**Good evening and welcome back to you all to Kenilworth Road for our second home game in four days.**

I'd like to welcome Jim Gannon and his Stockport County team to Bedfordshire as well as the directors, staff and supporters of our visitors tonight. I served my apprenticeship at Edgeley Park as a young player and have fond memories of my time there – apart from the time when they released me!

It seems a long time since our 1-1 draw at Edgeley Park back in early September in front of the television cameras. That night I was hugely disappointed to leave with just a point having been a goal up going into stoppage time.

Indeed a lot has changed since that Friday night fixture. Stockport have since changed managers with Jim replacing Didi Hamann.

Our visitors' squad still contains a wealth of experience and quality despite their lowly position in the table. It is a huge surprise to see a club like Stockport battling against relegation to the Blue Square Bet North. Given the size and stature of the club and the quality available to Jim I am sure he will turn their fortunes around. I just hope that revival starts after tonight.

The draw against Stockport in September was one of many frustrating results we encountered in the first half of this season. It's hard not to look back and think at what might have been had we held on to winning positions in games against Stockport, Hayes, Bath, Cambridge and Lincoln.

The inconsistency of our results and performances were frustrating in the extreme and, I am delighted that we have begun to improve in these areas in the past month.

Five wins on the bounce is fantastic and the confidence of the players has steadily improved too and hopefully that is something you have seen too.

I feel as though I keep repeating myself, but that win at Tamworth before Christmas was a huge boost and I'm delighted we have built on that performance.

Tonight we go in search of a fifth straight league victory following Saturday's 2-0 win over Newport County. It wasn't pretty, it was spectacular but it was professional and deserved. I felt we controlled the game throughout even when they had 11 men on the pitch.

We scored two very good goals and played some good football at times but I still believe we can offer more but I guess, like all managers, I am hard man to please. It's only natural to want to do better and I truly believe that there is plenty more to come from us between now and the end of the season.

There are 19 games left to play and 57 points to play for. That's a hell of a lot of football to be played. A lot of people are asking me if we can catch Wrexham and Fleetwood. Of course we can, anything is possible. But we mustn't get carried away with winning four league games on the trot. Champions are consistent, grind out wins when they're not playing well and invariably, going on long winning runs.

We need to concentrate on ourselves. We have to rely on others to slip up and we need to make sure that if they do we keep winning to keep the pressure up.

I told the players after the win on Saturday to forget the result. We had won, forget it, move on. The next game is always important. We need to be in this mindset and just keep going. We can only affect what we can do.

Please get behind us once more this evening. Another 6,000 in the ground on Saturday was fantastic.

Keep the faith.

# FROM THE BOARDROOM

WITH ASSOCIATE DIRECTOR MIKE HERRICK

**Firstly, may we extend a warm welcome to all connected with Stockport County – players, supporters and directors alike.**

If there are any neutrals amongst the crowd today then we hope you will enjoy the game as well and that you'll be amazed with the standard of football served up in the fifth tier.

This evening's visitors have not found the transition to life in the Conference easy – who does, these days? – and an abundance of draws now sees them languishing just above the relegation zone.

One of those draws, of course, was in the fixture at Edgeley Park earlier this season when we were distraught to concede a last gasp, deflected equaliser. We aim to put that right tonight in the hope of continuing our recent run of form.

Whilst maybe not a vintage performance against Newport on Saturday we achieved three more points, another clean sheet, and a fourth straight league win. Job done.

It is a great pity that financial problems at various clubs continue to dominate the headlines – most particularly at Darlington and Kettering, though several others are finding times very difficult at present.

There are currently grave concerns that Darlington's fixture with Barrow last Saturday may signal the end of 128 years of history. At times like these, the match result itself is of little significance when set against the club's very survival. All genuine football fans can really sympathise with them.

Of course we know of these difficulties only too well ourselves. It is the principal reason that we as your board of directors have given our overriding focus to ensuring financial stability and sustainability.

Nothing else comes close to this – whether that be the new stadium, or even promotion itself, vital though both of these are.

Don't take this to mean, however, that we lack ambition. Far from it. We are genuine supporters ourselves, many of us going back more than 50 years, and we are completely committed to ensuring that we make the journey back into the Football League and beyond in good shape.

But we must temper outright ambition with reality. We have no right to gamble our future on your behalf chasing the dream.

Having said all that, even though we've already been able to spend over six figures in transfer fees so far this season, sensible funding is still available to further strengthen the squad in this transfer window without compromising our objectives.

Rest assured, we are giving our utmost backing to the push for promotion *this season*. But when we go up, we shall have done it in the right way – a way that will guarantee us a successful future – and the many messages of support and encouragement that we receive from our incredibly loyal supporters show us that you share this vision.

Yes – there will always be differing views on team selection and tactics but these must be set in the overall context. Just ask Darlington.

It is a crying shame, to put it at its mildest, that those in charge of our national game saw fit to create the Premier League, thus allowing the gulf between rich and poor to increase to the unimaginable extent that we see today.

If the trend continues and leads to the establishment of a 'European Super League', that will exacerbate matters still further and can only lead to the continued destruction of the fabric of the game.

Even the 'ordinary' Premier League clubs will then face ruin as they try and reach beyond their means to join those at the top table. Where will it leave the rest when there is effectively only one table left? Those governing the game, both nationally and internationally certainly have a lot to answer for.

The strength of football in this country always used to be based on strength in depth – strength that stretched down well beyond the top division.

It should have been obvious that a fairer distribution of wealth was needed to protect this depth in our national game. With the experience of their previous decisions, however, I'm afraid we won't be holding our breath while we wait for the FA to act.

All we at Luton Town can do is to do the right thing by our club, for our club and for all who belong to it. Let's all continue to take pride and give our support in whichever way we can. We know the staff and players greatly appreciate this and they *will* respond to it.

Bring me sunshine.

*Mike*

# PILKS

Another victory and another clean sheet on Saturday was excellent.

Consistency has been a major frustration for us this season so to chalk up our fifth straight win in all competitions and keep our fourth clean sheet in five matches meant a great deal.

Like most teams who visit Kenilworth Road, Newport came to frustrate us and, for the first half-an-hour, they did so. The sending off of Ryan Charles certainly changed the game and we managed to capitalise on our numerical advantage two minute later when Aaron O'Connor headed us into the lead.

We knew we would be in for a tough game. The match at their place was a real tough one where we had to grind out a late, late victory and on Saturday it was very similar. It was vital that we scored a goal before half-time because Newport will have wanted to have got to the break without conceding, giving them a chance to regroup in the second half. We kept our composure at the back and continued to play some good football and that led to our second goal that Danny Crow scored shortly after the hour mark.

I don't often look at the leading goalscorers charts but I did the other day and it's interesting to note that we don't have a single player in the top 20 in the Blue Square Bet Premier yet we are the third highest scorers in the division. That shows that we don't rely on just one player for our goals.

Everyone in our squad is capable of scoring goals and there is a real confidence about the place right now. There was a lot of disappointment after some of the draws this season. After the Lincoln game we were hugely deflated but since that set-back we have responded really positively.

The Newport win was the first time we had won four league games on the spin since the middle of last season which is pleasing. We know it's a sequence that needs to be extended this evening and beyond if we're to challenge for the top spot but all we can do is keep plugging away and hoping that one of the teams above us falters.

In our first season in this league we had to chase down Stevenage and Oxford and almost did so and last season we were faced by Crawley and AFC Wimbledon and again lost out. It's an over-used cliché but there is still a long way to go this season.

First and foremost we need to cement our place in the Play-Offs before starting to worry about anything else. Last season it took us a bit longer to confirm our position in the top five and the sooner we can do it this season the earlier we can concentrate on any tilt at the title.

You know, I know, my team-mates know and the management and directors know we are good enough to be successful this season. We are the first to admit that we hadn't been in the first half of the season. We've started to show it in recent weeks and we have to make sure we continue it between now and the end of April.

Stockport will present another tough challenge tonight. They are a team scraping at the wrong end of the table. It is a surprise to see them in the position that they are and given the names in their squad it's fair to say it's a false one.

We need to be patient once more, keep our concentration and take our chances when they come our way. If we can do that then we're more than confident of taking all three points and continuing our good run of form.

Enjoy the game.

Steve told Talk of the Town: "After supporting the Town for so long, it was something I'd always wanted to do. A couple of the lads are big fans of the show, so it was a way for me to say thank you for their support. I was unsure about which dishes to cook as I wanted everyone to enjoy it, but I was pleased with how everything turned out."

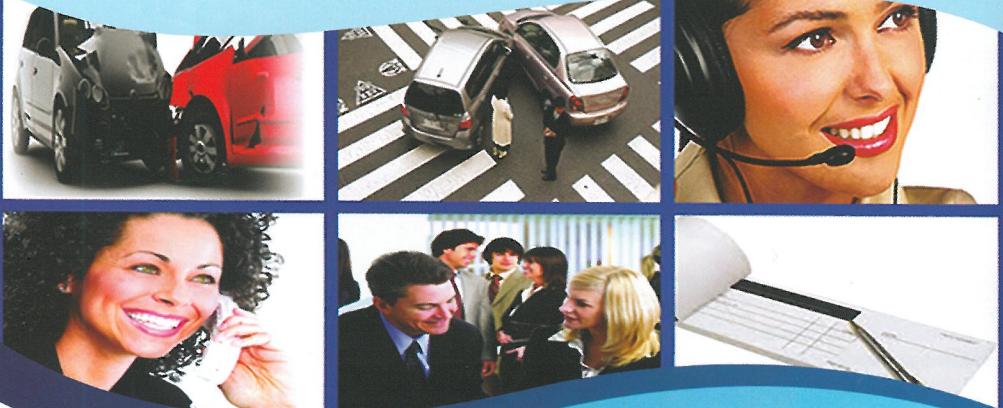

Club photographer Gareth Owen was on hand to take some pictures (and eat the left-overs!).

# WELCOME STOCKPORT COUNTY

When tonight's visitors unveiled new owners and a new manager in Champions League winner Didi Hamann there were high hopes at Edgeley Park of an instant return to the Football League following last season's relegation.

However, fast forward to January and the club that share our famous nickname find themselves anxiously looking over their shoulders with trap door to the Blue Square Bet North a few points away.

Gone is Hamann and back in the dugout is Jim Gannon for another spell in the County hotseat as the former fans' favourite as a player at Edgeley Park looks to stave off the threat of relegation.

This evening Gannon will attempt to lead his struggling side to just their second away victory of the campaign but more importantly will probably want to stop the rot of five successive away league defeats which included an humiliating 7-0 reverse against Grimsby.

Their only success away from Edgeley Park this term was a 2-0 win at Bath City on 18th October and Gannon's side will be looking to win at Kenilworth Road for only the second time in history. County last tasted success in Bedfordshire in September 1966.

The Hatters won the last meeting at Kenilworth Road in the 2004/05 League One winning season with goals from Chris Coyne, Steve Howard and a Kevin Nicholls penalty.

With the weight of history and statistics against them, the 'other' Hatters will be pleased to know that football isn't decided by pieces of paper and numbers. Gannon's side will take heart from a recent 3-2 win over Barrow on New Year's Day that saw them score a late winner to take all three points.

There is certainly enough quality in the ranks at Edgeley Park for Gannon's side to pull away from the relegation zone in the second half of the season.

Goalkeeper Matt Glennon and striker Martin Gritton have considerable experience at a higher level whilst young loanees Aaron Cole of Derby and Danny Rowe of Fleetwood have brought pace and a goal threat to County attack.

Their poor form this term has surprised many but, with a talented and hard-working group of players and a manager who has been there, done that and got the Stockport t-shirt already at Edgeley Park in the past, County have a good chance of avoiding a second successive relegation.

# THE VISITORS

## CLUB HISTORY

Established in 1883 as Heaton Norris Rovers, in 1890 the name was changed to Stockport County to reflect the town gaining County Borough status. After winning the Lancashire League in 1900, County gained admittance to the Football League.

After finishing in the bottom three in their first four seasons, County failed to gain re-election in 1904 and so spent a season in the Lancashire Combination; they won the League at the first time of asking and made an immediate return to the professional ranks. County have been proud Football League members ever since.

Joining the League meant the club soon outgrew their ground behind the Nursery Inn on Green Lane in Heaton Norris and, in 1902, they moved south of the River Mersey to Edgeley Park, then home of Stockport RLFC. County have played there ever since.

The club stayed in the Fourth Division doldrums until the turn of the 90s, when Uruguayan manager Danny Bergara turned the Hatters into regular top-of-the-table challengers. Promotion came in 1991, and was followed by four visits to Wembley in two years - twice in play-off finals, twice in the Football League Trophy. Unfortunately County lost on each occasion.

Following Bergara's departure in 1995, Dave Jones took charge and gave the club its most memorable season where they reached the semi-finals of the League Cup and won promotion as runners-up in the Second Division. After Jones' departure for Southampton, County consolidated in the First Division until relegation in 2002. What followed was a largely downward spiral back to the bottom division, twice finishing a season on just 26 points, and by Boxing Day 2005 County were well adrift at the bottom of the Football League.

In came former player Jim Gannon as manager, who led the team to a remarkable run of form and, with

an incredibly tense 0-0 draw on the final day against Carlisle, eventual safety. Success finally came in 2007/08. After finishing fourth, Gannon's side beat Wycombe in the semi-finals followed by a thrilling 3-2 win over neighbours Rochdale, finally ending the club's hoodoo at Wembley.

Unfortunately, the Hatters couldn't build on that success and went in to administration before the final game of the season at Brighton. In 2009/10 administration took its toll, and County finished on a new record low of 25 points and were relegated back to the bottom flight.

In the summer of 2010 the club was taken out of administration by a group of local business people, ensuring the club's survival. However, fortunes took a downturn on the pitch and the Hatters finished bottom of League Two, meaning that they would compete outside the Football League for the first time since 1905.

## MEET THE MANAGER

### Jim Gannon

Gannon has experienced County success as both a player and a manager. Having joined the Hatters in 1990, over the next decade he helped the side climb through the leagues, and even reach the League Cup semi-finals in 1996/97.

Leaving in 2000 for Crewe and then back to his native Ireland, he returned to Edgeley Park in December 2005 to take over as manager. County were adrift at the bottom of the Football League at the time, but Gannon turned the team around to be one of the form sides in the division, surviving on the final day of the season. Two years later they won promotion from League Two via the play-offs.

After being relieved of his position in the summer of 2009 when the club went into administration, he spent spells at Motherwell, Peterborough and Port Vale before returning to Edgeley Park in 2011.

# IN OPPOSITION

## GANNON LOOKING FOR IMPROVEMENT

After suffering another defeat on the road, Stockport manager Jim Gannon believes the only way tonight's visitors can improve is by adding to his squad.

Saturday's 2-0 defeat at Gateshead was a blow to the County chief after they had recorded a 3-2 win over Barrow on New Year's Day.

And Gannon, who took over from Didi Hamann in October, wants players to come that can influence games - something that was lacking in the Hatters' defeat on Tyneside at the weekend.

"I'll give the players positive feedback from this game," Gannon said on Saturday. "But the bottom line is no matter how much you work on the training ground, once you get out there the best laid plans go out of the window."

"But we'll stick with it and keep working in training but ultimately this team will only improve if we get better players in and players who have the ability to influence games."

"A lot of hard work needs to be done to get players out and to get players in. It's a lot of work but we do have some good players here."

"We saw a glimmer against Barrow that if we work hard and stick to the tactics we can achieve results."

"I need players who have an appetite for the game and that can influence games. But I'm learning who I can trust to do what I asked them to do."

"There were times on Saturday where people were losing possession and not doing what they were told to do. We aren't a good enough team to carry people, especially when we don't have possession."

Gannon was disappointed that his side could not build on the New Year's Day victory and was frustrated that his team could not take their chances against the promotion-chasing Heed.

"They had a couple of chances first half and we had some great chances," he said. "We went in 0-0 and we had a bit of wind with us and I told them to stay strong and to press them and for 15 minutes we made them look edgy and at that point we need to get at them."

"But the goal then changed everything and changed the mindset and mentality for our players for the rest of the game."

# IN TOWN

## ■ GOALKEEPER

### Matthew Glennon

Much travelled stopper who started as a trainee with Bolton Wanderers back in 1997. He was an unused substitute for a County for a few games in early 2000 whilst on loan but had to wait over 10 years to make his debut for the club he watched as a youngster. That County debut came when he signed for the club at the start of last season. Matty has past experience of Blue Square Premier football with the play off winning Carlisle United team of 2004/05. His other clubs include Bristol Rovers, Hull City, Falkirk, St Johnstone and Huddersfield Town.

## ■ DEFENDERS

### Andy Halls

Commanding defender who made his debut for County in 2009. He had joined County's Centre of Excellence five years earlier and broke into the youth team whilst still a schoolboy. After breaking into the youth team his performances saw the first year trainee rewarded with a full professional contract and his games per season have increased each season since then.

### Carl Piergianni

A product of Peterborough United's youth system, Carl was given a professional contract at London Road after he was named Under-18 Player of the Season. He spent part of 2009/10 on loan at United Counties League side Spalding Town, and made his senior Posh debut against Rochdale in December 2010. Later that month he joined Altrincham on loan, featuring regularly at the back for the Moss Lane club. He left Peterborough for County in August 2011.

### Euan Holden

Though born in Scotland, Euan moved to the United States in his youth. In 2010 he turned down an offer from MLS side Houston Dynamo to move to Denmark with Velje BK. The following summer he had trials with a number of English clubs, but stayed in Denmark and joined FC Hjorring. He impressed Dietmar Hamann in the summer of 2011, signing for his Hatters side in July.

### Daniel O'Donnell

Defender who signed for County for the 2011/12 season having ended last season at Edgeley Park on a short contract. Started at Liverpool after being spotted in amateur football and captained their Under-18 team. A season long loan at Crewe Alexandra followed in 2006/07 which then became a permanent move. When released by the Gresty Road club a trial at Shrewsbury Town led to a six-month contract. Danny only played a handful of games during that contract and was released at the end of the year when he joined County. He played seven consecutive games before an ankle injury put him out for the rest of the season but County had seen enough to offer him a contract for 2011/12.

### Daniel Rowe

Wing-back who had been on the books of Manchester City and Bolton Wanderers as a youngster but switched to County when not offered a trainee contract. Following some excellent reserve team performances, Danny was brought back into the first team by Ray Mathias during the unbeaten home run-in last term.

## ■ MIDFIELDERS

### Ryan McCann

Scottish midfielder who came through the ranks at Celtic, having been part of Willie McStay's youth team at Parkhead. He made one appearance for the Bhoys, starting in a 2-0 win over Dundee United in 2000. After a year in England with Hartlepool, Ryan moved to St Johnstone where he had previously spent time on loan. This was followed by spells at Clyde, Bohemians (of Ireland), Queen of the South, Morecambe, Airdrie and Ayr. During his time at Queen of the South was notable for scoring from 84 yards in a cup tie against Dundee, a world record for an outfield player.

### Sam Sheridan

Though born in Trafford, Sheridan has represented Ireland at Under-19 level. Sam came through the ranks at Bolton Wanderers, playing for the Trotters' youth and reserve teams before leaving to join County in the summer of 2011. Although he played as a striker in his youth, now his main position is central midfield.

### Ryan Fraughan

Young midfielder who came through the schoolboy and youth ranks at Tranmere and has made around 20 appearances for Rovers. Ryan was released by Tranmere at the end of last season and he signed for County in July after a trial period.

## ■ STRIKERS

### Martin Gritten

Experienced frontman signed in the summer who began his career as a youngster at Plymouth. Later moves have seen Martin on the books of Torquay United, Grimsby Town, Lincoln City, Macclesfield Town, Chesterfield and Yeovil Town. He was at Yeovil towards the end of last season following a brief spell at Chester.

### Danny Rowe

Teenage forward who signed on a one-month loan from Fleetwood Town last week. The 19-year-old scored 12 goals whilst on-loan at Droylsden in the Blue Square Bet North this season, netting seven of those in November which saw him earn the player of the month award.

### Tom Elliott

Striker who came through the youth ranks at hometown club Leeds, making his debut for the Whites aged 16 in 2007. Loan spells at Bury and Rotherham followed before he made a permanent move to Hamilton Academical in 2010. After a successful pre-season with County he was signed by Didi Hamann last summer.

FOOTBALL HISTORIAN LEIGH EDWARDS LOOKS AT STOCKPORT'S LEADING LIGHTS

## □ CLASSIC CAMPAIGN

### 1996/97

Stockport won promotion and were League Cup semi-finalists in 1996/97. Brett Angell returned from Sunderland, while other newcomers included Paul Jones from Wolves and Andy Mutch from Swindon. After failing to win any of their first six games, Stockport soared into the promotion frame with just two defeats in 20 matches. Dave Jones' side beat Chesterfield 4-2, Sheffield United 7-3, Blackburn 1-0, West Ham 2-1 and Southampton 2-1 before losing 2-1 to Middlesbrough in the semi-finals. Deadline signings Kevin Cooper and Ken Charlery helped clinch promotion with a 1-0 win at Chesterfield. The Hatters finished the season in third place and were denied automatic promotion by second-placed County.

## □ MANAGING TO SUCCEED

### Dave Jones

Dave Jones managed Stockport to promotion and to the League Cup semi-finals in 1996/97. A former defender with Everton, Coventry and Preston, he was assistant-boss at Southport, Mossley and Morecambe before becoming Stockport's youth coach in 1990. He worked his way up the ranks to manager in 1995 and remained in charge at Edgeley Park until leaving in 1997 to manage Southampton. Given a year's leave of absence in 2000 to concentrate on his defence in a court case, he became manager of Wolves in 2001 and plotted promotion in 2002/03. He then managed Cardiff City for six years.

## □ FAB FOUR

### Jack Connor

Centre-forward Jack Connor holds County's goalscoring record. He had spells with Albion Rovers and Ipswich Town prior to joining Carlisle United in 1946, then moved via Ards to Rochdale in 1948. Joining Bradford City in April 1951, he moved to Stockport in October 1951 and was top scorer in five successive seasons. He netted 132 goals in 206 League games while at Edgeley Park, joining Crewe Alexandra

in 1956, then playing for Runcorn. Later steward at Reddish Conservative Club, he was Pools Promoter at Stockport and Rochdale and died locally in 1998.

### Kevin Francis

Giant striker Kevin Francis was top scorer as Stockport County reached the Second Division Play-Offs in two consecutive seasons. He impressed with Mile Oak Rovers before moving to Derby County in 1989 and joined Stockport in 1991. Helping clinch promotion that season, he also appeared in two League Trophy finals and netted 88 goals in 152 League games prior to joining Birmingham City for £800,000 in 1995. He featured in their Second Division title and League Trophy double triumph, then played for Oxford United, Stockport again, Exeter City, Hull City and Hednesford Town.

### Paul Jones

Welsh international goalkeeper Paul Jones was ever-present in County's 1996/97 promotion success. A former Shrewsbury Town junior, he moved via Bridgnorth to Kidderminster Harriers in 1986 and was ever-present as they reached the Welsh Cup final in 1989 and were FA Trophy finalists in 1991. He joined Wolves in 1991 and moved to Stockport in 1998, also starring as they reached the League Cup semi-finals in 1996/97. He played 46 League games at Edgeley Park before following Dave Jones to Southampton in 1997, he later appeared for Liverpool, Wolves again and QPR.

### Chris Marsden

Fiery midfielder Chris Marsden was an important figure as Stockport County won promotion and were League Cup semi-finalists in 1996/97. Signing professional for Sheffield United in 1987, he moved to Huddersfield Town in 1988 and had loan spells at Wolves and Notts County prior to joining Stockport in 1996. He scored three times in 65 League games while at Edgeley Park before joining Birmingham City in 1997, then reunited with Dave Jones at Southampton in 1999 and captained Saints in the 2003 FA Cup final. After a spell with Puscan Icons, he joined Sheffield Wednesday.

## TOWN 2-0 NEWPORT STRAIGHTFORWARD VICTORY

Pleased with a professional performance and a 2-0 victory over Newport County, Town boss Gary Brabin still believes his side have room for improvement.

Aaron O'Connor and Danny Crow scored the Hatters goals either side of half-time after the visitors were reduced to 10 men.

The victory was the Town's fourth in succession in the Blue Square Bet Premier and the manager was satisfied with his team's display against struggling County.

"The consistency is getting there and it's nice to continue this winning streak but I've told the lads it's gone now, this game is gone and we move on," Brabin said afterwards.

"I told the players we can't lower our standards. We've got a bit of form and a bit of consistency but I think there's room for improvement.

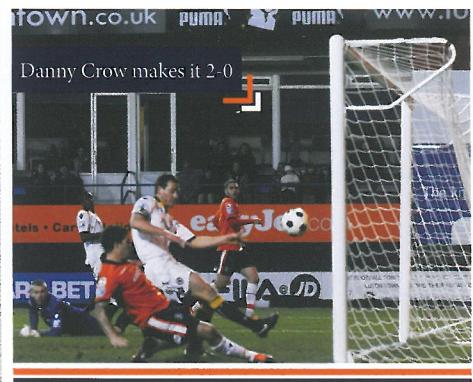

"We've got to concentrate on ourselves - we know we have to rely on others. We can only do what we can do at the moment and we've got to continue doing it."

The Town came into the game off the back of two successive 5-0 victories over Kettering but struggled in the opening half-an-hour to test the visiting goalkeeper Glyn Thompson.

And it wasn't until the sending off for former Hatters striker Ryan Charles that the Town took full control - when O'Connor netted the opener two minutes later.

"After two 5-0 wins I knew today would be completely different," Brabin said.

"Teams come here and make it hard for us - it's a big game for any team that comes to Kenilworth Road but

at the end of the day it is 11 human beings out there against 11 of our human beings.

"I was expecting a tough game and that's what we got and it was a real, good, professional performance.

"I thought we had control of the game without hurting them. The sending off didn't change their game plan much but I always thought we were comfortable and that we would win the game after the first goal."

The Town boss was forced into three substitutions after George Pilkington, Dan Gleeson and Danny Crow sustained injuries.

Brabin, however, could not give any prognosis on the trio.

"We're not sure yet," he said. "We need to have a look at them over the next 24-48 hours."

"We've had to swap personnel around today but we'll assess everything Monday and prepare for what's another big game."

# DANNY'S DELIGHT

AFTER ANOTHER GOAL ON SATURDAY, STRIKER DANNY CROW IS ENJOYING HIS FOOTBALL

Eight goals in 15 starts is a good return in anyone's book and Danny Crow is hoping for more in a bid to fire the Town to promotion this season.

Crow's goal in the win over Newport County put the Hatters 2-0 up against Justin Edinburgh's side which further cemented their place in the Blue Square Bet Premier play-off places.

But the striker, whose goal was his fourth goal in as many games, would happily swap his goal ratio for a continued run of results for the Hatters.

"Four wins on the spin is very good – it's nice to have a winning feeling but we've got to go and win another four," the 25-year-old said after Saturday's victory.

"We didn't play very well today but we got two goals ahead and, against 10 men, we took our foot off the gas a little bit but at the end of the day, a win's a win.

"In the back of our minds we have the horrible feeling of how we felt after the Lincoln game when we drew 1-1. We knew after yet another draw that we had to improve and since then we've won five games in all competitions."

But it's not just those disappointments that have spurred the Town on to record their first four-match winning streak in 12 months.

"When we were getting all these draws the manager analysed things and pointed out that we just weren't working hard enough as a team," Crow explained.

"We're now working much harder, getting fitter and the only disappointment on Saturday was that we didn't think we played too well but it wasn't easy because Newport are scrapping at the bottom of the table, but we'll take it."

Crow's goal came in the 66th minute against the Exiles and turned out to be the clincher and, despite crashing into the post after converting the goal, he was happy with another goal.

"Adam Watkins played in Greg Taylor down the left and he shot the ball across goal and I thought I'd try to get on the end of it," he said.

Crow goes for goal in Saturday's 2-0 win

"I hit the post afterwards but I was still pleased and I was happy that we've won again.

"At the start of the season I thought to myself it would be good to 15 goals and kick on from there and that's eight now from 15 starts which is nice.

"I'd take a goal every three or four games as long as we keep winning and the main thing is now that that we try and catch Fleetwood and Wrexham.

"We'd made a bit of ground on them because they didn't play Saturday but there's still a long way to go – there's a lot of points up for grabs and as we know there aren't many easy fixtures in this league.

"Newport made it hard for us, even with 10 men. Wrexham and Fleetwood are due a dip in form and our aim is to catch them."

Crow found himself restored to the line-up for Saturday's win having missed the New Year's Day win over Kettering through illness.

And given the striking options available, Crow was pleased to reward his manager for keeping the faith with him.

"It's nice and it does a lot for confidence," he said. "I've been working hard and against Newport it wasn't easy – they have two big centre halves but that's the case whoever you play against. It's tough playing down the middle but as a front three, Jake is clever and Aaron is explosive so we've got a lot of different threats to pose the opposition.

"And with Stuart Fleetwood and Robbie Willmott on the bench we've got a lot of options which is great for competition."

# LEAGUE ROUND-UP

## ■ COOPER IN AT KETTERING

Mark Stimson has left Kettering Town and Mark Cooper has taken caretaker charge until the end of the season.

Stimson took over at Nene Park in September but the Poppies were put under a transfer embargo and transfer-listed their entire squad in November.

The 44-year-old has only been able to name two substitutes on a regular basis since the embargo.

Former Darlington boss Cooper managed the Poppies between 2007 and 2009.

A club statement read: "On behalf of the players, supporters and staff we thank Mark for his efforts during a very difficult period and wish him the very best for the future."

Former Stevenage, Gillingham and Barnet manager Stimson took over from Morell Maisom before the crisis that has put the club's existence in doubt became fully apparent.

He transfer listed 11 players and admitted he was shocked by the poor fitness of the squad he had inherited within weeks of arriving.

A month later, the club's financial situation became known and he lost several of his squad in the final week of the transfer loan window and had to look to the Poppies' youth team to supplement his squad.

## ■ DARLINGTON IN ADMINISTRATION

Darlington were placed in administration for the third time in nine years last week. The Quakers have been handed an automatic and immediate 10-point deduction by the Football Conference, which will see the club drop to 16th.

"Every day is critical if the club is to survive," Harvey Madden, joint administrator, said.

"The position of the club is such that without any financial support from outside the club, or anyone willing to acquire the club, I will, unfortunately, have little alternative but to cease to trade in a very short time."

"I am currently exploring all options to try and find a way to enable the football club to remain in existence."

## ■ AWARDS FOR KIDDY DUO

Kidderminster Harriers manager Steve Burr and striker Jamille Matt have been named the Blue Square Bet Premier Manager and Player of the Month respectively for December.

Three wins from three matches in the league and progress to the next round of the FA Trophy sealed a great month for Burr and his team. A maximum haul of nine points keeps them right in the race for a 'top 5' finish in the table and a spot in the play-offs.

Burr's side are unbeaten in the league since late October and started their December fixtures with a 4-1 home win over Bath City.

Then an impressive 3-2 win at promotion rivals York City was consolidated with a hard-fought 1-0 win over Forest Green Rovers on Boxing Day. Kidderminster went through to the second round of the FA Trophy with a win over Vauxhall Motors in a replay at Aggborough after a thrilling 4-4 draw on Merseyside.

Young forward Matt has caught the eye of Football League clubs this season and has increased that attention with a fantastic December for his side.

Matt has scored five goals in five appearances including a brace against Bath City in a 4-1 home win. He also scored Kidderminster's third goal at York City in a 3-2 win over their promotion rivals - a fantastic solo effort in front of the TV cameras.

# CHANGING PLACES

JAKE HOWELLS IS RELISHING HIS NEW FORWARD ROLE

Whisper it quietly but Jake Howells is a man on form. With two goals in his last three games and an assist in Saturday's 2-0 win over Newport County the Hatters youngster is relishing playing in a forward role under Gary Brabin.

The 20-year-old left-footer has been utilised as wide attacker in a 4-3-3 formation, often swapping flanks with whoever is picked on the right flank.

And Howells, who goes into tonight's game looking for his sixth goal of the season, is enjoying his newfound freedom in attack.

"The gaffer has put me up front and I've scored two and set one up against Newport, so it seems to be working well," the Wales Under-21 international said.

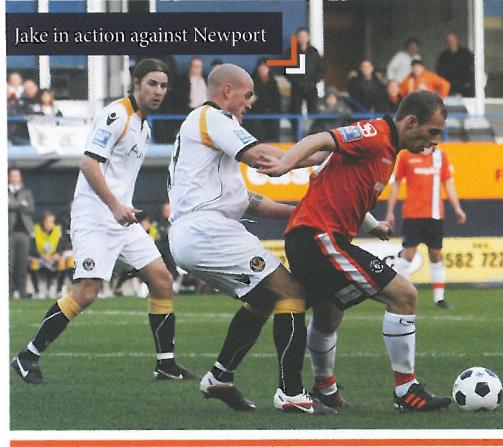

"I've played in that position for England C, here at Kenilworth Road in fact, and the manager asked me after training last month and I said 'why not?' and ever since I've really enjoyed it.

"It gives me the freedom higher up the pitch and enables me to be involved more. I don't mind where I play as I enjoy playing anywhere."

After back-to-back 5-0 wins over Kettering in which Howells scored twice, the youngster knew it would be a different challenge against County.

"All teams come here and make it tough for us," he said. "Newport did well but that's the case with most teams that visit Kenilworth Road. It's not always easy but once we got the goal I thought we controlled the game and while it wasn't as impressive as the Kettering wins it was still an important result."

The game changed when ex-Hatter Ryan Charles saw red for a two-footed challenge on Dan Gleeson.

was no need for him to do it," he said. "It was two feet off the floor but that's football and luckily we took advantage of it."

Indeed the Town did, scoring two minutes later when Howells' right-wing corner was headed home by Aaron O'Connor.

"It was a great header, he made his run from the back post – it was a great touch and set us up nicely for the rest of the game.

"The manager has been telling us to press higher up the pitch and it's seen us create more chances. Teams can't deal with us pressing that far up the pitch and we know we're good enough in the final third to break anyone down."

"There's still a long way to go but if we know if we keep winning we can still nick top spot if other teams slip up."

# THE PAST

WITH CLUB HISTORIAN ROGER WASH

Steve Howard nets one of three goals in the 5-0 rout of Colchester at Layer Road in April 2003

After winning promotion from Division Three (now League Two) in 2002 the Town took some time to adjust to their higher status. The first four games were lost, with the doom merchants out in force, but by Christmas we were up to sixth spot with supporters now talking about back-to-back promotions!

Sadly, the Town were wildly inconsistent over the second half of that campaign with good performances setting the hopes up one week only

for an abject display the next week sending everyone back to the depths of despair. By Easter it was clear that, although the Town would finish in a creditable top 10 position, the play-offs were out of reach.

The trip to Layer Road, Colchester on Easter Monday was therefore seen as a typical end of season affair with nothing at stake for either side and the crowd of 3,967 reflected this.

Colchester had gone on an eight-game unbeaten run which had propelled them up to the top half of the

table but by the interval they had been submerged under an avalanche of goals with home goalkeeper Richard McKinney largely to blame.

Big striker Steve Howard scored the first on 14 minutes, sliding in a Peter Holmes cross before McKinney fumbled a Howard cross leaving long term absentee Carl Griffiths to net his first goal for the Town since September 2001.

McKinney then pulled down Howard in the area, after dropping a Sol Davis free-kick, leaving Kevin

Nicholls to score from the spot before Howard made it 4-0 at the interval with a simple far post header.

The Hatters took their foot off the gas in the second period but Colchester could not find a way past teenage goalkeeper Rob Beckwith, making only his second League appearance for the club.

The scoring was completed by Howard, with his hat-trick goal, in the final minute when he latched on to a through ball from Nicholls before rounding McKinney to stroke home.

# THE CAMERA NEVER LIES

BY CLUB HISTORIAN ROGER WASH

Ron Baynham had fractured his skull the season before and the Town soon went into the transfer market and brought the very capable Arsenal goalkeeper Jim Standen to Kenilworth Road.

As such, when he was fully fit again, Baynham found himself sharing the goalkeeping duties with Standen and for large chunks of the 1961/62 campaign found himself kicking his heels in the stands.

During a testimonial game, Baynham had the chance to back up his claims that he was the best header of

the ball at the club and promptly fired in a hat-trick! Mindful of this the Town decided to give Baynham a chance at number 9 in the Easter Monday game with Orient.

Sadly, the difference between playing in a testimonial game and the much higher tempo of a Division Two

The strange sight of England international goalkeeper Ron Baynham playing up-front for the Town in a home clash with Leyton Orient in April 1962

(now Championship) contest was soon evident. The Town went down 3-1 to the promotion chasing O's and the experiment was not repeated.

The story has a happy ending though as Baynham was virtually ever present between the sticks the following season.

# THE EARLY YEARS

BY CLUB HISTORIAN ROGER WASH

Brian Lewis goes close with a diving header during the 4-1 home victory against County in April 1969

**When we won the championship of the old Division Three (South) in 1937, Stockport were champions of the Northern section at the same time and, by coincidence, the two sides clashed at Edgeley Park on the opening day of the following season.**

Despite the absence of '10-goal' Joe Payne, who was taken ill on the journey north, we took the lead through Albert Dawes but could not hold on with Stockport netting twice, the winner coming four minutes from time.

By the time of the return, on New Year's Day 1938, Stockport were struggling at the wrong end of the table but they made a nonsense of their league position when going in at the interval 4-3 ahead. Fortunately, the Town proved the stronger side in the second half with goals from George Stephenson, Charlie Ferguson and Jack Vinall sealing an unlikely 6-4 victory.

Stockport were relegated at the end of that season and it was not until 1965 that the two sides clashed

again, this time in Division Four. We travelled to Edgeley Park only days after our shock home FA Cup defeat at the hands of Corby and were then thrashed 4-1 by a rampant Stockport side which included future Luton star Keith Allen who bagged a hat-trick.

When the return game came around the following May we had managed to overcome our mid-season slump and were challenging for promotion. Bruce Rioch scored after only six minutes to put us ahead, but we had to suffer several anxious moments after full-back Fred Jardine went off with an ankle injury, which meant we lost our shape for a while.

Heroics from goalkeeper Tony Read, playing his first game between the sticks for the Town after scoring 12 goals as an inside-forward earlier in the campaign, kept us in the game, before John O'Rourke was brought down in the box on the hour with Ray Whittaker netting from the spot.

In the following season, the worst in our history at that point, we went down twice to a County side that walked away with the championship. County had

recruited what many critics thought were old men (including Matt Woods from the Town) to mount a promotion bid, but they gelled brilliantly as we were to find out.

County had won four games on the trot when we came up against them at Kenilworth Road early in the season and it was men against boys as the visitors ran out easy 3-0 winners with veteran Frank Lord scoring twice.

In the return we went down 1-0, but in truth only the woodwork and a brilliant display from trialist goalkeeper Ron Swan kept the score down.

It was to be only two seasons before we met again, following our promotion to the old Division Three, and when the sides clashed at Edgeley Park in November 1968 we were going through a spell of being invincible at home but returning pointless from our travels.

A crowd of 13,246 gathered at Edgeley Park, not to watch the Town but to welcome new signing from Everton, Alex Young, the 'Golden Vision'. The Town were forced on the defensive throughout, but any hopes of stealing a point were dashed when Fred Goodwin let fly from 25 yards just after half-time with Bill Atkins heading a second towards the end.

Bruce Rioch powers his way through the County defence in April 1969. This was Rioch's penultimate game for the Town

The return was played just before the end of the season when we were desperately clinging to hopes of promotion. Stockport's early season promise had by then evaporated.

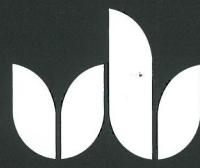

We scored twice in a minute early on through Brian Lewis and Rioch and were cruising to victory when Stockport were awarded a controversial penalty on the hour.

John Moore caught the ball in the area after hearing a whistle, which turned out to come from someone in the crowd! Young scored from the resultant spot-kick.

Fired by this injustice the Town players rolled up their sleeves and two more goals from Lewis confirmed an emphatic victory.

The final pair of games for many years took place in 1969/70 in a season that saw the Town promoted and County move back to Division Four. Neither game set the pulses racing with Chris Nicholl and Malcolm Macdonald netting during a lacklustre home win while a Matt Tees effort was enough to earn a point in the return.

It was to be 26 years before the sides met again but that is another story!

# TAYLOR MADE

## LEFT-BACK'S DELIGHT AT BREAKING DUCK

If Greg Taylor had come off the pitch on New Year's Day without scoring you could forgive him for being slightly annoyed with himself.

The 21-year-old defender, who signed a permanent contract last week to tie him to Kenilworth Road until 2013, twice came close to scoring his first goal for the Hatters in the Boxing Day win over Kettering before striking the post in the first half in the second meeting with the Poppies.

His raids from left-back were an eye-catching feature of both of the Hatters' 5-0 wins over the Northamptonshire side and it was with relief that Taylor saw the net bulge when his searing shot in the 72nd minute beat Laurie Walker in the hosts' goal.

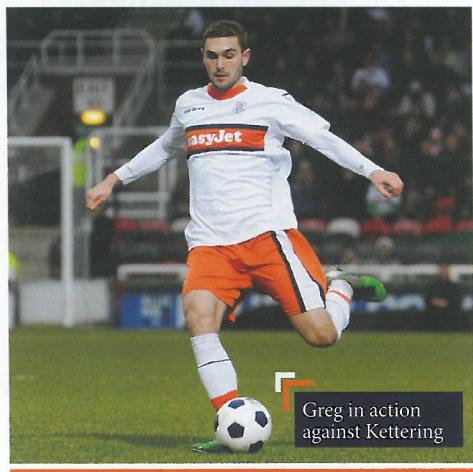

"I tried to hit it as hard as possible!" the former Darlington man joked afterwards. "It's been coming, I've had a few chances and I should have scored earlier. I hit the post and I thought it was going to be one of them games when I wasn't going to get my goal."

"It was a very good feeling to get my first goal, especially in front of the away end. I did say when I joined that the fanbase was massive. I tend not to get my first goal for a club for quite a little while but I'm lucky to get off the mark. The main thing is the win but obviously it's nice to get on the scoresheet."

It was quite a dramatic 90 minutes for Taylor. He was on the receiving end of a challenge in the first half at Nene Park that led to the dismissal of Phil Iffl moments before the break.

And the defender agreed with the referee's decision to send-off the Poppies' right-back.

"It was quite high and he did catch me so I think it's the fairest decision," he said. "I didn't know too much about it. I've just turned round and kicked the ball away and he's come straight through me. There

Greg in action  
against Kettering

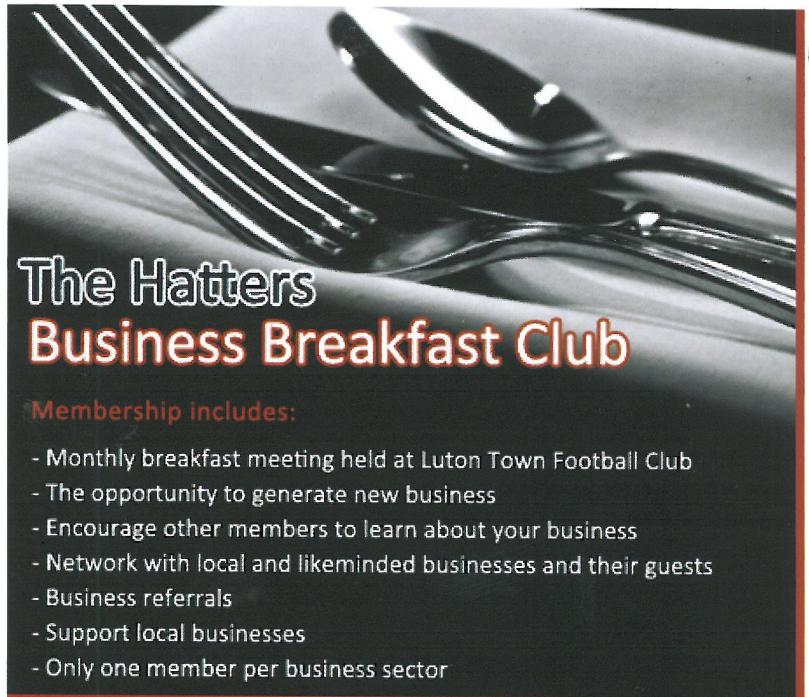

wasn't a lot I could have done about it, but the ref thought it was a red card."

The two 5-0 victories have swept the Hatters into the third place in the table and all eyes are now on attempting to catch the top two in a bid for automatic promotion.

With two successive home games Taylor is hoping the Town can continue their fine run of form at Kenilworth Road today and then against Stockport on Tuesday.

"I don't see why we can't," Taylor said. "They are both winnable games, but you try and focus on the one coming up. "We've just got to apply ourselves again and get the same result. We can just keep chipping away at the top two but we can only do what we can do. If we can keep winning you never know they might slip up."

"All we can do is focus on us and get our act in order and you never know what can happen."

## COACH'S COMMENTS

"I think everyone agreed that the draw was a fair result while either side could have nicked themselves a win. I think we'll see quite a few games now where both sides play younger teams and we've shown today that we can be competitive in these types of games - the bigger tests come against the teams that keep their older boys in. It's great to have Jemale McKenzie back with us and playing for Luton Town again and he will be a massive gain once we get him fit. The pick of the bunch for me was Arel Amu who improves with every game for us."

## UNDER-13S COME CLOSE IN HEIDEN

The team pose for their photograph

**The Town's Under-13s shone in an indoor tournament held in Heiden, Germany over the weekend. Taking part in the Under-13 Euro-Cup, they became the first English side to ever qualify for the quarter-finals.**

The tour began on Friday with an early morning flight to Dortmund, before the short transfer to Heiden. Upon arrival the team played a friendly game on astroturf against the host club, which ended in a comprehensive win for the young Hatters. More importantly it was a chance to work on the basics needed to thrive in the indoor environment.

Indoor tournaments are so important for a young player's development, and it is no coincidence that they are so popular throughout Europe where the importance of technical ability is stressed. The format asks players to retain possession in tight areas and on a quick surface, as well as being able to receive the ball under pressure.

Crucially, they also highlight the need for defensive responsibility all over the pitch due to the speed of transitions. The events ask players to perform in front

of a large, vociferous crowd, and teach them how to win a game. Finally, they give our staff a chance to spend quality time with our young players, looking at their social and eating habits when away from their home.

The tournament kicked off early on Saturday morning, but with our first game not until mid-afternoon, it gave us a chance to watch some of the Bundesliga clubs in action, as well as another light training session in preparation. We were also able to work on penalties, as we knew that there would always be a chance that a drawn knock-out game may lead to this.

The first game was against Bundesliga second division side DSC Arminia Bielefeld, and we started really slowly gifting the opposition a goal from overplaying in a tight area. Although we improved throughout the game we weren't able to do enough to equalise. Our Under-10 coach Andy Elderton who was accompanying us on the trip was statistically analysing the games looking at our pass completion rate, and his feedback confirmed our thoughts that we hadn't retained the ball anywhere near our target rate of 70 per cent.

At the opening ceremony

Our next game showed an improvement, and despite a spirited performance from Dutch opponents Neptunia, we ran out 3-0 winners. This was followed by a remarkable game versus Aachen. After taking an early lead, we were guilty of switching off at set-pieces and soon fell behind. We then were able to step-up the tempo and produced some exhilarating one and two touch football to secure a narrow 3-2 victory.

Next up was another Bundesliga second division team St Pauli, and we passed the ball with real quality to win 2-0. Our passing statistics were now much more favourable now the boys were playing "simple, early and quick". It meant a victory against Bundesliga giants Hannover 96 meant that we would be guaranteed a place in the next day's quarter-finals. Having watched the opposition's diamond shape, the focus was on quick diagonal passes to isolate the solitary defender. It was great to see the boys earn a standing ovation for their performance, and also for their ability to carry out the game plan to perfection!

The day finished late into the evening against another Bundesliga giant Werder Bremen, and we controlled the game from beginning to end to comfortably win 2-0. This meant we were able to join some of Germany's biggest club's in the knock out stages, and became the first English club in the tournament's 12-year history to reach this stage.

The performances on the first day and the mood in the camp was very reminiscent of when our current Under-14s won the Aarau Masters in Switzerland three years ago, but the dividing line between success and failure is very thin at this level! Unfortunately the second day of the event we fell on the wrong side of this line to eventually finish a very respectful eighth out of the 24 competing teams.

In the quarter-finals, the opposition slowed the game down and we tried to match them at this pace rather than playing the style of football that had got us success on the first day. We still did enough to win the game, but an individual error cost us and we lost 1-0.

This meant we had to play-off for places 5-8 and against Wolfsburg we dominated the game, but again lost 1-0. Our final game of the tournament was against our previous opponents Werder Bremen and after racing into a two goal lead we looked certain to win the game. Our German opposition never gave up though and clawed back a late equaliser to send the game to penalties.

Our penalty practice the previous day worked to perfection for our goalkeeper Sam who saved four of the seven penalties he faced. Unfortunately it wasn't as successful for our outfield players who missed five of their seven penalties!

The boys were upset and disappointed with their finish, but should take credit for their progress and most importantly they have learnt so much from the weekend.

Equally, as coaches, we have learnt a lot about them which we will be able to build into their training programme going forwards.

# IN THE COMMUNITY

## THE FOOTBALL CONFERENCE COMMUNITY CLUB DEVELOPMENT FUND SUPPORTED BY THE PREMIER LEAGUE AND THE PROFESSIONAL FOOTBALLERS' ASSOCIATION AND SPONSORED BY easyJet

# easyJet

This season we have successfully launched our Schools Visit Project which aims to provide free curriculum time football coaching and PE lessons to all primary schools within Luton, Bedfordshire and North Hertfordshire

The Football Conference Community Club Development Fund was launched last year for member Clubs of the Blue Square Bet Premier and Blue Square Bet North and South and involves both the Premier League and Professional Footballers' Association committing up to £400,000 each for the next three years and is designed to encourage member clubs to develop their work in their local communities.

The club's Community Department have already contacted almost 100 schools in our catchment area since the start of this school year with the offer of

free coaching and already almost 40 schools are now receiving visits from our coaching staff.

Our Football Development Officer, James Hatch, who runs the schools visit project on behalf of the Community Trust told Talk of the Town: "We have already had a great response from local schools who have asked us to come in and help.

"The funding from the Football Conference and Easyjet is great because for the first time in quite a while we can now get all of our local schools involved with the Club at no cost to them.

"So far this season we have provided almost 600 hours of coaching and are well on target to provide 2,000 free hours of coaching to local schools throughout the season."

For any schools looking to be involved in the project you can contact James Hatch at the Club on 01582 583618 or via email on [james.luton@live.co.uk](mailto:james.luton@live.co.uk).

# LUTON LADIES

The Hatters Ladies resumed their season after the Christmas break with the short trip to West London to play Old Actonians.

The lack of sharpness certainly showed early on as Luton struggled to impose their game plan on the home side and were shaken from their malaise after a free kick was blocked and the rebound was blasted high into the net from 20 yards.

The Town struggled to keep possession and were constantly caught by the hosts' offside trap but that changed after 29 minutes when Nicola Henman picked the ball up on the half way line and carried the ball past the defence before finishing with a sublime chip into the top corner of the net over the advancing goalkeeper.

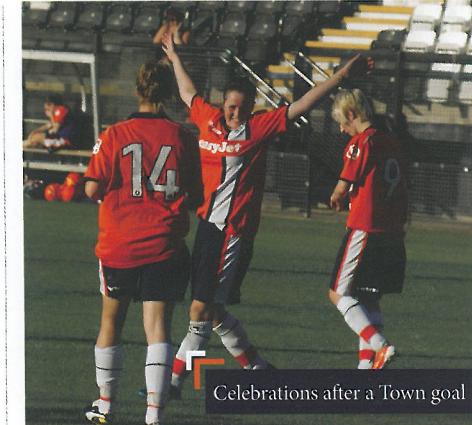

Level at half-time, the Town made a tactical change moving skipper Michelle Byrne to the right flank and that paid dividends as Luton ran away with the game.

Jess McKay gave Luton the lead with a neat finish clipping the ball over the diving goalkeeper and scored an almost identical third five minutes later.

The Hatters were now well in control and were unlucky not to extend their lead on several occasions with Lydia Radley, Jodie Whitford-Stark and McKay all going close.

After 75 minutes McKay picked out Byrne on the far post and she rose to head the ball home and make it 4-1.

When the hosts were awarded a corner the Actonians goalkeeper made her way upfield only for Town keeper Reynolds to catch the corner and distribute the ball to Radley. At that stage Radley had plenty to do and did well to hold the ball before beating her player and threading the ball into the empty net from 25 yards.

Celebrations after a Town goal

There was still time for a sixth when Byrne beat the offside trap to drive her shot low into the far corner of the net.

Assistant Manager Nikki Baker told Talk of the Town: "It was a relief to start playing again and we were very slow out of the blocks but once we were able to raise the tempo with some consistency there was only going to be one winner and scoring five without reply in the second half is testimony to that."

Meanwhile the reserves returned to winning ways defeating Fulham's first team 4-2. The visitors took an early lead but were soon pegged back when Rachel Kosky equalised. Maddie Warbey was then tripped in the area and Millie Glean stepped up to confidently convert the resultant penalty.

Laura Day then earned the Town a free kick 25 yards out which was superbly despatched by dead ball specialist Glean to give Town a 3-1 lead. Fulham got themselves back into the game soon after but Day clinched a 4-2 win to lift the Town up two places.

The first match came in 1920 in an FA Cup first round tie against Coventry City. Tom Parker and George Dodd scored in a 2-2 draw. The Town progressed by winning the replay 1-0 courtesy of a goal from Sid Hoar.

It was 11 years later before the Hatters were to play host again in 1931, with Norwich City the visitors for a Division Three (South) match. George McNestry scored the only goal of the game, and it was the first in a run that saw him score nine goals in six consecutive games.

**6**

The most goals scored by Luton in these fixtures came when Blackburn Rovers were beaten 6-1 in a FA Cup third round tie in 1953. Jesse Pye had netted a hat-trick against Rovers, in a 6-0 league win, in November 1952 and he repeated this feat in the Cup tie. Bernard Moore also scored one goal in both games, whilst Arthur Taylor netted a brace to secure the Hatters' passage to round four.

**9**

On this day in 1959 was the first of nine FA Cup ties to be played that season, and the start of Luton's progression through to a Wembley final. On this day it was a third round tie against Leeds United that the Hatters won 5-1, courtesy of a brace from both Billy

Bob Morton: scored on this day in 1959

Bingham and Tony Gregory. Bob Morton also netted as Luton went through to a fourth round encounter against Leicester City.

**3**

It took three games in 1962 to settle the outcome of the third round tie against Ipswich Town. Robin Chandler scored his only goal for Luton in a 1-1 draw when the sides met at Portman Road on 6th January, and it was the same scoreline in this replay at Kenilworth Road just four days later. Dave Pacey netted for Luton, his first in the competition since scoring at Wembley three years earlier. This game also saw the highest attendance on this day at Kenilworth Road, as 23,818 watched the action. The second replay was played at Highbury, and Ipswich progressed with a 5-1 win, Alec Ashworth scoring the only Luton goal.

**2**

A Second Division tie against Cardiff City in 1981 saw both sides score two goals as they shared the two points. The visitors took the lead before David Moss equalised, but Cardiff scored again immediately after the break before Paul Price scored his first goal of the season to earn the Hatters a draw.

**14**

The number of years since Blackpool were beaten 3-0 courtesy of a Tony Thorpe hat-trick in 1998.

# TWITTERS AND TRANSFERS

**It was only ever going to be a matter of time before footballer's discovered twitter and when one did more have followed with a boring regularity.**

Some have bought with them a welcome insight into life as a professional footballer, others have added a touch of humour, while others have created quite a stir – or if you're Rio Ferdinand you've done all three.

His famous rift/banter with Robbie Savage made the national press, while his row with a national journalist threatened to get out of hand.

But he's not the only sportsman to get into trouble on twitter – just ask Newcastle United midfielder Alan Smith whose ex-girlfriend hacked his account in revenge and she really was a woman scorned.

Ryan Giggs was first named as the footballer who took out the super injunction on twitter, while Ryan Babbel was charged with improper conduct, by the FA, for a picture he posted on his twitter account.

Over the summer it's all went quiet as players spend their holidays on the beaches of the world but one football man hit twitter a vengeance.

Terry Skiverton, manager of Yeovil Town, hasn't been using it to keep Grovers fans up to date on what he's had for tea though – instead it's become a valuable scouting tool.

The 36-year-old turned to the technology in a bid to unearth a gem in the summer when he asked his followers to recommend some players worth having a look at.

"It's not a bit of fun for me," he told BBC Somerset. "It's a serious business."

"I can't afford a scouting system. I've got 1,700 followers and out of that I've got quite a few names and there have been some interesting ones."

Three days later and it paid off as the League 1 side made their first "twtransfer" signing Kieran Agard, following his release from Everton.

"I'll be retweeting the ones that came up with the name. There's a couple of people who had mentioned him, so they'll be taking the credit."

It's not just been Yeovil fans playing their part with supporters of Liverpool, Manchester United, Tottenham, Arsenal and Chelsea all telling him about "their best youngsters and players available for loan".

The question now is how many more clubs will use their social networking site to reach out to the wider community and how many more twtransfers will the Grovers and other clubs make before the season kicks off in August.

# LAST WORD

WITH BBC THREE COUNTIES RADIO'S SIMON OXLEY

**It promises to be a busy month in the loan market, with Gary Brabin promising plenty of comings and goings. Loans can often make or break a season, and I wonder who your particular favourite has been down the years.**

I think many Hatters fans would opt for Rory Allen who was signed on loan from Tottenham by Lennie Lawrence in 1998 in the old Division Two (now League One), and more than played his part in helping Luton avoid relegation. It helped of course that a certain Mr Pleat was at Tottenham, but Allen scored six goals in eight games. I can recall in particular his goal on his debut at Walsall, and the game at Brentford which sealed another great escape.

Another Lennie loan was centre-half Sean Dyche from Bristol City the following season, and I remember him being a steady influence, although the club's financial problems prevented it from becoming a permanent move.

You christened him "the Little Shef" and "McSheffchenko", and Gary McSheffrey was a great loan signing from Coventry in 2003 with eight goals in 18 games. What sort of an impact would the highly-rated Graeme Tomlinson have made when he signed on loan from Manchester United in 1996, had it not been for a broken leg on his full debut?

Goalkeepers are often loan arrivals, usually to cover injuries, so how about Lewis Price as Luton's best ever loan signing? He only played twice in 2009, but one of those games was the Johnstone's Paint Trophy area final against Brighton when he saved two penalties to help the Hatters to Wembley.

And of course one of Luton's most popular players of the last 20 years - American goalkeeper Ian Feuer - was initially a loan signing. We couldn't even say his

name, never mind spell it, when he made his debut in a 0-0 draw at Millwall, but he was a top bloke. Has anyone still got an Ian Feuer "height chart" which was the brainwave of the club shop manager at the time?

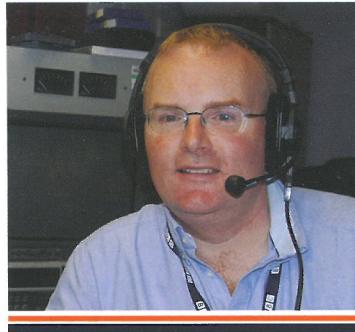

In my early days of reporting on Luton, David Pleat - in his first season of his second spell in charge - decided to bring in the experienced keeper Steve Sutton on loan from Nottingham Forest. It was hard on the popular Alec Chamberlain, but Sutton made a real difference. Again though, a permanent deal couldn't be agreed, and he returned to the City Ground. Sutton was then replaced by the on loan Mervyn Day, before Chamberlain was restored for the run-in.

Maybe some arrivals this month will prove to be the difference between going up and staying in the BSBP come May. I must admit to thinking tonight's opponents would be up there challenging when they appointed Dietmar Hamann last summer.

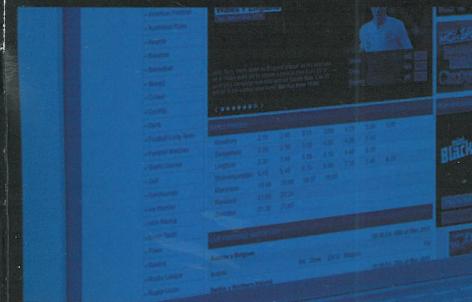

But they are one of a number of clubs in the Conference who have had problems. We experienced Kettering first hand over the festive period, and now Darlington have gone into administration. The Conference have a real job to prevent this season falling apart at the seams.

I enjoyed the trip to Nene Park on New Year's Day, as did over 2,000 of you. Apart from the endless speed cameras on the A6, wasn't it nice to go to an away game without having to go on a motorway?

Luton press box legend Brian Swain claimed to know a non-motorway route to every ground, having started his Luton News career in the days when there was no other way to go. Those of you who know Brian will not be surprised to know that he could also name most of the pubs on the routes as well, and was on first name terms with the landlords!
