BORO NEWS & REVIEWS

WITH ANDY PACE

THIS afternoon we bid a warm welcome to the Sperrin Brewery Stadium for the players, officials and supporters of top of the table Luton Town for this Skrill premier fixture.

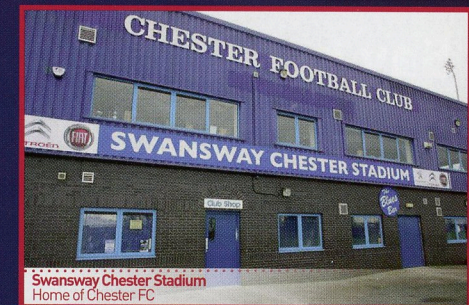

It was four weeks ago that Boro travelled to Kenilworth road and suffered a 3-0 defeat to "The Hatters" last season's match here, ended on a 0-0 draw on March 5th.

LAST SATURDAY

The home fixture against bottom of the table Hyde saw Boro gain a narrow 1-0 win. In wet and windy conditions Boro got off to a flyer by taking the lead after only 60 seconds. A Louis Moults pass found James Armson and the England C international curl fine shot past visiting custodian Kettings into the top corner of the net. Despite their poor start the visitors got back into the game, but they only threatened once just before the half time interval. A shot from Thurmaston bought out a fine save by James Belshaw. The second period was a dull and frustrating affair, but Boro comfortably held onto their lead to take the three points from a match, that the club did very well to get played as many others were postponed. As for Luton, they gave Hereford united a 7-0 thrashing so the Boro lads will have to be at the top of their game to gain anything from this afternoons match.

COMING UP

Next Saturday the Boro travel up to Chester for a Skrill premier fixture, Kick off 3pm. Two weeks today on Saturday 8th March Boro entertain Welling united. Kick off 3pm. BOARDROOM BANTER

with IAN NEALE

ON BEHALF of everyone at Nuneaton Town I would like to offer a friendly and warm welcome, this game has created some fantastic interest from Hatter's fans as their fantastic run of form continues whilst others falter, I am sure they won't thank me for saying they are well on the way to being Champions elect but in every quarter they are firing on all cylinders.

The Boro have surprised many and as we head towards the finish line I hope we can continue our progress. The belief around the club, in the changing room in what is fast becoming a whirlwind of six years of progress on and off the field, I would reiterate that no one is getting carried away but on and off the park we continue to place the building blocks that could see us make the transition.

Fans often ask if we are ready, is everything in place? What I would say is on June 1 2008 we had not one thing and sure we have lots of bridges to cross and work to

do and a number of unknowns but as before I promise you the commitment to do everything possible to ensure that Kevin and the team are given every opportunity.

There are some things that are currently out of my control but regardless while I am custodian of the club I will look to engage all and build bridges.

I hope today sees us break a few records and get a good result and from there wish Luton the success and promotion of a club that has been striving for a number of years.

A special thank you to all the staff I have been nagging at all week on this and that to be ready and also our special guests, Kirk Stephens, Trevor Peake and Brian Stein.

Enjoy the game.

THE PLAYERS KNOW THEY HAVE GOT WHAT IT TAKES

by KEVIN WILKIN

I WOULD like to start my writings today by welcoming John, Terry and Hayrettim to the club this afternoon.

They, as a team, have managed the expectations at Luton superbly this season and I think in today's opponents we are looking at the champions elect. Luton have taken on all comers this season and are deservedly top of the league at this stage. I hope they go on and finish the job now as they are a club that deserve to be higher up that is for sure.

As for the match this afternoon, it promises to be a great one. We only recently went up against one another and the game was not that long ago, personally I am hoping it is fresh in the minds of my players. It was not a beating that they should not be embarrassed of, for 45 minutes at their ground we gave them a great game. The conditions were awful, it was the game we had to go off in due to the weather, but we held them well. But then we let our heads go and we made a couple of mistakes and the lad Andre Gray punished us. If we can learn from that, this afternoon, if we can take the positives from that match I am sure we can give it a really good go out there today.

One thing we will need to do is keep up those levels of concentration for the full game now. We were not that far off

them in terms of quality before. They took advantage straight away when our levels dropped, against a team like Luton you cannot afford to do that. From my point of view, in a way it is easier for me as the manger playing a game like this, the team talk and all that kind of takes care of itself.

The lads will have no worries getting motivated for a game like this, it is harder getting them up for a game like Hyde last weekend. We are fourth going into the game so it is not like we are going there in bad form. We will be underdogs but the players know they have got what it takes to get a result.

I would to end my notes today by giving a massive thank-you to the fans who have come to cheer us on. We have got a real hardcore group of fans who follow us rain and shine and it is great to see so many new faces to cheer us on in this tough encounter.

I just hope next time I am writing to you it is about three well earned points here today and the Boro keeping their place in the play-off picture.

WELCOME TO LUTON TOWN FOOTBALL CLUB

FOUNDED in 1885 through the merger of Luton Town Wanderers and Exelsior, they began life at the latter's Dallow Lane Ground.

Luton were trailblazers in the south of the country, first offering payments to players in 1890 before becoming the first club in Southern England to go fully professional a year later.

Initially a founder member of the Southern Football League, they joined

Kenilworth Road
Home of Luton Town since 1905

the mostly northern based Football League in 1897. Leading a nomadic existence in their early years, Luton played at Dunstable Road for eight years before finally settling into life at Kenilworth Road in 1905.

After several years in the lower echelons of League football, Luton reached the top flight of the English game for the first time in 1956 and reached the FA Cup final three seasons later. But relegation soon followed and a dramatic drop down the divisions saw them returning to the Fourth division by 1964. The first of their resurgences followed, and within a decade they had returned to the top table.

After another spell out of the top flight David Pleat managed them back there, and famously danced on the pitch at Maine Road as they won on the final day of the season to survive, relegating City

at the same time. Their highest ever League placing followed soon after with a 7th place finish, as well as lifting the League Cup in 1988.

Dropping out of the top flight in 1992 they again dropped to the third tier. Various on and off field problems followed eventually leaving them to start the 2008/9 season on minus 30 points, and an insurmountable hurdle to remain in the Football League – but bowing out with a JPT final win at Wembley.

The conference years have seen Luton perennially in and around the play-offs, finishing in the top five three times in four seasons.

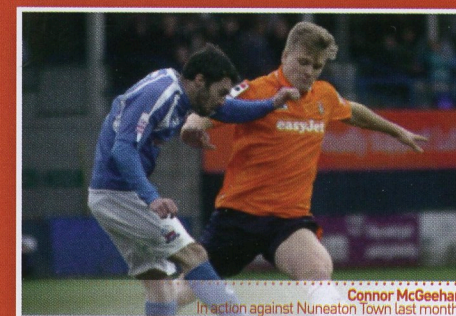

This season they arrive at the Sperrin Brewery Stadium eight points clear at the top of the division. Determined not to face the lottery of the play-offs again, they arrive on the back of a 22 match unbeaten run which includes a 3-0 win over Boro at the end of January.

Their last game saw them hit seven against Hereford United at Kenilworth Road thanks to goals from Goals from Paul Benson, Pelly Ruddock Mpanzu, Jake Howells, Alex Lawless and an Andre Gray hat-trick.

Luton Town recieved a boost this week when they announced that Norwich City's FA Youth Cup winning skipper, Cameron McGeehan, will stay with The Hatters on loan until the end of the season. The 18-year-old's original loan expired after last weekend's win against Hereford but Hatters' boss John Still is delighted to keep the midfielder at Kenilworth Road.

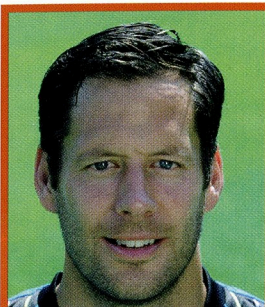

"Cameron initially came in for the month and impressed us all with his attitude and performances," Still told Luton's official site. "He's brought a real freshness with him and similar to Pelly Ruddock he has a great work ethic. Overall we are delighted to extend his stay until the end of the season."

McGeehan has also been included in Northern Ireland's Under-21 squad to face Italy in Belfast on Wednesday March 5.

THE LIFE & TIMES OF A KITMAN

with **DARRYL STRONG**

IT'S ALL BALLS!

PRIOR to the start of the season the Conference announce which manufacturer will be the ball sponsor for the new season and this season it has been Jako.

As the ball sponsor Jako supply each premier, north and south league teams with a quantity of both match and training balls.

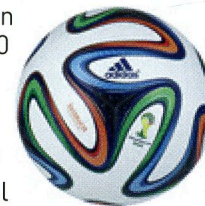

Each club then has to purchase an equal amount of both types of balls. During the course of the season the team will get through 100 match balls and 50 training balls.

The difference between match and training balls is the quality and the colour. Match balls have a red design with training balls being green. The pressure in both types of balls is the same at 10.5 PSI.

With the 2014 World Cup just around the corner, some interesting facts about the match balls to be used during the tournament.

The brazuca, which means 'Brazilian' and refers to the Brazilian way of life, is the most-tested adidas ball in history. It was, over a two-and-a-half-year period, tried out by over 600 of the world's top players or former players including Iker Casillas, Dani Alves, Lionel Messi,

Bastian Schweinsteiger and Zinedine Zidane, and 30 teams in ten countries across three continents. The brazuca was also used at a selection of international football matches, albeit with a different design, including a friendly between Sweden and Argentina last February.

The brazuca's colours and ribbon design of the ball panels symbolise the traditional multi-coloured wish bracelets worn in the country, in addition to reflecting the vibrancy and fun associated with football in the South American country.

It has a new structural innovation, with a unique symmetry of six identical panels alongside a different surface structure will provide improved grip, touch, stability and aerodynamics on the pitch.

LATE TACKLE

THE FA TROPHY. SO WHO DOESN'T CARE THEN?

SO, the big clubs don't care about the FA Trophy, eh?

Try telling that to the grand from Grimsby who filled the away end at Cambridge United for the first leg of their semi-final last Saturday.

It has become popular to bash Non-League football's premier knockout competition, and our fans' forum page in The NLP has been awash with letters criticising former Football League clubs' attitudes.

OK, the early rounds might be played out to smaller crowds than league fixtures, but with season tickets not counting, this is the case in every cup competition the world over.

Some clubs might change their line-up, but as Luton manager John Still said earlier this season, he has a squad of players he believes can all do a job in the first-team, so a Trophy tie is a shop window for those boys to earn a regular spot.

More of Luton in a moment, because for starters, I want to reinforce Grimsby boss Paul Hurst's praise of the thousand Mariners – 1,023 to be precise – who followed their team south last week. If my end-of-season award for best away fans were to be handed out now, it would be to the Cleethorpes crew. On Tuesday January 28, almost 500 of them sang their hearts out in the same stand as their team became the first to win a league game at Cambridge this season. Many United fans described them as the best to visit the Abbey in years.

Less than three weeks later, more than double that amount bought tickets to see the first half of their bid to reach a second successive Trophy final.

EDDIE HOLDING

15th October 1930 - 10th February 2013

EDWARD J. HOLDING was born in Wolverhampton on October 15, 1930. He signed professional terms for Walsall in January 1949 and in three seasons made 41 appearances scoring eight goals, including a Christmas Day hat-trick against Brighton.

Eddie played in defence or up-front. He went to Derby County in 1952-53 but was always a reserve and returned to Fellows Park for 1953-54.

In July 1954 he moved to Barrow where he scored five times in as many matches but decided to pack in full time football after going into business in Wolverhampton. It was then that he signed for Nuneaton Boro' after a short dalliance with Northampton Town.

He made his debut against Shrewsbury Town Reserves in a Birmingham League game at Manor

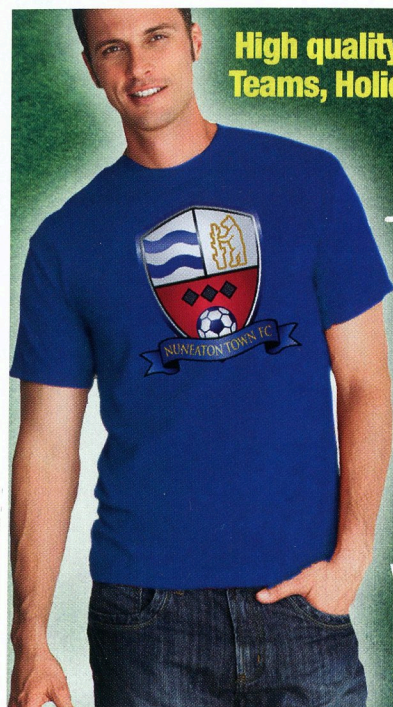

Park on November 13, 1954 in front of a crowd of 3,676. He scored twice in a 6-0 victory and went on to score a total of 18 goals in 27 appearances.

The following 1955-56 season he scored ten goals in 19 games before joining Lockheed Leamington. For Lockheed, he played only one match, at left back against Aston Villa 'A' before moving to Evesham United and later to Brierley Hill Alliance.

He had a spell as Manager at Tamworth in the 1960s and was also coach to Staffordshire County Youth Team where he helped Phil Parkes, Ray Train and Keith Ball and others.

Eddie died aged 83 after a long battle with prostate cancer.

NUNEATON TOWN CO-OPERATIVE

PLAYERS PRESENTATION EVENING

Last week we gave full details of this event which takes place on the evening of Saturday, 10 May. Tickets are selling rapidly and with only approximately 50 tickets left fans need to act quickly if they are not to be disappointed. Tickets are just £10 for adults, £5 for under 16's and can be obtained from either a member of the Supporters' Co-operative or the Club office.

RUGBY CLUB ACCESS AND LIGHTING

The Co-operative has held a further meeting with the Rugby Club to discuss these issues. Steve Smith, who undertook temporary repairs to the driveway surface, is to fill in further holes which have appeared, once the weather conditions are suitable. We are pleased to report that the initial repairs have held up well and the holes now seen are completely new.

We have also obtain quotations for the installation of lights down the driveway. Due to the contractor's workload, this will not be completed for a month or so, however, we are confident improvements will be completed in time for the new season.

MEETING WITH THE CLUB

We mentioned last week that regular meeting are taking place with the Club on a monthly basis. A couple of items discussed in more detail were, firstly, a new kit for next season. Ian asked the Co-operative to choose two shirts from a selection of 4 Sondico shirts. The Board finally selected a narrow striped kit and one with broader stripes. These will shortly be posted up by the Club for the

supporters of the Club to have the final say, either way it will be back to blue and white stripes for the Boro next season.

Another item discussed was the 125 years of football in Nuneaton celebrations. The Co-operative is working closely with the Club to come up with ideas to aid the celebrations. The Club has already taken forward our suggestion of a celebration bottled ale and Sperrins Brewery have been tasked with taking this project forward.

The new kit, mentioned above, will have a one off badge to acknowledge the anniversary and this is sure to make the kit a must for all supporters.

Please check out our website for full details of minutes and more.

CORPORATE HOSPITALITY

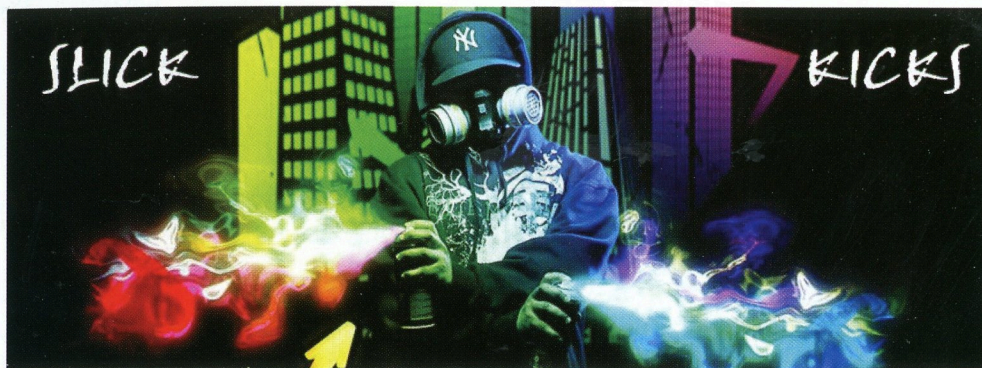

As you may know The Co-operative were lucky enough to win a corporate hospitality package in the stadium naming draw. Today is probably the jewel in the crown for those who have been lucky enough to see their names drawn out over the season. Today's prize was included as a Christmas raffle prize and was won by Mr John Kennedy. We hope John and his guest enjoy their day.

Enjoy the game.

TREVOR PEAKE & KIRK STEPHENS

KIRK STEPHENS

Kirk Stephens was playing for Massey- Ferguson before Nuneaton Borough manager David Pleat brought him to Manor Park at the start of the 1972-73 season.

By October, Stephens, aged 17, had progressed from the youth to the first team. The fast-attacking right full-back quickly developed into one of the best defenders in the Southern League Premier Division, and in November 1976, was selected for the England Semi-Professional XI.

It was Pleat, now manager of Luton Town, who introduced Stephens to the Football League. Kirk was signed by Luton in the summer of 1978, and was an ever-present in their 1981-82 Second Division championship side.

Transferred to Coventry City in August 1984, a knee injury forced his premature retirement from full-time football in May 1986.

By March 1987 Stephens was back at Nuneaton helping them avoid the bottom three places of the GM Vauxhall Conference. Season 1987-88 saw Kirk assisting Barnet to the runners-up spot in the Conference before he again returned to Nuneaton, now members of the Beazer Homes League, Midland Division.

From September 1988 until his resignation in August 1989 he had the player-manager role.

In his three spells with Borough, he made 388 appearances, and was substitute on 10 occasions.

It wasn't the last time Kirk was involved with Nuneaton. In June 2010 he joined the board of directors to help develop Nuneaton's corporate side as well as providing support to the players from youth team upwards.

TREVOR PEAKE

Born in Nuneaton, Trevor Peake graduated through Borough's youth and reserve teams to make his first team debut at the age of 18 in September 1975. Peake, who was outstanding in non-league football, made 229 appearances for Nuneaton, playing in a back four which were among the most respected in the Southern League Premier Division.

At the end of the 1978-79 season, after assisting Nuneaton to qualify as founder- members of the Alliance Premier League and twice being selected for England at semi-professional level, he was signed by Lincoln City.

In December 1976 Trevor had been in the Nuneaton side defeated at Lincoln in the second round of the FA Cup.

Peake spent for years at Sincil Bank before joining Coventry City in the summer of 1983. A 1987 FA Cup winners medal followed, and only injury prevented him from collecting an England 'B' cap.

After two games for Coventry at the start of the 1991-92 season he was transferred to Luton Town. He would spend seven years at Kenilworth Road before retiring from football but not before coming off the bench vs Wrexham to become the club's oldest-ever player at the age of 40 years and 222 days. In total he had made 627 football league appearances, scoring 13 goals.

In 1998 Trevor returned to the Sky Blues to coach the Coventry U18 side and eventually the reserve teams.

In 2002, he, with ex team-mate Ogrizovic, was asked to become caretaker manager for one game following Roland Nilsson's sacking. In the summer of 2003 Trevor moved across to Midlands's rivals, Leicester City, initially in a scouting role but was soon moved onto a role in the Academy at The Foxes.

A year later Trevor took on the role of U17 manager and is now the Lead Pro Development Coach for the Under 18 set up.

LEE CATTERMOLE

SPENDING so much time with lads always gives me the opportunity to see the likeness they have to other players.

Have a look and see what you think.

Gavin Cowan is the double of Matthias Sammer, or is it the other way around? Jonny Adams and Lee Cattermole could almost be brothers. It's a good job Fungi from Benefit Street doesn't play football!

The injury status at present is not too bad as these notes go to press but that could all change as quick as it takes Phil Trainer to eat a cream cake.

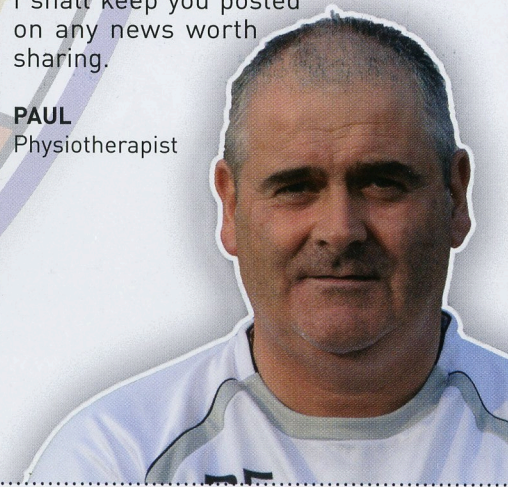

Jimmy Armson had a tight hamstring which cleared up when the rain stopped at Thursday night's training session.

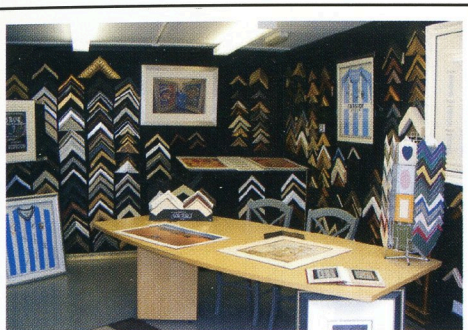

Greg Pearson is learning Spanglish. He talks to me non stop in Spanish and I nod and smile but I haven't a clue what the hell is on about.

Wes is learning English along with Danny Sleath. It must be a right old giggle in that Leicester car school, "hey up me bab".

When King George VI passed away*...

...Nuneaton Borough had suffered three defeats in a row and their position at the top of the Birmingham Combination table was looking tenuous...

The latest set-back was a 4-2 defeat at Bromsgrove. It was their third consecutive away trip and a crowd of close to 3,000 saw the Boro' defence struggle to cope with an aggressive attack.

The four goals conceded meant that the back line had leaked eleven goals in their last three league games and the club's league championship hopes were certainly wobbling.

Not that the forwards were blameless with many of Boro's earlier efforts being limited to long-range efforts on a pitch that would have suited the attackers more.

Four days after the Bromsgrove trip on the morning of 6 February, George VI was discovered dead in bed at Sandringham House in Norfolk. He had died from a coronary thrombosis in his sleep at the age of 56.

Thousands gathered at Nuneaton Council House on Friday 8th as the Mayor - Alderman W.S. Johnson - read the Proclamation of Accession of Queen Elizabeth from a specially erected platform.

While the Rugby Union made a request that all matches the following day should be cancelled as a mark of respect to the late King - a request followed by Nuneaton RFC and Nuneaton Old Edwardians - football continued as Nuneaton travelled to league champions Hednesford, their fourth away trip in a row.

While Nuneaton ended their losing streak with a 2-2 draw, it was the referee that garnered much of the attention after a remarkable game. Borough made several changes to the one defeated at Bromsgrove with Billy Bond, Tommy Whitcroft and Mick Perry replacing Charlie Hudson, Len Slack and Hallard. The changes seemed to make little difference as right from the start

movement had the visiting defence all at sea and Newman's high ball into the middle found the head of Roberts giving Barber no chance. An overhead kick from Eddie Friemanis almost caught the home keeper, Turner, napping. It was one of the few chances Boro' made as they struggled to get the ball forward and they were thankful that the reached the half-time break just

the Manor Park side were under the cosh and at times were completely outplayed who demonstrated skills and touches that defied the difficult Cross Keys pitch.

The signs were ominous when a Newman cross hit the visitors crossbar but it was Nuneaton who almost stole an unlikely lead when Horton missed an open goal. The expected goal came on 10 minutes. Ward collected a cross from the left, turned past Dearson and fired a shot past Barber just inside the post.

Ten minutes later Hednesford increased their lead. A good

two goals down.

If the first half belonged to the home side then the second period emphatically belonged to the Boro'. The visitors laid siege to the home goalmouth and everyone in the ground thought their endeavour had reaped its just reward. Tommy Whitcroft lofted a ball high towards the goal. Unnoticed by his own defenders and Boro' forwards, Turner misjudged the flight of the ball. It dropped behind him, clearly a foot over the line, before a defender hooked it away. The only persons who hadn't seen it cross the line, unfortunately, were the

Eddie Friemanis had a perfectly good goal ruled out but would score Boro's equaliser against Hednesford.

match officials, Birmingham referee W.R. Rogers waving heated protests away.

The official's day was about to get worse. Minutes after disallowing that perfectly good goal he ignored a blatant handball in the penalty area when a Hednesford defender blocked Perry's drive to the amazement of the Boro' supporters. The apparent injustice seemed to drive the visitors on and on the hour Boro' pulled a goal back with Horton converting Perry's centre. Three minutes later Friemanis levelled with a 'gem of a goal' that saw him head home from Dearson's ball.

It was all Boro' now and they were roared on by their travelling supporters.

But once more referee Rogers took the spotlight. With the match approaching an exciting climax Hednesford centre forward Ward received his marching orders. When the full time whistle sounded two minutes later hundreds of home supporters surged onto the pitch and the officials had to be escorted from the field by police and players.

It was Boro's first point in four games but they dropped from first to third in the league table - the first time in months that they had not been the leaders.

*Wednesday 6 February 1952

George VI became King unexpectedly following the abdication of his brother, King Edward VIII, in 1936.

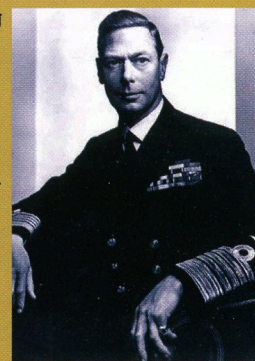

His greatest achievements came during the Second World War, when he remained for most of the time at Buckingham Palace (the Palace was bombed nine times during the war). He and his wife, Queen Elizabeth, visited severely bombed areas in the East End of London and elsewhere in the country, gained him great popularity.

The King developed a close working relationship with his wartime Prime Minister, Winston Churchill, as most of Europe fell to Nazi Germany.

The strain of the Second World War and the tensions of the post-war period had taken their toll on the King's health. The King failed to recover from a lung operation, and died in his sleep on 6 February 1952 at Sandringham; he was aged 56.

At the King's funeral, attached to the Government's wreath was a card on which Churchill had written the phrase inscribed on the Victoria Cross - 'For Valour'.

6 FEBRUARY 1952

It would be another eight months before an accurate singles chart would be published. Up till then (and for a while after) sales were measured in terms of sheet music purchases. As in the case with this day's number one, it was common for multiple versions of the same song to exist.

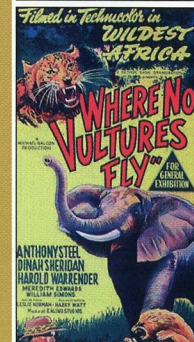

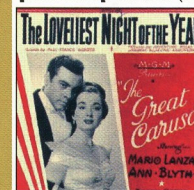

The Number 1 Sheet Music was:
Mario Lanza / Anne Shelton - *The Loveliest Night Of The Year*

This song was on the UK chart for a record 32 weeks before making No 1. An adaptation of a waltz called *Sobre las olas* (Over the Waves) first published in 1888, it is a familiar tune now closely associated with funfairs, as it was one of the tunes available on Wuritzer's popular fairground organs.

Mario Lanza was an American operatic tenor and Hollywood movie star who enjoyed success in the 1950s. His version of *The Loveliest Night of the Year* featured in the 1951 movie *The Great Caruso*, a biopic where he played the role of Enrico Caruso, his tenor idol, and would sell a million copies and spend eight months on US Billboard's singles charts - five of them in the top-10. Anne Shelton, OBE, was a popular English vocalist, who is remembered for providing inspirational songs for soldiers both on radio broadcasts, and in person, at British military bases during the Second World War.

You couldn't move for cinemas in Nuneaton in the 1950s. At the Ritz you could see the Royal Command movie *Where No Vultures Fly*, a story about a game warden who is horrified by the destruction of wild animals by ivory hunters.

Nuneaton nursery schools were being closed due to the 'unjustifiable cost' involved though in a meeting on Wednesday 6th the Nuneaton Committee for Education decided to make representations to the County Council that the buildings be retained for use as day care nurseries or crèches.
