Southend Utd 3 Luton Town 2 (HT 1-1)

five regulars out of the side, the Town could have no complaints about being knocked out of the FA Cup in the first round, yet a replay was tantalisingly close, with the Shrimpers netting a winner four minutes from time.

It was all the more galling for manager Joe Kinnear because it was from a corner needlessly conceded on a day when fears that a makeshift back four would struggle proved all too true. The boss was angry because he had pleaded with his players not to give away corners and free kicks in dangerous situations, but they failed twice on that count as Southend came back from 2-1 down to win.

Big powerful strikers Mark Rawle and Tes Bramble shared the goals that settled the game, with Rawle particularly chuffed - he was the man sent off at Kenilworth Road in August when Southend were beaten by two late goals. Revenge must have been sweet.

For the Town, the best feature was the hard work put in by front runners Deane Crowe and Adrian Forbes, as they demonstrated that pace advantage can make up for defenders' height advantage. But the team was robbed of its normal strong spine, and once more, said the boss, men who came into the side had showed that however hard they tried they were not good enough to do the job he wants from them.

We missed suspended Chris Coyne, Kevin Nicholls and Steve Howard. Emmerson Boyce was set to return until he suffered a recurrence of a leg injury in training, while Marvin Johnson endured a night of sickness to end his hopes of a return.

Barton Rovers, Limbury Boys Club and the Bedfordshire FA were among many to appreciate his abilities as a manager, coach and secretary.

As a club we share our grief with his family, and offer our deepest sympathy to his son, daughter and seven grandchildren, whose loss is even more painful than ours. There will be a minute's silence before this evening's game as a tribute to the memory of a real football character, and a man who will be much missed.

EVERYONE at Kenilworth Road has been saddened by the death on Saturday of Derek "Stitch" Kirkpatrick, the Town's kit man for the past four years. He was 67 and had been ill for some time. As well as being a staunch Hatters supporter, he had given a lifetime of service to local football. As a young man he played for Aldershot, during his Army days, but locally was well known for working in youth football, including with many players who came through to play for us.

Ian Hillier and Richard Dryden formed the central defensive partnership, with Dean Brennan and Peter Holmes put into midfield and Forbes promoted from the bench to the starting line-up.

Over the 90 minutes Southend just about shaded it, but it was frustrating for another big Town following to see the team fail to build on its best moments.

They had lived a touch dangerously before Forbes scored in the 34th minute, but the lead was not held to the break, with Rawle equalising in the final minute of the first half.

Both sides had good attacking moments, before a free kick led to Bramble netting on 55 minutes. Liam George replaced Brennan as the Town committed more men upfield, and the policy paid off when Ahmet Brkovic headed his first Town goal, with Southend protesting in vain that he shoved his would-be marker out of the way first. They need not have worried: Southend upped the pace in the closing stages and a corner led to Bramble, elder brother of Ipswich's Titus, getting the winner. "We

HATTERS AHEAD: Adrian Forbes leaves the goalkeeper stranded before giving the Town the lead.

deserved it," said Southend boss Rob Newman.

Joe Kinnear was unhappy with what he had seen. Reading and Dagenham revisited in many ways, and for him an unwelcome taste of early FA Cup defeat, as he explains in his column this evening.

The Manager

WELCOME back to Kenilworth Road for a very important game, and one in which I trust we will give you more to enjoy than we

did at Southend on Saturday. I was gutted to go out of the FA Cup in the first round. It's the first time it has ever happened to me in my career, and I can assure you that it was not because I was taking the tournament lightly.

At Reading, for the Worthington Cup, and at Dagenham for the LDV Vans Trophy, I chose to field a "Second XI" for two reasons: promotion was far more important than those two competitions, and it was an opportunity for fringe players to go out and show they should be considered for places in the first team squad.

At Southend we were forced to field a side that was considerably under strength - and once again it showed, giving us another harsh reminder that while we have a very good first team squad the back-up is not up to the standard I require. It is something I will continue to work on, and you can expect to see more changes in personnel in the near future as we look for strength in depth.

On Saturday we were without seven key players, including the spine of the team - Chris Coyne, Kevin Nicholls and Steve Howard were suspended, and Russell Perrett, Jean-Louis Valois and Emmerson Boyce were added to the injury list. Carl Griffiths, of course, would have been in the side if he was available. We had to put out a makeshift back four, but even so, and without being disrespectful to Southend, I felt our team should have been good enough to win the game, or at the very least get a draw.

But too many players fell short. Before the game we spoke about the dangers tall opponents could cause, and how important it was not to give the opposition set pieces in dangerous situations. And what happened? Two set pieces in the second half brought the goals that decided the game. We were mugged by a quick free kick to enable Southend to go ahead for the first time, and after we equalised, and with only four minutes to go, we gave away a needless

corner and poor defending led to the winner. A few home truths were delivered in the dressing room after the game!

It was tremendously disappointing to lose at Southend. I desperately wanted us to stay in the cup, because I love the tournament. I enjoyed being a winner at Wembley when I was a player, and at Wimbledon, as manager, I got to three semi-finals.

I can promise that on Saturday we didn't go out of the cup on purpose. If I had had all the main squad available I would not have been saving men for tonight. In the event, we had to put our trust in a largely reserve side, and on the day, despite their best efforts, it was not good enough.

Fortunately we have an early opportunity to put things right, which is why I welcome tonight's game against one of our major rivals for promotion. We will have three or four of our regulars back in the side, and I expect to see great determination to do well, especially as we know that if other results go our way we could be back on top of the league when tonight's match is over.

We will, however, have to work hard, and concentrate better than we did at Southend, because the record shows that Hull are one of the best teams in this division. They have spent heavily, and doubtless crave success just as much as I do.

We will need our best possible team on the park tonight, and a much stronger defensive performance than we produced on Saturday. I know we are capable of doing well, but success does not come easily, and everyone must be focused. We now have only one prize to win this season: I have staked my reputation on being able to achieve it, and to hit the target we cannot afford any slip-ups in games like tonight's. It should be a very good contest, and I am glad that we have home advantage. Once again, at Southend, the travelling support was tremendous. We wanted to do better for you, as well as for ourselves, and hopefully this evening we will put things right.

Keep the faith! And enjoy the game.

Club Captain

Marvin Johnson

IT WAS a bad day for all of us on Saturday, and I am sure the supporters who once again turned out in great numbers at

Southend must have shared our frustration and disappointment at going out of the FA Cup in the first round.

I had two reasons to be disappointed: losing always hurts, and I had to suffer in helpless frustration sitting on the bench, having thought the day before that I might have a chance of being in the starting line-up again.

We had lost a very good friend earlier in the day, with the death of Stitch Kirkpatrick, our kit man, and perhaps that was a reminder to put things into perspective.

I had known him for many years, through local youth football, before he joined the staff at Kenilworth Road, and my heart goes out to his family because I know he was a lovely bloke. He would do anything for you, and I was glad when he came to Luton Town because I knew he was a genuine supporter. He was a bubbly character, could get on with anyone, and always enjoyed the banter of the dressing room. He got on well with all the players, and was good at his job, and we are going to miss him very much. I went to visit him in hospital on Friday, and told him I hoped I would be back in the team the following day, and he knew how much that meant to me. In the event, I had a touch of flu overnight before the game, and as I was only just match fit after my injury lay-off that was enough to keep me out of the team again. I would have liked to play, of course, but equally I had to tell the boss the truth about feeling less than perfectly fit after having a bad night.

It was a shame, because I had played a full game for the reserves on Wednesday, and got through it OK to prove that my thigh injury had cleared up completely.

The fact that it was an FA Cup game at Southend was a greater incentive to be available for selection: there is always an extra buzz about the cup, and, of course, I am aware that having got into my thirties I might not have too

many more chances of playing for Luton Town in an FA Cup final!

As things turned out we were not good enough on the day to cope with Southend. We did not play anywhere near as well as we can, and didn't put consistent pressure on them. Questions are inevitably asked about the defence when three goals are conceded, and while we put up our hands and admit to mistakes, I always believe that every part of the game is down to the team as a whole - you defend from the front backwards, and attack from the back forwards. We all share the pleasure of winning, and we all take some of the responsibility for losing.

The odd thing about Saturday was that while we could not complain about the result, we could very easily have come away with a draw at least, and it was devastating to get within four or five minutes of earning a replay.

The boss was very disappointed, and as you might guess he let us know his views in pretty robust fashion. Obviously you never play badly on purpose, and we can never explain why we are unable to produce our very best in every match. Losing key players for the game did not help, but we are all professionals together, and we have got to be able to cope with inevitable absences. That ability, again, is part of the philosophy of blending as a good team unit.

Tonight, of course, we will welcome back at least three of those key players, with Chris Coyne, Kevin Nicholls and Steve Howard available again after suspension. I don't know if I will be in the side, but whatever team the boss chooses you can be sure every man will be in determined mood. The gaffer will remind us of our responsibilities to ourselves, to the club, and to the supporters, and the league table shows how important tonight's match is for both teams.

Hull have put together a very good squad, and are among the favourites for promotion, while we only have the league championship to play for, now. If we can get through the season with a solid home record we can achieve it. So thanks for your efforts on Saturday, and I hope we repay you in the best possible way this evening.

Marvin Johnson

Bruce Sewell

Treatment Room

ONE item of good news from Saturday's game at Southend was that we picked up no more serious injuries, just the usual

minor knocks which are nothing to worry about in terms of preparation for tonight's game.

There is also good news for our long-term injured men, Paul Hughes and Carl Griffiths. Hughes is coming along well after his ankle operation, and will be able to step up his training routine in a couple of weeks or so. We hope that he might be able to consider a return to full training early in the new year. We will be careful not to rush things, because with all injuries, time is the greatest healer of all.

Griff had an appointment yesterday to see the specialist in charge of his recovery from a stress fracture. There was a possibility that he would be able to dispense with his plaster cast, which would be a real boost. The surgeon is bound to be cautious, and if the ver-

dict is that Griff should be kept in plaster a little longer he will at least know that it will not be for a long period of time. Once the plaster is cast off we will begin rehabilitation exercises, and take it from there.

Emmerson Boyce was unlucky to be ruled out of the game at Southend. He had got over his leg injury well enough to play a full game in the reserves on Wednesday, and was all set to return to the side at Roots Hall, after being out for a month. But in training on Friday he got a kick on the same injured leg, which put him out of contention. However, I expected him to be training again yesterday, and very likely fit for consideration for this evening's squad.

Marvin Johnson was also a late withdrawal, after a night of sickness, but should be all right now, and the same goes for Russell Perrett and Jean-Louis Valois. The defender missed the Southend game because of a calf muscle injury sustained against Shrewsbury, while Valois missed training last week because of flu, which has now cleared up.

Club Secretary

IT SEEMS a long time since we had a Saturday afternoon game at Kenilworth Road, and we now have confirmation that

another Saturday date has been changed. Our home fixture with Bristol Rovers, originally due to be played on January 5, 2002, has been switched to the previous evening, with a 7.45 kick-off. The reason is that the game has been chosen for live coverage on ITV's digital service, the Sport Channel.

Our youth team has also had a change of fixture confirmed this week. They were due to play at Kidderminster on Saturday, but no pitch was available. We suggested the game should be played at Luton instead, but Kidderminster turned that down, and it has now been rescheduled for Saturday January 5, 2002.

The reserves also have an extra fixture: they will begin their defence of the Bedfordshire Premier Cup away to Leighton Town next Monday evening, November 26, kick-off 7.45. Admission will be £4 for adults, £1.50 for concessions.

Following the forecast I made in this column at the last home match about the increasing support we are getting, home and away, please note that our games at Macclesfield and Kidderminster, and at home to Rushden and Diamonds, have been made all-ticket.

We appreciate that this causes inconvenience to supporters, but in view of the excellent followings we have had at recent away matches all-ticket games are necessary to help the host clubs make all the essential arrangements. The majority of clubs in this division are not used to such large away followings.

Safety is the prime concern of all clubs, and by making games all-ticket everyone, including the police, knows in advance exactly what numbers they must accommodate and steward. Those who went to Leyton Orient and Mansfield, which were not all-ticket matches, will testify that on the day arrangements for our supporters were less than perfect. On each

occasion we had over 2,000 supporters at the games.

As always when the team does well, attendances rise at home games too, and we are still actively looking at the question of using the Oak Road end for home supporters.

The club has now carried out a risk assessment study of the situation, and we are currently awaiting one to be done by Bedfordshire Police. Once we get that, there will be a meeting of the Safety Advisory Group to look at the whole question, and as soon as we have news I will advise you of it.

We fully expect the local derby against Rushden and Diamonds on December 15 to attract a full house which is why that is an all-ticket game for supporters of both clubs. And in view of our consistently high attendances, perhaps I could reiterate my plea to supporters who are not season ticket holders - book your seats as early as possible. Or, better still, become a season ticket holder! Season tickets are still on sale at pro rata prices, offering a discount on normal match day prices and preferential treatment on occasions when tickets are in short supply. Why not get someone to buy you one for Christmas?

Our new scoreboard has got over its teething problems, and I hope you, like me, enjoy seeing it flash up our winning scorelines! As you may have noticed, it is also doing a good job in putting up personal messages, and we are pleased to offer this service to supporters.

We also give them out over the public address system, but please will you help us by getting in your requests early - five minutes before kick-off doesn't really give our staff a chance! If you phone the club at least the day before, we will do our best to broadcast your messages at the appropriate match.

Finally, another reminder that our fifth annual Christmas Carol Service will take place at Luton Parish Church on Monday December 17 (7.30pm). Players, staff and management will be there, and all supporters will be very welcome, and to join us afterwards for mince pies and coffee.

Cutting youth crime

**Can you help to cut youth crime?
Are you concerned about youth crime in your community?
Now is your chance to help reduce it**

You can help steer young people away from crime by becoming a referral order community volunteer. The referral order scheme is a ground-breaking initiative to tackle youth crime, its causes and consequences.

From April, the courts can issue referral orders for 10-17 year olds who plead guilty for a first time offence in the youth court, unless the charge is serious enough to warrant custody. The youth court can pass a 3-12 month referral order, depending on the seriousness of the offence. Details will be passed to a youth offender panel who will decide on the best course of action.

Youth offender panels will consist of two community volunteers and a member of the youth offending team. Young people will attend the panels with their parent(s) or guardian(s). Victims will also play a crucial role, either by being present or represented so their views are heard. The panel will explore the circumstances of the offence, ways of righting the wrong, and make a plan to stabilise and reintegrate the young person back into their community.

A contract - signed by all parties involved - will be regularly reviewed and supervised by the youth offending team. So if you are over 18 and live or work in Luton, with an ability to relate to young people, this is a chance to help your community.

Come along to an open evening in Luton Town Hall on Wednesday, 12 December at 6.30pm. More details from Trev Johnson, Youth Offending Team on Luton 547900.

It is the policy of the Chairman and Directors to ensure that the conditions set out in the General Safety Certificate, issued under the Safety at Sports Grounds Act, 1975, are fully complied with.

It is the Club's policy to provide at any activity sufficient and competent staff and management systems to ensure as far as humanly possible the safe admission, accommodation and exiting of spectators attending the stadium. These systems will be subject to continual monitoring, testing and updating where necessary.

Mike Watson-Challis Chairman

Reviewed August, 2001.

EVACUATION PROCEDURE

IN THE event of any emergency in the stadium, Luton Town FC and the emergency services have agreed on an evacuation procedure which is designed to ensure the safe and controlled evacuation of the crowd, and to ensure their safe dispersal from the area, to allow the emergency services to carry out their tasks.

Commercial Corner

IT'S A pleasure to welcome two joint match sponsors to tonight's game, and one of them has very close personal links with Luton

Town.

For Michael Turner, the club used to be his second home, because his dad was the Luton legend, Gordon, who played for the Town from 1950 to 1963, and is still our leading goal scorer, with 276 goals in 450 appearances.

Michael owns and runs his business, Serenade Windows By Design Ltd, from Oxen Road, Luton. The company has been established for 14 years, supplying internally or externally glazed windows throughout the Home Counties. As the windows are direct from the factory, prices are competitive. Leaded light is Michael's speciality. For information call him on 0800 214432, or visit the web site at www.serenadewindows.com

Enjoy your day lads!

We hope that our other match sponsors, Chamber Business, also enjoy their evening with us. Just like every town needs a football club, every town needs a Chamber of Commerce - both are about achieving goals and working together to make the town proud. Chamber Business is our local Chamber of

Commerce, and Business Link, working to support the town, its people and its businesses.

The organisation offers integrated business support services for companies to make it easier for them to obtain a broad range of assistance from one trusted source. Advisers will work with you to identify your company's needs, produce development plans and deliver approved solutions.

For more information on Chamber Business visit its web site at [hyper link http://www.chamber-business.com](http://www.chamber-business.com) or telephone 01582 522448.

OLD friends and long-time supporters of Luton Town are tonight's match ball sponsors. G. Owen Ceramic Tiling Ltd has close links with Luton, although it is now based at Northampton, having had to move to find larger premises as business increased.

The company has built up a big reputation for quality and service, supplying and fixing ceramic tiling for the building industry, including most of the big names in house building. They are also regulars here at Kenilworth Road, and we thank them, and all our sponsors, for their valued support of our commercial endeavours.

Golden Gamble

OUR Golden Gamble sent another Town fan your stake goes into the jackpot prize, and the home richer than when he came into the ground to watch us play Shrewsbury. Tony Delamunt, of Walcot Avenue, Luton, is pictured with Town star Paul Hughes after his ticket was pulled out of the drum. Tony collected £610 in cash - a nice little earner considering each Golden Gamble ticket costs only £1.

It is a 50/50 lottery - half of

other half goes to club funds, so we very much appreciate everyone who supports us by buying tickets. We have paid out nine jackpots this season, worth a total of £5,130, an average of £570 each. Golden Gamble tickets are on sale in all parts of the ground, and the draw is made at half time, with the cash prize available for collection immediately.

Subject to coverage, terms and conditions.

Welcome to Hull City F.C.

In Goal

No.1 Paul Musselwhite

The vastly experienced goalkeeper joined the Tigers in September 2000 following a brief spell with Sheffield Wednesday. He made his debut in the 1-1 draw at Barnet where became an instant hit with the travelling army of City supporters after saving a first half penalty. 'Mussy' has over 500 first games to his credit for previous clubs Scunthorpe United (where he served under present City assistant manager Dave Moore) and Port Vale (where he served under former Tigers chief Brian Horton).

He spent 8 years before being released in the summer as part of the Valiants cost cutting exercise, and had trials at Scunthorpe and Darlington before his Wednesday move.

No.14 Matt Glennon

A month after his 22nd birthday, Matt finally made his senior debut against Southend United in November 2000 as he began a loan spell at Carlisle United until the end of the season.

The Bolton Wanderers keeper made such an impact at Brunton Park that the Stockport-born shot stopper was voted the Cumbrians' Player of the Year.

Although prepared to make his United move permanent, Matt took up the challenge of taking over from the vastly experienced Paul Musselwhite between the Tigers sticks when he agreed to a £50,000 transfer in June 2001.

In Defence

No.2 Mike Edwards

An incredibly mature performer for his age, Michael brought calm and authority to the heart of the Tigers defence last season and clearly benefited from the greater experience of players such as Justin Whittle and Jon Whitney.

Michael has been a regular in the right wing back or full back role for the majority of 2000/01. Many observers would conclude that he is playing out of his natural position, but he has stuck to his task with admirable determination to repay manager Brian Little's faith.

No.3 Andy Holt

After a successful loan spell when the only defeat we suffered was the

second leg of the Play-Off against Leyton Orient, Andy became the fourth highest signing in our history when he made the permanent move from Boundary Park in May for £150,000.

Andy is noted for his aggressive and direct style, and is dangerous when moving further forward. He also possesses a long throw-in that compares favourably with that of Tranmere Rovers' Dave Challinor.

Andy scored his first Tigers goal in the 1-1 draw at Torquay last season, and followed it up with a spectacular free-kick winner in the next game - the Humber derby with Scunthorpe at Boothferry Park.

No.4 Justin Whittle

Having become surplus to requirements at Stoke City, the former Royal Engineer joined the Tigers in November 1998. Although the £65,000 fee was the most the Tigers had paid since they recruited David Norton for £80,000 in 1991, it has certainly proved to be money well spent. A succession of supremely peerless performances has earned the right-footed centre-back the tag of City's best signing for many years.

Sorely missed when absent, the Tigers skipper once again proved his worth last term with a string of man of the match awards and was an ever present this season until a knee injury picked up in the 1-0 win at Exeter sidelined him for nine games.

No.12 Ian Goodison

Uncompromising defender who can also play in midfield, Ian captained Jamaica in two World Cup games in France 1998 and has over 80 international caps to his name.

He joined the Tigers in October 1999 along with fellow countryman Theo Whitmore following an impressive trial spell and made his League debut as a second half substitute in the 2-0 win at Rochdale. He possesses a great turn of pace for a big man, is strong in the tackle and is enjoying great form this season.

Ian has been sorely missed on several occasions due to international duty as Jamaica continue their 2002 World Cup preparations.

No.13 Michael Price

Michael left the Premiership ranks of Everton to become the Tigers eleventh signing of the 2001 close season.

Although he had already won three Wales Under-21 caps before he arrived at Boothferry Park, the Wrexham-born 19 year-old had been unable to break through into the Goodison senior team but had been a key figure in the Toffees' Under-19 and reserves sides who had won

Tonight's Visitors

their respective leagues last season.

Principally an attacking left back who can also be employed in midfield, Michael preformed so well in pre-season that he was offered a two year contract on 9 August.

No.19 Matt Bloomer

Having made a brief senior debut for Grimsby Town against the Tigers in the Auto Windscreens Shield in January 1998, Matthew subsequently left the Mariners ranks in June 2001 when, after appearing for City's reserves in an April trial, he switched to the North bank of the Humber on a free transfer.

With Town rising to the First Division, Matthew struggled to establish a regular place at Blundell Park and totalled only 15 games but proved to be a valuable squad member. Capable of playing across the back-line, he prefers a central defensive role.

No.21 Ben Morley

Ben hit the national headlines in December 1998 when, making his first-ever appearance as a forward at the age of 17, and hit a superb goal in the FA Cup at Luton Town to set up a money-spinning tie at Aston Villa.

Usually seen at right wing-back, the former star of Hull schools Rugby League was rewarded with a two-and-a-half year pro contract in December 1998.

No.28 Ben Morley

The big centre-back's return to Boothferry Park also means he is reunited with manager Brian Little going back to the days when he was in the junior ranks at Middlesbrough and Brian was the youth coach at Ayresome Park.

Nicky became a Tiger when he joined us on a month's loan from Boro in September 1992. He made five Second Division appearances for us and scored in a 3-3 draw at Fulham.

He finally left his home town club for Leicester City in July 1994 - brought to Filbert Street by Brian for £330,000.

A year later Nicky moved on to Bradford City for £225,000 before a further £75,000 took him to Wycombe Wanderers in October.

Brian captured his signature again in March 1999 when he signed for Stoke City on a free.

Now in the fourth phase of the Little-Mohan partnership, 30 year-old Nicky's vast experience - he has made nearly 450 senior appearances - and has definitely benefited our young squad.

No.29 Ben Petty

Like fellow new signing Nicky Mohan, Ben is very familiar to Tigers boss Brian Little and - like Nicky - is a powerful centre-back, although at the other end of the experience scale.

24-year-old Ben was born in Solihull and progressed through the Aston Villa ranks before being signed as a professional by Brian in May 1995. Although he didn't make the Villa senior side, Ben was often their reserves team captain.

He eventually followed Brian to Stoke City in November 1998 and made 65 appearances prior to his move to Boothferry Park.

In Midfield

No.5 Mark Greaves

Having signed a new two-year contract in March 1999, Greavesie scored four goals last season as he became a revelation in the Tigers side to display the best form of his career.

In March, Greavesie signed a new three-year contract and made a fantastic start to the new campaign, holding down a regular slot in the middle of midfield.

However, he was once again struck down by bad luck as he broke a leg in the last minute of the home victory over Kidderminster on August 27th.

He's currently fighting his way back from the injury and it's hoped that he'll make a return to action within the next month.

No.6 David Lee

The 21 year-old joined Southend United in August 2000 from Tottenham Hotspur, being signed by Alan Little - then the Shrimpers manager and now the Tigers chief scout.

A confident passer who delivers dangerous set pieces, David went on to score ten goals in 47 United appearances, but was often used in his less preferred wide role during David Webb's charge.

More favourably a box-to-box central midfielder, David had come through the Tottenham youth ranks to sign pro forms in July 1998 without going on to make their first team.

In joining the Tigers in May 2001 at the end of his one-year contract, it is believed that he is the first direct transfer between City and the Shrimpers since Frankie Banks in 1976.

No.7 Ryan Williams

Arguably the most impressive visitor to Boothferry Park in 2000-01, the diminutive right winger completed a £150,000 switch from Chesterfield to Hull City in June 2001 following protracted negotiations.

Ryan joined the Spireites from Tranmere Rovers for a reported £80,000 fee in November 1999 and was in outstanding form on the right side of the Blues middle line throughout their promotion campaign.

He scored nine goals in 51 2000-01 games. Fleet of foot and thought, the 22 year-old former England youth international started at Mansfield Town before earning a £70,000 move to Tranmere in August 1997.

No.11 David Beresford

After trying to bring the tricky winger to Boothferry Park on Transfer Deadline day, the Tigers finally got their man in June 2001 when David became our tenth summer signing.

A former pupil of the FA's School of Excellence at Lilleshall, he was an England Schoolboys colleague of such as Lee Bowyer and Phil Neville. Born in nearby Middleton, Oldham Athletic became his first League club and made his debut in the Premiership at Sheffield Wednesday in

November 1993 - a fortnight after his 17th birthday.

David went on to make 74 appearances (2 goals) for the Latics before Ex-Tigers manager Brian Horton paid £350,000 for his services on behalf of Huddersfield Town in March 1997, having also had a loan spell at Swansea City in 1995.

Reputed to be one of the fastest players in the League, although right-footed, he's played predominantly on the left for the Tigers thus far. His trickery and pace have caused many a problem for opposition defences and many of the Tigers' goals have been provided by David.

No.15 Julian Johnsson

Faroe Islands international Julian joined the Tigers for £50,000 from Sogndal in June 2001.

Before the Norwegian club, Julian had played for HB Torshavn and B36 Torshavn in the Faroes, Vejle (Denmark) and Kongsvinger (Norway).

Although born in Denmark, he qualifies for the Islands through parentage.

Standing at 6' 1", the 26 year-old is a strong, mobile central midfielder who, it is hoped, will add a new dimension to the squad.

No.16 Lee Philpott

The left sided midfielder previously played under Brian Little when he was manager at Leicester City - paying £350,000 for his services from Cambridge United in November 1992.

Lee linked up with the Tigers during the summer and impressed City fans with his commitment during the pre-season build-up.

He signed a two year deal in August and made his league debut for the Tigers at, one of his former clubs, Blackpool where he earned the Hull City man of the match award and has been an almost ever present.

No.17 Neil Mann

After 15 months on the sidelines, Neil made his long awaited comeback in the Tigers 1-0 win at Cheltenham at the beginning of February following only a handful of games for the reserves.

His popularity with the Tigers fans was confirmed when he received a truly emotional ovation from the Boothferry Park crowd after coming on as a second half sub in the victory over Leyton Orient a week later.

Despite all his terrible injury problems, especially in troubled times for the club, it was heartening to see that Neil hasn't lost his ability to ghost past players at will.

Manny's successful recovery was duly rewarded in March when he was offered a new three year contract.

He enjoyed his first full pre-season build up for a couple of seasons but it was wrecked by a nagging achilles injury.

That kept him out during the first few weeks of the season but he's now fit again and pushing for inclusion in Brian Little's side.

Up Front

No.8 Lawrie Dudfield

The Tigers smashed their 12 year-old club record fee to secure 21 year-old Lawrie's signature from Leicester City for £210,000 in June 2001.

The previous high was £200,000 for Peter Swan from Leeds United. Martin O'Neill took the rookie forward on the short trip from Kettering Town to Filbert Street in June 1997 and he made the first of his two Premiership substitute appearances against Everton in April 2000.

2000-01 witnessed a more extended display of the Southwark-born striker's potential. Following a month at Lincoln City, he impressed in a further four-month loan spell at Chesterfield.

No.9 Gary Alexander

The £160,000 fee paid for the Lambeth-born striker was the highest invested by the Tigers since David Mail in 1990.

Although Gary progressed to the professional ranks at West Ham United, he failed to make a senior appearance for the Hammers. It was in a season long loan at Exeter City that he shot to prominence.

19 goals in 45 1999/2000 games endeared him to the Grecian fans, and showed he has what it takes at Third Division level. Not only did he achieve the rare distinction of a loanee being voted City's Player of the Year, but also attracted a £200,000 offer from Rushden & Diamonds in March 2000.

West Ham duly accepted that fee from Swindon Town five months later and went on to add 9 goals in 46 games in his year with the Robins. Town's on-going financial problems meant they decided to accept the Tigers June 2001 bid and Gary has featured in a £370,000

rated London-born attacking Boothferry partnership with our new record signing Lawrie Dudfield.

No.10 Rodney Rowe

Hull City manager Brian Little announced his second signing within five days with the capture of Rodney Rowe from First Division Gillingham at the beginning of January.

The pacy striker arrived at Boothferry Park hot on the heels of 6ft 7ins target man Kevin Francis who had just joined the Tigers from Exeter. Little's 'little and large' combo soon gelled to provide a potent strike force. The 25 year old, whose previous clubs include Huddersfield Town, Scarborough (loan), Bury (loan), York City and Halifax Town (loan), has over 200 first team appearances behind him and joined City on an 18 month contract.

No.27 Gary Bradshaw

Gary signed a three year professional deal in May 2000 after completing the first year of his Youth Scholarship at Boothferry Park. He originally trained with the club's Centre of Excellence before joining Newcastle United on schoolboy forms, but turned down the offer of a contract with the Premiership giants and opted to return to his hometown club.

It wasn't long before Gary was knocking on the door of the senior side, eventually making his debut against Rotherham United in March 2000. A diminutive forward, his tricky ball skills quickly caught admiring eyes and he was rewarded with the Tigers' Young Player of the Year award. Gary made his first senior appearance of the 2000/01 campaign as a second half substitute in the Tigers 2-1 defeat against Torquay. This season he has made the bench once for the first team but has been blazing a trail in the juniors, scoring 9 goals in the opening 7 games.

Hatters Away

WE FACE two consecutive away games before our next league game at Kenilworth Road, with all-ticket matches at Macclesfield on Saturday and at Kidderminster Harriers a week later. It will be our first-ever league visit to the Aggborough Stadium, to take on Jan Molby's mid-table side.

As usual, Town on Tour, part of the Luton Town Supporters Club, and the Bobbers Travel Club will be running coach services to both games, but please don't forget you need to buy match tickets in advance from Kenilworth Road ticket office.

Town on Tour's service to Macclesfield will leave Maple Road at 10am, picking up at Milton Keynes Coachway about 20 minutes later. The fare is £13 for LTSC members, £11 for members who are senior or junior citizens. For non-members the fare is £15, although you can qualify for the discount immediately if you join LTSC when you book your seat in the club shop.

The Bobbers offer facilities for fans in outlying villages as well as Luton, and their Macclesfield service will depart from Cranfield at 9am, picking up passengers at various points en route to Luton before leaving Kenilworth Road at 10 am. Their fare is £11, and £10.50 for juniors and pensioners.

For the game at Kidderminster on Saturday week the Bobbers coach leaves Cranfield at 10am and Luton at 11. Fares are £11 for adults, £9 for concessions.

Town on Tour will leave the ground at 11.30, calling at MK Coachway at about 11.50. The fare to Kidderminster will be £12 for adult members of LTSC, £11 for concessions and £13 for non-members.

DIY to Macclesfield

Moss Rose

IN THEORY you can drive to Macclesfield in not much over two and a half hours, but as the route involves the M6 you cannot take anything for granted. Our man by-passes the worst stretch of the M6, near Birmingham, by leaving Luton on M1 north, and continuing beyond the M6

straight up M1 to just beyond East Midlands Airport, leaving at junction 24a to take the A50 across to just beyond Stoke and then onto M6 and northwards again. Leave M6 at junction 17 and follow the A534 signposted towards Congleton, where you will pick up the A536 to Macclesfield. Eight miles beyond Congleton look for a cross-roads with traffic lights, near the Flowerpot pub. Turn right there, into Park Lane on the road signposted towards Leek, the A523. Stay on that road and you will see the ground on your right, in a very rural setting, with car parking near the ground subject to local restrictions.

Mileage: 160, or about five miles shorter if you take a chance and go onto M6 where it joins M1.

Driving to the Aggborough

KIDDERMINSTER is one of those awkward places to get to from Luton, with the shortest route only 100 miles, but involving a 50-mile drag across country to get onto the M40

Aggborough

near Banbury, and then up the M42. You can expect the journey to take around three hours. Our man will drive an extra 15 miles in the hope of doing the trip in not much over two hours, although as it involves part of the M6, who knows?

He will head north up the M1, then take the M6 towards Birmingham, but will avoid Spaghetti Junction by branching off left onto the M42 soon after passing Corley services. Follow M42 towards Solihull and Bromsgrove until you reach the M5, which you join briefly, going north, signposted towards Manchester. Leave at junction 4, turning left onto the A491 and after about five miles turn left onto the A456 to Kidderminster. As you reach the town, watch for a left turn at traffic lights, to take the A449 towards Worcester, then take the next right at traffic lights towards the town centre. Just before the ring road, take the first left, into Hoo Road, and in a minute or two you will see the ground on your right. It has good parking facilities, at a charge of £5.

Mileage: 115

For all away games the Bobbers Travel Club and the Luton Town Supporters Club have kiosks in Kenilworth Road where seats can be booked on match days. At other times Town on Tour sell through the club shop in Kenilworth Road, while Bobbers bookings can be made by ringing Paul Deason on 01234 750996. The Town on Tour mobile for out of office hours is 07960 567465.

Top Hatter Matt Taylor

Born: Oxford, 27.11.81

Joined Luton: As a 16-year-old schoolboy, then on YTS forms in 1998.

Were you good at school? I got eight GCSEs. Oxford United turned me down at 14, so I didn't think I could become a professional footballer, and expected to stay on at school into the sixth form and beyond.

What brought you to Luton? I was on schoolboy forms with Oxford until they said I wouldn't make it. They thought I had a chance as a goalkeeper, but I didn't want that, and they said I was overweight as an outfield player. When I was 16, I was playing for the county team which was managed by a scout from Luton. He got me a trial, and Lennie Lawrence invited me to sign as a YTS boy. I am so pleased he did! As a younger boy I was never one of the best players, which was why at that time my career thoughts were to stay on at school and then perhaps go to university.

Do you enjoy other sports? I like playing cricket and golf, and just about any sport, although I don't watch a lot of football. I do it every day, so I only put the TV on for the big games, England for instance.

What's the greatest pleasure football has given you? Just knowing every day that I am going to do a job I like. The pleasure I look forward to most at present is getting out of this league at the end of the season! Relegation was the worst experience. Going down was all the harder because after we won at Northampton when Joe Kinnear first came into the club we really thought we would get out of it.

Do you worry about your playing days ending? No - I'm only 19, and I hope I have got 15 more years as a player yet. When I have to pack up I would want to keep my brain active. I think I might like to go into business with my dad, who is an architect and town planner.

Would you become a regular football spectator? I like to watch my mates playing - I've got a few who are in semi-pro football. And perhaps I would become a Spurs regular - my dad always used to be, and it would be nice to go to White Hart Lane with him.

Tigers skinned

After seven years in the doldrums the Town returned to the old Division Two in 1970 in far better shape than when they left it. Wealthy backers, a good blend of youth and experience on the playing side and crowds flocking back to Kenilworth Road made it a happy time to be a Luton supporter.

Unfortunately early season performances were less than encouraging with Bolton thrashing the Town 4-2 on the opening day to be followed by a dismal 0-0 home draw with Norwich.

A good side did not turn into a bad one overnight, however, and when the players eventually found their feet, with Oxford the unlucky recipients of a 4-0 thumping, the season took off and the long haul back to the top flight had begun.

After a narrow 0-1 defeat at Leicester on 12th September the Hatters embarked on an eight game unbeaten run, which included an amazing 5-1 win at Sheffield Wednesday, that saw them briefly touch top spot as well as make Fleet Street sit up and take notice.

An eight game unbeaten run, the biggest crowd of the season, the television cameras and a posse of Fleet Street's finest in attendance and you can guess what happened next! The Town went down 1-2 to an average Sunderland side at Kenilworth Road and it was back to square one again.

Missing in recent weeks was astute coach, Jimmy Andrews, who had been in hospital but his return, following the Sunderland defeat, had an immediate effect when he worked on the reasons behind the less than convincing performance. 'Our trouble was in the middle of the field,' said the wily Andrews. 'Centre-half Chris Nicholl spotted it actually. The middle three were playing too wide and when one of them went forward, the opposition were able to come through us quite easily.'

Next up were Hull City at Boothferry Park and

the chance to try out Andrews' new tighter midfield. Hull had enjoyed a good start to the campaign but were looking to bounce back from a 1-5 defeat at Cardiff the previous week. Even so, they still stood in second position, one place higher than the Town.

A trainload of Luton supporters were present to boost the crowd to 18,343 and in front of the 'Match of the Day' cameras the Hatters tore into the opposition from the start.

The game was effectively over after half an hour with the Town 2-0 up and seemingly waltzing through the Tigers wobbly defence at will. Firstly Don Givens intercepted a weak back pass, nipping in between Don Beardsley and goalkeeper Ian McKechnie to net with ease.

Soon afterwards Givens became the provider when he crossed the ball for Malcolm Macdonald to head in his 16th goal of the campaign.

The Town eased off in the second period but easily held the much feared Hull forward line who were unable to find a way through a compact Luton rearguard with Nicholl and John Moore at their best.

Heartened by this win as well as the new system, the Town kept up their promotion chasing ambitions and sat in second spot until after Christmas when a poor run, centred around a lean spell for ace goalscorer Macdonald, saw them sink out of the promotion places.

To compound this fall, off the pitch Tony Hunt and Reggie Burr, chairman and vice-chairman respectively, resigned their positions in the wake of the collapse of their insurance company, Vehicle and General. As their money had underpinned the rapid growth of the club, which was now in unofficial receivership, the departure of saleable assets now seemed inevitable.

Manager Stock was, however, desperate for promotion and the return game with Hull, on 20th March, was seen as a 'must win' contest. The Town had lost rather unluckily at fellow

promotion aspirants Carlisle the previous week and had slipped down to sixth position albeit with games in hand on the teams above them. Another defeat though would make it very difficult given the tough run in to the campaign.

Hull, who had never played in the top flight, were handily placed in third spot and had strengthened their position by splashing out £60,000 on Blackburn's Ken Knighton and £13,000 on Billy Baxter of Ipswich on transfer deadline day.

Both players were in a Tigers side greeted by a Kenilworth Road crowd of 19,566 and, once more, by the 'Match of the Day' cameras. I can still remember commentator, David Coleman, sneering at the size of the attendance for a Division Two promotion clash!

Viv Busby, who had been out of favour for much of the season, enjoyed an inspired game for the Town running at a slow to turn Hull defence on a muddy pitch. The Tigers, though, were also slick in attack which made good viewing for the television audience.

The deadlock was broken just before the interval when Jim Ryan rolled the ball into the path of Moore whose shot took a deflection off Hull player manager Terry Neill before cannoning in off a post.

Early in the second period Busby steamed through to latch onto a poor backpass from Neill only to be upended by McKechnie. For the second week running Macdonald wasted the spot kick and for a while, spurred on by this escape, Hull gained the upper hand and equalised when Ken Houghton headed in a cross from Ken Wagstaff.

John Moore enjoyed two superb games against the Tigers in 1970/71.

Luckily the Town players stopped feeling sorry for themselves and powered back to regain the lead when Busby took advantage of another short backpass to slot the ball home.

The points were made safe with ten minutes to go when Busby fired in a shot that McKechnie could not hold leaving Macdonald with a simple task to end his five game goal drought.

Yesterday's pages

The Luton programme for 1970/71 was very similar to that of the previous season and included everything you really needed in a matchday magazine.

Much of the Hull issue was given over to the changes at Board level and, indeed, new chairman Robert Keens was seen on the front cover meeting the players. Keens, a Town supporter for a considerable time, was well placed to guide the club through the troubled waters ahead as he been auditor for many years.

With decimalisation introduced only one month before it seemed strange to see the price of trips on the club's chartered trains to away games now changed to £1.25. The price seems ridiculously cheap now and was actually a bargain then and I, along with many other supporters, took full advantage!

Junior Hatters

PLANS for a Junior Hatters trip to Macclesfield have had to be scrapped because Macclesfield could not provide facilities, so we are sorry to disappoint young supporters who wanted to go to the Moss Rose ground. Hopefully, we will have better luck with our next away game, at Kidderminster on Saturday week.

A lot of fans want to go there because it is a new ground for us. If the trip is on, the fare will probably be the usual bargain: £10 for Junior Hatters and £13 for others. However, arrangements were still not confirmed as we went to press, so please check at the club shop if you are interested in going.

But there is one "fixture" we can now confirm - the annual Christmas Party, which is always a highlight of our year. We have had to switch from the original date to fit in with the team's arrangements, and the party is now arranged for the evening of Tuesday December 4, at the Eric Morecambe Suite. As usual players will be our guests, and we hope Father Christmas might pop in with a present for every Junior Hatter who is there. Tickets cost £5 for Junior Hatters, and are now on sale. Each Junior Hatter can bring one guest, for whom the ticket price will be £6.

The party is always very popular, so you would be well advised to buy your tickets early from the club shop, which is also the place to visit for any further information about the Junior Hatters. If you are a Town fan aged from 0-16, why not come and join us?

VIP SUPPORTERS: Two young fans were mascots at our last home game, against Shrewsbury, and they are pictured with the captains and match officials as they gathered for the toss of the coin. The Junior Hatters mascot was Cameron Carter, while Nico Shaddock was commercial mascot.

Tonight's Mascot

SEVEN-year-old Barry Close, from River Way, Luton, is tonight's Junior Hatters mascot, which means he will have a VIP experience to remember. He will join the team in the dressing room before the game, and go out onto the pitch with them for the pre-match formalities.

Barry goes to Sundon Park Junior School, and plays football for

Sundon Park Rangers, and comes to Town matches with his dad, to watch from the Kenilworth. As well as football, he likes robots and playing all games.

This evening's ball boys are Jordan Bowden, from Great North Road, Welwyn Garden City, and Aleck Johnston, from Ox Lane, Harpenden.

Stuart Smith

Football in the Community

A LUTON Town fan all his life - he once dreamed of playing league football for the club - Stuart

Smith has achieved an ambition by joining for the Hatters at last. He has been recruited to take charge of our Football in the Community operation.

He brings a wealth of experience and coaching qualifications into the job, and said: "I am delighted to be here. Luton is my club, and I have been a life-long supporter."

The connection goes back to when he was a lad of 11, a goalkeeper signed by the Town on associate schoolboy forms. But at 15, his hopes of being taken on as an apprentice were dashed, although he still got plenty of pleasure from football, playing for a variety of local clubs in the Premier Division of the North Home Counties Sunday League, and for Barton Rovers on Saturdays.

In business he was a commodity trader in the City, but was made redundant four years ago. "I could see it coming," he said, "So I knew it was time to do something different. I had always wanted to be more involved in football, preferably with Luton, and I have been fortunate at how things have worked out."

While working as an IT tutor at Barnfield

College, Stuart got involved with the Town's centre of excellence programme, which seeks out and nurtures young talent.

His experience soon convinced him he would like to go full-time, especially after being manager of the Town's under-9 squad last year.

Stuart had already taken steps to gain the best soccer qualifications. He holds an FA coaching badge, and is currently studying for his UEFA certificate.

He said: "As a volunteer helper I enjoyed being with Luton Town, and working with Dean Rastrick, the club's youth development officer, made me realise I would love to be involved full-time."

"I hope I can give something back to this club, because I have had many years of enjoyment through being a supporter."

One of his first projects will be to organise the local element of the Railtrack "Play Safe" six-a-side tournament, for school under-11 teams. In a nationwide competition, starting next month, hundreds of teams are expected to take part, with area and regional finals building up towards a grand final next March. It is being organised by the national Football in the Community scheme, and when details are finalised they will be published in the matchday magazine, and on the Town's web site.

A COMPETITION for young supporters, run by the Football in the Community department through previous editions of the matchday magazine, drew a tremendous response from boys and girls alike. The correct entries were put into a drum, and the winner of a Town shirt, signed by everyone in this season's squad, was Aaron Coleman, aged 12, from Strathmore Avenue, Luton.

Hatters Chatter

BEFORE tonight's game there will be two presentations on the pitch, one to mark current excellence, and the other a sign of Sport England's commitment to long-term development through funding provided by the National Lottery.

Jean-Louis Valois will be in the spotlight as winner of the PFA fans player of the month award for October, which will be presented to him by former West Ham, Northampton and Peterborough winger Bobby Barnes.

There will also be the hand-over of a handsome cheque to Luton Town, from Sport England, previously the Sports Council

Trevor Brooking Chairman of Sport England, explained: "In 1998 Luton Town were awarded £552,000 of lottery money to be paid over a four-year period by Sport England. The cash has been used to support the club's centre of excellence and youth development programme. Sport England and the FA Premier League are now in the final season of the four-year plan to support youth development at Nationwide League clubs, having both committed £20million to the fund."

"It builds on the work of the FA and its Charter for Quality, and I am pleased to see we are on our way to fulfilling our vision of improving coaching for talented youngsters, and helping with their football development."

Sport England has distributed over £1billion of lottery cash to all types of sport in the past five years, and is now planning to invest the next £2billion over the next ten. Said Mr Brooking: "Community and grassroots sports projects will continue to benefit from a huge chunk of the cash. We will also carry on supporting our elite sportsmen and sportswomen. The Football Youth Development programme will continue to bridge the gap between community participation and elite performance."

"Football has reaped huge benefits from lottery money, receiving tens of millions of pounds in awards to clubs and community projects, making it one of the most successful sports in terms of the number of awards and amount of funding received. In addition, we have funded specialist projects, and supported clubs with the implementation of the Taylor Report."

"On behalf of Sport England, I would like to wish Luton Town well with this programme. As you begin to see young players taking to the pitch, hopefully as members of the first team, it will be increasingly clear that your lottery money has helped your players achieve higher standards of performance for your team."

THIS is our last call for volunteers to represent the Town in the Flora London Marathon, on Sunday April 14 next year. Several applications have already come in, and by the end of the month the choice will be made. All we ask is that if you are interested you should have a realistic chance of finishing the course, no matter how long it takes.

If you would like to carry the club's colours in the race, please write, telling us about yourself, your age, occupation and athletics experience. Please also tell us what charity you wish to nominate for your sponsorship, and why. Write to the Programme Editor, at Luton Town FC, Kenilworth Road Stadium, 1 Maple Road, Luton LU4 8AW, or by e-mail to brian.swain@btinternet.com.

THREE fans are asking for help in finding items they are seeking for their soccer collections. One request is for any tickets or other memorabilia, especially from the 1958/59 season, the home game programme against Manchester City and the programme from the Town's visit to Preston. If you can help, J Searle, at 58 Putteridge Road, Luton, LU2 8HG would appreciate a letter.

Oliver Hawke, of 24 Coverside Road, Great Glen, Leicester, LE8 9EA, is trying to obtain a programme from the Leicester City v Luton game played in August 1992 and will pay a reasonable price if the programme is in mint condition.

Finally, John Pyper is keen to lay hands on two programmes from recent games which were in short supply on the day, at Scunthorpe and Halifax last month. His home phone number is Luton 571226.

Action Replay

Luton Town 1 Shrewsbury Town 0 (HT 0-0)

UNHAPPY with what he had seen in the first half, with the Town strangely off song and unable to string passes together, Joe Kinnear told his players during the interval that if they did not get a grip he would make three substitutions before the game was an hour old.

The improvement the boss demanded was duly delivered, with Matt Spring firing the goal that decided a close contest.

It was an illustration of the paper-thin difference that can divide success from failure - two minutes earlier Nigel Jemson had cracked a tremendous 20-yard drive at a post when the Town might have gone one down to a team which also has promotion aspirations.

The second-half display gave the fans a lift after much grumbling and groaning earlier. Shrewsbury manager Kevin Ratcliffe was gutted, although probably not as much as some of us were way back in 1985 when he was a centre-half who helped Everton steal a win in an FA Cup semi-final at Aston Villa! "I feel sorry for my lads, because they did ever so well against a very good team," he said. "I am not too disappointed because we put in a good performance, as we knew we had to against a team like Luton. We could easily have been one up before the goal, although Luton scored from a very good play."

The Town manager had demanded all-out effort to take three points after the poor show at Mansfield, on a night when the result was more

important than the performance. In the end we got both, and the boss said: "We just about deserved it. We made more chances than they did, but in the first half we gave the ball away far too easily, and frustration crept in, among the players and among the supporters. I suppose that is because of the expectation we all have, and it can get to players. But they all want to be winners, and in the second half we kept the ball better, passed it better, and I felt more confident that we would do it."

"And it was a great goal, probably the best thing in the whole match, a wonderful build-up and a great finish."

Both sides missed decent chances in the first half, with Steve Howard heading over the bar from a chip into the box by Spring, and Steve Jagielka shooting wide of an open goal from a knock-down by Jemson.

Luke Rodgers, the Third Division's top marksman, let us off the hook on the hour mark, mis-kicking in front of goal, with Dean Crowe evening up the missed-chance count by shooting wide after being put in by Aaron Skelton.

Crowe more than atoned by producing the killer pass for Spring's goal, and in the closing minutes Shrewsbury were lucky to escape twice, the keeper saving well from Howard's header, and then diving at the feet of Ahmet Brkovic who was put through for a one-on-one by Jean-Louis Valois.

Luton Town 1 Bristol City 1

A MAJOR problem is emerging in our Avon Insurance Combination games: more often than not our general play is reasonably good, but time and time again we let opponents off the hook by not being ruthless

enough in front of goal. We practise in training, but this was another day when we would have won comfortably if we had not missed so many scoring opportunities.

We used three trialists - goalkeeper Mickael Menetrier, 23, and midfielders Kevin Street, 23 and William Huck, 22.

They all did OK, and we could well be having a longer look at them. Street, who played in the centre of midfield, has made more than 100 appearances for Crewe, but has been offered a free transfer. The other two trialists are both French, and have been made available by Bournemouth. Huck had a year with Arsenal, after being signed from Monaco, but did not get into their Premiership side, and is a fringe player at Bournemouth after joining them for £50,000 nearly three years ago.

Menetrier joined the Cherries from Metz 18 months ago but had only a brief spell as number one keeper at Bournemouth.

But he enjoyed a moment of glory on his Luton debut: Bristol City were awarded a penalty on the hour mark, when we were already leading. We thought it was very harsh on Stuart Fraser, to say the least, and felt that justice was done when Menetrier pulled off a great save.

We should have been three or four up by half-time, but Andrew Fotiadis, who scored in the 30th minute, passed up another hat-trick, and Liam George also had three chances which were not

taken. It was pleasing to see good attacking play, and the attitude and work rate was OK, but it was another game where we paid the price for not being clinical with our finishing. We were also unlucky when George was brought down, but this time the ref turned down our confident appeals for a penalty. Having had enough of the play to deserve a healthy lead, we were pegged back ten minutes from time, when Marvin Johnson was mugged and City netted an equaliser. Even then we had chances to win it, with George suffering another slice of bad luck with a shot that came back off a post.

Luton Town: Menetrier, Boyce, Fraser, Johnson, Brennan, Mansell, Street, Holmes, Huck, George, Fotiadis (Murphy 85 mins).

WE ENTERTAIN Cambridge in the League Cup tomorrow, with kick-off at Kenilworth Road 2pm. Next Monday we are away to Leighton Town in the Bedfordshire Premier Cup, kick-off 7.45pm.

Appearances (as sub in brackets): Brennan 9, Fotiadis 8, Holmes 7, George 5, Foley 5, Stirling 4(2), Brkovic 4(1), Gillman 4, Ovendale 4, Locke 4, Thomson 3(4), Ward 3, Everitt 3, Bruce 3, Dryden 3, Osborn 2(2), Fraser 2(1), Douglas 2(1), Dogbe 2, Mansell 2, Johnson 2, Murphy 1(4), Crowe 1(1), Emberson 1, Forbes 1, Hillier 1, Spring 1, Ofori 1, Iagostal 1, Hogg 1, Bouchuurs 1, Djorkaef 1, Valois 1, Maher 1, Hodges 1, Menetrier 1, Huck 1, Street 1, Boyce 1, Leary 0(2), O'Leary 0(1), Okai 0(1), Jeffrey 0(1), Hall 0(1).

Football League Youth Alliance

Luton Town 1 Notts County 2

WHILE we did not deserve to win, we put in a reasonable team performance,

especially in the second half, and were perhaps a little unlucky not to take a point. Certainly there was an element of doubt about the legality of the goal that turned out to be the winner. In the end, a little bit of a lack of awareness probably cost us the chance of getting something out of the game.

We had an awful start, conceding a goal in the first 40 seconds, and after that we were always up against it. The goal was well-taken, a far post header after a cross from County's right wing, but really the man who crossed the ball should never have been given the chance to do so.

But we equalised on 17 minutes, after building up a head of steam with a few good attacks. Steven O'Leary shot us level, only for County to regain the lead in dubious circumstances after 33 minutes. The ball was played down the middle, and our centre-back, Curtis Davies, was leading the race for it, and it seemed to us that the chasing striker clipped his heels. The defender fell, but the referee saw no foul, and

the striker was in. Goalkeeper Dean Brill saved at his feet, but could not hold the ball, and the forward kept going and piled into the keeper, knocking the ball into the net. On another day, either incident in that build-up would have been given as a foul.

Until then we had been in the game as much as the visitors, but that goal encouraged them, and we were a little down.

At half-time I told the lads that if we could get an equaliser we would go on to win, but the goal just would not come. I was happy with the effort put in, but not so happy with players being unable to see things - football is about thinking, when to pass, when to hold the ball, and so on. The best players make the right decisions at the right time, and we failed on that score.

We pushed up well enough, but did not have the sharpness to score, and although a draw might have been fair on the general run of play, we did not look too convincing in the penalty area.

Luton Town: Brill, Dogbe, Carroll, O'Leary, Davies, Gillman, Foley (Jeffrey 71 mins), Judge (Barnett 55 mins), Dillon, Osborn, Okai.

OUR next Football League Youth Alliance fixture is on Saturday, at home to Cambridge United. We play at Luton Rugby Club, Newlands Road, Farley Hill, with an 11 am kick-off. Admission is free, and spectators are welcome.

Appearances (as sub in brackets): Okai 11(2), Osborn 11(2), Gillman 11(1), Carroll 10(1), O'Leary 10, Foley 9(4), Jeffrey 9(2), Dillon 9(2), Davies 9(1), Judge 8(3), Dogbe 8(1), Leary 7, Murphy 7, Chatfield 6, Brill 6, Bruce 5(1), Howells 3(1), Barnett 1(3), R. Mansell 1, Beckwith 1, Shire 1, Deeney 0(1), Burrell 0(1).

Goals: Judge 6, Osborn 4(1p), Murphy 4, Davies 3, Carroll 2, O'Leary 2, Dillon 2, Gillman 1, Jeffrey 1, Foley 1, Leary 1.

Third Division Scene

AFTER an unhappy FA Cup experience, the Town have a great chance make home advantage tell this evening. In fact, a collection of home wins in tonight's Third Division programme would suit

very nicely, because we are the only team in the promotion and play-off places not playing away. A victory could well put us back to the top of the table, and would also do damage to our visitors' hopes of promotion. Having been the biggest-spending club in the division last summer, Hull were installed as 9-2 joint favourites for the title, but although they have been in the top seven for almost the whole season they have yet to reach first place. Plymouth are still the leaders, although the Town and Rochdale closed the gap last week when Argyle took their run to 15 without defeat with a 0-0 draw at Cheltenham. Hopefully Southend will do us a favour this evening by pegging back Plymouth still further. Rochdale shrugged off the disappointment of losing manager Steve Parkin to First Division Barnsley by winning 2-0 at troubled Bristol Rovers. Youth coach David Hamilton was in charge of Dale as they eased to their sixth away win of the season. Up for sale, with manager Gerry Francis under fire from fans, Rovers have not won in their last 11 league outings, and scored only once in their last eight. They were held 0-0 at non-league Aldershot in the cup on Saturday. Mansfield overtook Hull with a 1-0 win at Carlisle, with the

winner, inevitably, netted by Chris Greenacre. He got his 15th of the season on Saturday in a 1-0 cup home win over Oxford. Hull and Rochdale are the only teams in the division with unbeaten home records, but the Tigers went down to their third away defeat of the season, 2-1 at Lincoln, their second defeat in five days after a 4-0 thrashing at Hartlepool. Scunthorpe took the chance to creep closer with a 2-0 win at York, but perhaps this evening Steve Thomson will do us a favour and help Rushden end Scunnie's run of just one defeat in the last 15. Thomson, on loan at the Diamond Centre, and hoping to win a permanent move, became an instant hero with Rushden fans when he went on as a second-half sub and headed what turned out to be the winner in their 2-1 home win over Halifax. He also had two "goals" from earlier headers disallowed as Rushden got to within two points of the play-off zone. Tonight's visitors enjoyed a happier day on Saturday than we did, winning 5-2 at Northwich, of the Conference. Hull come to Kenilworth Road knowing victory will put them level on points with us. They need to win by three to overtake us on goal difference. But we might be encouraged by the fact that they have managed only two away wins in the league so far this season, 3-1 at Exeter on the opening day, and 1-0 at Darlington last month. They achieved draws at Carlisle, Macclesfield, Shrewsbury and Rushden, and their defeats were at Mansfield in September and two consecutive reverses earlier this month at Hartlepool and Lincoln. Gary Alexander, a £200,000 buy from Swindon last summer, is looking to be a bargain - his goal at Lincoln was his 16th of the season and he netted another at Northwich. Also on target was Rob Matthews, who was a player here for half a season in the 1995/96 campaign, and who has since been at York, Bury and Stockport before joining Hull late last season. At the other end of the table, many Town fans will hope that Macclesfield soon enjoy a revival - except for their game against us next Saturday - following the appointment of a new manager, David Moss. He didn't enjoy his debut a lot - the Silkmen were beaten 3-0 at Southend, with a red card for Carl Munro after the first goal not too helpful. On Saturday Macclesfield were held 2-2 at home by Conference outfit Forest Green, so a tricky replay might be on their minds when we play them in five days time.
