KEVIN
WILKIN

I WOULD like to welcome new Luton manager John Still and his team to Liberty Way tonight. John has a tremendous record in the game and is someone I greatly respect. He succeeds Paul Buckle, who was someone I got on well with. Paul guided Luton to the FA Cup fifth round, which is testament to the kind of quality they have in their squad. In the league things have not been going as they would wish recently, but they won at the weekend and we can be in no doubt of the talent they possess.

Luton were kind enough to send James Dance to us on a month's loan recently and he popped up with two valuable late winners. James has since returned to Luton and he could even play against us tonight. After the game is out of the way it is possible we will look to bring him back here on loan as he is a player I admire. Looking back on the last two games, I was pleased with our efforts against Kidderminster despite the result. The players did everything that was asked of them, bar put the ball in the back of the net. Kidderminster are a team on a roll and we could not stop them on the night, but we gave it our best

and with performances like that until the end of the season I'm confident we'll be ok. I felt we took many positives ingredients from Kidderminster into the weekend at Hereford. Once again we did not win, but on the balance of 90 minutes we probably should have. We were the team that created all the opportunities in the game. I cannot recall Lee Burge having a save to make in fact. Although we had to settle for a 0-0 draw, I was very positive coming away from the ground. At present we are still in the relegation zone, but we are right in the fight and if the players continue in the same vein as the last four games, we have every chance of achieving our goal of staying in this league.

TONIGHT'S MASCOT

Evie Phillips is 8.
Her Birthday is 21st May.
Her favourite player is Luton goalkeeper, Mark Tyler.

She was meant to be mascot for Luton up at Fleetwood a couple of seasons back, but she broke a bone in her foot and had to cancel. She's been nagging me ever since to be a mascot.

We live in Burton Upon Trent and she attends Rykneld Primary School.

She puts up with a lot of stick from school friends who follow the usual bigger teams, but she has stayed loyal to Luton since her first game two years ago.

She follows in the footsteps of me, who was mascot for Luton many moons ago when Luton took on Chelsea and won 2-0. A repeat score for Luton would be very welcome!

OFFICIAL BENCHWEAR SUPPLIER

For the second time this season we welcome to The Triton Arena the players, officials and supporters of Luton town for a Blue Square Premier fixture. Back in November 'The Hatters' defeated Boro' 2-0 in an FA Cup replay and went onto even greater deeds in the competition by knocking out Wolverhampton Wanderers and Norwich City. All at the Boro' congratulate them on those victories.

LAST TWO MATCHES

Following a blank weekend, Boro were back in action last Tuesday evening when high flying Kidderminster Harriers were in town. An entertaining and evenly balanced match was decided after 69 minutes when Malbon scrambled the ball home for the 'Kiddy' winner. However, the general opinion was that Boro' deserved a draw from the game and if this level of performance is repeated then they will give themselves a fighting chance of avoiding relegation.

Saturday's trip to Hereford United saw Boro' gain a point from a 0-0 draw. It was another good performance from the team and on the balance of play probably deserved to 'nick' a win. It was Boro' who created the better chances and late in the first period Andy Brown headed a Louis Moulton cross just wide. Midway through the second half a Gareth Dean header went narrowly wide and near the end a fine save from home custodian Bittner kept out a close range

Wesley York effort. All in all it was a fine team performance from Boro which was fully appreciated by the travelling fans.

COMING UP

On Saturday Boro travel to Essex for a Blue Square Premier fixture against Braintree Town, kick off 3:00 pm. The next fixture at The Triton Arena is on Saturday 16th March when Lincoln City are the visitors for a Blue Square Premier match. This is quickly followed with a re-arranged home game against Grimsby Town on Tuesday 19th March, kick off 7:45 pm.

GOING BY CAR

Braintree Town play at the Amlin Stadium, Clockhouse Way, Braintree, Essex, CM7 3RD. Telephone – 01376 345617. Take the A444 and join the M6 Southbound at junction 3. Join the A14 south of Rugby and follow to the outskirts of Cambridge and join the M11. Exit the M11 at junction 8 and take the A120 sign posted Great Dunmow/Braintree. Follow the A120 for 16 miles until you reach

the 'Galley's Corner' roundabout with the McDonalds restaurant on your right. Take the first exit into Crossing Road and after three quarters of a mile the entry to the ground is on your left in Clockhouse Way and is sign posted.

SQUAD NEWS

The eve of the Kidderminster game saw Boro' announce the loan deals of goalkeeper Lee Burge and full back Aaron Phillips from Coventry City will last until the end of the season. At the same time full back Tom James returned to the Boro' following his month long loan deal at Leamington FC. James Dance returned to tonight's visitors Luton town following the Kidderminster match after his one month loan deal here. James scored two goals in four appearances, three of them as substitute.

HISTORY:

Luton Town Football Club was formed on 11 April 1885, the product of a merger of the two leading local teams, Luton Town Wanderers and Excelsior. Initially based at Excelsior's Dallow Lane ground, the club began making payments to certain individual players in 1890. The following year, Luton became the first club in southern England to be fully professional. The club was a founder member of the Southern Football League in the 1894-95 season and finished as runners-up in its first two seasons. It then left to help form the United League and came second in that league's inaugural season before joining The Football League for 1897-98, concurrently moving to a new ground at Dunstable Road. The club continued to enter a team to the United League for two more seasons, and won the title in 1897-98. Poor attendance, high wages, and the high travel and accommodation costs that resulted from Luton's distance from the northern heartlands of The Football League crippled the club financially, and made it too expensive to compete in that league. A return to the regionally organised Southern League was therefore arranged for the 1900-01 season.

Eight years after arriving at Dunstable Road, Luton moved again, settling at their current ground, Kenilworth Road, in 1905. Captain and left winger Bob Hawkes became Luton's first international player when he was picked to play for England against Ireland on 16 February 1907. A poor 1911-12 season saw Luton relegated to the Southern League's Second Division, but the club managed to win promotion back two years later. When war broke out, the schedule was reduced to a series of friendlies, but Luton took part in The London Combination for 1915-16. A key player of the period was Ernie Simms, a forward. Simms was wounded while serving in Italy in the First World War, but returned to score 40 goals during the following season.

The Luton side first played in the white and black colours which the club has retained for much of its history during the 1920-21 season, when they rejoined The Football

LUTON TOWN

League; until then, the players had worn sky blue shirts with white shorts and navy socks. Such was the quality of Luton's team at this time that despite playing in the third tier, a fixture between Ireland and England at Windsor Park on 22 October 1921 saw three Luton players on the pitch - Louis Bookman and Allan Mathieson for Ireland, and club top goalscorer Simms for England. However, after Luton finished fourth in the division, the squad was broken up as Simms, Bookman and Mathieson joined South Shields, Port Vale and Exeter City respectively. Luton stayed in the Third Division South until 1936-37, when the team finished top and won promotion to the Second Division, at that time the second tier of English football. During the promotion season, striker Joe Payne scored 55 goals in 39 games; during the previous season he had scored 10 in one match against Bristol Rovers, which remains a Football League record today.

During the early 1950s, one of Luton's greatest sides emerged under manager Dally Duncan. The team included Gordon Turner, who went on to become Luton's all-time top goalscorer, Bob Morton, who holds the record for the most club appearances, and Syd Owen, an England international. During this period, Luton sides also featured two England international goalkeepers, Ron Baynham and Bernard Streten, as well as Irish internationals Seamus Dunne, Tom Aherne and George Cummins. This team reached the top flight for the first time in 1955-56,

after finishing the season in second place behind Birmingham City on goal average. A few years of success followed, including an FA Cup Final appearance against Nottingham Forest in 1958-59; at the end of the season, Owen was voted FWA Footballer of the Year. However, the club was relegated the following season, and, by 1964-65, was playing in the fourth tier.

In yo-yo club fashion, Luton were to return. A team including Bruce Rioch, John Moore and Graham French won the Fourth Division championship in 1967-68 under the leadership of former player Allan Brown; two years later Malcolm Macdonald's goals helped them to another promotion, while comedian Eric Morecambe became a director of the club. Luton Town won promotion back to the First Division in 1973-74, but were relegated the following season by a solitary point. Former player David Pleat was made manager in 1978, and by 1982-83 the team was back in the top flight. The team which Pleat assembled at Kenilworth Road was notable at the time for the number of black players it included; during an era when many English squads were almost entirely white, Luton often fielded a mostly black team. Talented players such as Ricky Hill, Brian Stein and Emeka Nwajobi made key contributions to the club's success during this period, causing it to accrue "a richer history of black stars than any in the country", in the words of journalist Gavin Willacy.

DID YOU KNOW?
Luton's chairman will be a familiar face to Boro fans who are viewers of *Midlands Today*. Nick Owen is a presenter of the news programme on BBC1 on weekday evenings.

The 1967-68 squad that won the Fourth Division title was skippered by Terry Branton (back row, 5th left) who would go on to play for Nuneaton Borough in the 1973-74 campaign.

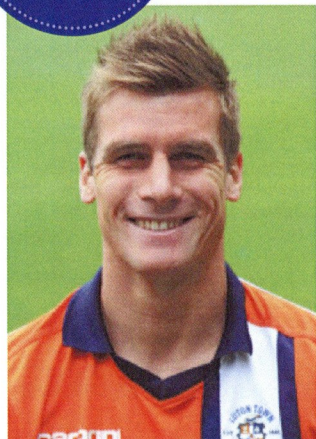

On the last day of the 1982-83 season, the club's first back in the top tier, it narrowly escaped relegation: playing Manchester City at Maine Road, Luton needed to win to stay up, while City could escape with a draw. A late winner by Yugoslavian substitute Raddy Antić saved the team and prompted Pleat to dance across the pitch performing a "jig of joy", an image that has become iconic. The club achieved its highest ever league position, seventh, in 1986-87, and won the Football League Cup a year later with a 3-2 winover Arsenal. With ten minutes left on the clock and Arsenal 2-1 ahead, a penalty save from stand-in goalkeeper Andy Dibble sparked

a late Luton rally: Danny Wilson equalised, before Brian Stein scored the winner with the last kick of the match. The club reached the League Cup Final once more in 1988-89, but lost 3-1 to Nottingham Forest

The club was relegated from the top division at the end of the 1991-92 season, and sank to the third tier four years later. Luton stayed in the third-tier Second Division until relegation at the end of the 2000-01 season. Under the management of Joe Kinnear, who had arrived halfway through the previous season, the team won promotion from the fourth tier at the first attempt. "Controversial" owner John Gurney unsettled the club in 2003, terminating Kinnear's contract on his arrival in May; Gurney replaced Kinnear with Mike Newell before leaving Luton as the club entered administration. Newell's team finished as champions of the third-

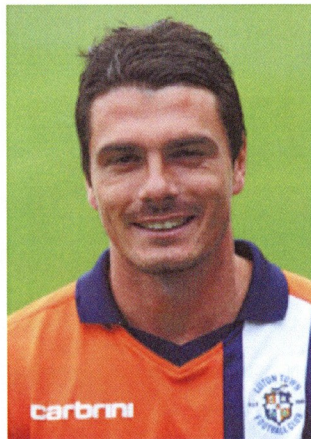

tier Football League One in 2004-05. While Newell's place was taken by first Kevin Blackwell and later former player Mick Harford, the team was then relegated twice in a row, starting in 2006-07, and spent the latter part of the 2007-08 season in administration, thus incurring a ten-point deduction from that season's total. The club then had a total of 30 points docked from its 2008-09 record by The Football Association and The Football League for various financial irregularities. These deductions proved to be too large an obstacle to overcome, but Luton came from behind in the final of the Football League Trophy to win the competition for the first time. Relegation meant that 2009-10 saw Luton playing in the Conference National, a competition which the club had never before contested, and in which, as of the 2012-13 season, they remain after three play-off defeats in three years.

THREE
TO
WATCH

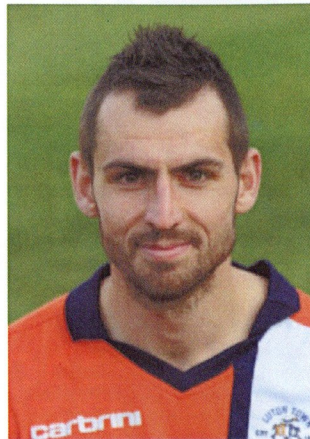

JANOS KOVACS

Janos is a 27 year old Hungarian born central defender, who moved to England in 2005 after a successful trial at Chesterfield. Kovacs signed a 2 year contract with The Spirites. During his time at Chesterfield, Kovacs made 57 appearances for the club, and also enjoyed a loan spell at York City. In 2008, Janos joined Lincoln City, where he made 59 appearances and netted 4 times before joining Luton in 2010. Luton beat off competition from Southend, Barnet and Ferencváros to capture their target, and he has become an integral part in their success since returning to the club for a second spell after a brief period at Hereford.

RONNIE HENRY

Ronnie is a 28 year old defender who began his career at Tottenham Hotspur, leaving the club in 2002. After a spell at Southend, and at Dublin City, Henry went on to sign for Stevenage Borough, staying at the club from 2005 through til the summer of 2012. Ronnie Henry was also the first player to a lift a competitive trophy at the new Wembley Stadium, in just one of his 280 appearances for the Hertfordshire club. Ronnie has been an important member of Luton's side so far this season, making 12 appearances so far in a steady start to the campaign. Henry is also an England non league international, making his debut in 2006.

ALEX LAWLESS

For those at Kenilworth Road in October for the league tie, Alex will need no introductions, as it was his 2 strikes late on which denied Boro a point on that occasion. Another player approaching the peak years of his career, Alex is 27 years old and was born in Wales. His previous clubs include Fulham, Torquay, Forest Green Rovers- for whom he made more than 100 appearances- and York City. He originally joined Luton on loan in 2010, before signing permanently in 2011. Since signing for Luton Alex has made 70 appearances and scored on 6 occasions. As a side note, Alex has expressed an interest in pursuing a career in art once his footballing exploits end.

Michael Jakeman

FOOT IN
BOTH
CAMPS

After featuring two players who've featured for both teams for the FA Cup matchday programme, we'll just feature the one in this edition...

MATTHEW BARNES-HOMER

Matthew was born in Dudley, on 25th January 1986 and started his career at Wolves as a youth teamer where he spent three years.

He then moved to the USA, and had three years with spells in the lower echelons of the American game with teams by such wonderful names as Rochester Raging Rhinos and Syracuse Salty Dogs.

He then moved back to the UK with Aldershot Town but only played twice for The Shots before he spent numerous short spells with West Midland Non League sides, the most successful when he had a prolific spell with Kyle Perry at Willenhall in 2006/07. Wycombe Wanderers then took Matthew back into the league on a short term contract but only played once and then joined Kidderminster Harriers, back in the Conference.

After a lean first season at the club, Barnes-Homer established himself as top scorer in the next campaign with 21 goals, averaging almost one goal for every two games.

A similar ratio of goals followed and he ended with 35 goals in 100 appearances for the Aggborough side. This led to a big move to Luton Town but he started slowly with only three goals in his first 20 games. Luton manager Richard Money cited the fact that Barnes-Homer had lost his stepfather mid-season as reason for his poor form.

Money believed that in the following season, Luton fans would see the real Matthew Barnes-Homer and that he would be akin to a brand new signing. This faith from the manager paid off, as

Barnes-Homer scored five goals in the opening three games of the 2010-11 season, including a hat-trick away against Kettering Town. He fell out of favour with new Luton manager Gary Brabin towards the end of the season, being used primarily as a substitute, including in the club's play-off final defeat to AFC Wimbledon. Barnes-Homer ended the season as Luton's top scorer with 19 goals, 16 of which came in the league.

He started Luton's first game of the 2011-12 season, though was substituted after an hour. On 25 August 2011, Barnes-Homer joined League One side Rochdale on loan until January 2012, making only five league appearances in five months. He left Luton on 1 January 2012, his contract terminated by mutual consent.

By FA rules, he wasn't allowed to sign for another side governed by the transfer window, and joined Boro in February 2012, making his debut as a substitute in a 1-0 win over Halifax Town. Unfortunately for Matty, the form of Andy Brown and Danny Glover meant he spent most of the time of the bench and it was no real surprise when he left on 20 March to join Swedish third division side Östersunds FK. He played in 11 league games, scoring twice, before returning to England on 27 June to sign for Macclesfield Town in the Conference National.

He's impressed for The Silkmen, and was one of the leading scorers in the Conference leading up until Christmas, scoring in the 3-3 draw with the Boro' in September.

He came to the nation's attention in early January when his Macclesfield side faced Championship side Cardiff City and came back from 1-0 down to win 2-1 with two goals from Matthew, one from the penalty spot.

All the best Matthew!

Healthy Living Day with the
Foundation on Valentines Day

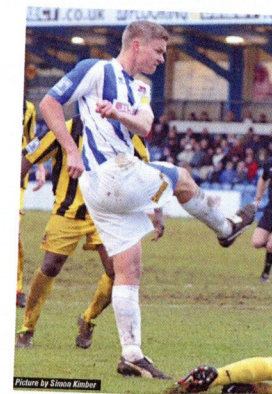

The Foundation went into Queens
Junior School on Valentines Day
to deliver a health living day with
parents and children from the
school.

The afternoon started with
health lunch which was prepared
by the school for the children to
eat with their parents, which led
to a packed afternoon of activities
delivered by General Manager of
the Foundation Steve Farmer .
The practical activity was based
around what the parents and their
children could do at home, those
activities included:

- Lifting a Tin Can by your side
- Lifting a Water Bottle above
your head
- Sitting down in a chair then
Standing up
- Standing on a bench then
stepping off it
- Skipping
- Twist at the hips to pass
the ball on
- Hula Hoop
- Rest station

It was a fantastic opportunity for
the parents to interact with their
children and to learn some new
games they could play at home.
They also received a pack from
the Foundation full of activities
they could do together.

Kidderminster Harriers moved level on points with leaders Wrexham on Saturday, while Mansfield and Newport closed the gap on the Dragons to just three points. Barrow did their survival prospects a world of good with a 2-0 triumph over Tamworth at Holker Street, Danny L Rowe (15) and Alex-Ray Harvey (90) finding the net for the Bluebirds.

There was no separating Cambridge United and Forest Green Rovers at the R Costings Abbey Stadium, while it was all square between Hereford United and Nuneaton Town in the day's only other goalless draw.

Braintree Town edged closer towards mid-table with a 2-1 win against relegation-threatened Gateshead at Victoria Park. The Tynesiders thought they had earned a valuable point late on when Ben Everson fired home on 85 minutes to cancel out Dean Wells' 10th-minute opener. However, parity was short-lived as Sean Marks popped up just one minute later to net what would turn out to be the winning goal.

A 10th-minute goal from Christian Jolley helped Newport County to a 1-0 victory over Hyde FC at Ewen Fields. Steve Burr's Kidderminster Harriers kept their promotion charge on track with a 3-2 win over Ebbsfleet United at Aggborough. The Fleet drew first blood through Adedamola Shitta on 13 minutes before goals from James Vincent (14), Anthony Malbon (61) and Callum Gittings (88) put the host firmly in control.

Nathan Elder managed to reduce the deficit from the penalty spot at the death, but the Harriers held firm thereafter to claim all three points.

A 49th-minute goal from Matt Green was enough to help Mansfield Town to a 1-0 win against AFC Telford United at the One Call Stadium.

Southport twice rallied from behind to claim a share of the spoils with Dartford in a 2-2 draw at the Merseyrail Community Stadium.

Harry Crawford fired the Darts into the lead on 29 minutes only for Andy Owens to pull the Sandgrounders level in the 40th minute.

The Darts reclaimed the lead through Tom Bonner in the 59th minute and looked to be heading for a narrow victory before Shaun

Whalley converted from the penalty spot on 83 minutes to level the scores. John Still picked up his first win as Luton Town manager as a 45th-minute goal from Jake Howells secured a 1-0 triumph over Stockport County at Edgeley Park. It was all square at the Kingfield Stadium as a 25th-minute goal from Lincoln City forward Vadaine Oliver cancelled out Brett Johnson's second-minute opener for Woking.

League leaders Wrexham failed to fully capitalise on their home advantage as they were held to a 1-1 draw by Nicky Law's Alfreton Town. Kevin Thornton netted for the Dragons on

nine minutes, while Scott Boden netted for the Reds on 57 minutes.

WHEN Luton Town persuaded John Still to return to Non-League football, it was the fact they want to build something – not just look for a quick-fix – that sold it to him.

At the age of 62, Still could have puffed on his proverbial pipe and had the slippers on for as long as he wanted at Dagenham & Redbridge, having taken his local club from the brink of Conference relegation to the peak of League One over his near nine-year reign.

It would take something remarkable for him to leave the club his late father – and Still himself, as a former player and twice manager – loved like a part of the family.

The two-and-a-half year contract "with achievement based extensions" offered to him at Kenilworth Road – where Paul Buckle recently left his post as the fourth man to try, and ultimately not succeed, at ending the Hatters' frustration in the Blue Square Bet Premier – proved to be that carrot.

The length of his deal is pertinent. The Luton hierarchy would have looked at the statistics that show the 20 managers who have won promotion to League Two since the Conference gained its second promotion spot in 2002-

03 have been in their jobs an average of three years.

Taking Nigel Clough as the manager who won promotion for Burton Albion (even though he left for Derby in January 2009, it was pretty much his points-haul that saw the Brewers up), those 20 managers have been in the job for 881 days PRIOR to their promotion-winning season. Even taking the former England international and Hereford United's Graham Turner's 120-month records out of the equation, the other 18 bosses average 570 days in their jobs before the start of their glory campaigns.

Only Jimmy Quinn, as a play-off winner with Shrewsbury in 2003-04, and Gary Waddock, who won the title with Aldershot Town in 2007-08 – the year after Still achieved it with the Daggers – have earned promotion immediately after their appointment the previous summer.

And since 2005-06, Sammy McIlroy at Morecambe, Chris Wilder at Oxford United and York City boss Gary Mills are the only three to have done it in their first full season at the helm, after being appointed midway through the season before.

I'm sure the Luton board would love Still to weave his magic and get them up this season. They aren't out of the promotion picture by any means, and they

certainly aren't going to turn it down if it comes along. But history shows that every manager needs time to assess the squad he inherits, get his own men around him and restructure the club to fit his blueprint. Luton realise that, and as these tables show, so do the other clubs currently battling it out at the top of the Blue Square divisions.

Ladies and Gentlemen, Boys and Girls, Children of all ages, hello and welcome to this evening's match as we look to entertain Luton Town in a re-arranged fixture.

Our last two matches have seen two excellent performances, but only one point. Our squad seems to be settled and the two loans from Coventry have made a difference to the back four. Fans who travelled to Hereford on Saturday saw a very good performance, and we could have taken three points.

Just a quick note about my Player of the Season so far – Simon Forsdick. He has been fantastic this season and in the last few games particularly, a real favourite with me and the lads I stand with.

The 200 Club Draw for February took place in the bar after the Kidderminster game, and the winners are as follows;

1st Prize: 033 Tom Astley £310
2nd Prize: 011 Ray Miller £186
3rd Prize: 058 Kyle Perry £93
4th Prize: 026 John Robbins £31

Congratulations to all the winners. The 200 Club is looking to grow month by month and as more people join up, the prize money goes up as well, not to mention the share split between the Club and the Co-Operative. If you wish to join, please visit us at our table or our website (address below). Many thanks to everyone who has already joined and committed to the 200 Club.

Fan Director Update - Following an inquiry from a supporter concerning the current situation with regard to a Fan Director, the Co-Operative would like to take this opportunity to explain their position.

Several discussions took place with the Football Club over an extended period about the role a Fan Director would take at the Club. From these discussions a document was created – the Code of Conduct (available to read online). It was agreed to send this document (along with several further queries) to Supporters' Direct.

Before the documents could be sent to Supporters' Direct, Chairman Neil Hodgson, Director Kevin Harris-James, and Director Richard Dean all tendered their resignation on the same day. This obviously changed the dynamic of the Board, and many of the discussions we had had with the Club up to that point were centred on the current structure and organisation of the Board. At this point Club Director Ian Neale suggested that the role of Club Secretary may be best filled by a Fan's Director, as someone with knowledge of the Club and it's supporters.

At a Co-Operative Board Meeting, the Board discussed the situation and it agreed that it would move forward with a Fan Director, despite the three resignations, although not in the role of Club Secretary. It was felt the role was too specific and may put some people off applying. However, it was agreed to discuss the situation with Supporters' Direct and ask their opinion moving forward. Supporters' Direct have a vast experience of dealing with Co-Operative's in similar circumstances and their advice is excellent.

Following discussions with Supporters' Direct, it was agreed that the Co-Operative 'should not consider joining the Club Board at the moment'. This is in no way a final decision.

During these discussions several other, alternative options to a Fans Director were suggested by Supporters' Direct. The Co-Operative is currently investigating these and will hopefully have some news very soon.

We would like to thank Nuneaton Town Chairman Ian Neale for his co-operation so far.

We trust that the above information helps

explain the situation, but if you have any questions, please email Secretary Jim Astley at jim.Astley@btinternet.com. Any questions and answers will be posted online at our website.

As mentioned previously, the Co-Operative Board has written to the Rugby Club about the state of the driveway into the ground. At this stage we have registered our members' concerns over that dangerous state of the driveway and asked if anything can or will be done to improve access for the supporters. The Rugby Club have acknowledged receipt of the letter, and we hope to meet this week.

Good luck to Kev and the Lads this evening. We have played Luton several times this season already – let's hope it's our turn to get something!

Up the Boro'.

If you wish to contact the Nuneaton Town Supporters' Co-Operative, please email jim.Astley@btinternet.com or speak to a Board Member.

Last week, four members of the Co-Operative Board attended the Supporters' Direct West Midlands' Regional Meeting at Telford's ground. Some interesting points were discussed and gave the Co-Operative some ideas and suggestions for moving forward.

Good luck to Kev and the Lads this evening. Hopefully the rest at the weekend will work to our advantage this evening.

Up the Boro'.

The man who scored the play-off final winner against Gainsborough Trinity is another former AFC Telford United player back for a second spell. The striker first played for Boro in 2007/08, when he was the top scorer. Returned last season to score key goals, including the winner in the play-off semi-final against Guiseley.

Kevin Wilkin
(Manager)

Wilkin has cemented his place among Nuneaton's most successful managers ever after leading the club to three promotions in four years. The former Northampton Town striker had been in charge for 18 months when Boro reformed in June 2008. He stuck by them and his loyalty was rewarded when the team earned their place in Blue Square Bet Premier this season. In his playing days Wilkin was a prolific striker for among others, Cambridge City and Rushden and Diamonds. He ended his career as a Boro player.

Micky Moore (Assistant Manager)

Moore became Boro's No.2 in the summer after turning down an offer to remain in the same position with ambitious Conference rivals Mansfield Town. He is effectively in his second spell with the club having joined the coaching staff for a matter of days two years ago. He swiftly left to become Solihull Moors assistant manager, but is back now after being brought in by friend and Boro manager Kevin Wilkin. Moore played for Derby County, Swansea City and AFC Telford United among others before retiring at the age of 29 to move into coaching.

Richie Norman (Physio)
Boro's second physio is undoubtedly best known as a legendary former Leicester City player. The ex-left-back made more than 300 appearances for the Foxes and played in the FA Cup and League Cup finals. After leaving the Foxes he went to play for Peterborough United and is a former player/manager of Burton Albion. He has also worked for Kettering Town and Northamptonshire County Cricket Club as a physio.

I'VE not been frustrated by many games this season, but I was on Saturday. Not because the team played badly, quite the opposite in fact. They played very well but they should have won against one of the form teams in the league in Hereford. The home team were woeful going forwards on the day and were there for the taking but Boro just couldn't score. A point is still a good result and I'm sure the players would have taken that before kick-off, but I hope they don't come to rue those missed chances come the end of the season.

There were still far more positives than negatives to take out of the game. I think Steve O'Halloran came into the side at short notice, in fact very short notice and did really well. He's someone who's been in and out of the side, but when he's played in the last three months or so I think he's done well, the odd game aside. Connor Taylor also put in a really committed performance on his recall to the side and Louis Moullet set up four chances on the day and came close with a header.

The star of the show was Simon Forsdick though. It would be wrong to say he's been a revelation in

midfield because we already knew he could play there having done it in years gone by elsewhere. He's played with real maturity – he is almost 30 you know – and he has shown a good range of passing to go with his combative tackling and impressive aerial ability.

He'll need all that today against a strong Luton team, as will all the players. I'm not sure the Hatters can go up anymore, however, on their day they are the best team in the league. Playing under a new manager means they are sure to want impress, making the game even harder. However, if Boro play like they have in the last two games tonight then they give themselves a good chance of picking up another win at home.

Tony Simpson sent the majority of Boro's biggest league gate of the season home in a happy mood after firing the Manor Park side to the top of the Beazer Homes Midland Division. Paul Masefield was playing his

last match for the Boro' after being on loan from Birmingham City since October and was made captain for the night. The clubs resurgence in that period has been amazing - when he played his first match Boro' were second bottom and he leaves with them top of the table. As a mark of the club's appreciation he was presented with a cheque before the game with which he will buy new football equipment.

Nuneaton were first out of the blocks and forced two corners in quick succession. Simpson had his first run of the day as he nipped past two defenders before firing over a cross that was scrambled away and was then thwarted by a tackle from Lenny Darby following another mazy run. Nuneaton's attacking spirit almost cost them however when a ball out of defence caught the home side pushing forward and Darren Deeley raced clear, looking certain to score until Linden Parslow made a fine save from the strikers effort. The first half ended goalless and the second period saw the home side up the pace, going close twice in the first three minutes to

breaking the deadlock. The fans had to wait until the hour mark before the goal finally came. Nicky Anderson sent Masefield clear and Bobby McDonald knocked on his cross for Simpson to pounce for his eighth goal of the season. Paul London almost sliced into his own net and Martyn Twigger forced the keeper into a fine save as Boro' looked to increase their advantage. Andy Russell kept his side in it with a fine save from Ade Waters' volley but he was lucky when the ball wriggled loose and crept just past the post. Boro' had the last word with Russell again earning his keep as he saved substitute Tony Donnelly's rising drive.

REPEAT PROGRAMME
SATURDAY 29 NOVEMBER 1980
TIGER AND SPEED
PRICE 14p

We already used our A-material (programme-wise) for the FA Cup match, so today we've selected a 1980 issue of Tiger (and Speed) with a tenuous enough reason to include it here...

Cover - Every Monday? 29 November 1980 was a Saturday.
TOPS ON TWO WHEELS - Continuing on from the cover: Young stunt-rider Eddie Tops

has joined the six Power family children to promote a new bike called 'the Scrambler'... they're about to get kidnapped by the owner of a cycle shop and only Eddie and his bike ('The Beast') can save them!! Lawks!

Hot Shot Hamish - 'Princes' new player, Duncan McWeaver, has convinced Hamish Balfour that he is a superstar and made the big man change his lifestyle... so Hamish goes and buys a posh suit and top hat, a new kitchen and a heated swimming pool. Hamish's daddie wasn't pleased...

Billy's Sports School - If Billy uses your sports tip you would win five pounds!! Robbie Jones of Elland, West Yorkshire, won the fiver with a badminton tip.

Sports Quiz - A different Tiger

and Speed character presents this quiz each week. This time it's the turn of wrestler Johnny Cougar. Example question: *David Bairstow is one wicket-keeper in England's touring party to the West Indies. Name the other and both their counties.* Answer: Paul Downton of Middlesex, Bairstow plays for Yorkshire. Of course...

Ad - The world of sport is at your fingertips... with Subbuteo!!

Billy's Boots - You all know about Billy Dane, don't you? He owned an ancient pair of football boots that used to belong to 'Dead-Shot' Keen... in some strange way, the boots enabled Billy to play in Keen's style. Of course they were always getting stolen, set on fire, abducted by aliens or, as in this case, dropped down an old well in the school grounds....

Trevor Francis Writes For You! - Trev answers the question

"What's wrong with England" following the disappointing Euro 1980 (which featured just eight teams!). He argues that the players concentrate on the Football League as that's when they earn the wages, a lack of skillful 'flair' players and the way kids are being taught the game at school. This was in 1980 remember...

Ad - Disney has invented a glue specially for kids.

Death Wish - Blake

Edmonds had been one of the most handsome stars of British sport, but his face had been

badly scared in a plane accident and he now wore a mask to hide his injuries.. Seriously.

LUTON TOWN - The tenuous reason why we're spotlighting this comic... a middle page spread on Luton Town featuring ex-Boro' boys David Pleat and Kirk Stephens. Good luck in taking it out to put on your wall though... it was glued in rather than stapled..

Ad - BMX - The hottest thing on two wheels and you can get one from Halfords starting from £79.95

Nipper - Nipper Lawrence saves a lad from drowning, hurting his ribs in the process. For some reason he can't tell his manager and this week's story ends in a cliffhanger with an opposition sweeper about to kick the youngster into row Z...

Skid Solo - On tour in Africa to warm up for the 1981 Grand Prix season Skid and his pals are chased by terrorists in a helicopter. As you do.

Tiger and Speed Collection - Part five of an exciting cut-out-and-keep series of sports stars. This week Cricketer Vincent Van Der Bijl, runners Lasse Viren & Miruts Yifter, tennis ace Chris Lloyd and footballer Kenny Dalglish.

Johnny Cougar - Native American Indian wrestler Johnny Cougar is out for revenge against Dallas wrestler R.J. Warton for... some reason.

Ad - Coming at you with both guns blazing! Western Magazine - out now just 70p

File of Fame - The sports editor of "a popular daily paper" begins to tell us the story of badly-drawn racing driver Trevor Watson who fakes a medical certificate to race after a crash and is then attacked by two thugs who... erm no wait... he escapes but pretends to be another racer who he ties up in a shower... no hang on...

Ad - Trebor Squad - the official 'mouthwatering' sweets of the England squad - comes in Lime, Blackcurrant or Strawberry flavours. Each wrapper had a free, peel-off sticker of one of the England World Cup Squad members! 26 to collect... make sure you brush your teeth, kids!

HEROES & LEGENDS

BRENDAN PHILLIPS

Born on 17 July 1954 in Jamaica, Brendan came to Coventry when his parents settled there when he was five years old.

After playing in local football Brendan was signed for Leicester City by Frank O'Farrell.

The midfielder spent four years with the Foxes before moving on to Peterborough United where he was a member of the side that won promotion from the Fourth Division.

A spell at Burton Albion followed before he joined Nuneaton Borough in August 1976 where he quickly became a fans favourite as the club pushed for League and Cup honours.

In 1979, after earning international recognition with

the England semi-professional team, he was signed by Roy Barry at Kettering Town. After spells with Peterborough, Boston United and Mansfield he returned to Manor Park in October 1982 with Boro' now under the leadership of Graham Carr.

The end of the 1982-83 season saw him join Scarborough but he was back with Nuneaton in March 1985 as Boro made their final push for the Gola League title, ultimately finishing second. After hanging up his boots Brendan turned his talents to management, starting as assistant at Aylesbury before taking on the reigns at Bedworth United, Stafford Rangers and, memorably, Nuneaton Borough.

THE PROFIT

Profits from the 200 Club draw will be split 50-50 between the football club and the Co-operative.

The Only Way Is Essex they say and our next away day is to that perma-tanned part of the world, more specifically the town of Braintree, for the very first time.

Three wins in a row have taken the Irons up to 13th in the table - nine points clear of Boro' and with two games in hand.

The Amlin Stadium on Cressing Road was opened in 1923 when the club was known as Crittall Athletic.

On one side is the tidy looking Main Stand. This covered, all-seated stand runs for around half the length of the pitch and straddles the half way line. It contains 553 seats and has open portions of terracing to either side. It does though have a number of supporting pillars running along its front.

Opposite is the Cressing Road Terrace. This small covered terrace has the team dugouts located in front and has a television gantry located on top that looks a little precarious.

Both ends are fairly new terraces, the most recent of which, the Quag End, was replaced in 2012 and caters primarily for the away fans. Both ends are uncovered and the smaller Social Club End, which can accommodate around 800 fans, does not extend to the whole width of the pitch, but is more like a block of terracing that sits behind the goal.

If segregation is in force, then

away fans are housed in the Quag End which has a capacity of 1,000. However, whereas the old terrace had at least some cover, the new terrace does not being open to the elements. So hope that it doesn't rain! If demand requires it then

PROGRAMME

additional terracing can also be made available to one side of the Main Stand. This area has space for around 365 fans.

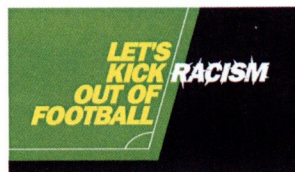

It may be a better bet to go for one of the seats given to visiting supporters in the Main Stand. At least this is under cover, but there are some supporting pillars to contend with that could effect your view. After passing through the main entrance to the ground, then away fans will find their turnstiles over to the right of the Club house.

Although there is a good sized club house at the ground, this is not available to away fans if segregation is in force. If fans are not separated then away supporters can gain access to the bar once they have entered inside the stadium.

A five minute walk away is the Orange Tree Pub which is located on Clockhouse Way. If arriving by train then you may care to visit a Wetherspoons outlet called the Picture Palace on Fairfield Road, which is only a five minute walk away from the station. This converted former cinema, is listed in the CAMRA Good Beer Guide.

If you had travelled to the ground by car from the M11, then you will have seen by the Galley's Corner roundabout, a McDonalds, KFC & Pizza Hut outlets.

If you have reviews of away grounds, matches, travel anecdotes etc please feel free to send them to nuneatonprog@yahoo.co.uk or hand them in to the club shop or main office.

[UK] Harriers player lodges racial abuse complaint
Tuesday 26 Feb 2013

Kidderminster Harriers are in consultation with the Police and The FA following a complaint from one of their players that he was racially abused by Alfreton Town fans on Saturday.

The Harriers beat Alfreton 3-1 at Aggborough – a result that took them second in the Conference Premier – but the win has been soured by the unnamed player's allegation of abuse from away fans.

A statement from the Worcestershire club said: "The complaint of abuse – which was of a personal nature – was reported by a Kidderminster player during the first half of the game and emanated from the away end of the stadium housing Alfreton Town supporters. "Kidderminster Harriers has a long and proud tradition as a family club and strongly enforces a zero-tolerance policy on racism and indeed all forms of abuse – behaviour of this type from any fan attending matches at Aggborough as a Harriers supporter or a visiting spectator is wholly unacceptable. "At this stage, the Police and The Football Association are all being consulted and the club are

co-operating in the fullest with enquiries being made. "We would ask that any supporter who may have heard or witnessed the incident kindly get in touch with the club as soon as possible to share any information at all they may have. "We must also add that the club is in receipt of the full co-operation of Alfreton Town Football club's staff and directors and this is appreciated."
