## TO KENILWORTH ROAD

“What a festive season we’re building up to. The Town are second in the table, progressing nicely in the FA Trophy and today we kick-off a mouth-watering series of matches over the next fortnight by welcoming Gateshead to Kenilworth Road.

With Barnet and Kidderminster on the horizon the Hatters entertain a Gateshead side who have really hit form under new manager Gary Mills. He’s the man who probably has the best managerial record against a Luton side following his spells in charge and Tamworth and York.

There are plenty of connections between the two clubs, none more so than striker Jon Shaw who left Tyneside for Kenilworth Road last summer. It’s been a season of frustration for him so far but we catch-up with the centre-forward who tells us his hopes of helping the Hatters to promotion this term.

Today is our last game before Christmas so it goes without saying that we wish you all a very, very Merry Christmas.

Enjoy the game #COYH”

JOHN STILL

**Good afternoon and welcome to Kenilworth Road for this important Skriff Premier fixture with Gateshead.**

I'd like to give a warm welcome to Gary Mills and his staff and players, plus the directors and supporters of our visitors.

Today we entertain a Gateshead side who have vastly improved since the opening few months of the campaign. I know our form has been good of late but so have theirs, and we are well aware of how tough our opponents will be this afternoon. We will need everyone: players, staff and supporters giving 100 per cent if we are to wrestle three points here at Kenilworth Road.

## Progress

Last Saturday a very entertaining game in the FA Trophy saw us progress to the last 16 of that competition, with a header from Mark Cullen and an own goal securing a 2-0 win over the holders, Wrexham.

As most people are aware, we have tried as hard as we can to pick an under-21 team in this competition. Anthony Charles and Shaun Whalley's inclusion in the squad have made it slightly older but I thought last weekend was an absolutely outstanding performance from a group of very focused and athletic young men. The all-round display was first class and I think even Wrexham felt that the margin of victory could have been greater.

Since my first day in the football club I have focused on working with the younger players in the squad and I think the form of those players is a credit to them and the support staff that work with them. We are looking forward to the next round tie at Cambridge which I am sure will be a thrilling encounter. Attendances in the early stages of the FA Trophy aren't usually too high but I have a feeling that this tie in particular will be well-attended.

On the injury front, Alex Wall continues to make progress. He came through 85 minutes of the Wrexham game and 80 minutes of a development squad game against Northampton on Tuesday in which he scored a cracking goal in a 1-1 draw. Anthony Charles did not feature in that game, as we felt he needed some recovery time after playing 90 minutes last Saturday, but he is back in the full swing of things. Andy Parry has had his hernia operation and now starts his rehabilitation; Solomon Taiwo, who has also had a hernia op, is three of four weeks away; and we hope to have Jon Shaw back training at the start of next week.

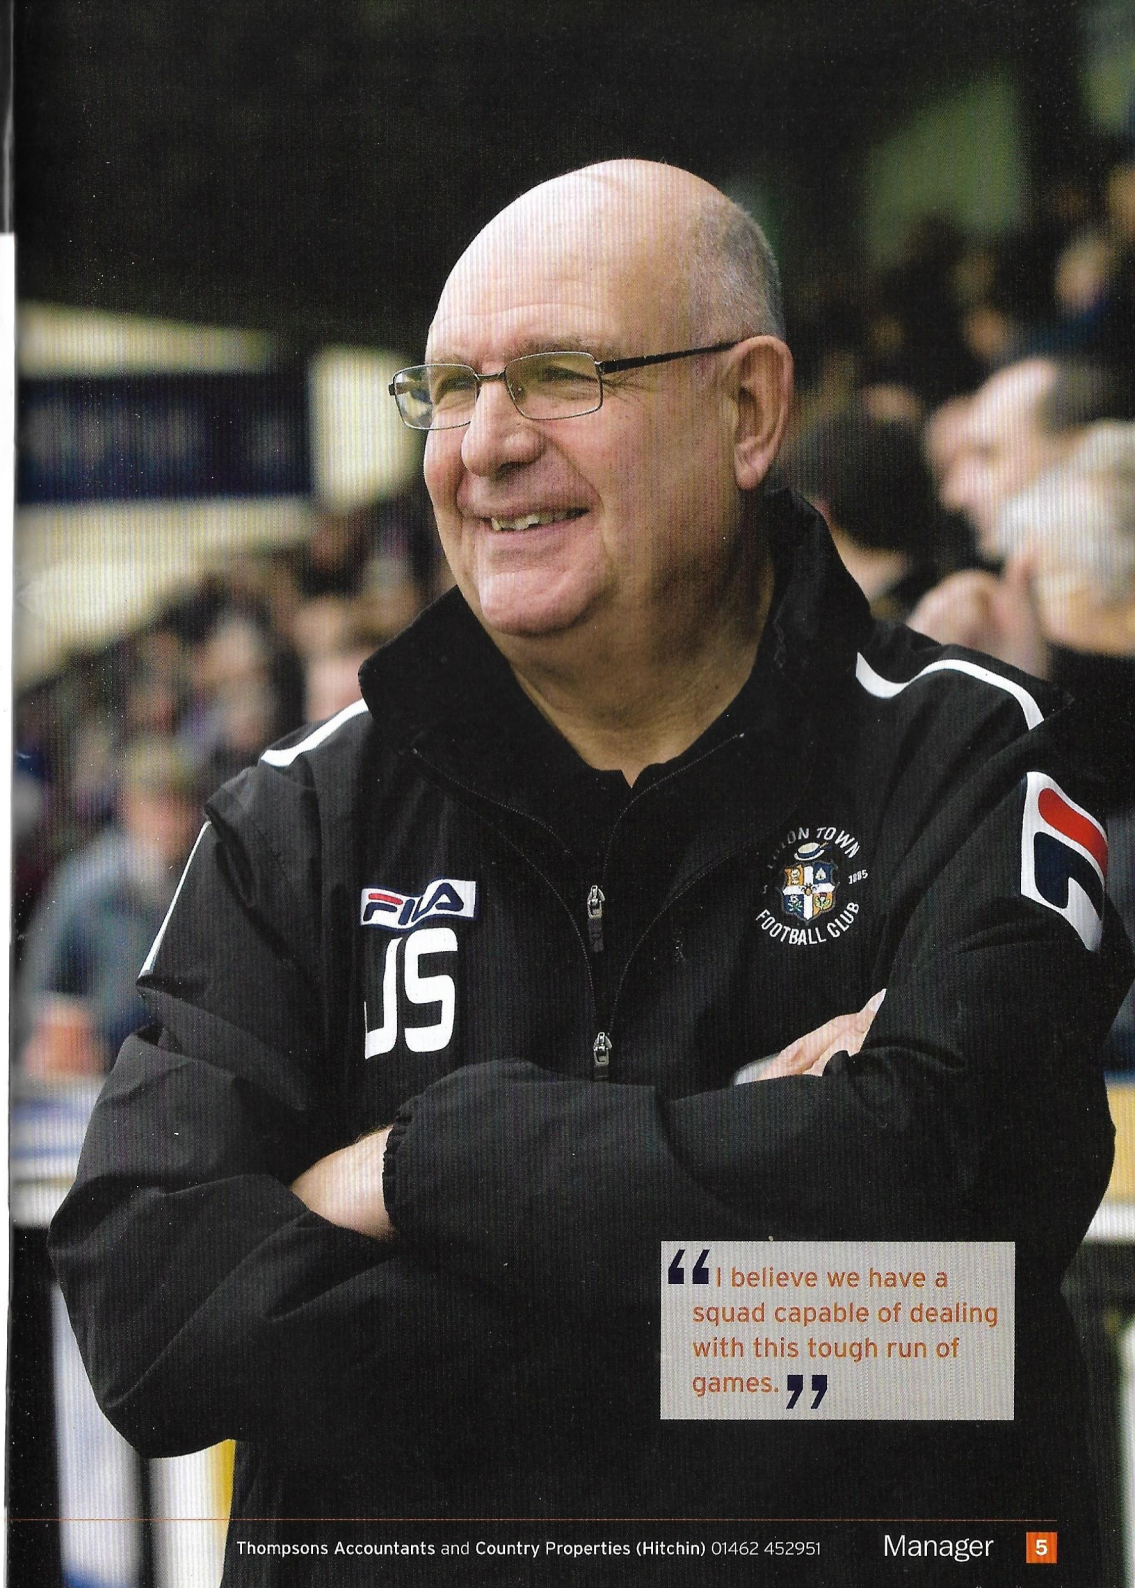

## Capable

This afternoon's fixture signals the start of the festive period with plenty of games coming thick and fast and I believe we have a squad capable of dealing with this tough run. We've shown in the past fortnight that we can field two different teams. Just one player has been involved in our last two matches. That is a testament to the players who have responded tremendously to what has been asked of them throughout the campaign so far.

Today is also the last game before Christmas so have a great couple of days eating and drinking but please get behind the team this afternoon first! The backing we have received home and away so far this season has been nothing short of amazing, and it's staggering that we have sold-out our 1,700 allocation for the Boxing Day game at Barnet.

We hope to give you a fantastic Christmas but remember, for that to happen, we need to work together. Sing loud and be proud – this is your club and your team.

Enjoy the game.

“I believe we have a squad capable of dealing with this tough run of games.”

# boardroom

WITH MANAGING DIRECTOR GARY SWEET

**Good afternoon and a very warm welcome to Kenilworth Road for our last match before Christmas.**

We welcome, also, our friends from Gateshead and wish them a safe journey back home to Tyneside after this afternoon's game. We also wish them well in their

endeavours for the rest of the campaign.

Today will be our second and final league meeting with the Heed this term, just a month after we secured a gritty point, from a goalless draw, at a wet and windy afternoon at the International Stadium.

## Welcome

I'd particularly like to offer a warm welcome to those magnificent Heed supporters, sitting in the Kenilworth Road, who will endure a 500-mile round trip today. Regardless of their number, their dedication and passion for their club is greatly respected by us all.

These notes are the first I have penned since our 3-0 victory over Dartford in mid-September. Since those words were printed, we have yet to taste defeat in the league and lost just once otherwise; bowing out to Welling in the FA Cup.

Pertinently, reading through those notes once more, I feel content. They were written a day after our 2-0 defeat at Wrexham in front of the BT Sport cameras. I used words such as "dismal" and "miserable", and described myself as a "horribly grumpy git".

But, most optimistically, I also signed off full of confidence that our performances would improve and would be coupled with a rise up the table.

I wasn't able to say this with such confidence because I don't own a crystal ball. And I most definitely don't claim to possess such a superior knowledge of the beautiful game to be able to predict a run of 14 unbeaten league matches!

But my message three months ago wasn't hollow or insincere, neither was it intended to pacify those who perhaps wondered, for a fleeting moment, if we were heading for another year of unfulfilled football ambitions. My confidence originated from being in the marvellously advantageous position of humbly witnessing the breath-taking impact John Still and co. are having on our squad.

Our last league fixture saw us comprehensively dismantle Alfreton Town with a style and swagger that everyone wants to see from a Luton Town side; arguably, for the first time this season.

Then, last Saturday, you could possibly say we'd gone full circle. A side showing 10 changes to the team that so impressively beat Alfreton then beat a full-strength Wrexham side with an exciting brand of fast, flowing football.

## Encouraging

All of a sudden that defeat on a cold Friday night in September at the Racecourse seemed a million miles away, and we can enter the Christmas period full of good will and cheer knowing that, both on and off the pitch, there are hugely encouraging signs that we are progressing soundly.

It would be folly, of course, to get carried away looking at our festive fixture calendar, which shows how serious and focused we will have to be to maintain our fine current record in the Skril Premier. But mental resilience is now a strength not a weakness – as it seems to have been in previous seasons – and the feel-good factor at Kenilworth Road has most definitely returned.

At this point last season, we had already suffered a home defeat against a club that would eventually finish bottom of the table, and couldn't say (as we can now) that our manager is happy with the squad and knows his best team on any given day.

Twelve months on, however, we've remained unbeaten at Kenilworth Road this season – a run of 10 matches, 13 including pre-season friendlies against Aston Villa, Dagenham & Redbridge and Arsenal.

What a difference a year makes!

And you also made a massive difference, too. Everyone has contributed to this positive progression; for which we thank you all.

Our attendance statistics, particularly the volumes and behaviour of our travelling contingent, makes us the envy of the Conference (and of most of the teams in the upper two levels).

Selling out our 1,700 allocation at Barnet within a week was an incredible achievement!

## Delight

Today we'll see the third opening of the Oak Road stand for home supporters this season. The atmosphere and buzz at home fixtures has been a delight, especially at those fixtures against Hyde and Southport in which Oak Roaders, new and old, took delight – and played their part – in two fine home wins. This has been a trial which can only be seen as positive and has given us the faith to do everything in our powers to ensure that a permanent solution can be found for next season, if not before.

The positive vibes around the club have been backed up by the performance of our youth team. Not only do they top their league (on average points per game) – a league populated by Football League clubs up to Championship level – but they also proudly bowed out of the FA Youth Cup the Sunday before last against a very strong Huddersfield academy, all in the last few minutes of extra-time, having led through a Zane Banton goal.

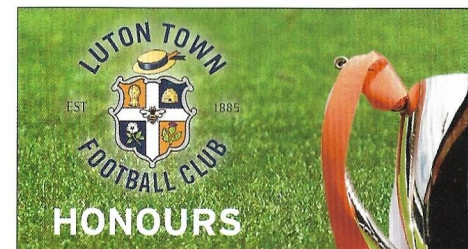

I'd like to express my thanks to Wayne Turner, Paul Driver and their staff, along with every contributing member of our Academy for their efforts so far this term – well done lads!

I'd like to close on some good news in time for Christmas. It is with pleasure that I'm able to announce we have agreed a 12-month extension to John Still's contract securing his services through to the summer of 2015, but with the condition that, for each promotion we win together, an additional year is added.

Having spoken to many Hatters since John's appointment I cannot recall a single person who wouldn't be delighted by this news.

Have a wonderful Christmas one and all and here's to John Still being our manager at the start of the 2018/19 season!

Gary

## the captain

**RONNIE HENRY**

**Last Saturday's FA Trophy win over Wrexham was absolutely fantastic and all credit to the players who were involved in the deserved victory.**

I was present with a number of the other lads to watch the game and I must admit it was one of the best games of football I've seen this season. I thought we were excellent against a visiting team who fielded a much more experienced side than we did.

### Talent

The performance and result is no surprise though. The talent and strength in-depth of our squad is obvious and I have no doubt that last weekend's display has given the manager a few headaches. I'm sure, though, he will appreciate having to make tough decisions and that can only be of massive benefit to everyone as a whole.

More importantly, the Wrexham win showed that should any player suffer a loss of form or suffer the unfortunate suspension or injury that there are players ready to step in when required. I don't know how many times I have said this in my notes this season, but under the current gaffer players who play well and impress him are always given a chance.

### Tough

The manager has already said he will stick with last week's group of players in the FA Trophy and we are all really behind them every step of the way. After dumping out the holders, there's no reason why they can't go further. The next tie is going to be tough but wouldn't it be just great if we could win that one?

I've won the FA Trophy before and been lucky enough to lift it as captain at my last club in the first game at the new Wembley. If we carry on progressing at this rate and reach the final I can see myself having a little dip in form a week before just so I can get in the team!

The competition for places is very healthy and what a great thing to say at this time of year as we begin a tough schedule of matches over the festive period.

We're progressing well on all fronts and our performances are keeping everyone on their toes.

Today we entertain an in-form Gateshead side. We know how tough the game will be, having only played them up at their place last month. They were the better side in the first half and played us off the park but we improved in the second half and could have won it.

The points were shared that day in atrocious conditions but we are at home today so we must take advantage of our superb record at Kenilworth Road. Our backing here has been unbelievable too so hopefully that, combined with our efforts on the pitch, can keep that up over the festive period.

### Consistency

As we approach these big games I think it's important to stress that whilst we are playing well we must not get complacent. I say this because you only have to take one look at some of the results recently. We beat Alfreton 5-0 two weeks ago but then last week they won 3-1 at Kidderminster. Consistency is the most important thing in this league and we must continue our current levels if we are to achieve anything this season.

My final word goes to you, the supporters. Your support has been incredible so far and all I can do is urge you for more, especially over the next few games at such a vital part of the season. Every little helps. If we can get through this period in good shape we could be onto something special.

Enjoy the game and, on behalf of all of the lads, have a wonderful Christmas.

# CAMBRIDGE TRIP IN TROPHY

The Hatters have been drawn away to league leaders Cambridge United in the third round of the FA Trophy.

The current top two in the Skril Premier will meet at the Abbey Stadium on Saturday 11th January. The Town's league fixture with Macclesfield, scheduled for the same day, will require rearranging.

Cambridge have beaten Salisbury and St Albans in the first two rounds rounds, whilst the Hatters have seen off Staines and holders Wrexham.

## Winners

The two clubs met in the competition back in 2009/10 when United ran out 3-1 winners at the Abbey Stadium.

Boss John Still was happy for his young group of players after the Hatters were paired with the U's.

## Rest in Peace

The club were saddened to be informed of the death of life-long Town supporter and season ticket holder Jim Sellars at the age 66.

He first started going to see Luton Town as a teenager, catching the Bletchley to Bedford train and then onto Luton. On meeting his future wife Rose he started going with her and her father Peter Pollard who was also an avid Luton supporter.

Their twin sons Stacey and James started attending matches as five-year-olds, followed by grandson Jamie making it a real family affair. They are all still season ticket holders today. Jim's last game was Southport away in August before passing away from a very sudden illness two weeks later.

# Well done girls!

After winning their first game in two years, members of the Aspley Guise Girls' Under-13 squad will be watching from the Oak Road stand this afternoon.

Team manager Matt Hall takes up the story. "I would like to express my gratitude to the Club who have kindly invited us to today's game.

"I help coach the girls' under-13s and one of the team, Grace Hall is my daughter and is a diamond season ticket holder.

"The team is now in its third season and has just recorded its first ever league victory after over two years of trying. Obviously the victory was met with great delight (and disbelief) and was just reward for the girls who have been steadily improving. They always play with a smile and give it their very best despite our lack of success.

"The 4-0 victory was followed by an 8-0 win a week later in a friendly so we seem to be moving in the right direction.

"I made an enquiry to the club to see if we could organise a group deal to reward the team and I'm delighted that we will have 30 representing the club made up of players, coaches and parents.

"As a season ticket holder myself for over 35 years I hope to convert a few more into supporting the club - Aspley Guise is a Bedfordshire club after all so we want them supporting Bedfordshire's number one team and staying away from Bucks!"

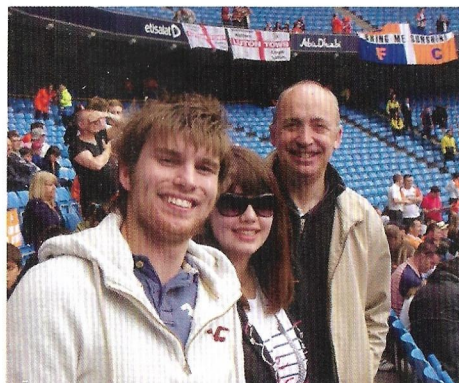

The picture shows the girls celebrating that famous first victory. Well done girls, and have a great afternoon with us.

# Happy Birthday to you!

Many happy returns today to ardent Town fan Andrew "Ossie" Osborne who is celebrating his 50th birthday at Kenilworth Road this afternoon.

A season ticket holder with his daughter Claire friend Martin, the picture (below) shows Ossie (right) at the Etihad Stadium with Claire and his godson Iain Bull at the Play-Off final in 2011.

So happy birthday Ossie from everybody at Luton Town and all of your friends and family.

We'd also like to send our belated birthday wishes to big Hatters fan Phil Goodman who turned 60 on the 8th December.

He celebrated this special occasion by a surprise party arranged by his family. Phil also shares his birthday with his mum Margaret Goodman who has been a season ticket holder for many years who recently turned 83, and his nephew Nick Pearce who is 45. Phil and Margaret attend the matches with various other members of their family who all hold season tickets.

# let's go

THE FESTIVE PERIOD GETS WELL AND TRULY GOING ON BOXING DAY WHEN THE TOWN AND AN ARMY OF SUPPORTERS MAKE THEIR FIRST TRIP TO THE HIVE

## BARNET

**WHO?** Barnet, aka the Bees, formerly of Barnet but now of Canons Park, which is reliably described on Wikipedia as "an affluent residential suburb... situated in the north west London Borough of Harrow...located south of Stanmore, the west of Edgware and the east of Wealdstone". They're managed by a little known Dutchman called Edgar Davids.

**WHAT?** If you didn't know, Barnet uprooted from their Underhill home in Barnet in the summer and moved to the Hive, a 5,100-capacity stadium. The Hive also is the Bees' training base and the 44-acre site also includes further sport and conference and banqueting facilities.

**HOW TO GET THERE.** The trip to the Hive is just 23-and-a-half miles away from the Kenilworth Road main entrance and it's pretty simple. Leave the M1 at junction four and take the A41 towards Edgware. At the first roundabout take the third exit onto the A410 towards Harrow and Stanmore. At the next small roundabout turn left at the Esso Garage/McDonalds towards Edgware. After passing through a set of traffic lights with the Masons Arms on one corner and then a Peugeot Garage on the left, at the next set of traffic lights turn right into Camrose Avenue. The entrance to the Hive is down this road on the right. The postcode for the ground is HA8 6AG.

**OTHER MODES.** If you want to take the train, the nearest tube station is Canons Park on the Jubilee Line, and this is a 10-minute walk to the ground. The Bobbers Travel Club are running coaches to the Hive, too, and they depart the bottom of Oak Road at 12.30 and the fares are £16 for adults and £14 for concessions. Book your seat by calling 01234 856542.

**WE ARE UNBEATABLE.** The Town will be defending an unbeaten record against the Bees...an unbeaten record of two games. The Hatters and Barnet met in 2008/09, the Town's minus 30 campaign in League 2, in which Mick Harford's side took four points off of the Bees. A 3-0 win over Barnet at Kenilworth Road was followed by a 1-1 draw at Underhill in late April, just a week before the Town's relegation to the Conference was confirmed.

**BUMPER BOXING DAY.** 26th December has been very kind to the Hatters over past few years. The Town have lost just twice on Boxing Day stretching back to 1988. A 2-0 defeat at Everton in the top flight in 1987 has been followed by defeats to Sheffield United in 1990 and Colchester in 2006. The Town have lost one of their last 11 matches played on Boxing Day, winning six and drawing four. Barnet, meanwhile, are playing their first home game on 26th December since 2008. In 2007 they recorded a 3-1 home win over John Still's Dagenham & Redbridge.

**DRAW SPECIALISTS.** Barnet have drawn nine league matches in the Skril Premier this season, more than any other side in the division. The Bees have lost just once in 11 matches at their new home this term, winning five and drawing five. The sole defeat came against Macclesfield in late September.

**HOW THEY DOING?** Edgar Davis, the Bees' player/boss – who also allocated himself squad number one – believes Barnet can reach the Play-Offs this term and his side lie in seventh place just one point off the final Play-Off place. The Bees have won four of their last seven league games and this afternoon they travel to winless Hyde.

**WE'LL MEET AGAIN.** Don't forget both sides do battle again on New Year's Day at Kenilworth Road. The fixture has been brought forward to a 12 noon kick-off and will be screened live on BT Sport. The Hatters haven't won in seven televised fixtures.

# welcome

**GATESHEAD**

**It is with great pleasure that we welcome everybody associated with Gateshead to Kenilworth Road this afternoon.**

The Tynesiders make the long trip south buoyed by a fantastic run of form which has taken them from the bottom four of the Skrill Premier to within touching distance of the Play-Off places.

It's fair to say the Heed's turn in fortunes has been down to one man: manager Gary Mills. The former York City boss, who has an excellent record against the Hatters, has transformed the Tynesiders' season.

The Heed began the campaign under Anth Smith but after three successive defeats he resigned. Another defeat and draw followed before the Tynesiders recorded their first victory of the campaign by winning at Woking in late August.

Mills took over the reins on 3rd September and since his appointment today's visitors haven't looked back and arrive at Kenilworth Road as one of the in-form teams in the Skrill Premier. Gateshead have won 10 of their last 15 league matches, losing four and drawing one. Looking back at the last nine games in the Skrill Premier, Mills' side have lost just once – a 3-2 defeat at Wrexham that saw the Dragons score a last-minute winner.

On the road the Tynesiders have yet to draw in league competition, winning six and losing five of their matches away from the International Stadium, with five of those victories coming in their last six matches on their travels.

The two sides only met last month in a goalless draw on Tyneside but overall the Hatters just edge the head-to-head record, and are unbeaten in games at Kenilworth Road. The Town, however, haven't beaten the Heed in the last four matches.

Last season the Tynesiders inflicted a 5-1 defeat on the Hatters at Carlisle United's Brunton Park, and that came eight months after the two clubs met on the opening day in a 2-2 draw at Kenilworth Road. That was a game that the Heed led 2-0 at one stage before the Hatters fought back to earn a point.

The Tynesiders ended last season in 17th place in the Conference but Mills' side look well-placed to better that this term. The former European Cup winner has a talented squad at his disposal with a blend of youth and experience and Premier League pedigree. A number of the squad began their careers in the academies at north east giants Newcastle, Sunderland and Middlesbrough.

Former Boro man Josh Walker has five goals to his name whilst fellow midfielder James Marwood, who came through the ranks at St James Park with Newcastle, also has five goals. In attack, experienced striker Colin Larkin also has five goals to his name.

There's no doubting the quality in the Heed squad and, with a man of Mills' experience at the helm, today's visitors will certainly fancy their chances of bring the Hatters' unbeaten record at Kenilworth Road to an end this afternoon.

**COLIN LARKIN.** Summer arrival and another ex-Hartlepool man. The striker started his career at Wolves before spells with Mansfield, Chesterfield and Northampton and then Hartlepool.

# scout report

WITH MATT AQUINO

Gateshead arrive at Kenilworth Road extremely high on confidence today under boss Gary Mills after a fantastic run that has seen them rise up the table following a poor start to the 2013/14 Skrill Premier season which saw former manager Anth Smith leave the club midway through August.

## How have they performed this season?

The Heed started the campaign with four consecutive defeats which resulted in Anth Smith resigning from his post.

Gary Mills came in on 3rd September when Gateshead were languishing down in 20th with just four points to their name and instantly turned the club's fortunes around. The Tynesiders have won 11 of their 15 league game with Mills at the helm and now find themselves in ninth position just two points off the Play-Off places. Furthermore, they are the third most in-form side in the division behind only the Town and Cambridge.

Keen football statisticians will be very aware of Gateshead's away record which is the third best in the division. To date, the Heed have won the most games of any team in the league away from home with six – four of which have come in their last six trips. What's more, they've only conceded five in those six games so we can expect to see some stubborn rearguard action here today.

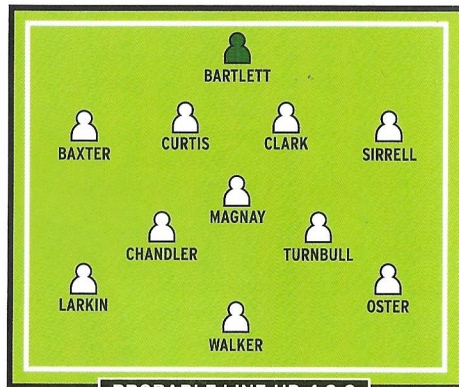

On a more positive note for the Hatters, Gateshead will be without Jordan Hugill who was on loan from Port Vale, and scored five goals in four matches for the Heed but has recently returned to his parent club.

## How will they play?

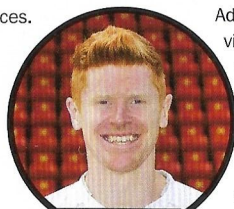

Under former manager Ian Bogie, Gateshead were known for their attractive attacking game and current boss Gary Mills has taken the club back to that style of play. So we can expect to see an ambitious side that comes out to attack with a high-tempo approach.

## How will they line up? Who are their key men?

Mills has tinkered with his side in recent weeks and has to reshuffle his deck often utilising the versatility of his players so it is difficult to predict the visitors' exact starting line-up. However, it is likely they will set out in a 4-3-3 formation.

PROBABLE LINE-UP 4-3-3

James Curtis

Adam Bartlett will start in goal for the visitors. Towering centre-back James Curtis, who has been at the club for over 10 years and made over 450 appearances, will be partnered by Ben Clark who has captained England at five different age groups, including the under-20s. The attack-minded Craig Baxter will start at right-back with Middlesbrough loanee Lewis Sirrell at left-back.

In midfield, playmaker Phil Turnbull and box-to-box dynamo Jamie Chandler will look to run the show with a blend of technique and power, and may be anchored by Carl Magnay. Ahead of them, John Oster - the 35-year-old who has been capped 13 times by Wales and previously made a big move from Grimsby Town to Everton - will start on one flank with Colin Larkin, who has netted five times this season, operating on the other. Josh Walker, a midfielder-cum-striker, will lead the line.

**...A TYNESIDER**

## LIAM HATCH

**Two centre-forwards have served the Town and the Tynesiders and both are in opposing squads today.**

The Hatters have former Heed man Jon Shaw in their ranks whilst our visitors have Liam Hatch in theirs.

Hatch joined the Hatters on a season-long loan in 2009/10 from Peterborough United, the club's first season in the Conference. It was expected that the rangy striker would form a partnership with Tom Craddock in attack but, after a promising pre-season, Hatch picked up an injury and didn't make his debut until an appearance as a substitute against Barrow at Kenilworth Road in September.

Hatch made his full debut in a 3-0 defeat at Wrexham

in the following game but in the next game, away to Cambridge, the striker didn't see out the first 45 minutes after he was sent-off for a second bookable offence. The Town would eventually go on and record a famous 4-3 win despite their numerical disadvantage.

It wasn't until the end of January that Hatch registered his first Luton goal, which came against his former club Ebbsfleet in a disappointing 3-2 defeat at Kenilworth Road. His second goal for the Town came in the next match, a trademark header to earn a 1-0 win at Barrow. The forward went onto score twice more, in victories over Hayes and Grays, before returning to parent club Posh in the summer.

After his release from London Road Hatch signed for Darlington – coming back to haunt the Hatters by scoring in a 2-2 draw the following season – and then signed for Gateshead – naturally scoring in both games against the Hatters.

## HAVEN'T WE MET BEFORE?

Today will be the 12th time the two clubs have met and, despite not winning any of the previous four meetings, the Town hold the better head-to-head record.

The Heed's 5-1 win last term was their second over the Hatters, the previous victory coming at the International Stadium in 2010 when a certain Jon Shaw headed the only goal of the game.

The Town dished out a 5-1 win of their own over the Tynesiders back in October 2011. Shaw got the Heed's consolation on a day the Hatters ran riot with Jake Howells and Jamie Hand both scoring twice and Aaron O'Connor also on target.

The Town's last win over the Tynesiders came in a third round FA Trophy tie at Kenilworth Road in February 2012 but, interestingly, the Heed have twice led 2-0 only to be pegged back in two 2-2 draws in league fixtures at Kenilworth Road.

In January 2011, Kris Gate's strike and an own goal from Howells put Gateshead 2-0 up before goals from Danny Crow and Claude Gnaka earned the Town a share of the spoils.

And the Hatters came back from two goals down on the opening day of last season. That man Liam Hatch fired the Heed ahead before Yemi Odubade doubled the lead 10 minutes before half-time. Then-Town boss Paul Buckle introduced Shaw at the break and his goal shortly after the hour got his new team in it before Stuart Fleetwood's equaliser 10 minutes later earned the Hatters a point.

# from the ~~oak road~~ <sup>Kenilworth</sup>

Having finished five points above the drop-zone in 2012/13 and after a sluggish start this term, a season of struggle looked likely for Gateshead. But as Heed fan Ross Black explains, the Tynesiders are now playing a controlled passing game which has seen them shoot up the table - and it's been inspired by a manager who has got one over the Hatters on more than one occasion...

**TALK OF THE TOWN:** When the sides played each other on the opening day of last season, Ian Bogie had been in charge for five years. Had he taken Gateshead as far as he could? Are you surprised things haven't worked out for him since?

**ROSS:** Ian Bogie did fantastically well for Gateshead during his tenure at the club. However, after our highest placed finish in the Conference Premier, he decided to make too many wholesale changes to our squad and the players he brought in were simply below the quality we needed. I was really shocked to see the run Stockport went on earlier this season while he was in charge of them in the Skirill North, especially as he took Gateshead out of that league via the Play-Offs. However, I do sympathise with him due to the current turmoil they seem to be facing in the boardroom.

**TOTT:** Please assess the impact Gary Mills has had since taking the Gateshead hotseat. What changes has he made to both your playing style and also personnel wise?

**ROSS:** Since Gary Mills took charge of Gateshead, the whole mentality and playing philosophy of the club has changed. From the first game against Hereford United, it was evident to see that he likes to play football on the ground and to be in control of the game. He has reinstated wingers to the side to expand the style of play

when we need to have a go at sides. James Marwood, who had been hit and miss at the club for the past two seasons, was put straight in to the line-up and has never looked back. Mills' only permanent signing, Jon Oster, has real class and has remained an ever present in the centre of the midfield.

**TOTT:** If you could pick the Heed line-up, who would be first name on your team sheet and why?

**ROSS:** With the way we have played this season and with many top quality individual performances, it is tough to really pick one player out. But if I had to be exceptionally picky, I'd choose club captain Ben Clark. His organisation at centre half and his commanding displays at the back eases pressure on our goalkeeper Adam Bartlett, who would be a close second to Clark.

**TOTT:** What's the best game you've seen involving your side this season and which team has impressed you the most?

**ROSS:** The best game was without a doubt Alfreton at home. From the first minute, we dominated but just couldn't find that first half goal. However, in the second half we threw the kitchen sink at them. It finished 3-0, but like many other games at home, especially against Dartford, it could have been a much bigger scoreline. Kidderminster Harriers have impressed me the most. They have a solid defence and with Michael Gash upfront you always know they have goals in their side.

Heed superfan  
Ross Black

Home of the Heed: The International Stadium

**TOTT:** What was it like to be nomads for the second half of last season - playing your 'home' games at places like Carlisle, York and Hartlepool? Do you feel similar problems will resurface with the International Stadium's pitch this season? What's the long-term solution?

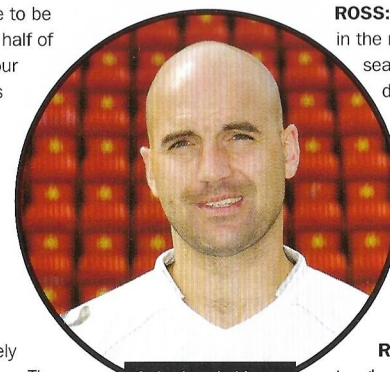

**ROSS:** It was extremely disappointing and tedious. The club received a lot of harsh criticism from other clubs in the league but we couldn't do anything at all to stop it. The weather was horrific and when Gateshead Council fitted the new system it had a clear flaw that was not picked up. However, that has been sorted out and our pitch has already had to endure some downpours and snow. No game in the world would have gone ahead with the rain that led to our game in the FA Cup against Oxford being postponed.

**TOTT:** You're not far off the Play-Off places - can you see Gary Mills repeating what he did at York and taking you up through the Play-Offs this season?

**ROSS:** I think we certainly have a side that can be in the running for a Play-Off spot at the end of the season - however, my only concern is that we do not have a natural goalscorer upfront. We haven't really replaced Jon Shaw. If we can get a goalscoring striker in our side, I really believe we will challenge and, if we make it to the top five, we have a manager who knows what it takes to win and get promotion.

**TOTT:** How would you assess England's draw for the World Cup finals?

**ROSS:** I think England were drawn in a very tough group. Uruguay are a good side with the excellent talent of Luis Suarez, who can give any defender in the world nightmares. Italy are a side with good experience. However, an England side which in my opinion was poorer in the 2012 European Championships took the Italians to a penalty shoot-out - that must give us hope. In all fairness, I don't really know much about Costa Rica. But one thing that will be on their side for sure is that they will be able to adapt to the humid conditions quicker than England, who are used to the European environment.

# TOWN 2-0 WREXHAM

The Town look on as Wrexham's Neil Ashton deflects home to give the Hatters a 2-0 lead

**A side showing 10 changes following last weekend's 5-0 win at Alfreton maintained the winning thread as the Hatters knocked out FA Trophy holders Wrexham at Kenilworth Road.**

Two goals from corners swung into the box by former Dragon Shaun Whalley did the damage – Mark Cullen heading the first before Neil Ashton's second half own-goal – as the Hatters won for the eighth successive match on home soil in all competitions.

Pelly Ruddock Mpanzu was the sole survivor of the Town's starting XI from the previous week but the Town showed few signs of inexperience as they dominated throughout to book a third round spot on 11th January.

The Hatters started well and, after Whalley's shot was kept out by Wrexham goalkeeper Andy Coughlin on 10 minutes, the winger set-up the opener. His left-wing corner arched towards the backpost and Cullen, having lost his marker, guided a header into the back of the net for his sixth goal of the campaign.

A goal to the good the Hatters were playing some terrific football going forward and Alex Wall was mighty close to doubling the lead on 20 minutes when he saw a shot blocked with force from the Wrexham defence at the end of a fine flowing move.

The Town came even closer two minutes later. Ian Rees, at 17 the youngest player on the pitch, almost capped a full debut to remember when his left-foot shot was deflected onto the foot of the post.

It was chance-a-minute stuff as the Hatters continued to press. Cullen volleyed wide on 25 minutes, Matt Robinson sent a shot scuttling wide a moment later before Ruddock rifled a shot from distance into the arms of Coughlin on 28 minutes. By the time of the half-hour mark the Town's

dominance was epitomised by the corner count: 8-0 in their favour.

Wrexham had barely threatened Elliot Justham's goal in the first 45 minutes and the Town almost snatched a second before the break but neither Cullen nor Wall could get on the end of captain Jake Howells' dangerous, low left-wing cross.

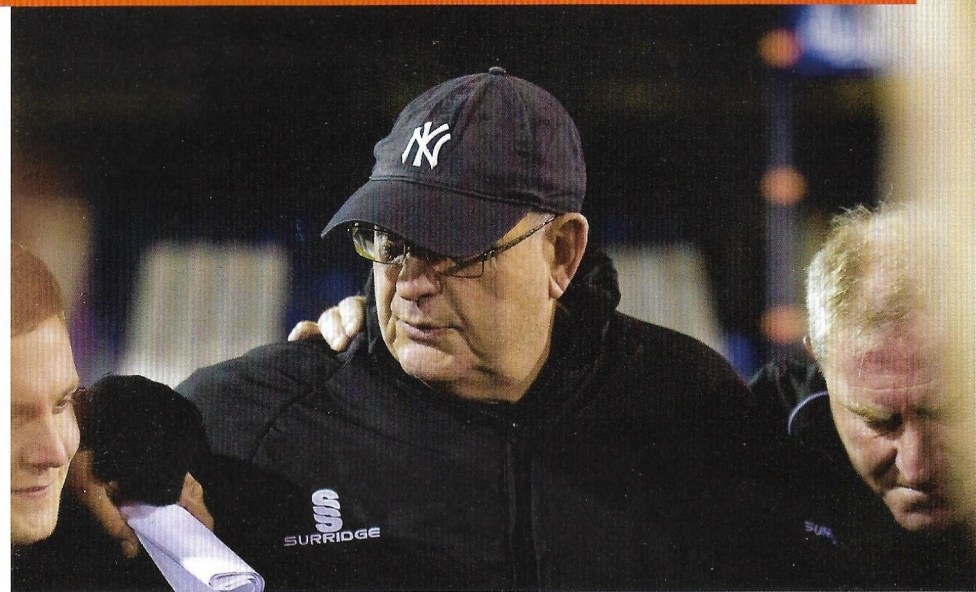

In front at the break the Hatters thought they'd doubled their lead a minute into the second half but Wall's strike was ruled out for offside, but slowly Wrexham worked their way back into the tie and Johnny Hunt's vicious drive was well-blocked by Joe Davis. However, back came the Hatters, and on the hour Wall was denied a tap-in when a last-ditch interception from Wrexham defender Leon Clowes cut-out Robinson's low cross.

But on 65 minutes the visitors' task was made tougher by the dismissal of midfielder Jay Harris, who trudged off for an early bath after picking up a second yellow card following a nasty challenge on Robinson.

Despite their numerical disadvantage, Wrexham upped the ante. Player/manager Andy Morrell introduced himself as a substitute and within moments of his introduction, strike partner Andy Bishop headed wide from a left-wing corner. However, with 12 minutes left the Town made the tie safe. Whalley's corner from the right took a deflection off of Ashton, giving Coughlin no chance, to give the Hatters some breathing space.

Ashton came close to making amends with a header at the right end on 86 minutes but Anthony Charles, who completed the full 90 minutes in his first appearance back since late October, cleared the ball off of the line and that was the final chance as the Town completed a comfortable win to maintain their fine recent record.

**John Still hopes the Town can get all the way to Wembley in the FA Trophy after a side showing 10 changes knocked out holders Wrexham.**

A Mark Cullen header and an own goal from the visitors' Neil Ashton sent a young Hatters side through into the last 16 of the competition.

"It was a terrific performance and they'll get another chance in the next round," confirmed the manager. "It's a great opportunity for them and I hope we can get all the way to Wembley.

"I said to the players that I would pick a team that I thought would be able to win and the players did that.

"In fairness it could have been more than 2-0 but Wrexham are the holders, and they're a good side but I'm obviously delighted.

"It was a great performance and I'm expecting to be busy on Monday. I should have people banging on my door wanting to know when they're getting a chance in the first team.

"It was absolutely terrific. I've said all along that I want to try and develop a young group of players here and that's what we've done.

"I thought they were more than worthy of winning, I really did. I thought 1-0 at half time was an injustice as we were better than that.

"I made a point to the players, one thing I couldn't do, my profession doesn't allow me, is pick a team that I think will lose.

"I've got to pick a team I believe will win, and I believed the team I picked would win, and it did.

"It's easy to say that now, but I really believed that the team could win. I thought it had enough about it, had lots of energy, enough pace, enough raw talent and I just felt that for most of the game we were in control."

Following such an impressive display against a full-strength Wrexham side out to defend their Trophy, the manager is now faced with plenty of selection headaches.

"Would I expect anyone to be knocking on my door? The answer to that is 100 per cent yes," said Still.

"I'd be disappointed if one, two, three, four, five, even six didn't say, 'what more could I do?'"

"What it does is it reminds people who have a shirt in the first team how hard they've got to work to keep it. It reminds them, people are bashing the door down now.

"Lots of these people will be around it between now and Christmas and the fantastic feeling for me is that the squad is so strong, but the age of it is young. The key is it's going to get better."

First team coach Hakan Hayrettin added: "This result and performance gave me as much joy as last week's result at Alfreton.

"The development of the young players was a plus and seeing Anthony Charles and Alex Wall play for so long was a plus. It's all very positive for Luton Town Football Club."

**ROBINSON EYEING TROPHY GLORY**

The Town are just three wins away from a Wembley final in the FA Trophy and midfielder Matt Robinson believes the competition is there to be won.

The Hatters booked their place in the third round by knocking out holders Wrexham last Saturday with Robinson voted man-of-the-match for his display in the heart of midfield.

Manager John Still has entrusted a group of players he thinks is capable of going all the way in the competition and Robinson shared his boss' hopes of a successful run in the competition.

"I think the Wrexham result speaks for itself," the 20-year-old told Talk of the Town. "To take on the holders and give a performance like that and to be on top like we were for the whole game shows that anybody can fit into the first team.

"Can this group win the FA Trophy? Yes. Simply yes. We showed in the second game against Staines that we were showing signs of what we were capable of. We played some good football in that game and continued that against Wrexham.

## Incredible

"We've knocked out the holders so I don't see why we can't win it.

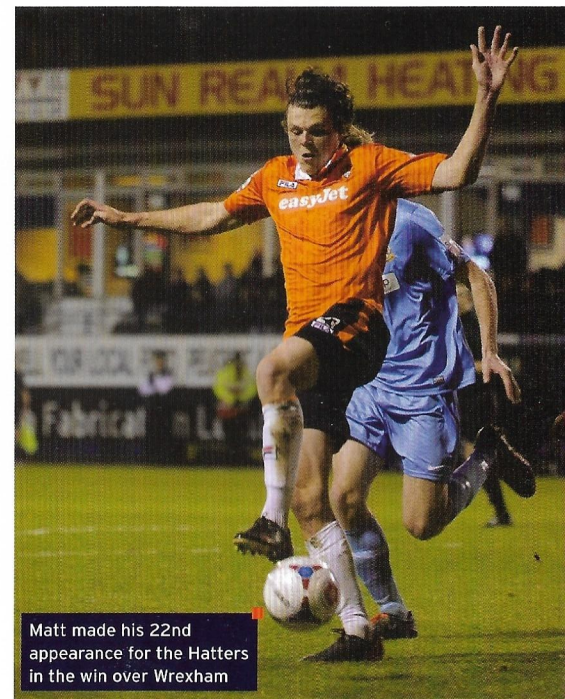

"It's every kid's dream to play at Wembley and, if we did, it would be incredible. And, if not, it's a case of keep doing what we're doing."

Whilst the Town made 10 changes to the side that beat Alfreton 5-0 the week before, Wrexham on the other hand fielded an experienced team and made just two changes to a side that came close to beating League 2 leaders Oxford in the FA Cup in their last match.

That difference in personnel was one thing Robinson thought helped the Hatters last Saturday.

"Playing against a more experienced team worked in our favour," said the former Leicester youngster. "Usually you're told to watch out for this player and I don't they knew too much about us. There's not much information on us available.

"That gives us a bit of licence to do what you want, and I think our players and our subsequent performance was an element of surprise. I don't think Wrexham knew what to expect.

Matt made his 22nd appearance for the Hatters in the win over Wrexham

"We've got a lot of young, talented players and together with some more experienced heads I thought we did really well and there's no doubt that we deserved the win."

The manager admitted after the victory that he expects those players involved in the Wrexham victory to start knocking his office door down and demanding a start.

With a busy festive period of fixtures coming up, those who helped slay the Dragons have done their chances no harm of breaking into the first team squad.

"We've said it all season that if you're playing well in these games, or development games, then the manager will give you a chance," added Robinson. "It's important that when these games arise you take the opportunity.

"At this time of year the games are coming thick and fast so you need to make sure you're ready to go if and when you're given that chance."

# Anthony Charles

## CHARLES DELIGHT AT TOWN RETURN

Last Saturday's FA Trophy victory over Wrexham gave many players a big sense of satisfaction but none more so than defender Anthony Charles.

The two-time winner of the Football Conference during his spells with Barnet and Aldershot signed for the Hatters in the summer with the intention of adding to his medal collection.

However, a string of niggling injuries restricted the 32-year-old to just four appearances for his latest club prior to the weekend victory over the Dragons.

Having been out for a part of pre-season Charles came back for the opening home game of the campaign against Salisbury, only to suffer a dislocated shoulder.

It was an injury that kept him out until returning in October, but no sooner had he helped the Hatters to a 1-0 win at Woking in the FA Cup he was out again until his return to action last weekend that saw the Hatters knock out the Trophy holders.

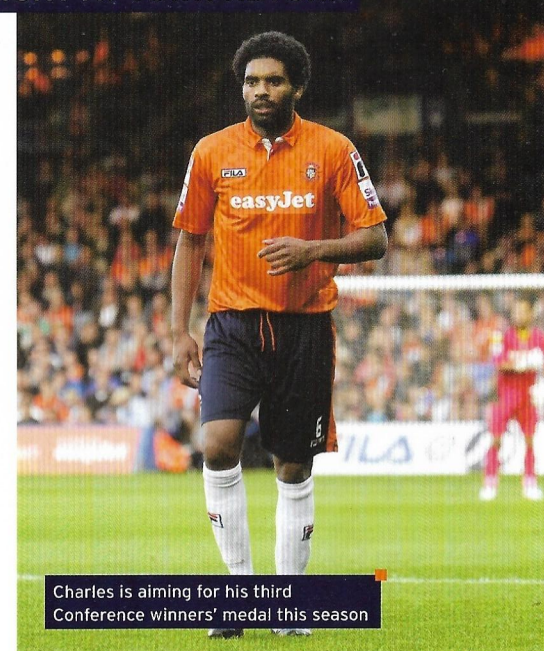

"For the team to win, keep a clean sheet and progress in the competition is the main thing but, from a personal point of view, to get 90 minutes after a stop-start beginning to this season, is the best thing for me," Charles told Talk of the Town.

"I've been playing football for a long time and luckily I've been okay with injuries, however this season has been the worst. This season's not really got going and it's disappointing because as a player you always want to contribute and I haven't contributed as much as I'd like to.

"Players don't like being injured and being unable to train. But to get through 90 minutes against Wrexham it's now all about managing my body properly and making sure I'm involved for the rest of the season."

With the season at its half-way point, Charles believes the injuries are now well behind him as the Town aim to overhaul leaders Cambridge in the title race.

"The shoulder injury was the one that set me back most," admitted the centre-half. "When I came back my body almost forgot what it was like to get through games and training, such was the intensity. I felt as though I wasn't offering any worth to the team whilst I was out injured, but to come back now is a big plus.

Charles is aiming for his third Conference winners' medal this season

"There is still the second half of the season to play and if I can contribute then I'll be happy and so will the manager."

Charles was the oldest Town players on the pitch in the win over Wrexham as the Hatters booked their place in the last 16 of the Trophy.

And after such an impressive all-round display, Charles thinks the result will have a huge effect on the club.

"We were facing a team in Wrexham who are always strong and always expected to do well in the Conference," said Charles. "They were the holders and we knocked them out. We've got a core group of players in our squad who can be put together in any competition.

"The result will give the gaffer a headache and I'm sure he's happy to have that because the boys did really well.

"There's a big bulk of games coming up and it's an important period when you need the whole of your squad.

"A lot of the boys will come away from the Wrexham result thinking to themselves 'I've done myself some good here' and it's just a case of building on that now."

The Town celebrate the second goal against Wrexham last Saturday

# the big interview

AFTER ARRIVING LAST SEASON FROM TODAY'S VISITORS GATESHEAD, JON SHAW HAD PLANNED TO BE CELEBRATING PROMOTION BY NOW. WHILE THAT HASN'T MATERIALISED YET, THE STRIKER TELLS TALK OF THE TOWN OF HIS DETERMINATION TO HELP THE HATTERS ACHIEVE THAT THIS SEASON.

**You wait your whole career to be part of a successful winning team and then injury strikes. It's fair to say the season so far hasn't been an easy one for Jon Shaw.**

A hernia ruled the striker out of the opening day defeat of the season at Southport before he was drafted in to fill a void in attack in the Town's next four matches, leading the line admirably despite some obvious discomfort.

With the subsequent hernia op done and dusted his recovery was quick. Within three weeks the centre-forward was back in training but, after just a fortnight, his luck took a turn for the worse once more and a torn calf muscle put pay to a return to first team action. A number of set-backs later and a return against former employers Gateshead looks a long shot this afternoon.

However, there is light at the end of the tunnel and the 30-year-old is on the road to recovery.

And, while he admits the season so far has been a frustrating one, he's desperate to fulfil the promotion dream he had when he first arrived at Kenilworth Road last summer.

## Frustrating

"It's been the worst time of my career for injuries, I've never had a spell like it," admits Shaw. "It's been inexplicable and so frustrating. I've waited my whole career to play in a team like this and I'm sitting on the sidelines. But I couldn't be happier for the lads. We've got a fantastic squad and I'm supportive of them. I want to be part of it and I want to come back and be in contention to do that. That's the aim once I'm fighting fit."

No footballer likes being injured and Shaw is, naturally, no different. Luckily, however, the striker has had the support from a lot of people from inside the club during his time out of the first team limelight.

"I've had my moments when I've felt down, especially with the recurrence of this calf injury," Shaw says. "It's tested me, but Simon Parsell, the physio, has been brilliant and Dave Richardson, the fitness coach, the manager, the staff and all the lads have been great.

"You can be struggling sometimes when you get a set-back but there's always a time when someone in the dressing room will do something daft and you have a

laugh and a joke. The best thing for me, though, is going home to my wife and children, and I think overall I deal with it well. I've always been mentality strong but that's football, it tests you.

"The backing I've received has been great and it reminds me of a time I had at Rochdale, when I was 24. I tore a hamstring which kept recurring much to me and my manager's frustration. He wasn't so supportive, he just wanted me fit and he couldn't understand why I wasn't. That made that it hard for me to deal with but I've had the full backing of everyone here which has been fantastic."

Gladly the calf injury which has kept him out in recent weeks is showing signs of improvement, but sadly it seems a fairytale return against the Tynesiders today will come too early.

"I was looking at the fixtures a few weeks ago and thinking that this could be the game to come back for," says Shaw. "Any game against one my former clubs is something I look forward to. It was written last season that my first game for Luton would be against Gateshead and I enjoyed that moment. Gateshead have always been good to me and I wish them all the best of success. They play good football and their style always suited me – much like how we play now."

Having netted 35 times in 2011/12 for the Heed, Shaw's unveiling at Kenilworth Road, together with further high-profile arrivals, made the Town strong favourites for the title last term. However, that failed to materialise, and despite a fine run in the FA Cup – which saw Shaw start the historical win at Norwich – the promotion dream soon faded, Paul Buckle was replaced by John Still in late February, and Shaw ended the season with eight league goals from just 26 starts.

So, what happened last season? Why could the Hatters beat Norwich one week and then lose at Barrow the next and, importantly, what's the difference this campaign?

"This season, we seem more organised," says Shaw. "We train and play in a certain way, a way the manager says is the 'Luton way'. It's geared us to being more successful. Since his first day we've been training like this and, I think we've added more quality to a squad that was already very good.

"Last season there was a lot of expectancy on us but that is the norm at a big club like Luton. The run in the FA Cup was great but there's no doubt it affected us. The cup ties against Wolves and Norwich were completely different animals to the league games. Those FA Cup matches proved we were good enough – we'd soak up the pressure and hit those teams on the counter.

"In the Conference we couldn't play that way. It would be the other way round and we'd be hit by a sucker punch.

"I look back at the game at Woking on New Year's Day as a turning point. We were in touch at the top and doing well in the Cup and the Trophy. Unfortunately for me in that game, I missed a good chance, their keeper made an unbelievable save and we ended up losing the game.

"All of a sudden we were beating Wolves and Norwich but slipping too far behind in the league. It was tough in the dressing room because the mood was so up and down. We'd go out and give it our all in the Conference but couldn't get results. I'm sure we won't be the first and won't be the last team to have a cup run affect us like it did."

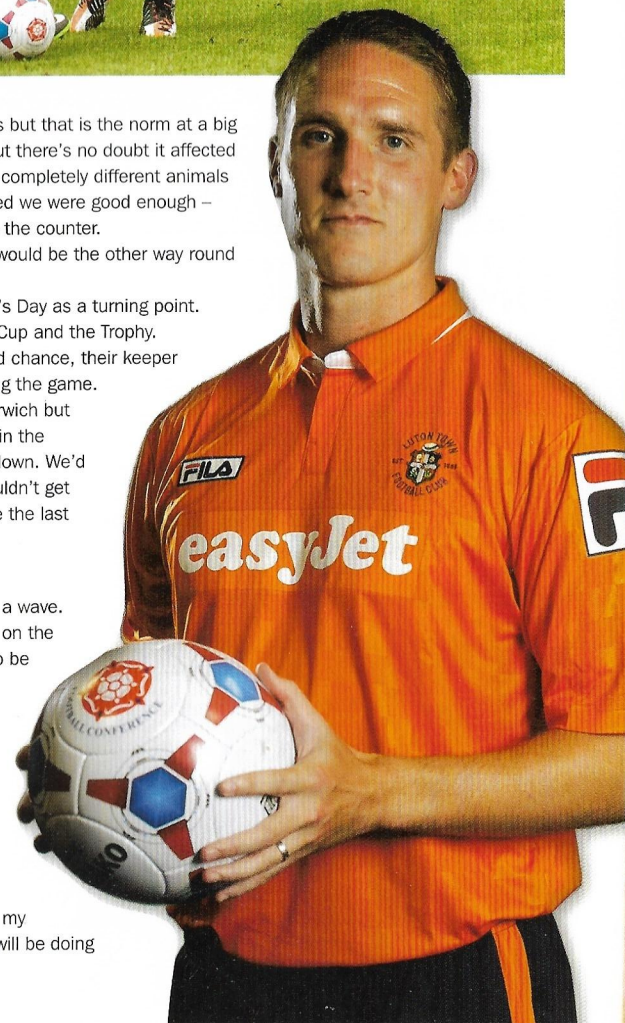

## Positive

Now, though, the Town are riding on the crest of a wave. Unbeaten in 14 league games the Hatters are hot on the heels of leaders Cambridge and Shaw can't wait to be back involved.

"I'm not far away now," he says. "I'm thinking positive and that's the way you've got to be. My body just needs to get used to dealing with running and training again.

"But the way we're playing, and the way the development squad are playing week in, week out it's going to be difficult for me to get into the team.

"I'm up for the challenge, though. I've waited all my career to play in a successful team like this and I will be doing anything to make sure I can play my part."

**It's all well and good us asking the questions but we can't (and don't) think of them all.**

So Talk of the Town asked the army of followers on the club's social media channels Twitter and Facebook to submit their questions for us to put to striker Jon Shaw.

**Sheldon Mayne @\_Smayne**

@LTFC\_Official What is your favourite thing about playing for LTFC? #AskJon

**JON:** Getting to play in front of so many supporters. The large and passionate support always get behind you and they've been good to me since I've been at the club.

**Stanbridge @NathanLfc**

@LTFC\_Official Summarise your Luton Town career so far in three words. #AskJon

**JON:** Up. And. Down.

**Peter Galvin @JustPete**

@LTFC\_Official If you were not a professional footballer, what would you have liked to have a career in? Making cakes? #askjon

**JON:** No, I wouldn't be making cakes, that's my wife's job, but I'd probably have been an athlete or a teacher. I was keen on athletics as a kid and I had the option of choosing either football or athletics. Rightly or wrongly I chose football.

**Rob Hadgraft @RobHadgraft**

@LTFC\_Official Teams seem to raise their game against Luton. Having played for Gateshead as well, can you confirm this does happen? #askjon

**JON:** It is true but it isn't just a Luton thing. Of course a lot of people raise their game against Luton. We're a big club who draw massive crowds at this level and it's a club which has always been there at the top of the table to be shot at. But, it's not just here, teams raise their games against the good teams, the Fleetwoods, the Crawleys, and when I was playing in this league a few years back, Aldershot.

**Jamie Muir @JamieM84**

@LTFC\_Official #AskJon Would you ever consider playing a match at centre back, as @9howie did in 2005/06? #TargetManToLastMan

**JON:** Yes. In fact I started as a centre-back. I've probably played about 30 league games as a centre-half, too, during my spells at Burton and Halifax, and when I was a youngster at Sheffield Wednesday.

**Cameron Lambie @CameronL95**

@LTFC\_Official @jonshaw101 What has been your most memorable game in a Luton shirt so far? #AskJon

**JON:** One from the Wolves, Norwich or Barrow games last season. The Norwich result was the most memorable but, as a striker, it's good to score goals, and it was a good night against Barrow where I scored a hat-trick against a former club and manager.

**Dan Blackwell @dblackwell155**

@LTFC\_Official Do you enjoy playing against former clubs? And would you celebrate against them? #AskJon

**JON:** I've always had a really good relationship with all my former clubs. I don't celebrate if I score against them and people sometimes say that's disrespectful to the team you're currently playing for but I've never been one to rub it in.

**gemma louise @Gemma\_nathan\_TW**

@LTFC\_Official #askjon who inspired you to become a footballer?

**JON:** It was by luck, actually. As a young boy for many years football didn't interest me. My cousin started playing and I was told it would be good to go along. I enjoyed it, starting scoring goals and never looked back.

**Martin Short** Do you think Luton will win promotion this season? #AskJon

**JON:** Yes I do. I think this club has waited long enough. We're organised, hard-working and honest and we have a good mix of youth and experience which complements really well.

**Mark Ashworth:** With all the tempting crosses flying into the box in recent weeks from the Town players and manager John Still's policy of "never turn a crossing opportunity down" is Jon more eager than ever to return to fitness and force his way into the first team so he can finally capitalise on this service?

**JON:** Absolutely. It's obviously frustrating and I'd love to be playing in this team right now. We're playing with great confidence and you can see how many goals we're scoring from crosses. I want to be part of this team and help this club and the lads win promotion...but let's just get fit first.

... THE PITCH WITH JON SHAW

## ON THE PITCH

### WHAT IS THE BEST GOAL YOU HAVE SEEN THIS SEASON?

It has to be Steve McNulty's volley against Southport. It was a great strike and so unexpected. If I'm being honest it was a goal I'd expect Mark Tyler to score more than Macca!

### WHO IS THE TOUGHEST OPPONENT YOU'VE EVER FACED?

Markus Babbel. It was for Sheffield Wednesday reserves against Liverpool reserves. I think they had a reserve team with £45m of talent playing and it wasn't long after he'd won the World Cup with Germany. I'm not sure I got a kick.

### WHAT DO YOU WANT TO IMPROVE ABOUT YOUR GAME?

Every year I always look to improve. So everything. I want to score more goals, improve my hold-up and link-up play, as I said, everything.

### DO YOU HAVE ANY SUPERSTITIONS?

No.

### WHAT WAS YOUR FIRST PAIR OF BOOTS?

They were a pair of Quasars. I couldn't tell you which player was wearing them at the time. I was about six or seven but you never forget your first pair of boots.

**LUTON TOWN 2-0 PLYMOUTH ARGYLE**  
**21ST DECEMBER 1968**

After a wretched away defeat at Hartlepool in December 1968, the Town's seventh away reversal on the trot, it was revealed by the national press that manager Allan Brown had been interviewed for the Leicester City job.

It was widely thought that Brown was favourite for the position, being regarded as one of the brightest young managers around at the time, but when word came through from Filbert Street that Torquay boss Frank O'Farrell had been appointed instead, the Luton directors acted quickly. The first words coming from Kenilworth Road were that Brown had resigned, but as the news unfolded it became clear that he had actually been sacked with 'disloyalty' given as the reason. It was conveniently forgotten, though, that Brown had turned down the chance to manage Plymouth the previous season at, a then, massive salary of £5,000 a year.

The Town's directors lost no time in appointing a replacement and turned immediately to Alec Stock, who had been axed by QPR in controversial circumstances a couple of months before.

Stock had guided Rangers to promotion to Division One, but had been forced out before he was given the chance to pick a side in the top flight for the first time in a career that had seen him take charge of Yeovil, Leyton Orient (three times), Arsenal and Roma. Stock was also less than happy. "I am a man of no opinions until 5pm on Saturday," said Stock on taking control. "It will take two or three weeks to find out what I have got here."

Luton supporters could have told him he had taken on a side that had lost its way. Unbeaten at home with only one point dropped, results away were little short of disastrous with only four points picked up and all those won at the start of the campaign.

The goals had also dried up and the Hatters entered the home clash with Plymouth on 21st December 1968, in eighth position in Division Three, six points away from top spot. The Pilgrims were in eleventh place.

Stock made three major changes to his first side in charge. Firstly, he recalled John Moore who had been out for three months with an ankle injury, then he moved Bruce Rioch to the forward line where he had not been a

huge success before. Lastly, he insisted that the players kept their shirts tucked into their shorts!

After Allan Brown had turned down the advances of Plymouth the previous season, they had recruited one of his old team-mates at Kenilworth Road, Billy Bingham, to the position.

A quite respectable pre-Christmas crowd of 10,971 had turned up, as well as the London Weekend TV cameras and a battery of Fleet Street's finest, to witness Stock's first game at the helm.

They were not disappointed as the Town attacked with a passion from the start, ably led by a born-again Rioch.

It was all Luton from the opening whistle and shots rained in from all angles, but Pat Dunne, the ex-Manchester United goalkeeper, stood firm for Argyle. He made countless brilliant saves, throwing himself all around the goalmouth, but it was a mistake by the big Irishman that led to the first Luton goal in the 32nd minute.

A shot from Rioch was deflected for a corner with Brian Lewis scoring direct from the flag kick, much to the embarrassment of the Argyle defenders. The Town went two up a few minutes later when Keith Allen, who was later to play for the Pilgrims, bundled the ball home from close range and all looked set fair for a rout, the like of which had not been seen since the autumn.

It was all one-way traffic in the second period, but Dunne proved unbeatable in the Plymouth goal, and brought off terrific saves from Graham French, ex-Argyle winger Mike Harrison and Rioch in particular. It was no wonder that the goalkeeper received a generous standing ovation at the end.

## THE PROGRAMME

The Town, in an attempt to modernise a programme which had remained unchanged since 1961, simply increased the page size for the 1968/69 season. The result was probably the worst programme in the Football League only on larger pages!

Thirteen pages of adverts out of 20 made it a complete embarrassment - and who modelled for the strangely shaped footballer on the front cover?

The Club Notes section makes no reference to the appointment of Alec Stock but instead welcomes ex-Hatter Billy Bingham back to Kenilworth Road. Mention is also made of the next three sell-out games, at home to Watford on Boxing Day (which was postponed), away at Northampton (Ritch was to score twice in a 2-0 win in front of over 15,000) and League champions Manchester City away in the FA Cup where we went down 1-0 to a dubious Francis Lee penalty.

**21st DECEMBER**

## THE RECORD

The Hatters' overall record on this day in history reads played 12, won five, drawn three and lost four. Just 14 goals have been scored and 15 conceded on a very low scoring day in terms of goals. The Town have kept five clean sheets and have failed to score in three games.

## LONG TIME NO SEE

The Town are playing for the first time on this day in over 10 years this afternoon. It's been 11 years since the Hatters drew 1-1 at Bristol City in a Division 2 (now League 1) clash at Ashton Gate. The Town took the lead through Steve Howard's strike but then had defender Sol Davis sent-off in injury time. But, with Joe Kinnear's side holding on, Peter Beadle snatched a 96th-minute equaliser for the Robins to break the Hatters hearts.

## WAITING TIME

It's been 34 years since the Hatters tasted victory on this day. Charlton Athletic were beaten 3-0 at Kenilworth Road in a Division 2 (now Championship) match in front of 7,277. A first-half brace from Brian Stein had the Hatters in control before Bob Hatton made sure of the points five minutes into the second half. The victory lifted the Town up to third in the table, but they would go on and end the campaign in sixth place, four points off of promotion.

## TOP FLIGHT TRIUMPHS

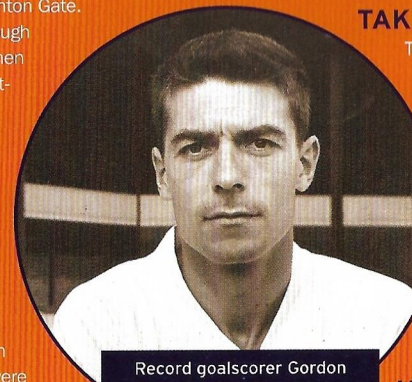

The Town have twice tasted victory on this day in the top flight. In 1974 a penalty from Jim Ryan nine minutes from time secured a 1-0 win over Derby County in front of 12,882 at Kenilworth Road. Derby would eventually finish the season as champions, but the Town suffered relegation just a season after winning promotion.

It was back in 1957 that the Hatters also won in the top division on this day in history. Goals from all-time record goalscorer Gordon Turner and John Groves secured a win 2-1 at Burnden Park against Bolton Wanderers. Turner went onto net 33 times in 40 top flight games that season as the Hatters finished in eighth place.

The Town would play Bolton at Burnden Park again 19 years later but were on the receiving end of a 2-1 defeat, despite taking an early lead through Lil Fuccillo.

## TAKING STOCK

The Hatters appointed manager Alec Stock midway through the 1968/69 season and the new boss oversaw a 2-0 victory in his first game in charge against Plymouth Argyle at Kenilworth Road. A season's lowest attendance of 10,971 witnessed the win thanks to goals from Brian Lewis and Keith Allen. The Town missed out on promotion by three points come the end of the campaign.

Record goalscorer Gordon Turner has scored in two games on this day six years apart

## HIGHFIELD HELL

The Town have a miserable record at Coventry and have only won three times on the Sky Blues' patch in 33 meetings, with 31 of those coming at their old Highfield Road home. The Town lost 5-1 there in a Division 3 (South) encounter on this day in 1929 before improving on that considerably exactly 17 years later with a 0-0 draw at the same venue in a Second Division game in 1946.

## STILL GOT IT

Turner, who netted in that win over Bolton in 1957, was also on target for the Hatters in a 1963 win over Reading on this day. It turned out to be Turner's final season for the Town in which he scored 18 goals in 30 appearances in all competitions. His record overall was 276 goals in 450 matches for the Hatters.

# GRAY

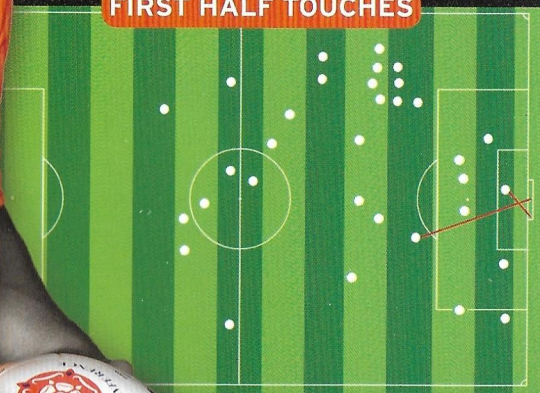

In the 5-0 win at Alfreton two week ago Andre Gray took his tally to 12 goals for the season with two first half strikes.

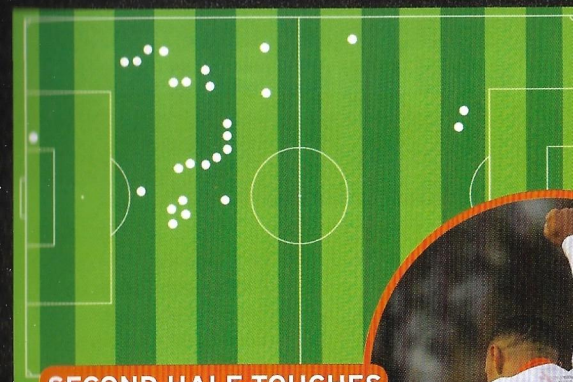

And, if that wasn't enough, the 22-year-old also weighed in two assists, setting up goals for Luke Guttridge and Alex Lawless.

At Alfreton Gray's and the Town's fantastic performance was built on a strong first half showing. As the graphic below shows, the striker touched the ball a total of 33 times in the first half with seven of those touches coming in the penalty area. His first goal was hit from outside the box having taken a pass from Guttridge.

## FIRST HALF TOUCHES

In the second half it is interesting to note that Gray only touched the ball once in the Alfreton penalty area (see opposite page). In total, Andre had 58 touches of the ball against the Reds, but only 12 per cent of those came in the 18-yard box. Both assists and one goal came from outside the area.

## WALL THUNDERBOLT EARNS DEV SQUAD DRAW

First team coach Hakan Hayrettin told Talk of the Town: "We should have won. We created numerous chances but couldn't take them, but it's still an encouraging performance."

"The team might have been younger than it was on Saturday but the philosophy and ethos remained the same. We approach games in a positive frame of mind and always want to play quick, attacking football.

"Alex Wall's come through another 80-odd minutes and he looked very good and scored an exceptional goal."

# academy update

WITH SCOTT SMITH

**OFFICIAL SPONSORS OF  
THE LUTON TOWN ACADEMY**

**I would firstly like to take this opportunity on behalf of everyone at the academy to wish our players, parents and supporters a Merry Christmas and to ensuring 2014 is as successful as 2013 has proven to be.**

As most of you are probably aware, academy football begins at Under-9 level, however, there is a tremendous amount of work that goes on behind the scenes to ensure Luton Town continues to find and develop the best players within the region ready for Under-9 academy football.

We as a club are always striving to improve and looking to expand which has been highlighted by our recent creation of development centres for our top players as young as Under-6. A special thanks goes to James Hatch who is currently investing what will be the first of three years coaching these boys. In that time hopefully they will be ready to become academy players.

On that note, our current crop of Under-8s are moving ever closer towards potentially earning a place within our coveted academy. They have been making rapid improvements towards this, largely thanks to the dedication of Ross O'Kane, who is tasked with scouring the local areas to recruit the best players and then coach and develop them from there. A couple of months ago our Under-8s hosted games against Everton (see picture below). It is a true testament to the strength and reputation of Luton Town's youth set-up that clubs with the stature of Everton want to travel the length of the country to come and pit their pits against our boys. 2014 should prove to be just as exciting, with the likes

of Manchester United and Liverpool already lined up for the same group.

Our Under-9 and Under-10 age groups have also made exciting starts to the 2013/14 season. Both groups contain some truly outstanding footballers and both contain some exciting prospects for the club to look out for in the future if they remain as focused and dedicated as they have been thus far.

The Under-10s, meticulously led by Pip Davis, have continued to display some eye-catching and attacking football and regularly rack up outstanding numbers of goals scored each weekend.

I am once again privileged to be coaching the club's Under-9s this season. It is always fascinating to see the bond that quickly forms between the boys and their families alike during their first season of academy football with Luton Town – especially as we see them four times a week.

This group more than any other have come together and is undoubtedly one of the key reasons why they have performed to such a high standard this season. It is particularly exciting times for this group as, straight after the New Year, we will be heading off to Bielefeld in Germany to partake in a prestigious indoor tournament. This should prove to be an invaluable experience for all the boys to be able to test themselves against Europe's finest, with eight Bundesliga teams in the draw, including the likes of Wolfsburg and Hannover.

Here's hoping that the boys have a successful tournament – and that they will be practising their penalties during their Christmas break!

## USING FOOTBALL TO STEER YOUNG PEOPLE AWAY FROM CRIME

The Hatters Community Trust have just begun a new project which will use sport to engage, empower and improve the lives of disadvantaged young men.

Following a successful bid by Active Luton, the Hatters Community Trust is teaming up with other local organisations to deliver the innovative programme which will aim to improve community integration in the Marsh Farm, Lewsey Farm and Farley Hill areas.

Following recent concerns about antisocial behaviour and crime in the three wards, a range of sporting activities, including football, will be offered to young men living in these areas. Aimed at 14-19 year-olds, young people from all three wards will come together to take part in activities such as football, cricket, basketball, athletics, street golf, health and fitness, swimming and more.

It is hoped that potential young leaders will be identified from the programme so that they can be offered coaching, training, mentoring and employment opportunities to give them the skills to teach and deliver sporting activities to others.

All of the planned activities will take place in a safe environment and will also include educational elements such as raising the awareness of the dangers of criminal activity.

The project is being funded by the Department for Communities and Local Government (DCLG) and Sport

England through their 'Community Integration through Sport' fund and under the umbrella of Active Luton. The Community Trust is teaming up with a number of organisations to deliver this project including Bedfordshire Cricket, Team Beds and Luton, Luton Borough Council, the Beds FA and Street Games.

Helen Barnett, Chief Executive of Active Luton, told Talk of the Town:

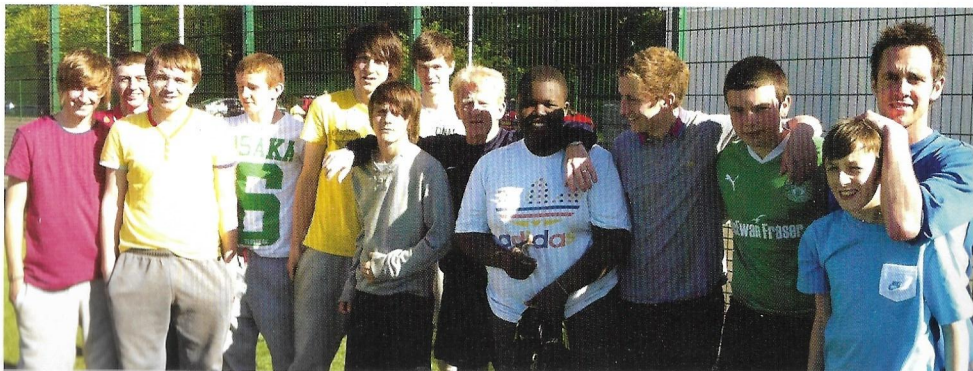

"We are absolutely delighted to receive funding for this exciting new project and to work with the Luton Town's Community Trust to use and harness the strong brand the football club has in the town.

"These are going to help change the lives of a number of disadvantaged young people in the community.

"By positively engaging with young people through sport and education, we will not only boost their health and self-esteem, but we are confident it will also help them to avoid common paths into offending and antisocial behaviour.

Kevin Thoburn, Head of the Hatters Community Trust added: "The football club have fully backed this scheme not just with football coaches but a significant matchday ticket donation as well as future stadium use for events.

"Everyone is fully behind the project - it's a 15-month project we are backing to try to make a difference in Luton and everyone at the Club is fully committed to the project."

## LADIES END YEAR WITH POINT

The end of a difficult 2013 comes to an end for a beleaguered Luton Town Ladies first team squad who have been overcome with injury problems since the season began.

The Town entertained Enfield Town with six players who had been regular starters missing but a young and inexperienced squad put in a superb team performance to record a 1-1 draw.

Town certainly had the better of the first half with shots with perhaps the best chance going to Maisie Wyatt who ran onto a cross field pass to strike a volley which narrowly missed the near post.

Lauren Goodier and Jess McKay both went close before the Hatters deservedly took the lead when 16 year-old debutant Erica Byron broke down the right and her driven cross was deflected in at the near post to give Town the lead.

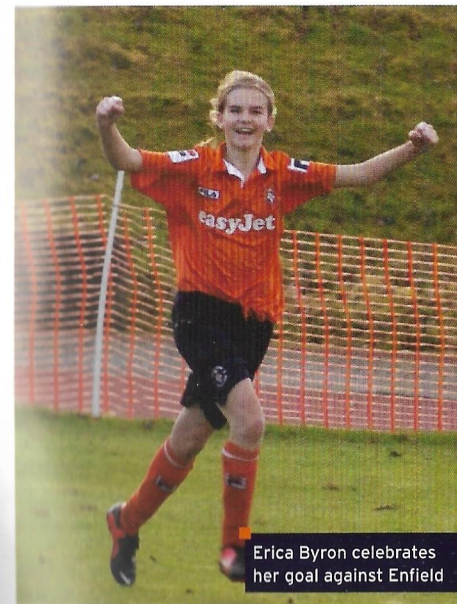

Enfield began the second half in command and Town were hard pressed to retain their lead and the equaliser arrived after an hour via a neat move and a fine strike into the bottom corner.

That was the signal for both teams to go for three points and the game completely opened up. Byron almost scored her second when she just failed to convert a looping cross but Town's best chance of the game came deep into injury time when breaking from their own box after defending a corner. At one stage Wyatt had three players with her surging towards goal. She picked out Nicky Livingstone who seemingly could not believe she had so much time and her shot rolled tamely wide of the post with the goal at her mercy.

A delighted manager Nikki Baker told Talk of the Town: "With all the odds stacked against us the girls really played for the shirt and each other, and I have nothing but praise for the whole squad.

"It's been a tough season for a rebuilt squad and the countless injuries we've endured but this result and performance proved that we have the fight and I know that there is far more to come from this squad given time.

"It was a really open game and could have gone either way but a point was the very least we deserved."

## A FAN'S TALE

Today it's the turn of season ticket holder Terry Hopper to reflect on the best things about being a Town fan.

It's a very special day for Terry, too, as he is here celebrating his 50th birthday with friends and family. What's more, by the time he reads this, he will have been told by his friends that he is a mascot for today's game and get the chance to hold of the players' hands as the team emerge from the tunnel! Enjoy the game and the experience, Terry.

### MY FIRST LUTON GAME

I was first taken by my dad, who was a Rotherham fan, when I was a three-year-old. We were in the old Bobbers stand. I spent the entire game sitting on my dad's shoulders but I can't remember who we were playing. As a child I could watch reserve matches from the back bedroom window of my grandparent's house which overlooked the Kenny end.

### MY TIME SUPPORTING LUTON TOWN

I have always been an ardent Town, even when I've lived in exile in Birmingham and Manchester. When working nights in Birmingham I used to insist the commentary on the Hatters' evening games was put on the shop floor radio much to the annoyance of the Villa and Blues fans.

### MY FAVOURITE LUTON GAME

There can be only one! The 1988 League Cup final. A fantastic game of football, a great all round team performance and above all beating the Arsenal as underdogs. What a great day!

### MY FAVOURITE LUTON GOAL

There's so many to think about but my all-time favourite comes from one of the best debut performances by a Town player. Jean Louis Valois's goal against Torqua. What a goal capping a brilliant team performance. Another goal worthy of a mention is Steve McNulty's recent cracker against Southport and the third goal against Alfreton, which was a great team goal.

### MY FAVOURITE LUTON PLAYER

The one and only Malcolm Macdonald. The all-round striker with pace and power to spare. Good in the air and an unbelievable left foot. He's closely followed by Graham French - what talent a potential sadly unfulfilled.

### MY FONDEST TIME FOLLOWING THE TOWN

The 1981/82 promotion season under David Pleat. It was a great entertaining team. Some of the football we played was breath-taking. To only lose four league games in a season fantastic achievement. A truly magical team.

### MY MOST TREASURED LUTON TOWN POSSESSION

All my Luton memorabilia is treasured, but the one closest to my heart is my signed shirt.

### MY ALL-TIME TOWN XI

Goalkeeper - **Milia Aleksic** - Best goalkeeper I've seen at Luton.

Made everything look easy.

Right-back - **Kirk**

**Stephens** - Basher was a fast, enthusiastic, good overlapping full-back with a never-say-die-attitude. Played with a smile on his face and scored his first goal against them.

Centre-back - **Mal Donaghy** - Mr Dependable. Cool, calm and collected. Could play anywhere - including in goal.

Centre-back - **John Faulkner** - Big, commanding, solid centre back who took no prisoners.

Left-back - **Steve Buckley** - Tenacious, solid full-back with a fierce shot. Took great penalties.

Right midfield - **Ricky Hill** - Great ball player, highly skilful midfielder who could score goals too.

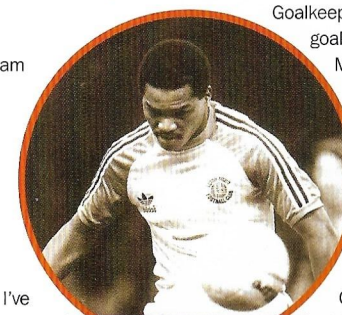

Central midfield - **Bruce Rioch** - Battling midfielder not afraid to put his foot in. Nothing fancy but great shooting ability.

Central midfield - **Brian Horton** - Captain of the 1981/82 title winners. A no nonsense leader with 100 per cent passion and pride. The perfect skipper.

Left midfield - **Graham French** - On his day could terrorise entire teams and beat an entire team on his own. Made it look so easy.

Striker - **Malcolm Macdonald** - Who else? Power, pace to burn and good in the air.

Striker - **Brian Stein** - Fox in the box, instinctive finisher who passed the ball into the net. Surprisingly good in the air.

Fox in the box, Brian Stein

## SPARE A THOUGHT

**At this most festive and reflective time of year, join me, fellow Hatters, in sparing a thought for those less fortunate.**

Spare a thought for those Premier League managers who have lost their jobs, with only seven-figure settlement packages for Christmas comfort. A thought too for clubs and supporters, like that one in darkest Hertfordshire, in turmoil and set to face a yuletide of rudderless uncertainty as the managerial merry-go-round flails leaving casualties in its wake.

Yeah that's right Spurs, West Brom and Watford, we feel all smug. AHAHA. Us! Down here in the queue outside the Football League food bank, sheltering from the long, cold winter, ignoring the bustle of the wealthy shoppers with their shopper's problems around us.

We're all smug because it's coming up to Christmas and we haven't lost in the league since half of the Main Stand were dripping in shorts and ill-fitting polo shirts.

## Grinned

We're feeling a bit smug alright. I can't remember the last time the place grinned and, well, didn't boo like this.

We scoff at the First World Problems of Premier League clubs in their pre-transfer window crisis, and the intricate workings of that peculiar Italian conglomerate down the road as they shuffle their hand from Udine to try and halt the decline of their little English "project".

Because there's no crisis before Christmas this year. Not for us.

This year in Bedfordshire all the online shopping will arrive on time, the family will be civil round the table and everyone's getting drunk by the fire and singing Fairytale of New York to the ones they love 'til the New Year.

## Together

And we'll tell you why. This year the ship has been steadied after a turbulent time for the Luton family. Our new father figure has stepped in and is keeping us all together. The kids seem to be thriving too, and may even pick up a Trophy along the way for their efforts. We've seen long lost relatives return for a nostalgic visit via the old Oak Road, and welcomed them with open arms.

And while it's not befitting of the time of year to gloat at the misfortune of others, you might forgive us a wry smile as we tuck into our turkey with the whole family together again, grateful for what we've got and relishing the fight ahead.

Because we're going to do it this year. That's right; we're going up as champions. Sorry if it sounds a little optimistic for the middle of December, but it's got to me, all this. The positive crowds, the young players coming through. No wintry games in hand to plough through in order to claw back a seemingly insurmountable lead.

All that lies ahead are beatable teams and modest football league dreams.

So while it all appears to be going well for a change, spare a thought my fellow Hatters.

# THE NON-LEAGUE PAPER

ESSENTIAL READING FOR FOLLOWERS OF THE NATIONAL GAME

BY CHIEF REPORTER STUART HAMMONDS

**What's in a name? Not a lot if you're one of the myriad of Non-League and lower Football League players who share the same christian and surnames, but it can get confusing.**

Take last Saturday for example. I get the St Albans City teamsheet for their FA Trophy second round tie with Cambridge United at Clarence Park, and find that Danny Green is on the bench - but then he's not, as striker Mark Nwokeji feels an injury in the warm-up and the two swap places.

Now, is this the Danny Green who John Still plucked from Bishop's Stortford's right-wing when he was Dagenham & Redbridge manager, and turned him into a League One player?

Or is it the 'other' Danny Green who went from Billericay to Dagenham a year later, and who also played on the right flank, and had been at Bishop's Stortford previously.

No, because the first is now at Charlton Athletic, the second is back at Stortford and a local reporter informs me that this one came from Harpenden Town, has spent time on loan at Potters Bar Town this term and plays right-back or central midfield. But, lo and behold, he comes into the team on the right wing!

These lads' stats have all probably merged into one on the internet - and there are others, like the two Mike Greens who both play for Gloucester City, or the father-son, manager-player combinations we've seen over the years with the Craig Edwards at Grays, Chelmsford and Billericay, and Chris Kinnears at Dover.

There are the two Steve Browns who have both managed or coached at Dover, and it must be something about the name Danny, because boy, just like with the Greens I've had trouble with the two Danny Rowses up north.

It doesn't help that these same-namers tend to frequent the same part of the country, and often the same clubs.

So one Danny Rowe has played up front for Barrow and Stockport - and so has the other!

Oh what fun it was to try and decipher which was which when they were both at County and going by the names of Danny L Rowe and Danny M Rowe.

One is now at Lincoln City, and I think it was the one I once interviewed in the middle of a purple patch at Edgeley Park about his formative years at Manchester United.

The other, last Sunday's copy of The NLP informed me, came on as sub in Macclesfield's 1-0 win over Salisbury.

But who the 'L' is who I have not really got a clue!

The other name game I like are the famous names - or ones very similar - in the Non-League ranks.

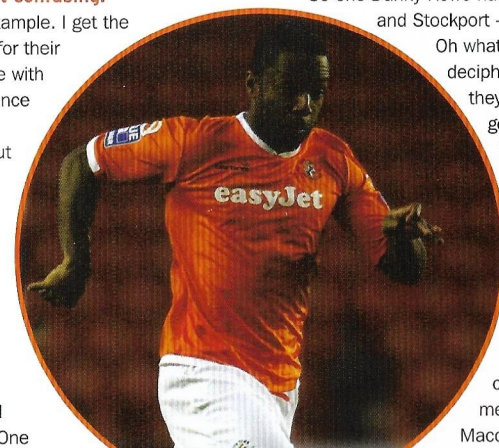

I was impressed by Stourbridge left-back Jamie Oliver at Stevenage recently. Thankfully he kept his clothes on, but couldn't come up with a recipe for 15 minutes of FA Cup fame.

Another one who starred in this year's qualifying rounds is Brighouse Town's Nick Jaggar, while Jason Bourne has reigned supreme during Tunbridge Wells' recent FA Vase efforts.

At Chester we used to have the original Mark Wright and David Cameron, as manager and striker respectively, while the various Non-League versions of Michael Jackson and Robbie Williams have provided plenty of entertaining headlines over the years.

See how many grass-roots celebs you spot over the festive period and let me know at [stuarthammonds@gmail.com](mailto:stuarthammonds@gmail.com) or [@stuhammonds\\_NLP](https://twitter.com/stuhammonds_NLP)

Merry Christmas and a happy New Year!

## THE LATEST IN THE SKRILL PREMIER

Today is the Town's first game in Skrill Premier action since the 5-0 win at Alfreton two weeks ago and a win this afternoon could take them to within a point of leaders Cambridge should they slip up at Hereford.

Richard Money's U's opened up a four-point gap over the Hatters after a routine 3-0 win over Macclesfield in their last league out a week ago last Tuesday. Loan star Kwesi Appiah netted twice to take his tally to 10 goals for the season but the leaders will be without his services over the Christmas period as he has returned to parent club Crystal Palace.

The Town cemented their position in second place without even playing after nearest challengers Kidderminster lost their last two matches. Steve Burr's side lost both of their matches in hand, with Scott Rendell doing the Town a favour by scoring a winner for Woking in a 1-0 win before Alfreton responded to their 5-0 mauling by the town to record an impressive 3-1 win at Aggborough last Saturday.

Nuneaton have revived their fortunes to break back into the top five as Christmas approaches. After nine

games without a victory, Kevin Wilkin's side have now won their last four matches and currently sit fourth and five points behind the Town.

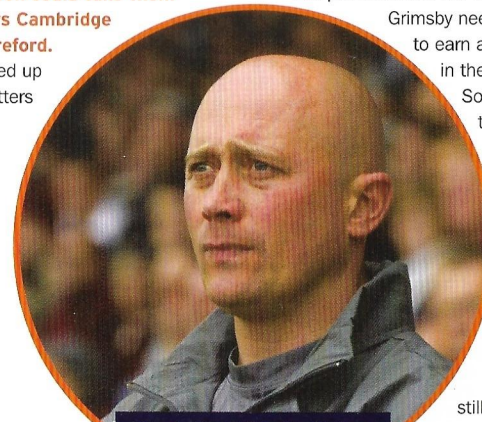

Grimsby needed a last-minute equaliser to earn a point at home to Welling in their last league fixture. Dayle Southwell's injury-time strike kept the Mariners in the hunt for the promotion places. The Blundell Park outfit lie seven points behind the Town but do have two games in hand.

Before we went to press Grimsby and Kidderminster met on Thursday night in game screened live on BT Sport.

At the other end Hyde are still looking for their first win. The Tigers have now gone 21 games without a win and today entertain the Town's festive opponents Barnet. Hyde are 17 points from safety.

Aldershot, who started the campaign on minus 10 points, are now only a point from safety, and without that deduction the Shots would be sitting in mid-table.

Chester and Dartford complete the bottom four, whilst Tamworth and Southport are also looking nervously over their shoulders in the two immediate places outside the dropzone.

After losing 5-0 to the Hatters, Nicky Law's Alfreton beat Kidderminster 3-1 last weekend

Hatters fan Jason Chamberlain enters the post-match huddle after last weekend's win over Wrexham

WITH DIVERSE FM'S STEVE MOORE

**In the last fortnight, the Hatters have produced probably their best performances of the season and, in doing so, have recorded two results that have laid down a marker for not only Cambridge United but any other team who are seriously considering themselves in the title race.**

American sports journalists would call them 'statement victories' and in a sense they are right. The 5-0 away win against Alfreton and the 2-0 FA Trophy victory over Wrexham we have achieved in the last fortnight certainly do make a 'statement' to the rest of the division.

The four-goal, 20-minute destruction of the Derbyshire side was not only a relief given our poor record there in our non-league era (including the 3-0 reverses suffered both last year and in a pre-season friendly the week before our first non-league game), but also a stunningly sublime performance against a side that have gone from the physical side we first came up against to adding the kind of quality that will see them challenge the Play-Off spots this term.

Further outlining how good a side Alfreton are was Nicky Law's side recovering from the drubbing to beat Kidderminster 3-1 at Aggborough last week. As a result, our performance was highlighted as a top-draw one from a top-draw side.

If anything though, the FA Trophy win was an even bigger statement. Although the holders have had an awful season by their standards, on paper, the quality of side that Wrexham put out would certainly have been stronger than any other likely to have lined up last weekend.

This was the first team of last season's Play-Off finalists, with most of the same players.

So to not only beat them with our development squad, but to completely dominate them, as even the North Welsh press agreed was the case, is huge.

It shows that not only is the entire club moving in the right direction but the depth is there that the injuries and suspensions that the Christmas and New Year period can bring will not expose huge holes in areas of the side because they simply don't exist.

Of course, that victory has set up a last 16 clash with Cambridge United. But as long as John Still continues to treat the competition as the biggest fixtures in the development squad's calendar (as he has actively said he will on many occasions) I honestly don't see how we can lose from this tie psychologically.

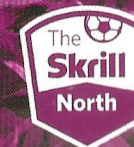

If our development squad win that game, it is a huge shot across their bows whichever team Richard Money elects to play. If they beat us, then not only is it a result that has little bearing on our first team, but puts them on cause for a lot more games on the schedule.
