## THE CHAIRMAN

GOOD AFTERNOON and welcome to our supporters and our visitors, Blackpool, their Chairman, Directors, Management, players and supporters to Kenilworth Road.

One of the excitements, and arguably the frustrations, of football is its unpredictability. Following the important point gained at Oldham, everyone was looking forward to getting back on track on Easter Friday with Sky's live coverage of our game against Barnsley. With expectations so high, it was not a good day at the office; that's not taking anything away from Barnsley. Hull City's late equaliser on Saturday meant they temporarily climbed above us on goals scored, albeit for only 48 hours, which added to the disappointment of the result.

The players' response to that result was wiped out by our visit to Torquay United on Easter Monday, when our 4-1 win put the club back to the top of League One. Our eleven hundred and nineteen travelling supporters played their part, as did the other results. Another couple of near misses could so easily have taken the score higher.

With the Directors Box located behind the goal it was like turning the clock back to an area of the ground I loved to watch my football, with the added bonus of seeing Marlon at close hand repeat his penalty-saving form by depriving Torquay of a goal at such an impor-

tant time in the game.

I would take this opportunity of welcoming our new signing Warren Feeney to Luton following his return from International selection with Northern Ireland. I have received so many letters, and email messages offering congratulations to the Manager's signing of Warren on the last day of the transfer window. It is much appreciated and we thank you for your kind letters of support.

Michael Newell looked at him when it was muted he was moving from Bournemouth, but unfortunately he had signed a pre-contract which committed him to Stockport County so we couldn't do anything at that time.

As I have stated publicly I was pleased that my discussions with a small number of executive members was fruitful. Without, their additional funding support it would have been difficult for us to complete his transfer of registration in time to meet the transfer deadline. We appreciate their involvement at this important run-in to the end of the season.

As always get behind the players.

## THE MANAGER

HELLO and welcome to Kenilworth Road for today's game against Blackpool. Welcome also to Colin Hendry, his staff, players, directors and supporters from Bloomfield Road.

After a difficult start to the season they have had a much better second half and will be a tough test for us.

The Easter period turned out to be a good one for us after the worst start possible against Barnsley.

Every side will have days like that, particularly during a season with forty six games in it. The most important thing was the players' response and we could not have had a better reaction.

The win at Torquay was convincing to say the least after conceding early on. The results elsewhere meant that we actually gained ground on the teams immediately below us and with a thirteen point gap between ourselves and third we are within touching distance of football at the next level.

We never take anything for granted however and are fortunate to have so many level headed lads who don't allow themselves or each other to get carried away.

We welcome Warren Feeney to the Club and wish him success. One of the biggest factors in signing him was his overwhelming desire to join Luton Town above any other club. His enthusiasm and obviously his goals will be a big asset.

Personally I am grateful to the people who made it possible. They are genuine Luton Town supporters with the best interests of the club at heart.

Enjoy the game and get behind the lads.

## CLUB SECRETARY

GOOD AFTERNOON and a warm welcome to everyone.

I have always thought of working in football as being on a roller coaster ride, with its highs and lows and that has certainly been true of the past week.

Deadline day on Thursday 24th March saw the excellent signing of Warren Feeney. This is the first player I have signed with a contact over the telephone and fax, due to Warren being with the Northern Ireland squad training at Mottram Hall Hotel in Cheshire, so between training sessions his agent was busy getting our paperwork signed and faxed back to us here at the club, for onward transmission to the Football Authorities in time for the 5.00 p.m. deadline. Some supporters have enquired why we had a 5.00 p.m. deadline and not a 12 noon as some other clubs. This was because Warren was not available for selection for us over the Easter period, due to his international call up, and the 12-noon deadline only applied to those Clubs who wanted to play players during Easter. With Warren playing for Northern Ireland last Wednesday evening, it must be the quickest time I have entered a name on our International Honour Boards.

The anticipation for Good Friday's match with Barnsley being live on Sky TV was immense, with all of us disappointed at the result, which also meant that we were for a short period of time, no longer top of the league. All our spirits were quickly raised (back on that roller coaster!) on Monday with the teams superb performance at Torquay and we were again on a high.

Last Tuesday very quickly brought those of us here at the Club back down to earth, when during our reserve match with Stevenage, the father of Stevenage's goalkeeper Jamie Waite was taken seriously ill in the main stand. Our thanks must go to our own medical staff who immediately attended Mr Waite, who was transferred to the Luton and Dunstable Hospital. Despite everyone's efforts, I regret to

inform supporters that Mr Waite sadly passed away at the hospital and we send sincere condolences to Jamie and his Mother at this sad time.

The match was naturally abandoned and all parties have agreed that the result should stand. The events of Tuesday brought home how precious our family is to each one of us, and how fragile life can be.

The Barnsley match saw us reported to The Football Association that a supporter had thrown a bottle onto the pitch, hitting an official. We must emphasise how dangerous this is and any one found throwing any object will be subject to a banning order. Whatever your frustrations at times, please remember the safety of all in the ground.

At the time of writing we still have no news of the tickets for our match with Doncaster, despite several telephone calls to my opposite number at Doncaster. As soon as there is any news we will advise everyone.

Congratulations to The Bobbers Club who are celebrating their 70th Birthday today, members should contact Bill Bailey on 01582 738724 at the Bobbers Club to find out more about the celebrations that are planned.

We also have a special date this month when the Club will celebrate its 120th birthday on 11th April, the nearest home game being on 16th April when we play MK Dons, it would be nice to celebrate this as a "Hatters Day" and everyone is invited to wear a hat to mark the occasion – there will be prizes for the best hats. So get your boater out and celebrate with us!

Keep up the support, enjoy the game.

## FEENEY SWITCHES HATTERS

On transfer deadline day Luton signed striker Warren Feeney from Stockport County in a £150,000 deal. The former Bournemouth player agreed a deal at Kenilworth Road that will tie him to the Club for the next two-and-a-half years and earlier this week joined up with the squad after being away with Northern Ireland for World Cup qualifiers against England and Poland.

The Belfast-born forward started his career as a trainee at Leeds United before making the move to Bournemouth where he averaged a goal every three games in just under one hundred appearances and that led to a £45,000 summer switch to Stockport in July 2004 and despite the club struggling at the foot of Coca-Cola League One, the striker has already netted 17 goals this season.

## LUTON FEATURE IN NEW COCA-COLA AD

In the build-up to the last home match, Football League sponsors Coca-Cola, launched a new television advertising campaign featuring real football fans from across the UK which featured Town supporters and shots from Kenilworth Road. The ad which was shot on location at Football League matches across England features a specially formed band called The 'Coca-Cola' Fan Band serenading fans with a song that celebrates their role as 'the best thing in football'.

The song, which was specially adapted from "The Real Thing" for the ad, is a joyful tribute to the loyalty and tireless support of the fans for their teams. It recognises the optimism and stoicism of the fans that turn up come rain or shine to support their clubs week after week.

## MANAGER

### COLIN HENDRY

Blackpool marks Colin Hendry's first foray into the world of football management, which follows a long and distinguished career that saw him play almost 700 games, and winning over 50 Scottish caps.

He eventually retired as a player in 2003 after a brief spell as a player at Bloomfield Road, and he replaced former Liverpool midfielder Steve McMahon in the Tangerines' hot seat.

Colin has a wealth of experience, and is assisted by former Notts County manager Billy Dearden, and former Wolves and Blackburn coach Ian Miller.

Colin never took defeat lying down as a player and taking that mentality with him through to his managerial career. His playing career, which took in Blackburn, Rangers, Manchester City and Bolton, will stand him in good stead.

Hendry got off to a disappointing start as Blackpool boss, failing to win any of his opening ten games. However, the former Scottish international has turned the fortunes of the club around and have steadily moved themselves away from relegation danger.

## GOALKEEPERS

### LEE JONES

Born in Pontypridd, Lee is 6ft 3ins, and has an ideal temperament and agility for a keeper. Jones suddenly found himself out of favour at Stockport after falling out with boss Carlton Palmer, and quickly headed to Bloomfield Road. A number of injuries kept him out of much of the 2003/4 season, and at the start of this season Jones was hit by another groin injury ultimately the big Welshman underwent a hernia operation, but he is now fit again and has since turned in a number of man of the match performances.

### LEWIS EDGE

A young goalkeeper who has progressed through the youth ranks and made his first senior debut in the club's FA Cup defeat to Leicester City this season.

## DEFENDERS

### DANNY COID

A versatile young defender, Danny turned professional in the summer of 2000. His versatility kept him in the side on a number of occasions, and as well as defence. Although still young, he has made almost 200

appearances, and uses his pace to good effect from either the right or left back positions.

### ROB EDWARDS

Rob became Colin Hendry's second signing of this summer when he joined Blackpool from Preston North end, where he was one of their most influential players in their 1999/2000 championship season. In the last couple of games Edwards has been outstanding alongside Clarke in the heart of the Pool defence.

### GARETH EVANS

Gareth Evans came through the ranks at Leeds United only to be frustrated by the lack of first team chances. He made his way across the Pennines via Huddersfield Town, but the steady left back looks to have finally settled by the seaside.

### LEAM RICHARDSON

Former boss Steve McMahon signed Leeds-born Leam on loan at the end of 2002, with his stay first being extended before the move was made permanent in summer 2003. Despite missing large parts of last season due to injury, Leam has had his contract extended until 2005. His former clubs include Blackburn and Bolton.

### MARK McGREGOR

A surprise inclusion for Blackpool's tour of Northern Ireland this summer, Mark impressed sufficiently to earn a one-year deal from Colin Hendry and has also been appointed club captain. He began in Wrexham's youth side, moving on to Burnley after six years.

# BLACKPOOL

## MIDFIELDERS

### STUART ANDERSON

Scottish Under 19 international Stuart Anderson joined the club from Southampton in mid December, calm and composed on the ball the 18-year-old has a bright future in the game.

### MARTIN BULLOCK

The tricky winger joined the Seasiders from Barnsley in August 2001 and since then he has become a fans favourite at Bloomfield Road. With bags of pace and endless energy, Bullock on his day can terrorise defences single handedly, and is one to watch this afternoon.

### JAMIE BURNS

Jamie is another graduate of the Seasiders youth scheme, and signed his first professional contract at the end of the 2002/3 season on the back of impressive youth and reserve team performances. A left-sided player, he has also played at fullback.

### CIARAN DONNOLLY

The England Youth International joined the Seasiders two weeks ago from Premiership out-

fit Blackburn Rovers. An energetic midfielder he adds strength and depth to the Pool midfield.

### PAUL EDWARDS

Signed during the summer, he arrived at Bloomfield Road on the back of an impressive performance against the Seasiders for Wrexham in the previous season. A skilful left-sided player, he has already picked up a number of man of the match awards for his gritty performances

### SIMON GRAYSON

Much travelled Simon names Leeds, Leicester, Aston Villa, Blackburn, Sheffield Wednesday, Stockport, Notts County and Bradford as his previous clubs. He became Steve McMahon's first signing ahead of the 2002/3 season. He is a tenacious and enthusiastic player and will be a valuable member of the Pool squad. "Larry" was appointed caretaker manager for the final match of last season and has this season taken up the role of Reserve Team Coach.

### KEITH SOUTHERN

Keith initially joined on loan from Everton,

which was firstly extended until November 2002, when he was offered a two and a half year deal. A tough-tackling player, Keith adds the necessary steel to the Seasiders' engine room.

## STRIKERS

### ZARKO GRABOVAC

Born in Serbia "Zorro" has played most of his football in the lower leagues in Holland. Measuring in at 6' 3" the striker impressed Pool manager Colin Hendry enough during a two week trial to be offered a contract until the end of the season, Grabovac's refreshing attitude towards the club has seen him become a favourite amongst the Pool faithful.

### KEIGAN PARKER

Born in Livingston, Keigan was called up to the Scottish under-16 and under-18 teams after signing a professional contract with St Johnstone. Once compared in the Scottish press to Ally McCoist, he unfortunately suffered a bad injury at a crucial stage of his career, which halted his progress. Keigan was Colin Hendry's first signing this summer, and his pace and movement will add an extra dimension to Pool's attack.

### JOHN MURPHY

A big strong centre forward who leads the forward line well, John was brought to Blackpool by ex-boss Nigel Worthington prior to the 1999/2000 season. He became top scorer in the 99/00 season, and was just beaten by Brett Ormerod in 2000/01. His partnership with Ormerod made him stop scorer the fol-

lowing season. He almost joined Stockport in 2002 before agreeing a new deal with Blackpool. He is a typical, old-fashioned centre forward, and is powerfully built and good in the air, Luton fans may remember the big striker from the game at Kenilworth Road in February 2003 when the big man plundered a hat trick.

### MATT SHAW

Blackpool born Shaw has been at the club on a month to month contract having been released by fellow League One club Wrexham. The tall striker who began his career with Sheffield Wednesday has already netted several times in the reserve team.

### MATTHEW BLINKHORN

Twenty-year-old Blinkhorn started this season with the Hatters on a three-month loan deal having previously started seven matches for the Tangerines since he made his debut as a substitute against Wrexham in October 2001, when he was called into the side because of an injury crisis. He was part of the Blackpool squad that won the LDV Vans Trophy last season, coming on against Southend for the final quarter-of-an-hour. A graduate of the youth system at Bloomfield Road he appeared regularly for his home-town club at reserve and Under-19's level and was rewarded with a three-year contract at the end of his scholarship. He returned to Blackpool at the end of his loan spell in November 2004 but a month later a dislocated shoulder brought a premature end to his season.

### TEAM NEWS

John Murphy missed the Seasiders' Easter Monday draw with Hartlepool with flu, in his place, Matt Shaw made his full debut. That was the only change to the starting line-up from the team that had beaten Brentford in their last home match, although Steve Boyack took the vacant space on the substitutes bench.

## CLUB CAPTAIN

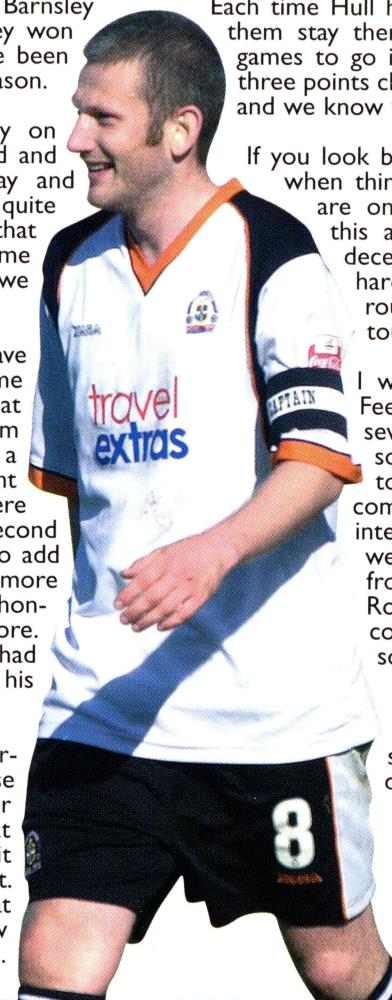

OBVIOUSLY the Barnsley result was a big disappointment in our last home match, we didn't do ourselves justice in front of the cameras,

We conceded three scrappy goals and the only pluses for us to take from the game was the good goal we scored and the great penalty save from Bez. It was one of those bad days at the office, we didn't particularly play well but fortunately there have not been many like that this season. You have got to give Barnsley credit, they played well and they won the game, not many teams have been able to say that about us this season.

We travelled down to Torquay on Sunday, everyone felt quite good and fresh having trained on Sunday and although we fell a goal behind quite early in that game I always felt that we would get back into the game quite soon afterwards because we had started the match well.

The goalkeeper made a great save from Howie and I poked it home and the second goal was a great move; it was a decent ball in from Foley and Holmesy popped with a really good header. When we went in at half-time we knew there were more goals to be had in the second half and came out determined to add to our tally. We got a couple more quite soon in the half and in all honesty we should have scored more. Another day Brko could have had a hat-trick, he was unlucky with his volley and his header.

All round it was a good team performance and the right response to Friday. Marlon made another great penalty save and that changed the game because it would have been 3-2 at that point. It was a professional display that got us back on track and that saw us return to the top of the league.

Viney does a lot of work for the team and it was great to see him score, sometimes he doesn't get rewarded for his effort but he is playing really well. I've scored twelve now but it doesn't matter to me who scores, don't get me wrong though, I enjoy scoring, but the important thing for me is that we win this league.

We have been top of the league for most of the season and it is a different pressure to stay there. Each time Hull have gone top we have only let them stay there for one game and with six games to go it is now in our hands. We are three points clear with a better goal difference and we know what we need to do.

If you look beyond your next match, that is when things can go pear-shaped and we are only concentrating on Blackpool this afternoon. They have hit some decent form and they look quite hard to beat. Things have turned round for them and it will be a tough game.

I would like to welcome Warren Feeney to the Club, he has scored seventeen goals already this season for Stockport and we hope to see him add to that in the coming weeks. He returned from international duty earlier in the week and with Chris Coyne back from suspension, and hopefully Robbo fit again, there is increasing competition for a place in the squad.

Please continue to get behind the lads, as you have done this season because it does make a difference.

## Last 6 & Swings

# HATTERS HISTORY

AFTER four seasons of non-stop excitement the Town's hopes of a third promotion over this period ended with three poor displays over Easter 1971, but it had been good while it lasted.

■ Don Givens, the Luton scorer at Blackpool in 1971.

The 1971/72 campaign was always going to be an anti-climax and so it proved. With ace marksman Malcolm Macdonald now banging in the goals for Newcastle following his record £180,000 move, the striker's role had been taken over by Don Givens and new signing Vic Halom but although both were good players in their own right neither had the explosive power of Supermac.

With goals hard to come by, extra pressure was placed on the defence with the result that too many games were ending 0-0 or in a narrow defeat. After a win over Fulham in late September the Town went on a run of eight games without a further victory leading up to the first visit to Blackpool since 1959/60.

Considering that the Hatters had lost at Watford in a dismal game the previous week and had slumped to just above the drop zone, a full train-load of supporters, taking advantage of the special £1.25 fare, set out from Luton along with the players and directors.

With snow starting to fall, the train ground to a halt at Warrington due to a derailment and there

we sat. The Town officials were told of the potential problem at Crewe and coach Jimmy Andrews telephoned through the team to centre-half Chris Nicholl who was already at the ground having stayed with relatives in the north-west. No mobile phones in those days!

With a potential fine now avoided the team still had to get to Bloomfield Road in time and the train finally arrived with barely twenty minutes to go before kick-off. The players were already changed and a coach with a police escort whisked them off to the ground scattering a carnival procession along the way.

We supporters had to walk and I got in just as the game kicked off in a blizzard. Blackpool had not set the division on fire since relegation from the top flight the previous summer but still had some household names in their side with Tommy Hutchinson and Micky Burns both going close in the opening minutes.

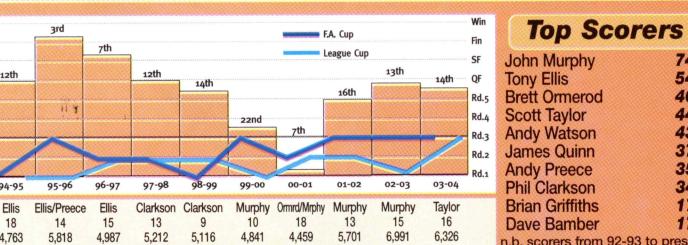

It was the Hatters, though, who opened the scoring after 35 minutes when Givens hit a shot from the edge of the area following a goalmouth scramble. The ball eluded everyone before ending up in the back of the net.

It was now backs to the wall as the Town defence battled against the elements and the Blackpool forward line but, although Fred Kemp hit a post towards the end, we managed to hold out and even had the luxury of seeing our own Viv Busby fire against the bar in the closing stages.

To cap the 'Train ride from Hell' the heating system broke down on the way home and I can assure you it was very cold!

# COMMERCIAL UPDATE

WELCOME to all of our commercial partners and today's match sponsors, to this afternoon's game against Blackpool. Football always being the unpredictable and therefore the exciting sport, we all know it to be, has lived up to all expectations over the past eight days. An uncharacteristic blip for the Town against Barnsley, saw the lads come roaring back against Torquay and with Hull slipping up, we are back up on top of the league, with the ultimate reward for this season's tremendous performance, just a few games away.

■ Management and guests of Match Sponsors, Cargo Tiles, on the pre-match tour before the Barnsley game.

## JOINT MATCH SPONSOR

We welcome back this afternoon, as joint match sponsors, Ian Croft and the guests of accountants ISA. Formed in the early 90's by Ian, an avid Luton fan of thirty years, ISA offer a full range of accountancy services to a diverse business sector. They believe any business

relationship is based on communication and it is important that they work together with their clients as a partnership focusing on the needs of their clients. This enables them to offer a fresh, personal approach to their clients' business affairs at realistic, fixed, affordable rates. For further information, or a free initial meeting, contact Ian Croft of ISA, on 01438 360555 or email [ian@isa-accountants.co.uk](mailto:ian@isa-accountants.co.uk).

We would like to thank ISA for their support here today and hope that they have an enjoyable afternoon with us.

## JOINT MATCH SPONSOR

We also welcome here today, for the first time, as joint match sponsors, Crawley Green Sports & Social Club. Bob Garner, who is hosting the sponsorship today, is perhaps better known in these commercial pages as a regional director for another valued sponsor of the Club, Gibbs & Dandy, but who is attending today in a slightly more social gathering. Opened in 1992, Crawley Green Sports & Social Club has grown beyond all expectations, starting with just six football teams, the club now boasts four adult teams, 24 youth teams, including three girls' teams, a thriving football nursery section and two cricket teams.

In addition, this year has seen the club in conjunction with Ashcroft High School, open a near £1 million project that includes, a new social area, coach/education room, eight brand new changing rooms, plus a state of the art all weather pitch. The achievement of this tremendous project enables them to improve coaching skills at the club, whilst offering superb training facilities. Hatters goalkeeper, Dean Brill, is a former Crawley star, and is the first player to come through the ranks to play league football. As one of the few Bedfordshire FA Community Club status football clubs, you can find out more by visiting their website [www.cgssc.co.uk](http://www.cgssc.co.uk).

## ASSOCIATE SPONSOR

### THE REGULAR RABBLE

Today's visit of Blackpool sees the welcome return of a group of probably the Club's most loyal group of private supporters in the name of the Regular Rabble. The legendary support of the Club by the Regular Rabble includes the individual support of the team to every away match by the Bobbers Travel Club, players kit spon-

sorships, holders of season tickets and of course, their greatly appreciated match sponsorships, which they consistently return for every season. The Club greatly appreciates their support and the tremendous planning that goes into their commercial sponsorships, therefore we would like to make a special mention to Danny and Elsie Clubb and Les and Sue Miller for all their organisation.

## MATCH BALL SPONSOR

### DANNY & ELSIE CLUBB

Elsie Clubb, as today's match ball sponsor. Danny and Elsie are also executive box holders here at Kenilworth Road and probably the most ardent and travelled Luton Town fans, that the Club has, driving from their Blackpool-base to every league and cup fixture that the Club plays. Danny also fits in the administration and part organisation of the Regular Rabble who, as mentioned above, are also with us today as associate match sponsors, and to cap it all following this mention you will see that the Club is also privileged to be entertaining three-year-old grandson, Shawn, as commercial mascot. We would like to take the opportunity once again of thanking Danny and Elsie for their unstinting support and wish them, their family, and friends a tremendous afternoon with us.

■ Adam Dilley, commercial mascot, receives his certificate from squad members, after the Barnsley game.

## COMMERCIAL MASCOT SHAWN BORRETT

We welcome back three-year-old Shawn Borrett as today's joint commercial mascot - he's almost becoming a veteran after making his first appearance last season - who is joined by his family and friends, together with his associates from the Regular Rabble. As well as attending Westmere Nursery, we understand he is a dab-hand at spending grandpa's

money, and insisting in keeping both grandparents awake all night when he visits. We are also informed that his favourite Luton Town player, is anyone that scores! We wish Shawn and his family a great day with us today.

## COMMERCIAL MASCOT MATTHEW AYRTON

It is also with pleasure that we welcome ten-year-old Matthew Ayrton as joint commercial mascot this afternoon. Matthew who attends Cockerham Primary School is the nephew of Justin Hill, Sales Director of Luton-based, Admiral Business Systems, who will be watching Matthew's football skills during the warm-up from the comfort of executive box 19. Matthew's hobbies include all sports with a firm focus on football and quad biking, and his favourite player is Curtis Davies, who he hopes to be meeting this afternoon. We hope that Matthew, his family, and friends have a memorable afternoon with us.

We would also like to take the opportunity of thanking Graham Bourne, his management team, and guests for their secondary shirt sponsorship of our Sky Sports TV game against Barnsley, last week. Kitchens2Go who also feature elsewhere in this programme are a new sponsor and executive box holder for this season, whose support has been tremendous and we look forward to welcoming them back again next season.

Thank you again to everybody for your support and encouragement and enjoy the afternoon.

# PREDICTION COMPETITION

RICHARD Moss took the honours for the Press in our latest round of matches, edging out Dave Bayliss for the weekly top spot. The efforts of the centre-half though did enough to keep the Players top of the league with only three rounds of the competition to go.

They lead the Supporters by two points and somewhat off the pace lies the Press who hold the upper hand over the Staff but a good week from Youth and Reserve team coach Marvin Johnson could serve to close the gap and restore pride.

## YOUR QUESTION'S

Curtis Davies takes up the chair this week to answer your questions in this afternoon's matchday programme. We are giving Luton fans the opportunity to ask questions to a player picked out at random and you swamped the news desk with questions for our young defender. Davies popped into the media office this week to browse through your questions you sent him via our official club website and now you can read his answers.

In the run-up to the end of the season, we will pick a player out at random and ask for your questions. If you want to take part then look out for the next player to step into the spotlight by logging onto the official club website in the near future and email your questions to us.

**Q: Who was your favourite player as a junior?**

**Roy Logan, Basildon, Essex**

**A: As a Manchester United supporter I have to say that I was a massive fan of Eric Cantona. He was a legend and had great leadership qualities that made him such a fantastic player.**

**Q: Who is probably the hardest player you've played against this year?**

**Chris Swann, Luton**

**A: Adam Boyd of Hartlepool was a good player and he would be one of the toughest I have faced this season although Craig Fagan of Colchester has good pace and a decent touch and is difficult to stop.**

**Q: How does it feel when people in the media talk so highly about you, do you feel any extra pressure?**

**Hayley Yoxen, Hatfield**

**A: When people talk about you in the media you have to take it seriously and it's obviously nice to be talked about. However, I feel it's recognition for the club and the work we are doing as a team.**

**Q: What goals do you have for your future?**

**Andy Hawkins, Dunstable**

**A: To score a goal for Luton Town must be my first aim but, like every professional footballer, I want to play at the highest level and I want to represent my country.**

**Q: Do you play any football computer games in your spare time and what is your favourite?**

**Dean Pyke, Sandy**

**A: ISS or Pro Evolution Soccer 4 on the Playstation are the games I play most often and I do seem to thrash the rest of the lads at it.**

**Q: What has been the best moment of your Luton career to date?**

**Mike Stow, Cambridge**

**A: My most memorable moment at Luton has been when I played against QPR last season. It was a massive game for us and I was marking Tony Thorpe. I remember coming off the pitch at the end of game feeling that I did a good job.**

**Q: How many points do you think Luton will need from their remaining games to secure the championship?**

**Karl Bobel, Newport, Shropshire**

**A: We go into every game wanting to win and we don't just want promotion, we also want the championship**

# EVACUATION PROCEDURE

IN THE event of any emergency in the stadium, Luton Town FC and the emergency services have agreed on an evacuation procedure which is designed to ensure the safe and controlled evacuation of the crowd, and to ensure their safe dispersal from the area, to allow the emergency services to carry out their tasks.

In the event of evacuation from all or part of the stadium, you will receive instructions over the public address system on how you should leave. In an evacuation of the main stand you will be instructed to use the pitch. Stewards will direct you to the nearest exit. It may be that your normal exit route will not be available. On leaving the stadium, you will find some roads closed to pedestrians, to enable swift and unobstructed access for the emergency services. Please leave the area of the ground as quickly as possible, by the route directed. Your co-operation will be most appreciated.

## TITLE CHASE

IT IS getting to that stage of the season once again where everyone starts looking at the fixture list, calculating when promotion could be achieved and, hopefully, the title.

We have been front-runners in the Coca-Cola League One table for a few months and have four teams, realistically, breathing down our necks to try and claim automatic promotion.

Hull have been our nearest challengers to the League One title and despite a dip in form over recent matches, The Tigers have bounced back to winning ways with impressive wins over Bournemouth (4-0) and Torquay (2-0) and Hartlepool (1-0)

Sheffield Wednesday have also seen their season turn around from struggling in a mid-table position to serious promotion contenders.

Most of that success has come down to the arrival of former Plymouth and Southampton manager Paul Sturrock who has managed to establish some winning mentality into the side.

Recent victories over Blackpool (3-2), Doncaster (2-0), Peterborough (2-1) and Chesterfield (3-1) have seen the Owls shoot up the table and are now challenge for an automatic promotion position.

The other team in the equation is Tranmere Rovers, who like Hull, have been challenging for automatic promotion all season.

The Prenton Park club, at one stage in the season, were Luton's challengers for automatic promotion but have seen their charge fade with draws against Bournemouth, Colchester and Bradford.

However, they did show the form which has seen the club as serious promotion contenders with a 5-0 demolition job over Peterborough

It's all pretty tight as we come gear up for the final six weeks of the season and listed below is all the big fixtures concerning the promotion shake up.

# FOOTBALL IN THE COMMUNITY

CONGRATULATIONS to Ashcroft High School Girls Under-13's football team. As I informed you a couple of weeks ago the girls were travelling to Watford to represent Luton Town in the area-finals of the 2005 Adidas Community Cup.

This they did in great style; the girls won the tournament and now progress to the Regional Finals on 18th April. These finals will take place at Loftus Road, which will be a great experience for the girls.

In reality, reaching the regional finals means the girls have reached the last eight in the country. Well done to all the girls, who were a credit to this Club, and to their school and well done to teacher in charge, Mel Hickman who is the most polite football coach I have ever met.

The successful girls squad includes Becki Scott; Stacey Clairmont; Jodie O'Brien; Katie Dineen; Shanice Sanderson; Vanessa Mhashu; Sophie Fisher; Sophie Etchells.

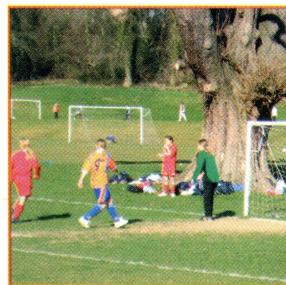

The area-final results were as follows.

# LUTON TOWN BELLES

BELLES returned to the top of the table following their 2-1 Easter Sunday win at Bracknell Town.

Luton were almost ahead within the first minute when Fay Howell's lob was turned just wide by the Bracknell keeper. The home side then had the better of the first quarter and took the lead in the 19th minute when a defensive error was punished with a low shot into the corner of the net. Michelle Byrne went close to pulling the Town level when she raced past the keeper to fire her shot narrowly wide. Kaylee Owen was also unlucky not to equalize with a chip, which missed the crossbar by inches, but Luton trailed 1-0 at the interval.

Belles came out for the second half showing a renewed determination to get back on terms and forced Bracknell to defend desperately to hold onto their lead. In spite of playing some good passing football the breakthrough would not come until Luton were awarded a free kick 25 yards out after 67 minutes. Aimee Barrable then set her sights before rifling her shot into the far top corner for her first goal of the season.

Town then piled on the pressure and won a succession of corners and when one was only half cleared the ball was returned into the area and found Janine Daly at the far post whose shot rebounded back off the foot of the post. Rebecca Kane then almost converted another cross at the near post before a long range free kick from Fay

Howell struck the inside of the post before hitting the keeper full in the face and bouncing clear for a corner.

Two more corners followed and from the third Barrable's inswinging corner bounced twice through a crowd of players before flying high into the far corner of the net. Bracknell had a couple of opportunities to level the scores late on but Belles were good value for their win and completed a league double over their fourth placed opponents.

Promotion for this young Belles squad is still a possibility and is in their own hands with four games to go although they will need to win all four to be certain and that must include another win over current champions, Reading Royals.

Both of our Under 13 Saturday squads look set for honours with the Oranges holding pole position over the Tangerines and needing a win and a draw to be certain of the league title. The Tangerines currently sit in second place after their 5-1 win over third placed Bedford & District with goals from Leanne Lizaitis (2), Alice O'Shea, Kerry Stratton and Lynzi Hemmings. The concluding match of the season is the League Cup final which will be an all Belles affair as we chase a clean sweep of medals in this age group.

We are pleased to advise supporters that we have teamed up with Arriva Buses and Thameslink in an effort to ease travel to the ground for supporters on a matchday.

With immediate effect Arriva have agreed to offer a 25% discount on the price of an adult single and return fares to all Luton Town season ticket holders and match ticket holders on travel services within the Luton and Dunstable zone on home matchdays. All you have to do is produce your season ticket book or match ticket before you purchase your bus ticket.

Coupled with this, you can use Thameslink CCTV monitored car park at Midland Road (opposite the railway station) for just £1. You can then catch the Arriva 31 bus from the car park to the ground, the nearest stop is outside COGIC in Bury Park. The bus runs frequently and for the return journey you can board the 31 bus at the takeaway shops opposite Ivy Road or from outside Sainsbury's car park.

We would like to thank both Arriva and Thameslink for their help in trying to assist supporters get to ground.

## ENOCH SHOWUNMI

LUTON striker Enoch Showunmi has certainly come a long way since starring in midfield for non-league outfit Willesden Constantine two seasons ago and the Nigerian international is loving every minute of it.

The 22-year-old Londoner was running out in the Middlesex County League before joining Luton at the beginning of last term and has seen his career go from strength to strength.

After completing his first year as a professional footballer, Showunmi, who has scored 12 goals throughout his Hatters career, has won a national monthly divisional player of the month award, looks set to possibly land a championship medal and has even turned out for Nigeria.

Showunmi is the first to admit he would have liked to have been involved in more games this season and been a regular in the Luton team but is still delighted to be involved with the club.

"I suppose going on from what I did last season, I was hoping to be playing a bit more often," admitted Showunmi. "However the lads have done so well this

season, I can't really complain.

"It's also my first full season as a professional player so I'll just keep working on trying to break into the side. Every time I've come on as a substitute I think I've done the job for the team and things can change quickly in football so I'll keep working at it."

Showunmi signed his first ever professional deal at Luton at the end of February last year after playing for the club on expenses before that.

And on his progression, the tall Luton striker added: "I'm always being told that being 6ft 4 I should win my fair share of headers and I think I've done that more often this season.

"But I want to keep working on developing all aspects of my game. It would be nice to force my way back into the Nigerian squad, but first I need to concentrate on getting back into the Luton side.

"One of the things I wanted to do was improve my strike rate and if you look at it this season, I've scored four goals from six starts so I've certainly done that!"

# WIN A PLAYER

The response from Luton supporters to Coca-Cola's 'Win a Player' promotion has been superb as the Town's fans have matched the players' efforts, establishing themselves as the pick of our division.

So far, over 11,500 of you have registered your vote in support of the Hatters. You can vote at [www.coca-colafootball.co.uk](http://www.coca-colafootball.co.uk) and every entry received improves the odds of Luton Town Football Club landing £250,000. You can also send a text message to 80089 with the words PLAYER LUTON TOWN. Texts cost only the normal rate.

It takes less than sixty seconds to register your vote and you can log on every day to enter again so please keep voting as we look to continue our climb towards success in another league table.

The winner of this competition will win a quarter of a million pounds for their club, which in itself is great but the lucky supporter will also pocket £10,000 for themselves. Not a bad return for a minute-a-days work if it turns out to be you.

We currently lie fourth out of over 84 clubs who have registered, having just climbed above Sheffield Wednesday over the Easter weekend to establish ourselves as the top team in Coca-Cola League One.

The winner will be announced live on Sky Sports during the Coca-Cola Championship Play-off Final at Cardiff on May 30th.

#### TODAY'S QUESTION

Who scored for Blackpool the last time the sides met at Kenilworth Road and then started this season on loan with the Hatters?

# HATTERS YOUTH

ONCE again we fielded a very young squad for our match with Exeter City last weekend, as we have been doing for the Merit Division campaign but I was quite pleased that we managed to keep a clean sheet. In the previous matches we had conceded more goals than we would have liked and that has had an adverse affect on the players; the goals have been conceded late on in the game and that is possibly because the players are a little younger and their fitness levels won't be as high.

It has been a tough experience for the players' mental and physical fitness levels but Saturday was pleasing. We started with four schoolboys and because of injuries we actually ended the game with six, two of which were under fifteen years old.

If the players are good enough then this experience will not have done them any harm; ideally it would be better for their development if we were in a position to give them a taste of it and then pull them out rather than field them every week, but our circumstances dictate that has been the case so far and that experience should prove beneficial in years to come.

We have not played badly in any of the matches so far, possession wise we have competed for the

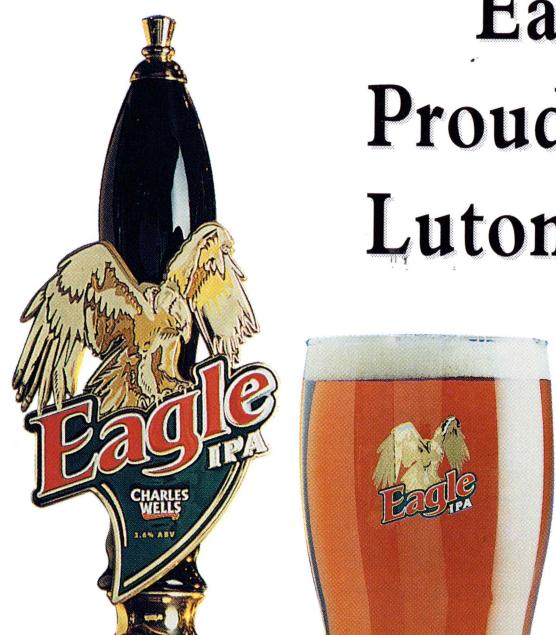

duration of the matches, it is just unfortunate that we have lost out by the odd goal in the games. Considering the age group and the make up of the team the matches have been quite even and whatever happens, we have already achieved the Club's highest ever finish at this level.

This morning we travelled to Swindon for our final home match of the Merit League and you can be sure that it would have been a tough match for us because they are a strong side but hopefully we were able to continue our improvements of recent weeks.

### HOW TO GET TO AFC BOURNEMOUTH

**By Road:** Leave Luton on the M1 south, then make a right turn on the M25 west. Just beyond Heathrow leave M25 to join the M3. Follow that to near Southampton where you join the M27 west. That road becomes the A31 and at Ashley Heath, 23.2 miles from the M3 turn-off, turn left onto the A338 towards Christchurch. After 7.7 miles, turn left on the A3049 towards Boscombe, and then immediately turn left at a roundabout and the ground is ahead of you.

**By Rail:** The nearest Station is Pokesdown. Take a left out of the station, go over the bridge and take another left. This road will take you into the park. Walk through the park in the direction you approached it from and you can't miss the ground. Some trains will not stop at Pokesdown and will go on to Bournemouth. Take a left out of Bournemouth Station and follow up to the main road. Take a left and go past a petrol station and Staples. Go straight over the roundabout and keep going along Holdenhurst Road for about a mile. You'll eventually reach a set of traffic lights next to the Queens Park Pub. Again go straight over, but turn right at the next roundabout and into Kings Park.

**By Bus:** National Express Coaches will stop at the travel Interchange opposite Bournemouth train station. Follow the directions as stated above from Bournemouth.

**Parking:** There is ample space in the council car park just beyond the ground in Kings Park. Be warned that it can take a while to get out after the game. Alternatively there is street parking around the local area, but restrictions are not the same everywhere.

**Around The Ground:** The away section is seated and fully covered and no seats offer restricted views. There are catering facilities within the stand offering a range of hot and cold snacks. There is also a bar under the stand.

**By Coach with Town on Tour:** Leaving Maple Road at 10:00am, with a pick up at Milton Keynes at approximately 10:30am. The fare for LTSC members is £15, £13 concessions and £17 for non-members. To book seats visit the supporters kiosk or phone 07960 567465. You can also book online by visiting the fans section of [www.lutontown.co.uk](http://www.lutontown.co.uk).

**By Coach with Bobbers Travel:** Departs from Cranfield at 9:00am and Luton at 10:00am. Costs are £13.00 adults and £10.50 for concessions. Please ring 01234 750996 for further information and to book your place.

# COMING NEXT

MANY WILL say that the visit of MK Dons to Kenilworth Road for our penultimate home game of the season represents the club's first local derby in Bedfordshire this campaign.

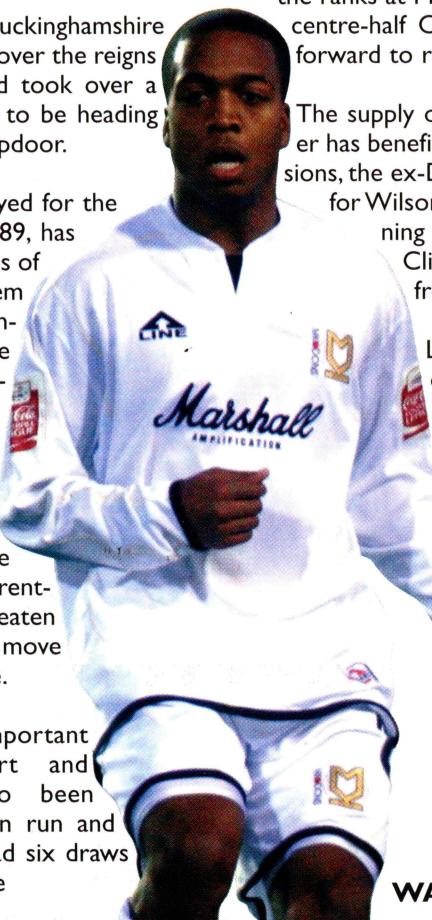

The history of the MK Dons has been well documented in the past but it's their achievements since a former Luton midfielder took over the reigns at the National Hockey Ground, which is getting the attentions of other clubs in League One.

Danny Wilson moved to Buckinghamshire in December 2004, taking over the reigns from Stuart Murdock, and took over a team who looked certain to be heading through the relegation trapdoor.

However Wilson, who played for the Hatters from 1987 to 1989, has turned around the fortunes of the club and has given them a realistic chance of maintaining their League One status with some impressive performances.

Their most recent victory away at Bournemouth has shown many that the MK Dons are moving the right direction and are currently on a ten game unbeaten streak, which has seen the move out of the relegation zone.

Narrow but equally important wins against Stockport and Huddersfield have also been achieved in that unbeaten run and although the club have had six draws as well, the MK Dons have

**STEVEN DOVE**

**WADE SMALL**

consistently been hard to beat.

At 6ft 7ins, goalkeeper Scott Bevan provides the biggest obstacle Luton will have faced this season; he is the tallest player in the Football League. The former Southampton stopper is a strong shot-stopper who commands his penalty area.

At the other end of the field the Dons offer plenty of attacking promise, Wade Small provides the threat from the flanks having graduated through the ranks at MK Dons, alongside current Hatters centre-half Curtis Davies who will be looking forward to renewing acquaintances.

The supply of the energetic attacking midfielder has benefited Izale McLeod on several occasions, the ex-Derby man has netted fifteen times for Wilson's side this season and he is beginning to develop an understanding with Clive Platt who joined in January from Peterborough United.

Luton will be hoping for a similar outcome to the one they enjoyed at the National Hockey Stadium back in November when a thumping effort from Rowan Vine set them on their way to a 4-1 win over their now near neighbours. Steve Howard was the other Hatter on target that day when he rattled in an impressive hat-trick to the delight of over three thousand happy Town fans.
