 goals for the Hatters in front of a crowd of 13,962.

■ The victory captured the imagination of the Luton public as they attracted almost 10,000 MORE fans for their very next home game against Coventry. For the record, Payne scored again in a 1-1 draw and the attendance that day was 23,142!

**WE bounced back from our 3-0 defeat at Darlington with a point at Halifax Town on Saturday when we fought out our second goalless draw of the season.**

There were three changes to the side who had been beaten at Darlington, as Ashley Bayes, fit again following a shoulder injury, returned in goal in place of Scott Barrett, who was rested after being forced into a premature return following a recent cartilage operation.

Teenager Billy Jones came into the side at full-back in place of Donny Barnard, who dropped to the bench and John Martin came in for his second start of the season in place of Scott Houghton.

Also missing for the O's was manager Tommy Taylor, who was forced to stay at home because of a back problem!

Although honours ended even it was a Halifax side, who stretched their unbeaten run to four games in the process and who were the more happy with a point.

We controlled the games for long periods but could not turn possession into something more tangible as we failed to hit the target for the second successive game.

But, despite the lack of goals, there were some plus points to emerge. We looked much tighter at the back following the reverse at Darlington and young Billy Jones made his first start of the season at left back and looked comfortable throughout — and we're still well placed in the current form table having lost just once in the last six games.

### Key moments

**4 mins:** A neat cross from Scott Oakes puts Halifax Town goalkeeper Lee Butler under pressure as Jabo Ibehre lurks menacingly ready to cash in on any mistake.

**14 mins:** The first genuine chance of the game arrives as Jeff Minton heads down a cross from Andy Harris but goalkeeper Lee Butler claims the ball.

**17 mins:** Goalkeeper Ashley Bayes sees his wayward throw end up at the feet of Halifax striker Gary Jones but O's defensive duo Dean Smith and Simon Downer quickly close him down and avert the danger.

**20 mins:** Scott Oakes tries a speculative effort from distance that flies over the bar.

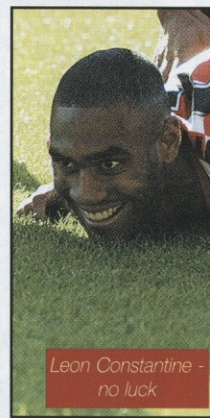

**27 mins:** Jabo Ibehre spins past Paul Stoneman to set up a shooting opportunity after Jeff Minton threads the ball through to him but the young striker fails to hit the target.

**28 mins:** Jeff Minton is the architect once again as he finds Leon Constantine — but his effort is pushed away by goalkeeper Butler for a corner.

**35 mins:** Matt Joseph bursts forward and finds Leon Constantine who, in turn, neatly lays the ball off to Scott Oakes who fires in a fierce shot.

### Second attempt

**54 mins:** Goalkeeper Lee Butler collects a Scott Oakes

Leon Constantine - no luck

**58 mins:** Jabo Ibehre wins a challenge and slips the ball to Leon Constantine and goalkeeper Lee Butler is forced to desperately save the striker's shot with his feet.

**72 mins:** In a rare moment of danger for the visitors, Paul Harsley watches his free-kick slide across the face of the Orient goal and the ball just eludes Gary Jones.

**74 mins:** A through ball finds Gary Jones who rounds Ashley Bayes but the angle is too acute for the striker to profit and Simon Downer turns his shot away for a corner.

**89 mins:** Jabo Ibehre sets up a late chance for Leon Constantine as he turns his marker and sends his strike partner clear — but Halifax Town goalkeeper Lee Butler just wins the race to the ball.

**90 mins:** O's almost grab a last-gasp winner as John Martin's cross to the far post appears to go over Billy Beall — but the substitute recovers and still manages to stab in a shot that Butler collects.

### Team line-ups

### Injury time winner denies o's

#### Barking Reserves 3 Leyton Orient Ladies 2

Leyton Orient Ladies were beaten by an injury time goal by Barking Reserves in the 1st Round of the County Cup.

In their first match of the season the O's got off to the perfect start when they went ahead after just 10 minutes. Captain Lois Fidler delivered an inswinging corner that was headed into her own net by a Barking defender. Orient continued to hold their own with Claudette Crisp and Hazel Palmer becoming increasingly influential. However on the half hour mark confusion from a back pass allowed Barking to draw level.

The second half was an end to end affair with the Barking 'keeper making a superb save from a Fidler free kick. The game appeared to be heading for extra time when on 80 minutes Orient's 'keeper van der Merwe was beaten by a long range effort. The spirit of the team was exemplified in the next 10 minutes as the O's continued to push forward in search of an equaliser. Eventually it came when the ball deflected off Jo Barton and over the stranded Barking 'keeper with 90 minutes on the clock. Two minutes into injury time Barking restored their lead with another long range effort and despite the referee playing an amazing 12 minutes of additional time the O's were unable to force the game into extra time.

Despite the defeat Manager, Mostafa Aizane, was delighted with the performance. 'Considering most of the team haven't played together before I thought they were superb. This performance has definitely given everyone a lot of confidence for the forthcoming season'.

**Leyton Orient Ladies FC:** van der Merwe; Martin (45 mins Phillips); Barton; Alexander; Baird; Ede; Townshend; C. Crisp; A. Crisp; Fidler; Palmer **Goalscorers:** o.g., Barton

### Under 16s get off to a Perry good start

#### Perry Street 2 Leyton Orient 4

The first game of the season saw the Under 16s with their keeper out injured, only 12 girls registered in time and one of them unavailable, which left the team picking itself.

The game started well and it wasn't long before the O's opened the scoring. Natalie Jasper breaking free after a good spell of Orient pressure to finish well. After the goal Orient maintained the pressure with Kerry Stimson and Natalie Jasper causing the Perry Street back four all sorts of problems, both bringing good saves out of the keeper. 15 minutes later a goal mouth scramble ended with Natalie Jasper poking home her and Orient's second. At 2-0 Orient were looking comfortable until against the run of play Perry Street broke at speed to score. Half time was fast approaching with Orient well in control until a mix up in midfield and again Perry Street punished Orient with a quick break to equalise.

A half time reshuffle saw Rebecca Bateman move into the centre of defence to help the captain Ashley Phillips cope with the pace of Perry Street. The change worked well and between the two of them they managed to shut out the main threat. Orient started the second half as they had started the first pushing forward and putting pressure on the Perry Street defence. After a prolonged period of pressure the Perry Street defence was breached again. Kerry Stimson received a ball with her back to goal, she turned her marker and lost the covering defender to finish

superbly from the edge of the box. During the next twenty minutes it was a good midfield battle with possession swinging one way then the next and during this time Sarah Dodsworth and Ashley Phillips both struck the bar and Kerry Stimson the post. The game was finally settled by Natalie Jasper, who finish well for her hatrick from a good Orient break instigated by player of the match Danielle Jeffery. In the final ten minutes a combination of good saves and good defending stopped Orient capitalising any more. At the final whistle 11 pairs of weary legs walked off proudly, every one of them had played there part in a very exciting game. A big thank you must go to all the parents who turned up to support the team and help with transport, they were all worth at least a goal!!!! probably 3.

**Leyton Orient:** Sarah Akinbala; Lucy Morgan; Athena Yenaris; Ashley Phillips (capt.); Rebecca Bateman; Danielle Jeffery; Siobhan Robinson; Danielle Wood; Sarah Dodsworth; Kerry Stimson; Natalie Jasper.

**Darlington on a Tuesday night is not always the perfect suggestion for a late holiday sojourn and this occasion proved no exception for our Angel of the South heading north.**

**MATCH:** v Darlington

**DATE:** 18th September 2001

**RESULT:** Darlington 3 Leyton Orient 0

**METHOD OF TRAVEL:** A less than full coach for this mid week fixture - does the computer have a heart? Nobody minds mid week games if at least you can get a morning in work. Several regulars were unable to get away to catch the coach. But Half Tick, with pre-planning and close scrutiny of timetables and fare charges managed to purchase an Apex Single on the 5 o'clock train from London, which was scheduled to arrive at 7:15 for a 7:30 kick off!

**DEPARTURE TIME:** The coach left at 1 o'clock, there was just time to get a takeaway cup of tea and we were off. Danny was back as driver - the best "Eddie" spotter around.

**DISTANCE:** 245 Miles one way

**ADMISSION PRICE:** £8 Adult and £6 Concessions standing along the sideline and £10 in the shed behind. This is the last time we will be going to this ground - no I have not got inside information on the promotion winners at the end of the season but we were told that Darlington's new stadium is nearing completion.

**PROGRAMME:** £2.00

**ORIENT TRAVELLING CONTINGENCY:** Approximately 150 travellers - not a bad effort for mid week.

**CONDUCT OF ORIENT FANS:** Not very much to shout about, the main noise came from a very loud voiced critic (why do their voices carry greater than anybody else) who felt it was his right to start on one particular player. In fact the player in question is having his best start to a season so far, having been voted both home and away man of the match more than anybody else. Wish the criticisms could be left until after the game as I think it does not matter how badly the team play, we should just try to encourage them. After all, we had made a 500 miles round trip to support them!

**CONDUCT OF HOME FANS:** Very quiet until the penalty which Scott saved. That sparked some life into them for the remainder of the half with the referee continuing on way past the 45 minutes and Darlo scored on 48 minutes after a bad defensive error. I didn't see any board for time added on but half time finally arrived 50 minutes after the referee had blown for the start of the game. This I know for fact because I had looked at my watch at the start of the game to check whether Half Tick had arrived. He had, with compliments to GNER for keeping to their timetable which both impressed and amazed him as he travels every day by First Great Eastern and is fully versed in leaves on the line, wrong type of sun, snow, rain whatever plus all the other excuses for timetable abuse!

**CONDUCT OF POLICE/STEWARDS:** Didn't see any police and the stewards were good as gold.

**STATE OF GROUND:** Very good pitch although perhaps Matthew Joseph and Simon Downer need to check their boots as they seem to have trouble staying upright when we play on these types of pitches. The ground is very old and due to be replaced.

**VIEW FROM AWAY END:** Side line view - not my favourite position but not bad.

**FOOD/DRINK:** Hooray, at last a football ground selling Bovril. This is the nations favourite football drink yet too many clubs have stopped selling it. Must get a campaign going "Save our Bovril"!

**TOILET FACILITIES:** Although they were old, both the gents and ladies were clean (not enough toilet roll but then I always take my own).

**OFFICIALS PERFORMANCE:** The referee was not too bad except for his time keeping.

**ADDITIONAL COMMENTS:** Il Duce informed us all that we had been instructed that we had to wait for a police escort before proceeding to the ground. This amused me, 37 Leyton Orient fans - most of whom have seen better days and unlikely to cause any trouble - waiting for a police escort. Still it wasn't long and we were off. On arrival we all expected the usual instructions from our uniformed guardians of law and order i.e "Go straight to the ground - don't go in any pubs etc." but no - to our surprise the policeman entered the coach and asked if anybody was going for a drink? To which the three members of the Orient Debating Society replied "YES". At this reply, the policeman said "If you go across the lights, the pub on the right is selling bottled beer at a £1 a throw". Now these are the type of instructions that are always welcome and needless to say were well received.

Sadly, our players performance was not so well received - on the night the only consistency amongst them was that they were all below par. The predictor score money went to the drivers with none of the travelling army guestimating a 3-0 reverse although the "Prince of Darkness" came close to winning.

**MAN OF THE MATCH:** My man of the match was Scott Barrett who for the first half was the only player competing with the opposition. He was the oldest player on the pitch and had just come back from surgery to his knee but gave a superb performance, well done Scottie. The results of the vote casting jury were as follows: Scott Barrett 25 votes, in second place was abstentions with five, Jeff Minton got 3 votes, Leon Constantine 2 votes and Dean Smith and Matthew Joseph 1 vote each.

Scott Barrett - competed well

### ACHIEVEMENT AWARD FOR 'DEANO'

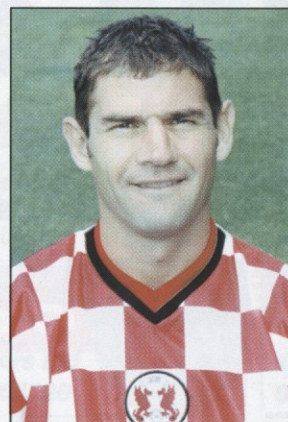

Popular O's midfielder of the 1980's Steve Parsons presents O's captain Dean Smith with the 2000/2001 Achievement Award at our presentation dinner in May. Dean was nominated for the award to mark his 200th O's appearance milestone last season. Also pictured are Keith Underwood of Keithan Motors who sponsored the Award.

### STEVE'S BIG NIGHT OUT

Another event for Steve Castle's testimonial year is scheduled for Wednesday 31 October when a Gentleman's Evening will be held at Tottenham Hotspur's Bill Nicholson Suite.

Supporters will be most welcome to join in the fun of this special evening which will include Dinner, a Quiz, Racing on film, Auctions and a comedy spot. Tickets are priced at £40 each and can be obtained through Simon Fellman at the Supporters' Club or from other members of Steve's Testimonial Committee.

Why not treat yourself to a great night out and at the same time give support to a man who, although dogged by injury since his return to the O's in July 2000, has always been a great favourite with O's fans and will be remembered for his 300 or so industrious appearances and 67 goals from midfield during his earlier association with the club he joined as an apprentice back in 1982.

**TORQUAY UNITED** - FOLLOWING tonight's game with Luton Town we are back here again on Saturday when Torquay United make the long trip to The Matchroom Stadium for a Third Division encounter. It will be the second successive Saturday away day for Roy McFarland's side, who slipped to 21st position following a 5-1 hammering at Luton last weekend.
