"The last three games we have managed three draws, including one against Brentford in the Johnstone's Paint Trophy."

# mickharford

Welcome to Kenilworth Road for our League Two encounter against Darlington.

We now have two home games in quick succession and we must be looking to take maximum points from these two important games.

In the last three games we have managed three draws, including one against Brentford in the Johnstone's Paint Trophy and we were delighted to get through on penalties in that competition.

We must now look to turn these draws into wins, and our good possession into goals.

There are now opportunities for a number of players to stake a claim for

starting place in the team as we now have injuries to players who will probably not be available for the foreseeable future.

Congratulations must go to Jake Howells who made his full debut against Brentford and acquitted himself very well.

Also to Scott Sinclair who made a brief but encouraging debut too.

Hopefully both players will continue to progress and will have a bright future in the game.

We are looking to add a player or two to our squad because of the position we are in with injuries and our priority is a striker. Strikers are a rarity and most clubs do not

really want to let them out on loan, but we will keep working and looking for the right player who will come and join us and hopefully be an asset.

As always myself and the staff are out most evenings and afternoons watching games looking to bring in the right type of player to add to our squad.

I would like to extend a warm welcome to Dave Penney, his chairman, directors, fans and players of Darlington to Kenilworth Road.

I hope they all have a safe journey back to the north east.

Keep the faith

Big Mick

**In the last update from 2020, Antony explained the huge amount of work that has gone into rebuilding the squad.**

We all thank Antony, Mick and Gary for their tremendous work in ensuring that we started the season with a competitive team, and the ongoing work that has taken place to continue improvements.

To start as we have done with a new team is amazing, and frankly something we can forget all too easily.

In the past eight weeks

there has obviously been a lot of activity behind the scenes.

We are starting to improve a whole host of areas, for example: the food and drink offers for all fans; policing and stewarding; the structure at the club so that staff are motivated, challenged and supported; the behind-the-scenes infrastructure and processes; greatly reduced costs for improved services; rebuilding links with the community; improving our FitC and Centre of Excellence programmes; and supporting Trust in Luton

as they reach out to hundreds of schools in our region.

The list is very long indeed and everything we have been doing since 1st August is about changing the future prospects for Luton Town.

These are not short-term fixes and need proper focus so we get as much 'right first time' as possible, but you can be assured that differences will be seen in the future.

We know that most of this work starts off 'under the radar' and is not apparent to the majority of people, but this vital work - this foundation - is often quite sensitive as there are many relationships to consider, repair, and build.

However, we are acutely aware that due to the focus required on stabilising the club, we have been unable to take time out to communicate with all supporters as much as we would like.

Recently has been a time for one-to-one meetings with a whole range of organisations.

## DIRECTOR

We know that a simple meeting will not right the wrongs of the past, but we are endeavouring to engage the community and restore trust in both our great club and our vision of the future.

You will also appreciate that there has been an element of 'firefighting' as suppliers, customers and other stakeholders queue up to ascertain what the future holds for them too.

Trying to change the way our multi-million pound club works is fundamental to our 2020 mission.

Please remember that you can contact us anytime on [info@ltfc2020.com](mailto:info@ltfc2020.com) or via any of the supporter groups who will pass on questions and suggestions.

There are many ways in

which you can help in our marathon to retain our league status.

Whether it's spending in the club shop, treating a loved one to a commercial package, or telling friends of the improvements, it's all important.

However, most importantly, we must all remember that we have an exciting, new and young squad. Mick and 2020 have every confidence in the players and we have already seen glimpses of what they are capable of.

As confidence builds, through the vocal encouragement of all fans, they will only get better.

Of course we would all like to be going into this game with a 100% winning record and just a few points off safety, but

we have 46 games to show that we deserve our place in the Football League and as of today we have a solid foundation to build upon.

Just like the exceptional travelling support you have kindly given the players, all of us as fans can make the difference at home games with positive and loud support.

Sing up and enjoy the game!

## NICO IS PLEASED WITH RECENT FORM BUT KNOWS THE TEAM CAN DO BETTER

We are now three games unbeaten, I know that it's three draws but it's always nice to be unbeaten!

It was a good game on Tuesday but we really need to cut out giving poor goals away.

The team showed a lot of determination to pull back from being two goals down.

Penalties can be a daunting thing for players, particularly when there is so much riding on it, but I felt all the lads showed great composure and got the result which they deserved.

It was good to see Chris Martin get some goals, which has moved him to top goalscorer so far for this season.

**"You played a huge part in the team's comeback and your support was greatly appreciated by all involved"**

Garreth O'Connor had a very impressive debut and it looks like he will be a good signing for the club.

Both Jake Howells and Scott Sinclair took part in Tuesday's game which has given us all a glimpse of what we can expect from

our youth in the future – and after their strong performances the future definitely looks bright!

It was great to see so many of you at Tuesday evening's match.

You played a huge part in the team's comeback and your support was greatly appreciated by all involved.

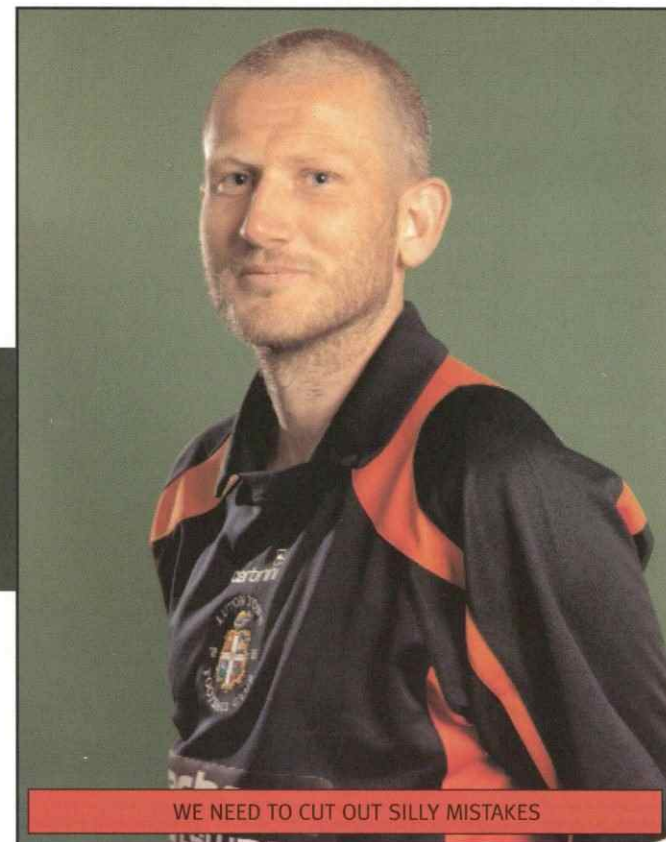

This afternoon will be a

tough match against a good football team, but if we play the way we can with the crowd behind us and cut out the silly mistakes we will come away with three points.

We really need to get a positive result today and carry on our mini unbeaten run, but we really do need to get three points this afternoon.

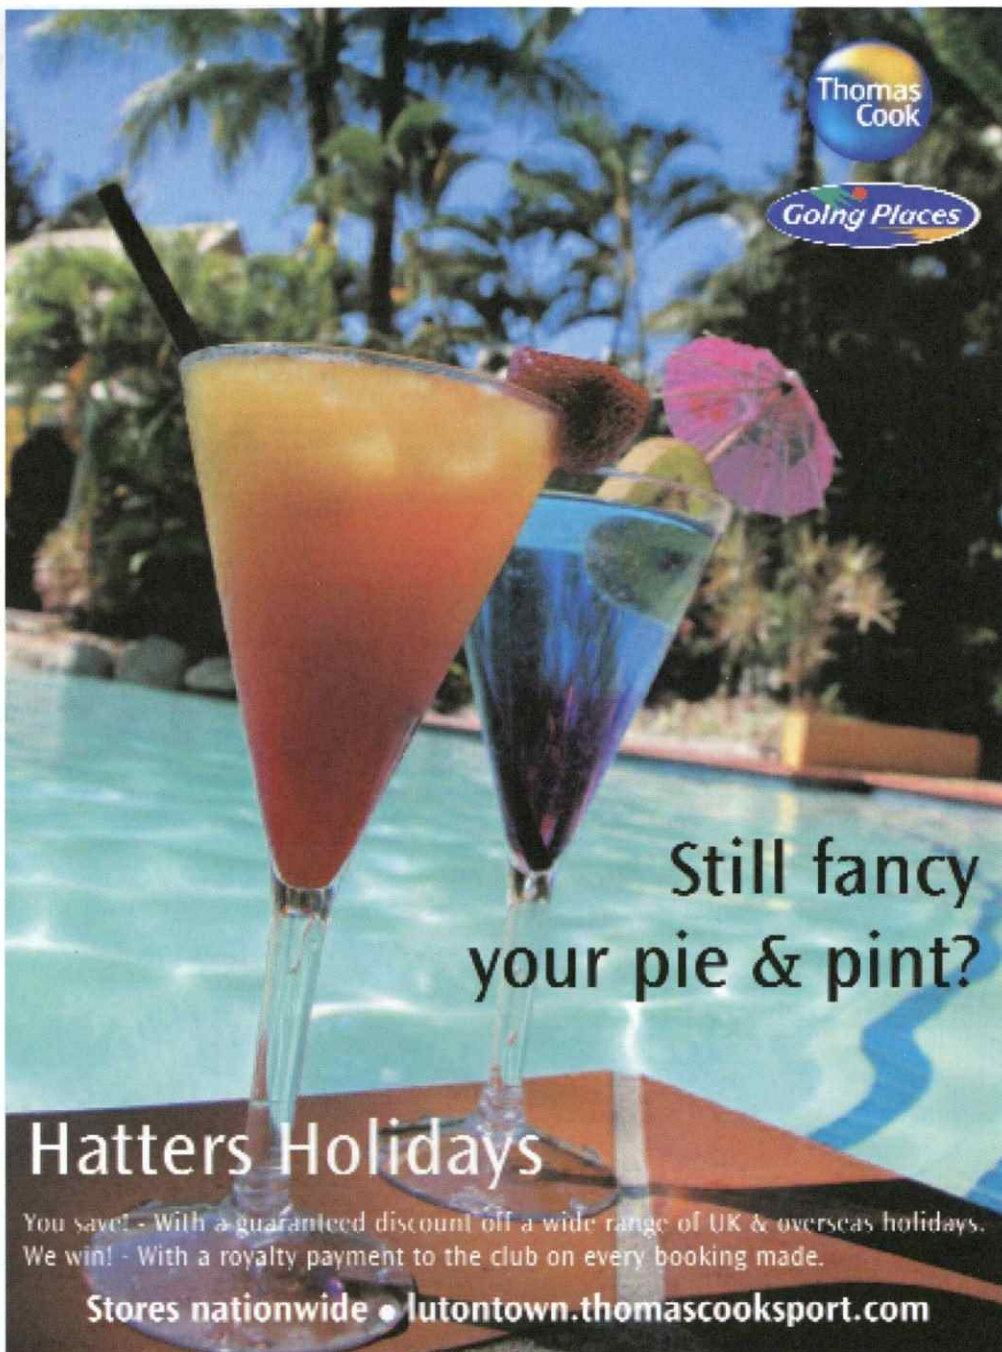

Get behind the lads.

KIDS TO DESIGN THE TRUST'S NEW LOGO!

**TRUST  
IN  
LUTON**

Trust in Luton is delighted to announce a competition for children 11 and under to help design our new logo and invitations to take part have already been sent to over 250 schools in Bedfordshire. We have already had an excellent response from many schools and would encourage more to take part! As a new era dawns at Luton Town, we felt this was an ideal opportunity to extend the Trust's and the Club's involvement into our local schools by moving forward and re-invigorating our community and youth policies.

It is our strongly held belief that by engaging with the community and especially our local schools, we can help to establish a long-term future for Luton Town Football Club. This view is endorsed by LTFC2020 and as you will see from the prizes on offer below, Trust in Luton has the full backing of the Club to run this competition.

Gary Sweet, Managing Director and new custodian of Luton Town, said, "We are delighted that this initiative is taking place. Trust in Luton is a key part of the club and helps us to work with the local community. It is absolutely vital for Trust in Luton and Luton Town to be part of the community and help to give kids a real insight into sport in their area. This helps on so many levels - exercise, nutrition, teamwork, and cultural identity

to name a few. We fully support this programme and we hope to be part of many more in the future."

The closing date for entries received will be 30 November 2008. The winning entry will obviously become our new logo for the foreseeable future and be included upon our website and within our printed output. The judges will include a senior player and management from the Club, together with representatives from the Trust's committee. The winner's class will also receive a VIP day-out at a Luton Town home match during the 2008-2009 season. Runners up prizes will include signed memorabilia, match tickets and even some training from Luton Town coaches! The finalists will also have their school featured in the matchday programme and the Club will help to promote the finalists in the local press. The winner will be announced at a "by invitation only" event in late 2008/early 2009 to be held at the Eric Morecambe Lounge at Luton Town Football Club. All schools taking part will receive a family ticket (two adults, two children) for a League Two match in the 2008-2009 season to distribute as they see fit.

The competition rules are fairly simple. The new logo must obviously include what is now considered to be traditional Luton Town colours. For this

competition's purposes, we would suggest these to be white, navy blue and orange. The logo must also have the initials "TIL" or the words "Trust in Luton" included. Apart from those rules, the imagination of your pupils can run wild!

We sincerely hope this is the start of a long and successful relationship with the educational communities of Bedfordshire. Our aim is to strengthen the bonds between the Club and the larger community in which it serves. Football is a team sport, and by working together we can further the success of our football club, our county and our community.

If you would like to take part in this competition, please register your school's interest with an email [tnfo@trustinluton.org](mailto:tnfo@trustinluton.org). Please put "Logo competition" as the subject matter and provide contact details for your school. As volunteers, we may need to contact someone out of normal school hours, so an evening contact telephone number will help enormously.

If you would like to know more about the Trust and what our aims and objectives are, please visit [www.trustinluton.org](http://www.trustinluton.org) for further information.

We look forward to announcing the winner in due course!

Welcome to Today's visitors

Darlington Football Club was founded at Darlington Grammar School in 1883. In 1889 it joined the new Northern League, winning it in 1896 and 1900, as well as reaching an FA Amateur Cup semi final. The club turned professional in 1908 and joined the North Eastern League.

In 1982, the club faced a financial crisis and almost folded, but survived thanks to the fundraising efforts in the town, raising almost £100,000 in just a few weeks.

In 1989, the team finished bottom of the league and was relegated to the Conference.

However, they were only there for one season before winning the GM Vauxhall Conference title under new manager Brian Little, and a second successive promotion followed in 1990-91, this time as Fourth Division champions.

Since then, they have reached the play-off final on two occasions, and are now the second longest serving club in the bottom division.

In 1999-2000, they became the first team to lose a tie in the FA Cup and yet still qualify for the next round. Manchester United's involvement in the FIFA Club World Championship meant they did not enter the FA Cup.

To decide who took their place, a "lucky losers" draw

**The Ground: The Darlington Arena**

A crowd of 11,600 watched the first game in the new stadium for a 2-0 defeat to Kidderminster Harriers.

Upon completion the arena was originally called the Reynolds Arena, after the club's then-owner, George Reynolds.

However, following Reynolds' bankruptcy and arrest on charges of money laundering, the name was changed to The New Stadium in April 2004.

Since then the club have sold the naming rights for the stadium to sponsors, firstly as the Williamson Motors Stadium and then the 96.6 TFM Darlington Arena between November 2005 and September 2007.

The ground has the theoretical potential to be expanded to a capacity of approximately 60,000 seats but the capacity of the stadium is currently capped at 10,000 for football matches due to poor access roads around the stadium, although the club are allowed to apply for an exception for certain occasions.

Currently the ground has averaged a gate of around 3,000-4,000 supporters, although certain fixtures such as derby match against local rivals Hartlepool United in March 2007 (10,121 spectators), have pulled in a significantly larger turnout.

was held containing the 20 teams knocked out in the second round; Darlington were selected but went on to lose their third-round tie 2-1 to Aston Villa at Villa Park.

In the summer of 2003, the club moved to its new stadium, Reynolds Arena.

However, a poor start to the season saw manager Mick Tait replaced by David Hodgson, returning for his third spell in charge.

In December 2003, Darlington went into administration and once again there were fears that the club would go out of business. At one stage there were rumours that the club would sell its new stadium and return to Feethams.

In January 2004, a fundraising game was organised featuring famous players such as Paul Gascoigne, Bryan Robson and Kenny Dalglish.

This match attracted a record crowd of over 14,000 - still the highest to watch a game at the new Arena - and helped keep the club going.

The end of the season saw George Reynolds formally hand over control of the club to the Sterling consortium with Stewart Davies taking over as chairman.

Quakers finished eighth for two seasons in a row, and the club also changed hands again, with George Houghton taking over.

Expectations were high for the 2006-07 season and Dave Penney joined Darlington as the manager in October 2006.

Quakers finished 11th in Penney's first season, and lost in the play offs to Rochdale over two legs last season.

This means that Quakers have finished in the top half of the table three seasons in a row for the first time since the 1920s.

## The Manager

Whilst still working as a bricklayer, Dave Penney started his football career at non league Pontefract Collieries.

Dave was given his big chance in the professional game by Derby County in 1985, who paid Pontefract £1500 for the midfielder. He then went on to make over 300 appearances for the Rams, Oxford United, Swansea, Cardiff City and Doncaster, scoring 67 goals in the process. He became manager of 'The Dons' in December 2001 and guided them to two successive promotions, from the Conference to League One.

Dave quit as Doncaster boss in September 2006, and was appointed Darlo manager a month later. In the summer of 2007, he brought in several new signings - including striker Pawel Abbott for a record fee - and Darlo looked strong candidates for promotion. But The Quakers were badly hit by injuries, and they missed out on an automatic promotion spot, and then agonizingly lost in a shootout to Rochdale in the play off semi final.

He showed his ability by scoring the winner at Walsall in the first round of the Carling Cup, and then he became the first Darlo player for 33 years to score four goals in an away game.

## Liam Hatch

Liam arrived at the Darlington Arena on loan from Peterborough United, where he couldn't force his way into the first team after he'd been transferred from Barnet for £150,000. ## The NumbersGame

Simon Pitts looks back at the Hatters previous fixtures against Darlington

**3** The number of previous league meetings between the sides at Kenilworth Road. Luton have won on each occasion, and have scored ten goals, the visitors have netted three times.

**2** The number of players to have played for Luton following a transfer from Darlington. Harold Briggs made just two appearances in 1927/28, whilst Lee Nogan scored two goals in eleven appearances for the Hatters in 2000/01 before joining York City.

**2** Is also the number of players to have moved to Darlington from Luton. Barry Hawkes played nine times in two seasons in the late 1950's having joined from Shotton Colliery Welfare. Brian Johnson moved from Sunderland to Luton, and after twelve appearances in two seasons, 1966-68, he transferred back up north to Darlington.

**13,948** The biggest attendance for this fixture saw Luton win 3-1 in February 1968. Bruce Rioch and Keith Allen gave the Hatters a 2-0 lead at half time, before John Moore

put the ball in both nets in the final few minutes. Luton were three points clear at top of the League after this victory, and by the end of the season this had been extended to five, as the Hatters were crowned Champions.

**5** The most goals scored by Luton came in the last league encounter at Kenilworth Road, seven years ago. Both sides held the lead in the this match, as first Matthew Spring equalised the visitors opener and then Steve Howard scored to put Luton 2-1 up. Darlington equalised almost

immediately, but further goals from Dean Crowe, a Kevin Nicholls penalty, and Jean-Louis Valois sealed the win. Both keepers saved penalties in this match, as first Carl Emberson denied Barry Conlon, (yes the same Barry Conlon who scored against the Hatters last week for Bradford!) before Andrew Collett saved a late Spring spot kick.

**0** Darlington failed to score in the fixture in April 1966, as Luton won 2-0. John O'Rourke and Ray Whittaker were the scorers in that match.

**1** There has been one Cup match at Kenilworth Road, a FA Cup second round replay, which the Hatters won 2-0. The first match had ended goal-less, and it took an hour for Lee Nogan, against his former Club, to score his first goal in a Luton shirt. Paul McLaren wrapped up the win with twelve minutes remaining.

**6** Luton have played six previous League fixtures on this day, with three here at Kenilworth Road. Five years ago the Hatters beat Wycombe 3-1 with a brace from Gary McSheffrey and a goal from Russell Perrett. Today's match will complete a set of having played in every level of the league on this day!

During the summer we took all our Performance Centre squads to Sweden to compete in the Eskils cupen Cup.

The tour was a huge success and you can see the highlights opposite.

All the boys had a very successful tour with some outstanding performances especially from the Under 14's who made the final of their competition and U16's who won the entire competition.

We were able to run such a large-scale tour due to the support we had from outside sponsors.

Some were individual player sponsors and we also had group sponsors.

I would like to thank all the companies listed opposite, due to their support the cost of the tour was massively reduced.

Many thanks to everyone that donated,

They say that success breeds success so if the Hatters are going to turn around the situation that they find themselves in, the more winners they can have around the place the better; therefore it can't be a bad thing to see there is a growing Chelsea contingent at Kenilworth Road these days.

Manager Mick Harford enjoyed a spell at Stamford Bridge in the early nineties and alongside him in the

Hatters' backroom is goalkeeping coach - and former Chelsea number one - Dmitri Kharine and kit man Stewart Bannister, both of whom are no strangers to SW6.

On the playing side Sam Parkin began his career with Chelsea before arriving at Luton via Swindon Town and Ipswich Town and the ex-Blues' quartet became a quintet with the arrival of Harry Worley in September.

## OneonOne

### Worley hopes to gain match experience

The 19-year-old joined the Town on a month's loan from Coca-Cola League 1 leaders Leicester City in time for the Hatters' trip to Rotherham United.

After graduating through the ranks at Chelsea the 6' 4" defender's search for first team-football prompted the promising youngster to make the decision to drop down the divisions in search of the opportunity to show regularly what he can do and he signed permanently

at Walkers Stadium in the summer after the Foxes fought off competition.

"There were a couple of clubs interested in me in the summer, I went to Preston for a week at the time as well and it was a choice between the two," explained the centre-half.

On his move to the Hatters, Harry commented, "Things aren't working out for me at Leicester at the moment therefore I wanted to come to a club who would give

me the opportunity to get some games under my belt.

"Mick's given me that chance here and I am really happy about it.

"It is a difficult situation for me at Leicester, because a different manager brought me in to the one who is in charge now and he has understandably brought his own players in.

"I am at a stage of my career where I want to play games and Luton have provided me with that chance."

Given the race to sign him in the summer it's fair to suggest that plenty were watching his lack of immediate chances at Leicester with a close eye and Hatters boss Mick Harford moved quickly when news broke of the injury sustained by George Pilkington to snap up the man who was an unused substitute for Chelsea in the 2007 Community Shield at Wembley.

Worley didn't need to think twice about making the move:

"I was aware of the interest for a few weeks and I think the manager was looking for the right time to bring me in.

"With the sad injury to George, the move came at a perfect time for me and for the club."

After previous loan spells

performance were good and I am looking forward to getting fitter and building on that start."

With four starts under his

with Doncaster Rovers and Carlisle United whilst with Chelsea, the Warrington born defender is no stranger to quickly making friends in a new dressing room:

"It has been good for me coming here,

"I knew a couple of lads before I arrived and that always helps.

"They are a bunch of lads who are easy to get on with, but there is also a lot of quality here and I think we are going to be fine; we just need to keep plugging away.

"I spoke to a couple of people after my debut because I thought I might be struggling fitness wise but I was really happy with my performance.

"Obviously the result was disappointing but personally it was pleasing that my fitness and

belt with the Hatters, Worley is focussed on helping Luton wipe away their points deficit as quickly as possible and it is a challenge he is confident can be achieved – once they start converting draws into wins.

He added:

"If we can get two or three wins in a row we'll be flying.

"We need to take each game as it comes; we will work hard on Saturday and are looking forward to getting off to a good start and putting a run of results together."

# FlashBack

Club Historian Roger Wash looks back at a previous Luton v Darlington fixture

At the start of the 2001/02 season the Town had found themselves back in the bottom division for the first time since 1968, following relegation with the poorest team that any supporter could remember.

Manager Joe Kinnear had spent the summer getting rid of the old guard as well as wheeling and dealing in the transfer market.

■ New hero Jean-Louis Valois fights for the ball

Although seven new players were brought in over that hectic period, most Luton fans reckoned that the best signing made by Kinnear was that of Mick Harford as his number two!

Five players, Carl Emberson, Russ Perrett, Kevin Nicholls, Paul Hughes and Carl Griffiths made their debuts in the opening day win at Carlisle while two more, Ian Hillier and Adrian Forbes were included as the Town started their home campaign with a 2-1 victory over Cheltenham.

Quite understandably, it took a few games for the team to gel with a defeat at Bristol Rovers and draws at Exeter and at home to Oxford and Lincoln not setting the heart racing but all this altered with the introduction of an unknown Frenchman for the home clash with Torquay in late September.

Given the Town's recent forays into the foreign transfer market with some less than inspiring signings, the presentation of Jean-Louis Valois did not attract much interest amongst the Hatters

faithful but that soon changed as his ball control, close skills and vision woke the crowd from its slumbers and an incredible long range shot that arrowed into the top corner of the net, during the 5-1 win, brought the house down. A star was born.

The season was now ready to take off and over 2,000 Luton supporters made their way to Leyton Orient in the following mid-week to see Valois steal the show again in a 3-1 win.

Although the next game, away to eventual champions Plymouth was lost, word of the mercurial Frenchman had spread and a crowd of 7,219, the best of the season at that stage, turned up for the next home game, against fellow promotion hopefuls Darlington.

## The game Luton Town 5 Darlington 2 5th October 2001

Due to England's World Cup qualifying game against Greece being played on Saturday 6th October the Town's home game with Darlington was switched to the previous evening.

Darlington were sitting in sixth spot in the table, with the Hatters three places higher, and had gone four games without defeat.

They showed their promotion

■ Matthew Spring fires in another long range effort.

credentials by opening the scoring after 25 minutes after a terrible mistake from re-called goalkeeper Carl Emberson.

The Hatters keeper smacked his attempted clearance straight at Quakers striker Danny Mellanby, who accepted the gift opportunity with a low shot from ten yards.

The lead did not last long, though, as Matthew Spring smacked in a 25 yard pile driver ten minutes later, but the game was still too close to call as the players trooped off at the interval.

Whatever was said by manager Kinnear over the half-time oranges certainly worked as Steve Howard headed the Town into the lead three minutes after the re-start from a corner by Valois.

Darlington would not lie down, however, with Neil Wainwright seeing his shot take a deflection off Nicholls and go in off the bar.

Back came the Town with Spring seeing an effort cleared off the line before on-loan striker Dean Crowe netted on 67 minutes.

The excitement was constant with the Hatters pouring forward and scoring again when Nicholls slotted home a penalty after Steve Howard was upended in the box.

Then came another Valois moment

with the ex-Lille forward firing in a howitzer from 25 yards to bring the score to 5-2 and seemingly over as a contest.

Darlington, still game, saw a Barry Conlon penalty saved by Emberson and at the other end Valois was fouled just as he was about to pull the trigger after a 60 yard run.

Nicholls had been substituted by then and the penalty taking responsibilities were assumed by Spring who saw his effort saved by the feet of Quakers goalkeeper Andrew Collett.

That was the last piece of action on a breathless night and it was left to Joe Kinnear to have the final say. "It certainly beat a night out at the dogs" or words to that effect!

Luton Town: Emberson, Boyce, Perrett, Coyne, Taylor, Mansell (Hillier), Spring, Nicholls (Forbes), Valois, Crowe, Howard.

Darlington: Collett, Betts, Jeannin, Liddle, Heckingbottom, Wainwright, Atkinson, Hodgson (Jackson), Conlon, Mellanby.

## NEWELL TAKES OVER AS GRIMSBY BOSS

League Two strugglers Grimsby have named Mike Newell as their new manager.

The former Luton Town and Hartlepool boss takes over from Stuart Watkiss, who has been in caretaker charge at Blundell Park. Newell said he never had any fears that he would not get another job.

"I didn't have a fear. Short-term it didn't do me any favours but I always thought long-term I would get back into the game."

## BROGAN RECOVERY SURPRISES DOCTORS

Rotherham United midfielder Stephen Brogan has revealed doctors feared he would never play football again.

The 20-year-old suffered a horrific broken leg against MK Dons in February, but has now resumed light training.

"I got my final scan last week and got the all-clear," the versatile youngster told BBC Radio Sheffield.

"But the doctor said when I first did it he doubted I'd play again. It was a shock to hear that and I'm glad he didn't tell me at the time."

## FUNERAL FOR MAGPIES LEGEND SIRREL

The funeral of former Notts County manager Jimmy Sirrel has taken place in Nottingham.

Sirrel, who died aged 86 on 25 September, led the Magpies to the top flight of English football - the former Division One - in 1981. His funeral took place at St Mary's Church in Nottingham on Tuesday afternoon, with the

procession starting at Notts County's Meadow Lane.

He was born in Glasgow in 1922 and had been in poor health for several months.

## GILL IS NAMED PLAYER OF THE MONTH

Exeter City midfielder Matt Gill has been named the League Two Player of the Month for September.

Gill scored a goal in each of City's four games last month as they won two, drew one and lost one.

The 27-year-old, who joined the Grecians from Notts County in 2006, had only scored 10 goals in his career before last month.

## FULLER IS NEW GILLINGHAM SKIPPER

Gillingham have appointed Barry Fuller to replace Andrew Crofts as captain.

Defender Fuller, 24, took the armband in Tuesday's 1-0 defeat by Colchester in the Johnstone's Paint Trophy.

"He's a great motivator, he's very vocal and he's not afraid to give constructive criticism," manager Mark Stimson told BBC Radio Kent.

"Andrew Crofts is not too happy and rightly so. But I've been told before he was captain he played his best football. Perhaps it's been a burden."

**LUTON TOWN - 123 YEARS OF HISTORY - BE PART OF IT**

*Designed by Lee Wood*

We would like to welcome Luton Town's Centre of Excellence Under 12 squad to today's game.

For the Chester game we brought our U11 squad and they had a fantastic day. As always, thanks to the generous support you showed to the players when they were on the pitch.

Our Under 12 squad are coached by Martin Bradshaw & Alkesh Lalji. They train twice a week at Baldock Arena and play every Sunday morning in the Football League Fixture Programme.

The boys have now played five fixtures as part of the Football League Fixture Programme, against Cambridge, Wycombe, Peterborough, Rushden & QPR.

In their first full season of 11 A Side football, we have asked the boys to play 4-3-3 as it encourages the following traits:

- Full Backs:** Develop an attacking mentality as well as a defensive understanding.
- Centre-Backs:** Learn how to take responsibility to defend one on one.
- Midfielders:** Take up good angles of support and keep possession.
- Wingers:** Learn to take on a player on inside and outside.
- Centre-Forward:** Develop play with back to goal, as well as clever movement.

Martin Bradshaw commented "During pre-season we identified that we needed to work on keeping possession, by creating more movement off the ball and receiving on the back foot. The players have responded well to this and we have managed to out pass all of the opposing teams in recent games. The boys work really hard in training and we are looking forward to continuing to develop during the rest of the season."

## staffprofile

**Name:** Otilie Morgan

**Started:** Beginning of November 2007

**Position:** Youth team physio

**Main Role:** I have to make sure all the under 18's are match fit and ready to play. This means I have to make sure that if they are injured they receive the correct treatment and rehabilitation program. I now also oversee the 16-19's and the reserves physio treatment.

**Best Memory:** I don't really have one best memory. I am a Luton fan and so it is just great to work with the players and staff here. I have come here from a teaching position and so it is just great to be doing something that I love.

**Worst Memory:** We went into administration just a week after I started and so that wasn't great as it put somewhat of a downer on the celebrations.

**Views & Opinions:** I have always been a Luton supporter and so it is great to see how everything works behind the scenes.

We now have a new, young squad that I believe will keep us up this season. There is also a great mix between experience and youth now and all the staff and players are working well together.

I think it's great that the new owners are Luton fans as this means that they will always put the club first and will maintain the club's future.

The youth lads this season are brilliant and it's great to see them getting their chance in the squad -- with both Jake Howells and Scott Sinclair playing in last Tuesday's cup match.

There are a lot of youth players pushing forward and I think we can expect a lot from them this season.

Picture the scene... one minute you've got Ryan Charles, Ed Asafu-Adjaye and a bottle of Lucozade at the end of the training session and the next minute you've got a piece that Soccer AM couldn't wait to get their hands on.

It started out as a bit of fun and it has turned into one of Hatters World's most viewed pieces.

For those of you who haven't seen it and don't know what we are talking about we won't give too much away other than to say two young footballers in front of a video camera became too much of a tempting target for someone who wanted some extra shooting practice.

We also won't mention how many shots were fired before an unnamed physio called 'Harry' discovered his shooting boots.

Having debuted on Soccer AM two weeks ago, Hatters World is now the only place where you can see this clip in full and the even better news is for those who want to see the clip again or missed it all together, if you're not a subscriber don't worry...You can now sign up to trial Hatters World for just 99p\*.

Last season when we ran a similar promotion, a number of you took

advantage of finding out what Hatters World had to offer, and for those of you who missed out last time; here is a second chance to enjoy exclusive content from Kenilworth Road.

As well as clip in question we are continuing our weekly 'Getting to know you feature' with the new boys.

Loanees Chris Martin, Harry Worley and Conrad Logan are the most recent players to feature and we've still got plenty more players to come.

As well as exclusive interviews, here is what else you'll get:

### Giant Screen

As requested by users we've DOUBLED the size of our media player!

### Crystal Clear Video

We've doubled the stream quality so online football has never looked so good!

### Multi-Channels

## HATTERS HEROES

An A-Z of Luton Town players since 1946

Roger Wash

Club Historian  
Roger Wash brings  
out his latest book  
'Hatters Heroes' on  
18th October.

'Hatters Heroes'. An A-Z of Luton Town players since 1946, features every player to have turned out for the Town in the Football League from the first post-war campaign of 1946/47 until the end of the 2007/08 season.

Originally serialised in the club's matchday programme, the profiles have been updated to 31st July 2008.

As an added bonus the book also includes a team photograph from every season since 1946. Priced at £9.99 the book will make an ideal Christmas present for all supporters of the Hatters.

Hatters chairman Nick Owen has kindly agreed to lend his support and will be present at a book signing, along with the author, at the club shop at Kenilworth Road between 1.30pm and 2.30pm on Saturday 18th October before the game against Accrington Stanley.

### LEAGUE TWO

Tuesday 21st October

**Grimsby Town**

Kick off: 7:45pm Blundell Park, Cleethorpes, DN35 7PY

#### What's the Ground Like?

At one side of the ground is the Carlsberg Stand, which is the tallest stand and is two tiered and covered. However this stand only runs half the length of the pitch, straddling the half way line. Opposite is the old Main Stand, which is small covered all seated stand and has a large number of supporting pillars running across the front of it. Part of this stand dates back to 1901, possibly making it the oldest surviving stand in League football. Both ends are small covered affairs. Home fans are located in the Pontoon Stand at one end, away fans at the opposite end in the Osmond Stand.

#### What Is It Like For Visiting Supporters?

Away fans are located in the Osmond Stand, at one end of the ground, where 2,200 supporters can be accommodated. One downside of this stand is that there are a number of supporting pillars which could impede your view of the game.

#### Where To Eat & Drink?

There is not much choice for a pint for away supporters close to the ground. The Rutland Arms is recommended for both home and away fans to mingle, however this is some distance from the ground and doesn't allow in

children. There are a number of pubs along Cleethorpes sea front but this is around a 20 minute away. The Imperial pub by the ground is not recommended for away fans.

#### How To Get There By Car?

The first thing to remember is that the ground is not actually in Grimsby, but the neighbouring town of Cleethorpes.

Take the A6 towards Bedford. Continue on the A6 until you reach the A421, here merge onto the A421 and then join the A1 signposted The North. Continue onto the A1(M) signposted The North, Peterborough. Branch left, then at roundabout take the 1st exit onto the A46 signposted Lincoln, Sleaford. Continue on the A46, following signs for Grimsby then Cleethorpes. At Isaac's Hill Roundabout take the 1st exit onto the A180. Turn right onto Neville Street, then turn left onto Harrington Street and then left again.

#### Car Parking

There is no car park at the ground, therefore only street parking. As you drive along the A180 towards the ground, the home end appears first, then after the McDonalds is the away end. From there, continue towards Cleethorpes and try any of the side streets to the left or preferably the right and you should find a parking spot okay.

FOR THE HATTERS AT THE KENNY

Saturday 18th October

**Accrington Stanley**

Kick off: 3pm Kenilworth Road

Accrington Stanley are the next visitors to Kenilworth Road on Saturday 18th October and it is not often that we get to report on what will be the first meeting between the two clubs at this level.

Stanley's return to League action two years ago marked a 44 year absence from the fourth tier of English football and at the start of the campaign everyone connect with the Fraser Eagle Stadium side would understandably have been happy to retain their league status for another season, something that they subsequently managed to achieve a year after winning the Football Conference League in 2005/06.

Showing signs of a steady improvement on their first year back in the Football League, last season they finished 17th in the division, nine points above relegated Mansfield Town.

The challenge that now faces Accrington is building on that platform and with a win already under their belt at Port Vale – also relegated with the Hatters - they will arrive at Kenilworth Road keen to prove that result wasn't a one-off.

One of the scorers in their 2-0 win at Vale Park was Paul Mullin, who in his eight year spell at the club, has been one of the major factors in their climb up the leagues.

The former Radcliffe Borough striker is Accrington's record

appearance maker of all time – despite initially being released by the club at the start of his career.

He now has nearly two hundred goals to his name in just over 400 appearances, unsurprisingly with that success he has won the Players' Player of the Season award four times in the last five seasons and will prove a real threat to the Hatters.

John Coleman's side are currently 18th in Coca-Cola League 2 and like Luton are looking to get their season up and running by acquiring points in threes rather than ones.

There is enough evidence to suggest an entertaining game should be on the cards because statistically both sides are amongst the top teams in the division for shooting.

The Hatters have rattled 121 shots at the opposition's

goal this year with 68 of those on target - Asa Hall and Chris Martin proving the biggest threat.

Accrington have had 57 shots on target and 56 off and they've also hit the woodwork the most times in the league.

What will complicate the match further though is the fact that John Coleman and Mick Harford have both used the most players in the competition so far this season at 25, making it harder to predict who is likely to start for the opposition and therefore where their respective threats or weaknesses may be.

Whoever takes to the field for this inaugural encounter though you can be sure it shouldn't be a shot shy affair. So now we have cursed the game for you, best pop online to bet365 now and put your money on a 0-0 draw!

"What a \*\*\*\*\* goal!" screamed Johnny's dad.

"I don't like football with Dad," thought Johnny.
