FOOTBALL REMEMBERS

HONOURING THE 1914 CHRISTMAS TRUCE

Clubs competing in the Barclays Premier League, the Sky Bet Football League and the second round of the FA Cup, will be commemorating the centenary of one of the most iconic moments of the First World War - the 1914 Christmas Truce – as part of a week of remembrance activity in December 2014.

'Football Remembers Week' will take place from 5-14 December. A joint collaboration between The FA, the Premier League, the Football League and the British Council, the aim is to engage football fans and players at every level about what took place on Christmas Day one hundred years ago on the battlefields in Belgium.

On 25 December 1914, soldiers from both sides put down their weapons and crossed into 'no man's land' to share in an impromptu ceasefire. First-hand accounts from the time include references to football being played and photographs taken.

All photos uploaded to social media using #footballremembers will be automatically uploaded to a special website – www.footballremembers.com. The site shall act as a moment of record of football in 2014, a century on from the First World War, and will be preserved for future generations.

HRH The Duke of Cambridge, President of The FA, said: "It promises to be a powerful way to engage and educate young people about such an important moment in our history. We all grew up with the story of soldiers from both sides putting down their arms on Christmas Day, and it remains wholly relevant today as a message of hope over adversity, even in the bleakest of times."

.

How it will work

- For ALL matches taking place from 5-14 December, all players involved will pose together in a mixed group photograph as a mark of respect to those on both sides that took part in the 1914 Christmas Truce. Each home team should nominate someone to take the photo.
- Fans, teams and schools will be asked to upload their pre-match pictures via social media over the course of Football Remembers Week. Any match of any size can be uploaded, from school to Sunday league fixtures, five-a-side matches to kickabouts in the back garden.
- Those posting photos to social media should use #footballremembers to ensure it is uploaded to the special footballremembers.com website. Any other information is welcome.
- The website shall act as a moment of record of football in 2014, a century on from the First World War, and will be preserved for future generations.

Football Remembers kicked off in May 2014 when the four partners launched a Football Remembers education pack that was sent to more than 30,000 schools across the UK. It includes resources to help children learn about the Truce – including eye-witness accounts, photos, drawings and letters from soldiers some of which have never been published before.

A key element of the Football Remembers education pack was a competition for schools and football academies to design a permanent Christmas Truce memorial for the National Memorial Arboretum. The competition was judged by HRH The Duke of Cambridge – President of The FA – and Arsenal and England forward Theo Walcott.

The winning design was drawn by 10 year-old Spencer Turner from Farne Primary in Newcastle, and he will attend a special service later in the year to mark the unveiling at the Arboretum, near St. George's Park.

Other Football Remembers activity taking place between now and the end of 2014 includes:

- Christmas Truce International Tournament in Ypres
- The Premier League has held this annual tournament in Ypres, the home of the Christmas Truce, for U12 footballers since 2011.
- A qualifying tournament will be held between 14-16 November in Ypres involving U12 teams from all 20 Premier League clubs
- This will be the first Christmas Truce International Tournament to be played on a new 3G pitch that the Premier League has gifted to the city of Ypres.
- Ten teams will play in the tournament: two each from the Premier League, German Bundesliga, French Ligue 1, Belgium Pro League, and one each from Scotland and Austria
- To commemorate the sacrifices made by soldiers from around the world there will be a community tournament made up of players for Premier League Kicks projects at home and around the world.
- An educational and culture programme accompanies the tournament as the players visit the site of the original Christmas truce site, Commonwealth and German war graves, preserved trenches and lay wreaths at the Last Post Ceremony at the Menin Gate.
- International fixtures - England footballers will also be supporting the Football Remembers project during their international get-together in November ahead of the men's fixtures with Slovenia and Scotland and the women's historic Wembley match against Germany on 23 November.
- The FA and the Army FA – are working on a commemorative match involving the German Army.

FROM THE GAFFER

DAVID FLITCROFT

"I Never Lose, I Either Win or Learn"

We are on an exciting journey. Not everyone will want to come on that journey. Some will lose belief, some will lose faith and some will lose patience. It is my responsibility to take as many positive believers with me.

Welcome back to the JD for this afternoon's FA Cup game with Luton Town

Our level of quality during the Dagenham & Redbridge game last weekend was poor in terms of chances and the final ball. We are making the wrong decisions at the vital moment and that has cost us dearly of late. We haven't finished off teams when we are on top. Teams are coming here and sitting back and we have to get around that.

People are snatching at chances and there is a pressure that has enveloped the players from the expectation. That one moment as a striker, or a winger, that usually comes as a natural act in a game of football, is being snatched at. There is a lot of tension about and everyone is feeling it. You can feel the supporters feeling that and now the players are feeling it.

We are creating enough chances but not taking them. Last weekend, Dagenham got into our box twice and scored from both chances. We haven't tracked the second run for the first goal and for their second, Cureton spun around and drove home, but to concede two goals like that and not take our chances is disappointing.

We need to find that rhythm again, and we know it will come. We created plenty of chances in our last couple of games but just not put them away, all it takes is one to go in and if we keep that penetration going, it will come. It's becoming something of a trend in recent weeks and the only way to fix that is by working on the training ground. We know we have the quality within the team; we have top performers in this side.

We are in a stage of transition with the additions we have made to the squad recently and with certain players going out. It's my job to get that synergy back into the side. We saw two new players last weekend, we have another to come in with Hallam Hope and we have to make sure they are playing as one unit that knows each other and all as one. Once we have that back, we will get that momentum back and it will come quickly. We've seen signs on the training ground that it is coming back.

Hallam would have played last weekend but was struck down with food poising, he was excellent in the week in a behind closed doors game with Bolton Wanderers. He is something different and will cause defenders some real problems with his pace and power and that explosive wish to get into the box.

Last week Adam El-Abd and Rob Milson took part in one training session before the game, but they will grow into the side and into what we need from them. They will understand the movement we use, the patterns that we play.

The detail of any improvement will come on the training ground and I have demanded the same high standards down there that we have always had. That expectation is out there, we can't do anything to have an effect on the expectation levels. As a group we have to learn how to deal with it and how to cope with it, and how to respond to it.

We know we are in for a tough game this afternoon, any game against a John Still side is a tough game, but we have done our homework on Luton and we will certainly get that tough game.

On that note, I'd like to welcome John, his staff, players, directors and everyone connected with Luton Town to the JD Stadium this afternoon.

Enjoy the game

MEET THE GAFFER

JOHN STILL

1885 2015 CELEBRATING 130 YEARS

John Still was confirmed as the new manager of Luton Town on February 26, 2013.

Still has now led teams into the Football League three times during a long career that has seen him bring unprecedented success to non-league outfits.

Still accomplished the feat with Luton Town, Maidstone United and Dagenham and Redbridge. Other achievements have included winning the Isthmian League with the newly-merged Leytonstone and Ilford in 1982 shortly after taking his first job in management. It was also the club's first title.

John then won the Southern League with Dartford. After a fleeting return to Leytonstone and Ilford, he took charge of Maidstone, guiding them to the Conference title and promotion to the League in 1989.

Still resigned soon afterwards, preferring not to go full-time and joined newly-formed Redbridge Forest whom he lifted into the Conference by winning the Isthmian League for the second time.

He stayed on during the creation of Dagenham and Redbridge, as the two clubs merged, but left for a 14-month spell as boss of Peterborough United before moving - via Lincoln City - to Barnet in 1997.

Still took Barnet into the Division Three play-offs on two occasions. When Tony Cottee was appointed manager, he became director of football but was reinstated two years later after a slump in form. This was then followed by a spell as assistant manager with Bristol Rovers.

John's third spell at Dagenham began in April, 2004. After two years of steady progress, he led the Daggers into the Football League for the first time by landing the Conference title.

Under Still, the club has become established at the higher level, narrowly missing out on a play-off place in 2009.

The following season, Still and Dagenham would go one better as the Daggers were promoted to League One, the third tier of English Football. Still guided the club to their highest ever finish in their history, by finishing seventh in League Two. In the play-offs they then beat Morecambe 7-2 on aggregate after a remarkable 6-0 first leg triumph. He went onto lead the team out at Wembley and a memorable season was complete, with a 3-2 win over Rotherham United.

He was later recognised for this success by being awarded the BBC London's Sports Personality of the Year (2010-11).

In his first full season at Kenilworth Road, Still ended Luton' s five-year exile from the Football League by winning the Skrill Premier title. This feat ensured that he became the only manager to have taken three different clubs to promotion out of non-League football.

West Ham-born John was a centre half with Bishop's Stortford, Ilford and Dagenham before he was forced into early retirement by injury and began coaching.

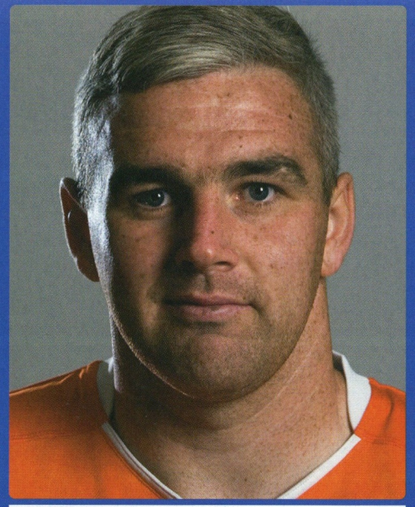

Before John joined Luton in February 2013, he was the 4th longest serving manager in English football.

> *"If it's an absolute must play, must bring him on, we would do, but I don't really want to. We hope he can train full out this week and if so he'll be available for the FA Cup, so we'll see."*

THREE TO WATCH
THE SPINE OF THE TEAM

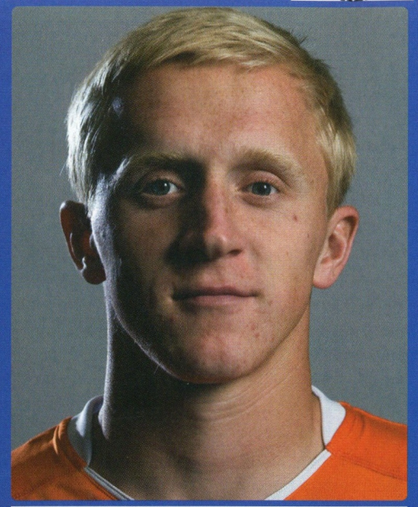

Stephen McNulty

Experienced defender who signed for Luton in 2013. The Liverpool-born defender led Fleetwood to Conference title in 2012, lifting the title as captain. The Liverpudlian has also played for Barrow, Vauxhall Motors and Bursough. McNulty enjoyed a fantastic season at the heart of the Hatters defence and was an ever-present as the Hatters lifted the Conference title. He walked away with a whole host of end-of-season awards.

Luke Guttridge

Experienced central midfielder with over 450 senior appearances who signed for the Hatters in 2013 on a two-year contract. He has twice won promotion whilst with Southend, and also helped Northampton reach the League 2 play-off final last season. Luke enjoyed a fine debut season with the Hatters, scoring an impressive 13 goals in 33 matches before a foot injury curtailed his season. Returned to full fitness this summer.

Mark Cullen

Striker signed on a two-year deal following his release from Premier League-bound Hull City in 2013. A clever forward, Cullen impressed the manager with two fine performances against the Hatters whilst on loan at Stockport. Given his debut for Hull in the Premier League, he scored on his full debut for the Tigers whilst in the top flight. In his first full season with the Town Cullen netted an impressive 10 goals in 36 matches.

LUTON TOWN FC
PLAYER PROFILES

Mark Tyler

Hugely experienced goalkeeper who was the Hatters' first signings in their first season in the Conference in the summer of 2009. Prior to his move to Kenilworth Road Mark had made almost 400 appearances whilst with Peterborough United. The 2013/14 season was Tyler's fifth at Kenilworth Road and he crowned it by playing every match in the 46-game title-winning campaign. He kept clean sheets in exactly half of those games and has now made 232 appearances in total for the Hatters.

Alex Lacey

Highly-rated centre-half who made his first team debut as a 17-year-old. Signed a professional contract to remain at Kenilworth Road until the end of the 2011/12 season which was extended to a three-year deal in the summer of 2012. He spent the 2012/13 season on loan at Conference South side Eastleigh but began the 2013/14 season as captain during pre-season and broke into the side in August. Lacey scored his first goal for the club in the 4-0 win at Woking in September 2013 and went onto make 22 appearance as the Town lifted the title.

Paul Benson

Experienced striker who signed permanently this summer after a successful season-long loan last term. Benson started out with Essex Intermediate League side White Ensign but shot to prominence with Dagenham & Redbridge under John Still. He signed for Charlton in 2010 - the striker moved to Swindon in 2012 and helped the Robins win the League 2 title that season. Having fallen down the pecking order at the County Ground, before he was reunited with Still at Kenilworth Road.

Scott Griffiths

Left-back who signed at the end of the 2012/13 season after impressing following his arrival on an original short-term deal. The former Dagenham & Redbridge man, the experienced defender joined the Hatters in March 2012 following his release from former club Peterborough. He won the Conference under Still in 2007 and lifted the League 2 title with Chesterfield in 2011. Scott was an ever-present for the Town in the title winning campaign of 2013/14.

Fraser Franks

Talented centre-half who signed for an undisclosed fee in January 2014 from Welling United. Began his career as a youngster at Chelsea and then Brentford before moving to AFC Wimbledon, winning promotion in 2011. Left Kingsmeadow for Welling and helped the Wings secure the Conference South title in 2012/13. Made 17 appearances at the heart of the Hatters defence in the title-winning season of 2013/14.

Alex Lawless

Influential and creative midfielder penned a new two-year contract in May 2013, turning down contracts at two clubs in League 1. The 29-year-old has made 156 appearances for the Hatters since signing from York City in November 2010 and has scored 18 goals. Began his career as a youngster at Fulham and has also played for Forest Green. Scored six goals in 32 matches as he helped the Town lift the Conference title in 2013/14. The third-longest serving member of the squad.

Alex Wall

Striker who signed in the summer of 2013 having impressed whilst on-loan to the Hatters from Maidenhead until at the end of the 2012/13 season. Alex joined Maidenhead from Thatcham Town but burst onto the scene last season with a dozen goals for the Magpies. He won the Blue Square Bet South player of the month award for February. Credited with the final Luton goal in the Conference following his strike in the 1-0 win over Hyde.

Luke Rooney

Creative midfield player who signed a six-month deal in the summer of 2014 having played in the final two months of the Town's championship-winning season. Started his career as a youngster at Gillingham where a string of fine performances led to him becoming a regular for the Gills. Signed for Swindon in 2010 and helped the Robins win League 2 but after being frozen out of the side he spent time out on loan before joining the Town last term from Maidstone.

Jonathan Smith

Central midfielder signed from York in 2013 for £50,000 following a successful loan spell. Originally with York he moved to Swindon where he helped the Robins win the League 2 title in 2012 before switching back to Bootham Crescent. Smith enjoyed a terrific first half of 2013/14 with influential performances but his broke a leg on Boxing Day. However, his progress and rehabilitation was tremendous and, four months to the day after the incident, he made an emotional comeback in the final match of the campaign.

Andy Drury

Creative midfield player who returned to Kenilworth Road on a two-year contract in the summer of 2014, signing from Crawley. First signed for the Hatters from Stevenage in 2010 and his performances from midfield caught the eye of Ipswich Town who signed him in January 2011. He would go on and become a regular at Portman Road in the Championship. Drury signed on-loan for Crawley before making that move permanent in the summer of 2013. He started his career with Sittingbourne before spells at Gravesend and Lewes.

Jake Howells

Came through the ranks at Kenilworth Road and made his first team debut as a second half substitute in May 2008. He made his full debut in the Hatters colours away at Bradford City in October 2008. After making 36 appearances for the Hatters in the 2008/09 was rewarded for his efforts with a professional contract in May. Howells made huge strides with impressive performances on the left-side of midfield. Capped at U21 level by Wales, Howells signed a three-year contract extension in the summer of 2012.

Elliot Justham

Up-and-coming goalkeeper signed from East Thurrock on a two-year deal in May 2013. The 6ft 3in stopper kept 14 clean sheets in 31 matches for the Rocks in the 2012/13 season. The stopper has previously enjoyed trials at West Ham and Reading. He made his Town debut in an FA Cup tie at Woking, keeping a clean sheet in the process, and went onto feature in all of the Hatters' cup ties in 2013/14. Was an ever-present as substitute keeper for Mark Tyler during 2013/14.

LUTON TOWN FC

PLAYER PROFILES

Pelly Ruddock Mpanzu

Highly-rated midfielder who the Town signed on a permanent deal from West Ham in January 2014 from West Ham United. Only made his debut for the Hammers in August 2013 in the Capital One Cup but was loaned to the Hatters in December – making his debut at centre-half against Staines in the FA Trophy. He scored his first goal for the Town in the 7-0 win over Hereford and picked up a championship winners' medal after string of impressive performances in central midfield.

Ross Lafayette

Summer signing from Welling United, the strong and pacey frontman scored 39 goals in 90 matches with the Wings, who he helped win the Conference South in 2012/13. A regular scorer further down the pyramid he also has experience of coaching in the United States. Joined the Town on a two-year deal.

Ricky Miller

The 2013/14 Conference North player of the year and top goalscorer who ended the campaign with a haul of 28 goals for Boston. Previously on the books of Rothwell and Stamford, the striker began his career on the books at Charlton as a youngster. He signed for the Town on a two-year deal this summer and was likened by boss John Still to a cross between Kevin Phillips and Craig Mackail-Smith.

Shaun Whalley

Attack-minded midfielder or winger who followed Andy Parry to Kenilworth Road on a two-year deal from Southport in the summer of 2013. Whalley was in inspired form for the Sandgrounders throughout 2012/13, scoring 10 goals and creating many more and ended the campaign with a string of end-of-season awards. After beginning last season with the Town, Whalley was loaned to AFC Telford who he helped win the Conference North title.

Michael Harriman

Republic of Ireland Under-21 international full-back who signed on a 28-day emergency loan on 10th October from Queens Park Rangers. Made his R's debut as a teenager before joining Wycombe on-loan for the 2012/13 campaign. Michael was again out on loan last season, playing 38 of Gillingham's 46 matches in League 1 last term.

Matthew Robinson

Young central midfielder who impressed the Town enough in pre-season of 2012 to earn himself a contract. He made his Town debut in a 2-0 win at Kidderminster Harriers in August and scored his first goal for the club in the 3-1 win at Southport on the final game of the 2013/13 season. Matt had clearly made a big impression and the midfielder was delighted to pen a new two-year contract in June 2013. Matt made 31 appearances for the Town in the title-winning campaign and scored twice – both vital goals against Chester and Grimsby.

Curtley Williams

A former Ipswich scholar whose primary position is right-back who joined the Hatters this summer. Curtley spent time in Spain at the Glenn Hoddle Academy before spells in non-league. He helped Lowestoft to the Play-Offs in his first season before enjoying another successful campaign in Suffolk last term, with the club winning promotion through the Play-Offs.

Nathan Doyle

Defensive central midfielder who penned a one-year contract with the Hatters in September 2014 after leaving Bradford City in the summer. Derby-born, he came through the Rams' youth ranks before signing for Hull and then Barnsley. Joined Bradford in 2012 and helped the Bantams win the League 2 Play-Offs in his first season – a campaign that also saw the Yorkshire outfit reach the final of the League Cup.

Jim Stevenson

Box-to-box midfielder signed in May 2013 on a two-year deal from Histon. Scored 11 goals for the Stutes in 2012/13 and ended the campaign as the top goalscorer. Jim made his full debut as a 17-year-old at Kenilworth Road for Histon in a game the Hatters won 5-1. He made six appearances for the Hatters in his debut season but impressed out on a loan spell with Dartford.

Paul Connolly

Hugely experienced right-back who has enjoyed almost 10 years' worth of football in the Championship with spells at Plymouth, Leeds, Derby and Millwall. Most recently with Crawley. Helped Plymouth win promotion twice - from Leagues 2 and 1 - before joining Derby where he captained the Rams. Left Millwall last year and signed for Crawley but jumped at the chance to sign for the Hatters in the summer of 2014.

Luke Wilkinson

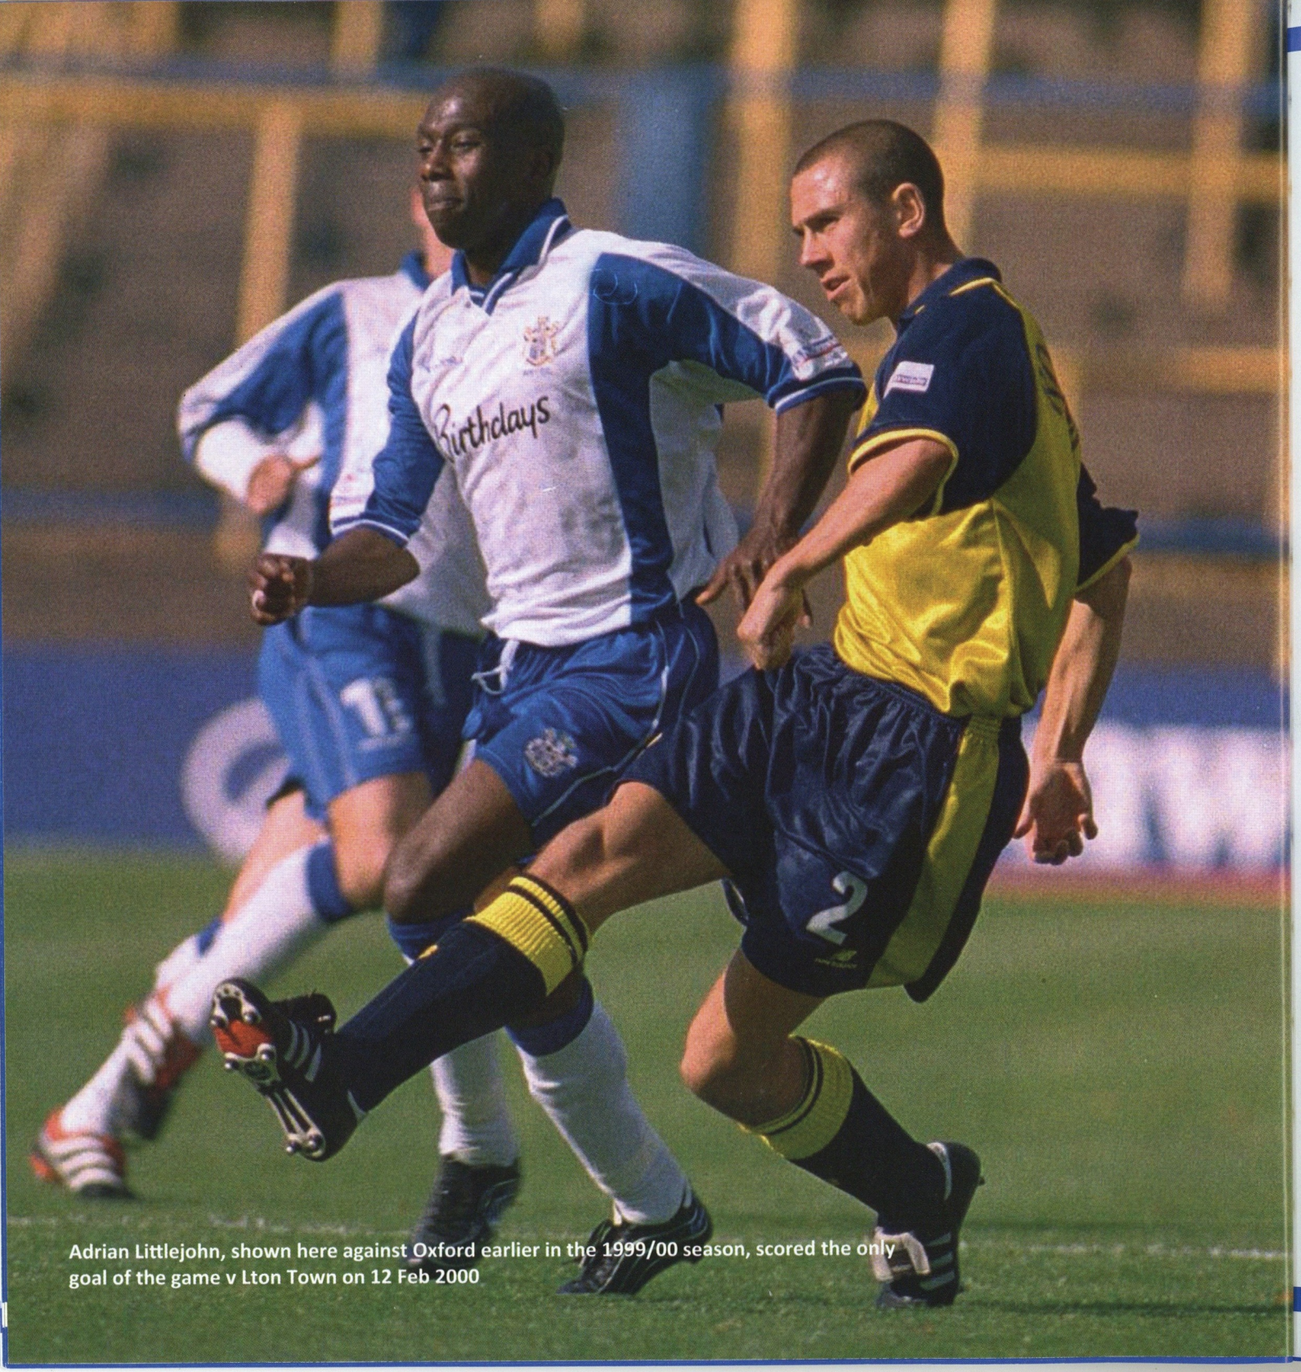

Centre-half who has previously played under John Still whilst with Dagenham. The former Bristol City and Portsmouth defender enjoyed a successful spell on-loan at Dartford before nailing down a place with the Daggers and was voted their player of the year two seasons ago. Signed a one-year deal with the Town in July 2014.

Charlie Walker

Prolific striker who joined the Hatters after scoring 43 goals last season as the club won promotion. Joined the Town on trial this summer and scored twice in the friendly against AFC Dunstable before being snapped up on a permanent deal.

Wherever the Shakers finish in the table come mid-May, there's one thing for sure - Adrian Littlejohn's winning strike against Luton was real quality. An opportunist goal if ever there was one.

The ball was played across the front of the penalty area from the right and Littlejohn took it on a couple of strides towards the left, turned, picked his spot and fired a hard, low shot that was always beating Luton keeper Abbey into the far, right hand corner of the net. It was his seventh of the season, and yet again it was an eye-catching effort, just like the one at Bristol City earlier in the campaign.

"We got the goal our first half performance deserved. Ady took it really well. It was a superb finish," said Bury player-manager Andy Preece.

There were other outstanding performances on a day when Bury didn't exactly shine. Paddy Kenny won another Man of the Match award with, perhaps, his best performance so far in this, his first professional season.

He commanded his box, caught the ball at virtually every opportunity and generally looked a lot more like the finished article.

Danny Swailes put in an impressive display at centre back to follow up his effort at Colchester and once again showed he has an eye for goal when the opportunity occurs.

And then there was Matty Barrass. This time it was a quiet, but competent show at right back. This lad is destined to go far, but Preece knows it is early days for them, and the team as a whole, even if a revival is in the offing.

"People were asking what it felt like to win your first game of the Millennium after last week at Layer Road, but we had only played five games," said Preece. "You could turn it round and say we have only lost two games this Millennium. You can make it sound as good or bad as you want. Hopefully this is the start of a run. Things are looking good, but it's got to be done with the same work rate and commitment in every game. I want them coming off the pitch tired out every time. If that happens, hopefully, we will get the same results."

Of his own game, Preece said: "I slaughtered myself against Brentford. I took myself off and I was disappointed with the way I played, but, overall, I think I did well today. Everybody did, for we worked hard. It wasn't a brilliant pitch to play on and Luton came into the game more in the second half," he added.

There wasn't a great deal to write home about before Littlejohn's 61st minute strike. An Ian Lawson shot was dropped at the foot of the near post by Abbey - and some say the ball crossed the line.

But despite having several chances, particularly in the first half, Lawson couldn't add to his 12-goal tally.

Luton offered little up front. Former Sunderland and Northern Ireland striker Phil Gray did a fair impression of the Invisible Man, but Stuart Douglas brought the best out of Kenny when he really should have scored after bursting through in the eighth minute.

Lutel James had seen a good shot saved by Abbey 60 seconds earlier and then Preece headed over the bar in the 22nd minute and Swailes had a good shot saved low down by Abbey 14 minutes later.

But apart from Ady's belter, there was little to get excited about in the second half, but Kenny did his bit again when he dashed out to block a shot from Matthew Taylor.

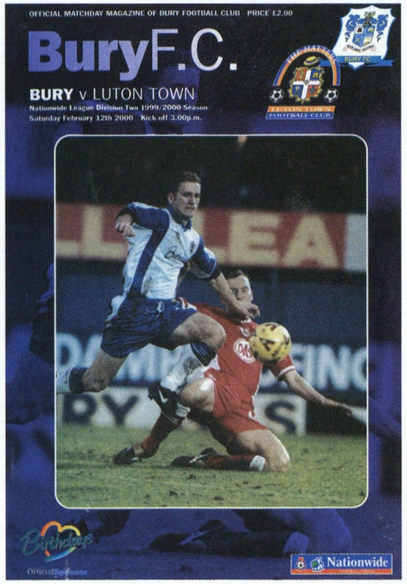

Bury: Kenny, Barrass, Redmond, Swailes, Williams, Littlejohn, Daws, Bullock, James, (Avdiu 74), Preece, Lawson (Billy 78)

Post Match: Assistant Manager Darran Currie

"We've come under fire recently but it's a results business, on the back of the disappointing result at Southport (in the FA Cup), we've won two games scoring six goals so everyone's happy.

"We started brightly but Bury are a good side, they pinned us back a bit and they probably had the better of the first half, but we're away from home, against a team that had been going well. The chances will be few and far between so when they come along you have to make them count and we did that.

"Ayo Obileye's a giant, he headed the free-kick down for the first goal, and Alex popped up in the right area. The wing-backs put in a tireless shift, we had to sit in and defend our lead, and the second goal was good timing."

Bury lost their fourth game in a row in all competitions after Dagenham & Redbridge took all three points back to East London on Saturday afternoon.

Second half goals from Alex Jakubiak and Jamie Cureton sealed a 2-0 win for the Daggers with Bury dropping out of the SkyBet League Two play-offs.

David Flitcroft made five changes from the defeat against Newport with Rob Lainton, Adam El-Abd, Rob Milsom, Craig Jones and Danny Nardiello coming in for Scott Loach, Jimmy McNulty, Chris Hussey, Hayden White and Ryan Lowe.

The first half was a dull affair with neither team creating many noteworthy chances. Bury were the closest to opening the scoring in the opening period when Danny Rose spun and shot but his effort was easily saved by Dagenham goalkeeper Mark Cousins.

Cousins was in action against in the 24th minute when he spilled Rob Milsom's cross under pressure from Rose but he was alert to the rebound to deny Nicky Adams from close range.

The Shakers had the ball in the net nine minutes later through Danny Rose but it was disallowed after the linesman on the far side ruled he was offside from Adams' first time cross.

Bury started the second half the better of the two teams and created two chances early on. First, Danny Nardiello hit the bar from six yards out before Craig Jones headed narrowly over from Nicky Adams' near post corner.

Despite all the pressure it was the away side

who took the lead in the 55th minute. Oye Obileye headed a deep free kick back into the area and the unmarked Alex Jakubiak was able to tap in from close range to make it 1-0.

Bury responded well to going behind and had another effort ruled out for offside almost immediately after Nicky Adams adjudged to have made his forward run too early.

The home side then had a strong penalty appeal turned down in the 60th minute, after Danny Mayor went down under the challenge of Scott Doe, as referee Andrew Madley ruled Mayor had dived and the former Sheffield Wednesday man was shown a yellow card.

Once again Dagenham continued to soak up the pressure and added their second in the 74th minute. Jamie Cureton received the ball in the middle of the area, turned his marker and buried his shot past the dive of Rob Lainton to double the away side's advantage.

As time ticked by Bury pushed for a way back into the game but were continually denied by the Dagenham defence. Nicky Adams fired over from close range before Nathan Cameron hit the bottom of the post as the fourth official indicated five minutes of added time.

The Shakers had one final chance before the full time whistle but Craig Jones" goal bound shot was blocked almost on the line and the danger was cleared.

Andrew Madley brought the game to an end shortly after and the result means that Bury have now lost their last four games in all competitions ahead of next week's FA Cup Second Round game against Luton.

Gaffers Verdict: "We have got a real ambition to get promoted this season. Everyone believes that we will and we have got to carry that forward and make sure that we keep that dream alive," he said.

"But certainly the players at the minute are just struggling to cope with that.

"The pressure is being created by

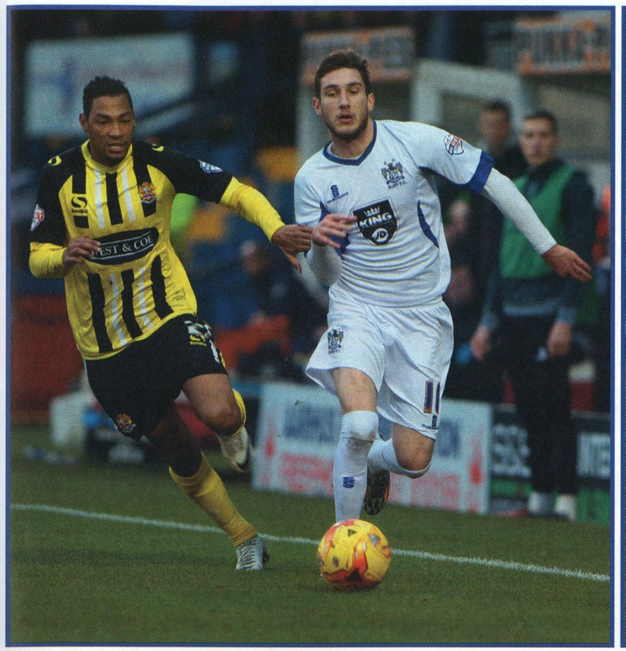

expectation and people are snatching at things."

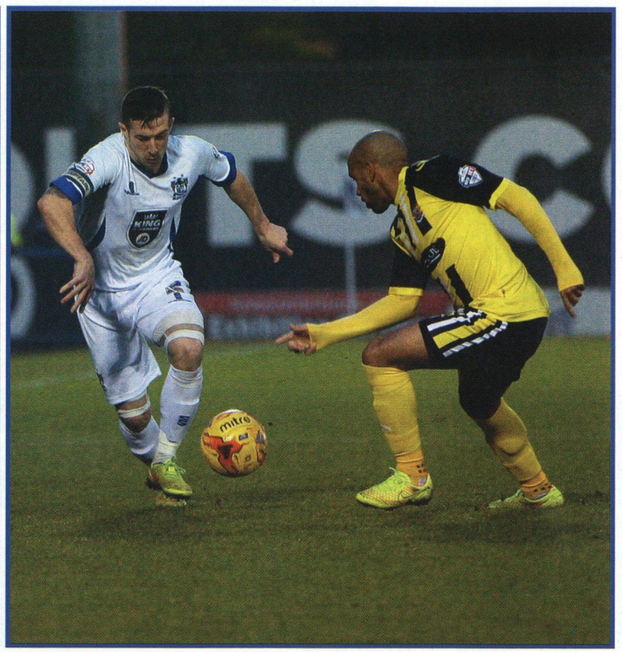

"That one moment that comes natural to you as a striker or a winger, people are snatching at it and starting to become tense," added Flitcroft.

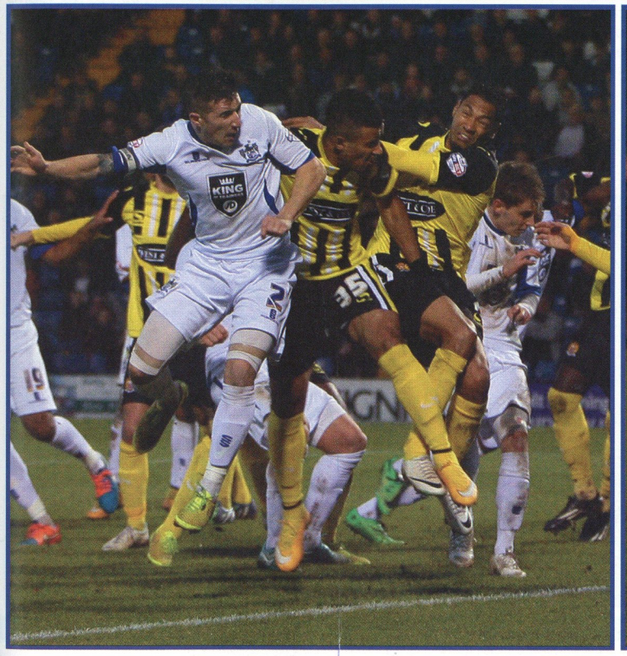

"I think everyone is feeling it. You sense (fans in) the stadium are feeling it. And certainly the players are feeling it.

"We are creating enough chances, but they have been in our box twice and scored."

THE SHAKERS

THE OFFICIAL HISTORY OF BURY FOOTBALL CLUB

1943/44: High scoring matches were prevalent all over the country once again but even so attendances just continued to fall. The Football League's answer was simply to increase the admission fees once more and so the second increase during wartime was implemented, with a minimum terrace admission price of one shilling and sixpence (it had been one shilling at the start of the war) although 'boys' and members of the Forces could gain entry for sevenpence.

The club also charged ninepence transfer charge into the stand but so few people used the stand now that the club only bothered to open the Centre Stand portion at certain games. It was a case of fifty or sixty people paying to sit in a stand that held 5,600.

For the first time since the war, the club operated an 'A' team, which was elected to the Bury Amateur League. The idea was that the many local hopeful amateurs could be played in this team as a feeder to the first team but when Arthur Paine was already struggling to raise one team each week, it seems a pretty brave decision taking on another team.

The new 'A' team opened its campaign on 25th September with a home game against Ferranti Limited, and they began in style with a 15-1 success, local youngster Andy Anderson scoring nine of the goals. Later in the season he would get a few outings in the first team – and the 'A' team would finish eventual runners-up to Radcliffe Junior Tech 'A' in the Bury Amateur League.

Bury again struggled to pick up results throughout the season but at least they were consistent – in that they finished 43rd out of 50 teams in the War League North in both the pre and post-Christmas championships. They also had the pleasure of beating Blackpool and Stanley Matthews 1-0 at Gigg Lane, thereby gaining some revenge for those twenty goals conceded twelve months earlier.

Throughout the season the Directors carried out their promise to blood a number of youngsters but were perhaps somewhat guilty of over-kill. Chairman George Horridge commented, " My own opinion is that the inclusion of too many young players at the same time defeats its object. If a few more experienced players were put in the side along with the youngsters then they would develop quicker."

Some of the young players to appear in the first team included Norman Berry, a local striker who scored all five goals in the first team's 5-2 win against Bolton on March 11th and Jack Moss, a teenage inside-right who had been playing with Horwich Central and greatly impressed when given his chance.

On the down side, George Davies suffered another knee injury in a game against Burnley at Gigg Lane on 18th September which restricted his subsequent appearances to just thirteen more outings. After his pre-war knee problems it was a great shame but he still managed another six goals.

His place at centre-forward was taken in twelve games during the first half of the season by Charlie Revell, formerly with Charlton Athletic. He proved to be an excellent replacement for Davies, scoring 10 goals in 12 games before a posting took him away from this area and his services were lost.

Bill Griffiths became the first Bury player to receive his marching orders on 26th February, when he was sent off at home to Stockport County and soon after Secretary Arthur Paine underwent a serious operation at Manchester Infirmary. The sad news also filtered through that three of the club's early wartime amateur players Frank Pollard, William Poole and Jackie Wood had been killed in action.

Arthur Paine's enforced absence brought the need for someone to look after the club's day to day affairs on a full time basis which led to the appointment of Head Checker Ted Fairhurst as Secretary pro tem – a role that he had also filled for the club in the First World War. Amazingly Fairhurst had completed 47 consecutive years service to the club, so his credentials were good!

Another appointment saw former player and Chief Scout Jimmy Porter take over as Team Manager on 14th March 1944. With the war at last turning in favour of Britain an end possibly looked to be in sight and his appointment was the first step in returning to normality but his directive was also to obtain and train the younger players at Gigg Lane.

The club again recorded a small trading loss of £149 but had spent £528 paying benefits that

were owed to pre-war players. The club's debt now stood at a very manageable £1,324 - 16s. 0d.

1944/45: Bury's new season opened on 26th August with a journey to Wrexham where the Shakers picked up a 5-0 drubbing, with all the goals coming in the second period. Former Bury loanee Charlie Revell scored two of the goals and pre-war Shakers Archie Livingstone also played for the Welsh side.

The Shakers' next three games were all at Gigg Lane and Bury lost them all, including two defeats at the hands of Everton as the Merseyside club chose to switch their 'home' War League game to Gigg due to an international match being played at Liverpool.

The away defeat at Wrexham set the tone for the season as Bury failed to win an away fixture in their next sixteen matches and had to wait until the penultimate away game at Accrington Stanley before finally recording a 1-0 win. By that time the aforementioned Livingstone was back at Gigg Lane – and scored the winner at Peel Park.

George Davies was still trying to fully recover from his knee injury the previous season and although he obviously was not yet fully fit, he turned out for the Shakers as they picked up their first win of the season at home to Manchester United and he scored two goals in the 4-2 win. George went on to claim eleven goals over the course of the season but it was clear that everything was not right.

Of the loan players that appeared for the Shakers during 1944/45, Brentford's Billy Gorman, a former Bury player who had also helped Manchester United during the war, was a regular fixture during the season Northampton Town's Eddie Blunt also played 27 games for the Shakers and became the second wartime dismissal when he was given his marching orders at Oldham on 13th January.

He had taken exception to Oldham's second goal in a 2-0 Latics win as goalkeeper George Bradshaw had saved a penalty but then seen the ball kicked out of his hands by Shipman, the referee allowing the offence to go unpunished.

Another newcomer in the side was Harry Whitworth, a youngster who had been spotted playing for Whitefield Juniors by Ernest Pooley, a winger with the Shakers in 1897 and the man who was also responsible for spotting Charlie Sagar and Joe Leeming whilst playing for Turton.

At 5' 3" Pooley is also thought to be the smallest player ever to appear in a Bury shirt, but his lack of height certainly didn't cloud his shrewd judgement of a player and Whitworth became an established first team player at the club in post-war football and played right up until 1950.

A 'first' for the club came on 3rd March when the second half of Bury's home game against Manchester City was broadcast live on the BBC Forces programme – the first time that a live broadcast had taken place from Gigg Lane. With the score at 2-1 to Bury at half-time, the troops were able to hear three more 'live' goals as the Shakers eventually won 4-2.

The Shakers issued programmes this season for the first time during the war years as things began to get back to normal, although a stiff single card had initially been issued throughout the 1939/40 season.

Bury again finished way down the final War League North table, finishing 47th from 54 clubs in the first championship and improving slightly to 36th in the second championship.

At the club's Annual General Meeting in July a profit of £409 was recorded on the 1944/5 season, which now took the club's debts down to £915 overall.

"The transitional period will be used for building up a team capable of challenging the strongest opposition and we ask for the enthusiastic support from the public, without which we cannot hope to compete in the highest class," commented Chairman George Horridge.

1945/46: Although the war in Europe was now finally over, the Football League decided not to return immediately to the original pre-war League format. It was felt that a transition season was required to help clubs and players gradually return to full professional status.

The Football League did however return to a familiar 42match programme, with the formation of two main divisions Football League North and Football League South with regional Third Divisions also being set up.

The Shakers took one more step towards normality when Jimmy Porter stepped down from the position of Team Manager to take over the role of Chief Scout/Assistant Manager. Chairman George Horridge then confirmed the appointment of Norman Bullock as the club's new Team Manager on 15th June, returning after a seven year spell with Chesterfield to take up his second stint as the Bury boss.

This time though, with Horridge as Chairman, he would have all the authority over team selection that he wished. Arthur Paine continued as the club's Secretary and Billy Day was appointed as trainer. When Alick Robinson

returned to Gigg Lane as Reserve Team Trainer in August it meant that four former players – Bullock, Porter, Day and Robinson - were employed on the coaching and management staff.

Another former player, David Robbie left the club to take over as Trainer at Rochdale. In the boardroom, Harry Unsworth was also celebrating his 25th consecutive year as a Bury Director.

The Central League reformed for the 1945/46 season and so Bury Reserves found themselves playing the fixtures that they should have been completing in during the 1939/40 season.

They did not have too successful a time of things though as, not for the first time, the club was forced to seek re-election as they finished in 21st and bottom position.

Bury began their War League North fixtures with two home games. The first brought a comprehensive 4-1 defeat at the hands of Blackpool for who Stan Mortenson scored all four goals. Four days later Manchester City ventured to Gigg and Bury had City's goalkeeper (and future England goalkeeper) Frank Swift guesting for them.

It was to be his only appearance for the Shakers, but it didn't even end up a full appearance as the game was abandoned after 77 minutes due to very heavy rain and very dark clouds – no floodlights yet remember.

The referee had even dispensed with the normal half-time break in the hope of ensuring the game did reach its normal conclusion but it proved impossible.

September brought an upturn in fortunes as Norman Berry hit goalscoring form and helped Bury record seven successive victories, their best run during wartime and one which included a 6-1 Lancashire Cup success against Blackburn Rovers. Their inconsistency resurfaced immediately afterwards though with a run of eight defeats in the next nine games.

George Davies hit a twelve-minute hat-trick against Leeds United in a 3-1 win at Gigg Lane on 16th February and then the following week scored a further goal against Manchester United. It was his eleventh goal of the season and also proved to be the last of his career as he announced his retirement on 19th June due to arthritis of the knee.

The feeling at Bury was that he would have been an England international but for the war. His scoring rate throughout the troubles was phenomenal and after his magnificent haul in the 1937/8 season, Bury had actually turned down a bid of £7,000 for Davies from Sunderland.

The F.A. Cup this season was re-introduced but ties were played on a two legged basis. After defeating Rochdale 7-5 on aggregate (with a crowd of 13,248 for the first leg at Gigg) Bury were paired against Sunderland but eventually lost out on a 7-6 aggregate after extra time.

Attendances had brought a pleasant surprise for the Directors and figures far surpassed the last season before the war. Indeed, income was some £2,200 more than the 1938/39 season and crowds had averaged 9,502.

"We can never at Bury expect to achieve the very large gates which collect in some of the large cities, but there is no doubt that if the old club could rely on an average gate of 15,000 next season, we would consider ourselves very fortunate. We would also be able to take an active interest in the buying as well as the selling of players," commented Chairman Horridge.

The added bonus of the upsurge in public interest for football somehow allowed Bury to depart from the war years having somehow managed to turn earlier losses of £1,493 into a credit balance at the bank of £1,752.

Bury eventually finished in 20th position in the War League North table with 34 points from their 42 games. Except for the first season, the team had finished poorly throughout the war and would have to start picking up the winning habit if they were going to achieve success under Norman Bullock as peacetime football resumed. And who would take over as chief goalscorer with Bury no longer able to rely on George Davies?

1946/47: Throughout the war years, Secretary Arthur Paine had also been employed as a Company Secretary in industry and when the war ended, he decided to remain in that job. He therefore tendered his resignation on 1st July 1946, after twenty-three years service to the Shakers. Even then, he didn't completely sever his connections though, as he accepted a part-time appointment as the club's Financial Secretary.

Bury's back room 'line-up' as the club prepared for their first game in Division Two since 1939 saw Norman Bullock as Manager, Jimmy Porter as his assistant, Billy Day as Trainer, Alick Robinson as Assistant Trainer and George Bargh as Coach. Every one of them being a former Bury player.

Seven years on and it was amazing to see eight pre-war players signed on as professionals for the new season. Ron Anderson, George Bradshaw, Donald Carter, Reg Halton, Les Hart, David Jones, Eddie Kilshaw, and Eddie Quigley

had all been at Gigg Lane in 1939. Not all of them had been first team players in pre-war days, some were mere youngsters still learning their trade at the time. It was a good nucleus around which Norman Bullock could build a team though, and with the Griffiths brothers and Cyril Fairclough also having played for the Shakers since the early war years, there appeared to be a certain continuity that had not maybe existed to such a degree at other clubs.

Once the gas lamps that had been stored in the South Stand throughout the war years had been removed, it was 'back to normal' at the club with the countrywide upsurge in public interest very much in evidence by the size of the crowds attending matches at Gigg Lane. Season Tickets were on sale for the first time since 1939/40 and a large number had been sold, from the cheapest 'Ground' Season Tickets priced at £1-10s through to the most expensive Centre Stand tickets priced at £5-5s.

Bury were to field four teams each week. The first team playing in Division Two, the reserves in the Central League with the 'A' and 'B' teams in the West Manchester League.

The opening fixture brought a Fulham team that included former Bury centre-half Jack Watson to Gigg Lane on 31st August, with the Football League utilising the fixture list originally prepared for the short-lived 1939/40 season. After just nineteen minutes, Eddie Kilshaw scored Bury's first post-war goal and it turned out to be the first of nine in that particular game, as the Shakers beat Fulham by an incredible 7-2 scoreline. Welcome back! Terry Meaney, Jack Moss and Don Carter each scored twice and a healthy turnout of 12,847 went home very happy.

Bury were unable to reproduce the promise that was evident that particular afternoon though and after Reg Halton missed a penalty in a 3-1 defeat at Manchester City four days later, they did not collect their next victory until 30th November – a run of fifteen games without success. A crowd of 26,176 – the best of the season – watched debutant Jim Lindsay score in a 2-2 draw at home to Burnley on 2nd November, the striker having cost £875 from Sheffield Wednesday just three days earlier.

It was Lindsay who also helped to provide the undoubted turning point in the season as the Shakers completed a double over his former club Sheffield Wednesday, with Lindsay scoring a no doubt satisfying hat-trick in a 5-2 success at Hillsborough. Bury were at last beginning to climb the table.

January brought a continuation of the revival as Don Carter and George Mutch both scored hat-tricks in a 6-3 win against Bradford Park Avenue, and the Shakers made it three straight home wins with successes against both Southampton and Luton. The week after beating Southampton, Bury travelled to The Dell to play Southampton again, this time in the F.A. Cup and after conceding three goals inside sixteen minutes, a Shakers team weakened through injuries ended up well beaten 5-1.

Inside-forward Mutch had been signed in October for £1,750 from Preston North End and proved to be a very useful goalscorer in what turned out to be his only season with the Shakers. The man better known for scoring the first ever penalty in an F.A. Cup Final (for Preston in 1937) scored 8 goals in 21 games for the club before moving on to Southport as Player-Coach.

The Directors discussed a bid of £8,000 plus a player from Sunderland for the services of Eddie Kilshaw on 21st January but unanimously decided to turn down their bid. It would prove to be a wise move. Eddie Quigley created a new club record when he scored all five goals in Bury's 5-2 win against Millwall at Gigg Lane on 15th February – a record which has been equalled since but never beaten.

Don Carter was eventually the club's top goalscorer with 18 goals and he recorded his second hat-trick of the season on 1st March in an exciting4-4 draw at home to Barnsley – a game which saw Bury lose a three goal lead.

Home form throughout the second half of the season was impressive enough to keep Bury out of trouble at the foot of the table but, equally, away form was dismal enough to make sure that they were always looking over their shoulder.

Having attained a 'safe' final position of 17th in Division Two, Bury then played Liverpool at Anfield in the final of the Lancashire Senior Cup but were beaten 2-1. Soon afterwards the players embarked on only the club's second ever foreign tour, travelling to Denmark in June for games against Esbjerg, Aarhus, Aalborg and a Representative X1.

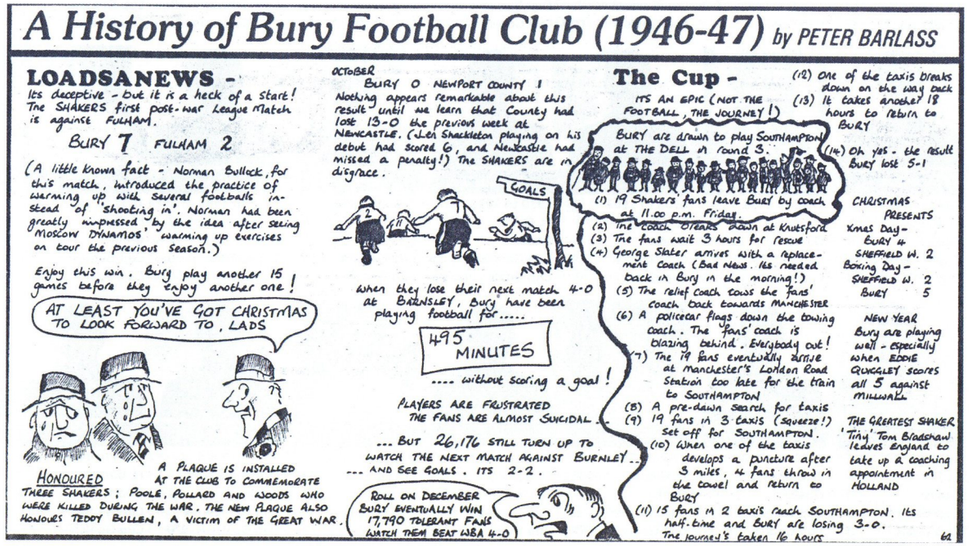

The average attendance at Gigg Lane at this 'boom time' was an encouraging 14,764. Encouraging when compared to the club's pre-war average but still the third lowest total in the division. A profit of £1,591 for the season allowed Bury to increase the bank balance to £3,298. The club's weekly wage bill for around 40 professionals and a backroom staff of ten was £324. Manager Norman Bullock was the top wage earner on £20 per week. Most of the first team players were on the princely sum of £10 per week, the maximum wage permitted at the time.

SHAKERS FINALS

THE 1900 and 1903 FA CUP FINALS

The 1900 FA Cup Final

The story of this particular season was undoubtedly dominated by Bury's success in the cup competitions though the Manchester Senior Cup, which was claimed for the fourth time, whilst the Shakers also reached the Final of the FA Cup for the very first time. Along the route to the Crystal Palace, the team accounted for Burnley, Notts County (after a replay) and holders Sheffield United (after a replay).

In each instance Bury had been drawn away from home but eventually won through. There had only been 4,438 at Gigg Lane for the second round replay against Notts County, but interest had grown to such an extent after holding Sheffield United to a 2 2 draw at Bramall Lane in the third round, that a new ground record of 20,684 crammed into Gigg for the replay, with many, many, more breaking into the ground and gaining free admission.

Goals from Billy Richards and Jack Plant took Bury into the semi-finals where they met Nottingham Forest at Stoke City's, neutral, Victoria Ground. A fifteenth minute Jack Pray penalty gave Bury hope against Forest but they eventually had to settle for a 1-1 draw after missing a further penalty and a tense semi-final replay now awaited at Sheffield United's, neutral, Bramall Lane ground.

It was estimated that just 400 Bury supporters made the journey to Sheffield for this Thursday evening kick-off, but those Shakers fans amongst the crowd of 15,000 were about to see a thriller. Bury could not have made a worse start as Capes gave Forest a first minute lead and Bevendge promptly added a second just a minute later. Two goals down after two minutes! But, despite still being a brace of goals in arrears at half time, Bury gradually settled during the second period and Charlie Sagar pulled one back after 55 minutes.

The 400 Shakers fans then had to wait until five minutes before the end before Jasper McLuckie pulled Bury level. The Nottingham Forest players then protested most vehemently about having to play extra time and probably had great cause to do so when Charlie Sagar's second goal after 110 minutes took the Shakers into the final.

The Bury players had been on a win bonus of £1 per man in the early rounds of the Cup. This had been increased to £5 in the games against Sheffield and Nottingham and now that the team had reached the final, the Directors agreed to increase this to £10 per player - or roughly three weeks wages for most of them. This may not seem a huge incentive in current day terms, but it was certainly a gesture that the working class Bury players were grateful for and happy to accept.

Alfred Wardle travelled to London two weeks prior to the Final in order to reserve hotel accommodation for the players, trainers and Directors. Bookings were confirmed for the Bury Directors at the Royal Crystal Palace Hotel with the players at the Tavistock Hotel at Covent Garden. It was decided to travel down on Thursday 19th and remain in London until the Monday after the actual game.

The day of the Final brought a heat wave to London with the players and the crowd of 68,945 having to swelter in the London sunshine throughout the afternoon. Southampton were the first Southern club to reach the final since 1893, but the hopes of the Southerners were dashed in a first-half that was dominated throughout by the Shakers. McLuckie opened the scoring after nine minutes from a corner and Wood added a second after 16 minutes when goalkeeper Robinson failed to hold a Plant shot. After 23 minutes it was 3-0, when McLuckie scored his second goal with a lightning shot that Robinson never even tried for.

Southampton made more of a fight of it in the second period but it was the Shakers who again found the back of the net when, ten minutes from time, Jack Plant shot home from a Richards corner and the rout was complete. Fittingly, it was former Club President, Sir Henry James (Lord James of Hereford) who presented the trophy to skipper Jack Pray at the end of the game.

Bury's slice of the Cup Final receipts was £938/16s/6d with a further £350/1s/6d from the semi-final games. This was manna from heaven for the Shakers Directors after a couple of years of real financial struggle and this money was responsible for turning the club's debts of £1,230 into a balance in favour of the company of £1,329.

1903 FA Cup Final

The Shakers were about to claim a little more history and win a famous treble as they won the three domestic cup competitions that they had entered; the F A Cup, Lancashire FA Senior Cup and the Manchester FA Senior Cup.

A Billy Richards goal after sixty minutes gave Bury a first round FA Cup victory at home to Wolverhampton Wanderers. That goal earned a difficult tie at Bramall Lane in the next round against holders Sheffield United, but Charlie Sagar put the Shakers into a fifth minute lead that proved to be the only goal of the game in a magnificent overall performance. There had only been 5,172 at Gigg Lane for the first round tie with Wolves but the win at Sheffield caused such interest in the town that 22,841 paid to see Bury's third round tie at home to Notts County. It took a Jimmy Lindsay penalty early in the second half for Bury to overcome County but this proved to be sufficient to take the Shakers into the semi-finals where they were pitched against favourites Aston Villa.

A huge crowd of around 50,000 converged on Goodison Park for the semi-final with a good Bury contingent included in those numbers. If Villa were expected to walk all over Bury that certainly did not prove to be the case and Jack Plant shot the Shakers into a deserved thirtieth minute lead and, with almost perfect timing, Charlie Sagar scored a second just three minutes after half-time with Billy Richards wrapping things up with a third goal after an hour's play to emphasize Bury's overall superiority.

The Shakers were in the FA Cup Final for the second time in three years and had yet to concede a Cup goal. If former Chairman John Ingram had still been alive he would no doubt have been shouting "We are the Shakers" once more at this proud moment. In the other semi-final, Derby County had also been busy mirroring Bury's 3-0 victory with a similar scoreline against Millwall Athletic.

One of the first problems that arose was the question of which of the two teams would wear their normal white shirts and blue shorts in the final "We have worn white longer," claimed Bury whilst Derby counter-claimed "We are the older organisation". The matter was referred to the Football association who replied "Sort it out between you!"

With the two clubs unable to reach a compromise, neither eventually wore their normal strip with Bury turning out in "Cambridge" Blue shirts and Navy Blue "knickers" with Derby County wearing Red shirts and Black "knickers".
Arrangements were immediately made for the team to stay at the White Swan Hotel, Upper Norwood, which was within easy distance of the ground. The booking was made from Thursday until Saturday because it was thought that such arrangements would give the players a good sound sleep on the night before the match. Derby County, meanwhile, did not leave their Derbyshire headquarters until Friday afternoon having trained in the morning and the Shakers officials felt that their arrangements had immediately given them an advantage over the Rams.

Meanwhile, back in Bury, Cup fever was growing and on the Friday afternoon and Saturday morning seven special long trains left Knowsley Street and Bolton Street stations en route for the Crystal Palace. That equated to around 2,000 people alone and it was certain that the team would have a healthy following. There were also some 79 special trains being run to the Final from various points around England and it seems that the habits of football fans over the years has not changed too much. All the major train stations in London stocked up with provisions and at St Pancras three special rooms were put aside for fans with some 40 barrels of beer, 200 cases of bottled beer and a plentiful supply of whisky on hand.

A trip to London also presented a rare chance to go sightseeing for Bury's supporters with the Bury Guardian commenting; "Whichever way one turned, one met Bury people sporting their colours. It was impossible to get away from residents of one's own town".

Setting the scene at the Crystal Palace before the game, the Bury Times commented; "Quite a number of photographers were in evidence, whilst a cinematograph was taken to the top of one of the stands. The Derby men were the first to take the field and were greeted with a roar that was easily outclassed when the Red Rose representatives were led on by their captain, George Ross".

The game, strangely, kicked off at 3:27pm with Bury's side containing six of the players who had picked up a Cup winners medal three years earlier. It took twenty minutes before George Ross put the Shakers into the lead and the hard, uneven, pitch played a part as his bouncing shot completely deceived keeper Fryer. Although Bury were far superior throughout the first half, it took a last gasp goal-line clearance from Ross to prevent a Derby goal, after Monteith had been clearly beaten.

Derby's keeper, Fryer, had picked up a knock in a League game played on Easter Monday and it had become clear that he should not have played in the Cup Final. He took a knock in trying to prevent Bury's second goal when Sagar scored three minutes after half-time. The two players collided and Fryer went off for treatment.

The third goal came whilst full back Morris was deputising between the posts with Joe Leeming chipping the ball past him as he raced out of his goal. Fryer returned at once, but within a minute Wood had scored after the injured keeper parried Thorpe's shot. The next goal came when Jack Plant cut inside from the left and sent a shot flying into the corner of the net after 59 minutes.

Bury were, therefore, five goals up, having scored four within an eleven minute period. Morris was soon forced to take over from Fryer once more but neither man would have stopped Bury's sixth goal after 75 minutes. Joe Leeming gained possession from Thorpe and sent a shot crashing into the goal.

The 6-0 result was a record FA Cup final score, beating Blackburn's 6-1 win over The Wednesday in 1890, and it still remains the record score 111 years later. Bury also equalled Preston North End's record of winning the FA Cup without conceding a single goal but the team's achievements did not stop the match being hailed as one of the poorest finals ever played.

"Briefly and candidly the Cup Final was a fiasco. Nothing like it had ever been seen before. Bury defeated Derby County by six goals to none and it might have been twenty. "That it was not is testimony to the mercy exercised by the victors rather than to the defence of the losers" commented the Daily Chronicle.

Nevertheless, Lord Kinnaird presented George Ross with the trophy and each player with a winner's medal. A long evening of celebrations followed with a dinner at the Trocadero Restaurant in Piccadilly Circus. After much champagne and singing, the players and officials stayed the next two nights at the Tavistock Hotel before setting off for a League game on Monday at West Bromwich Albion!
This was just to be the first of three Cup successes for the Shakers within ten days. On April 27th Bury collected the Lancashire FA Senior Cup after beating Everton 1-0 at Gigg Lane and, two days later, the Shakers drew 2-2 with Manchester City in the Manchester FA Senior Cup Final and jointly held the trophy for twelve months.

THE FA CUP
HISTORY, FACTS AND FIGURES

At a meeting held in the offices of The Sportsman in London on 20th July 1871, a proposal by FA Honorary Secretary Charles Alcock "that it is desirable that a Challenge Cup should be established in connection with the Association, for which all clubs belonging to the Association should be invited to compete" met with favour and was finally approved three months later.

The first FA Cup competition in season 1871-72 had fifteen entries (This season more than 700 took part). Wanderers, a team formed by ex-public school and university players, won the first final 1-0 against Royal Engineers at Kennington Oval. A crowd of 2,000 attended the match and they each paid one shilling for the privilege. The first Cup Final goal was scored by Morton Betts, playing under the assumed name of 'A.H. Chequer'. He was an Old Harrovian who had once played for Harrow Chequers.

The original trophy, much smaller than the present one, was made by Messrs Martin, Hall & Co. and cost £20. In 1895.

The present trophy, played for since 1992, is the competition's fourth and an exact replica of the third. Manchester United have won the Cup the most times (11), followed by Arsenal (10) and Tottenham Hotspur (eight). Forty-two different clubs have won it.

In January 1922 the Duke of York, later to become King George VI, cut the first turf to mark the beginning of the building of Wembley Stadium and it was completed in under a year at a cost of £750,000.

The 1923 FA Cup Final between Bolton Wanderers and West Ham United (pictured) was the first football match at the new stadium and it drew an estimated crowd of 200,000, vastly exceeding the official capacity. It was only due to the good nature of the spectators and the efforts of the police, notably PC George Scorey on his white horse 'Billie', that the match took place at all.

The Cup Final was played at Wembley in every year, excluding the war years, until 2000. The FA Cup has become established as one of the country's great sporting institutions. It is now over 130 years old and yet, season by season, it generates tremendous interest not only in the country of its birth but all over the world. The history and tradition of the competition, and the pageantry of the Cup Final, is familiar to millions.

The new Wembley hosted its first Final in 2007. Sir Bobby Robson, a Cup winner as Ipswich Town's manager, once said: "The FA Cup Final is the greatest single match outside the World Cup Final - and it's ours".

The Trophy
The present FA Cup trophy is actually the fourth in the history of the competition. The first winners of this trophy were Liverpool in 1992 after they beat Sunderland.

The first trophy was made of silver, it was less than 18 inches high and cost £20 to make. It had a figure of a footballer on the top and was popularly known as the 'Little Tin Idol'.

The famous Wanderers team won The Cup three years running in the 1870s and under the rules of the competition they were entitled to keep it. But they decided to hand it back to The FA on the understanding that no other team would retain it if they won it three times.

The last winners of that first trophy were Aston Villa in 1895. Five months after their triumph at the old Crystal Palace it was stolen from the William Shillcock football outfitters shop in Newtown Row, Birmingham. It was on display there and was never recovered, despite the offer of a £10 reward.

Sheffield Wednesday were the first winners of the new trophy in 1896 and Newcastle United the last in 1910. Messrs Vaughton's of Birmingham were the silversmiths who made it and they had miniature replicas to work from, commissioned by Wolverhampton Wanderers after they won The Cup in 1893.

This oldest surviving FA Cup trophy (and won by the Shakers) was purchased at auction in 2005 by David Gold, Chairman of Birmingham City and can now be seen on display at the National Football Museum in Manchester.

In 1910 The FA found that the design of the trophy had been pirated, so it was withdrawn and presented to Lord Kinnaird to mark his 21 years as FA President. Then a number of companies were invited to submit designs for a new one.

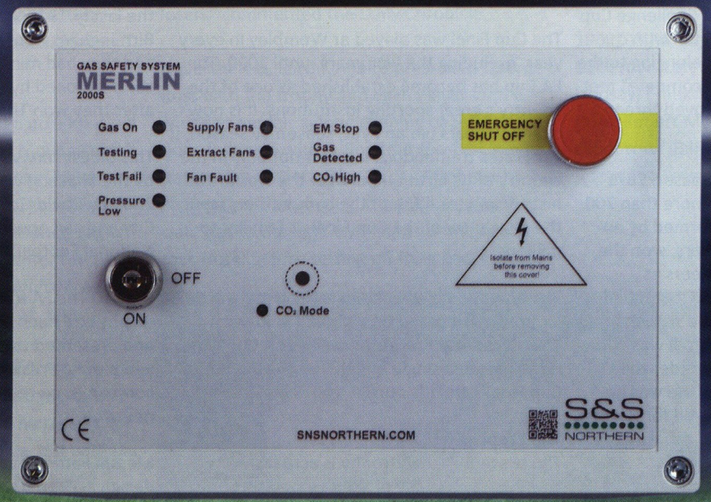

Messrs Fattorini and Sons of Bradford had their design accepted - and Bradford City, by an amazing coincidence, were the first winners of the new trophy in 1911.

The FA Cup's third trophy was 19 inches high, excluding the plinth, and weighed 175 ounces. A far more imposing trophy than the first two, it was destined to become one of the most famous sporting prizes in the world.

After 80 years of wear and tear it was replaced after the 1991 Final by an exact replica.

A VIEW FROM THE MAIN STAND

MAURICE DICKSON

Good afternoon ladies and gentlemen and a very warm welcome to today's FA Cup Second round tie with our friends from Kenilworth Road. We hope that everyone connected with Luton Town Football Club, especially the travelling supporters, enjoys their visit to the JD Stadium, Gigg Lane – result apart, naturally! - and that you all have a safe trip home. Thanks for your support this afternoon; it is appreciated by everyone at Bury Football Club.

No doubt this afternoon's tie against The Hatters will be a bit tougher than our First Round match against Hemel Hempstead Town but the prospect of being in Monday night's draw with the chance of bagging a home tie against a Premier (Greed IS Good) League side should provide the motivation for the players although making amends for our past four performances should also be something of a motivation.

That is something, I suspect, few, if any, Bury supporters thought we would need to be calling for this season given the number of quality players in our squad this season but, for whatever reason, of late we haven't been delivering the goods. It's with the utmost respect to Morecambe, Newport County and Dagenham but if we are really serious about mounting a title challenge they are the sort of teams we should, on paper, be beating but, as the saying goes football isn't played on paper.

The lads that Flicker chooses have to go out and deliver the goods. They get given a game plan and they have to act on it and it's obvious that it hasn't worked. As I said in the Dagenham issue there is not point in calling for managerial change – that is and remains nonsense – we cannot keep changing manager just because we have a small run of bad results – because I am convinced he will change it around and we will get back to playing the sort of football we saw against Burton, Portsmouth and Cambridge. We have not become a bad team overnight – we are just going through a sticky patch – all club's have them.

Indeed, we saw some of that quality football when we played the Hatters down at Kenilworth Road back in August where we were unlucky not to come away with all three points. Luton, by all accounts, are playing some great football and, as the results are showing they are on a decent run but, as we know to our own cost, all good things must come to an end. Hopefully, that, for us, will be the case at five o'clock this afternoon. I doubt if either manager wants to see a replay so let's hope one isn't needed and that the Shakers are in with a shout of a decent draw in Round Three – although, that said, an appearance in the Third round will mean a trip down to East London to face Dagenham on a Tuesday night but I can live with that should the draw be kind and give us a trip to Old Trafford, the Etihad, Emirates or White Hart Lane etc., to look forward to over Christmas.

Unfortunately, the date of any replay for today's game – Tuesday, December 16th – will clash with our Youth teams FA Youth Cup tie at Old Trafford against Manchester United so, again, I hope that there is no replay as if there is no first team game we intend to bring you live commentary of the game on Shakers Player. The youngsters have done really well to get to get to this stage and I hope that the Shakers faithful will turn out in large numbers to back them.

Again, as I wrote in the Dagenham programme, I said the gaffer would look to bring in a couple of new faces and to that end I'd like to welcome Rob Milsom and Adam El-Abd to the JD Stadium. We have also seen James Poole, Joe Thompson and Joe Widdowson go out on loan from the squad but, I think, that gives some of our youngsters like Scott Burgess, Anthony Dudley and George Miller at least the chance to get on the bench and it was good to see that the manager wasn't afraid to put Scott and Anthony on the bench for the Dagenham match despite both lads playing in the Youth teams excellent 2 – 0 at Burnley the same morning.

Once upon a time our Youth team produced some outstanding talent who went on to "greater things" - is there anything greater than playing for the Shakers? - and it's good to see that the production line is beginning to roll once again. It's essential for a club like Bury to bring it's own youngsters through and it's a credit to Ian Kendall, Ryan Kidd and their department that our Youth team games are now attracting more scouts that a Jamboree.

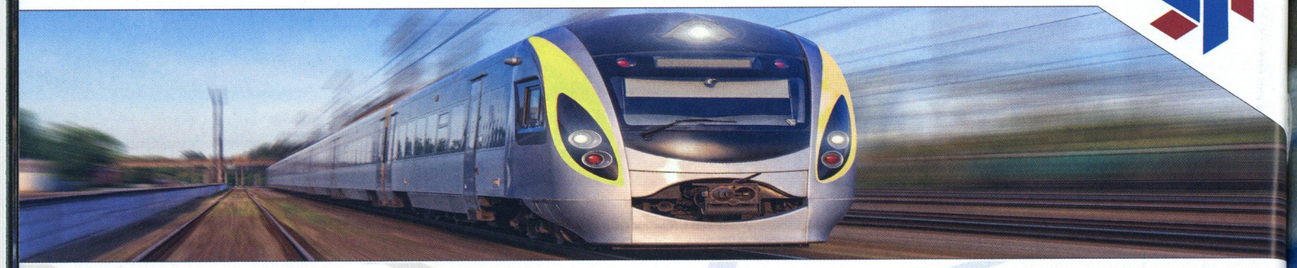

Back to today and I'm sure the lads are itching to get out and put things right on the pitch and whilst today will, no question, be a difficult match I am sure we can do it and so please get behind the lads from the off and hopefully we can all celebrate a win and look forward to Monday's night's draw and the prospect of a "plum tie" whilst we enjoy our plum pudding!

As always, enjoy the game. Come on you Shakers!

Benson suffers broken leg

Luton Town have confirmed that striker Paul Benson has in fact suffered a broken his leg during the clash with Mansfield Town on Saturday afternoon.

The club had originally stated Benson's injury wasn't as bad as first feared, but that was unfortunately down to incorrect information received from the hospital.

Hatters' official Twitter page has since reported: "Town medical staff and Paul Benson were given inaccurate info earlier, and we're disappointed to report that Paul has broken his leg.

We wish Paul a speedy recovery in his bid to get back to full fitness. Early hospital prognosis was incorrect. All the best."

The news comes as a real blow for Benson, who had looked back to his best and netted his first league goal of the campaign.

But he was stretchered off on 27 minutes after what looked an innocuous challenge and speaking afterwards, boss John Still admitted Luton did struggle to get to grips with his departure, as he said: "I was really disappointed to have lost Paul, he was such a focal point of our attacks today.

He was really bright, got his goal and when he went off, we couldn't play in exactly the same way.

But when we got in at half time we were able to get our wide players to play a bit deeper so we could give them the ball a little bit earlier and there was more space to run into.

Fortunately that worked okay for us and second half I thought we looked very good, and looked like we could score goals."

On Benson's second goal of the campaign and second in four league and cup games, Still continued: "It's what he does, he's got an instinct, he just knows.

He's worked hard to get back to fitness and sometimes playing on his own (upfront) isn't always the ideal thing for him, but sometimes all right for the team, and we played Cully a bit closer to him this time."

Winger Shaun Whalley sent his best wishes to his team-mate, saying: "I'm not sure what happened as it was over the other side of the pitch, but at half time he was going off to the hospital.

"I'm gutted for Benno though as he's a great lad and I hope he's all right, I'll text him on the way home."

Since the news was announced, Benson's team-mates have taken to Twitter to offer their support as striker Mark Cullen wrote: Gutted for benno... He will be back!!! The car school will stick together and come back strong."

Midfielder Jonathan Smith, who himself suffered a broken leg against Barnet on Boxing Day last year, wrote: "Thoughts go out to my teammate Paul Benson too he will come back strong he's a real warrior."

Defender Fraser Franks added: "Absolutely gutted for Benno," while Mansfield's official Twitter posted: We would like to wish Luton Town striker Paul Benson a speedy recovery from the broken leg that he suffered in this afternoon's game."

Oxford held aganst Cheltenham

There was to be no winning start for new Cheltenham manager Paul Buckle as the mid-table tussle against Oxford ended 1-1.

But it would have been much worse for the former Torquay, Luton and Bristol Rovers boss had it not been for Trevor Carson in the Robins goal who pulled off a number of excellent saves.

On 16 minutes Tyrone Barnett latched onto a Danny Hylton pass only for Carson to deny him with a fine save.

Joe Riley then curled a 20-yard free-kick against the Cheltenham crossbar before Carson did well to keep out a low Alfie Potter effort with his legs.

It was Cheltenham who broke the deadlock on 52 minutes, a fierce first-time effort from Byron Harrison to convert Jack Deaman's low cross from the right.

But the visitors levelled on 61 minutes when Barnett latched onto a loose ball before steering his shot between Carson's legs.

The keeper then took centre stage as a string of further fine saves denied Hylton, Riley and Callum O'Dowda.

ANOTHER DIMENSION

CLUB CHAPLAIN THE REV DAVID OTTLEY

As we continue our run of home games we entertain Luton Town at the JD Stadium today and continue that exciting journey which is the FA Cup, hoping we can progress even further. We welcome all who have made the long trip up from Bedfordshire players and management, supporters and Directors.

I have the slightly surreal experience of writing this before our previous home game with Dagenham. This will please Gordon, our editor, who bemoans my ability to just beat the deadline but a very busy schedule means that, this week, I am amongst the first of our contributors to fall into Gordon's in-tray!

Actually, this is rather apt as I write this just as the Christian community enters the season of Advent. A time of anticipation and preparation for the feast of Christmas now approaching over the horizon, but a season which can be easily overlooked in the frenzied rush towards the big day. Advent challenges me on many levels;

How do I prepare for Christmas?
How much of the popular culture around me do I embrace as I prepare?
Is Christianity really private or is there something public about faith?

I ask the question partly because, this last week, I experienced something new as a minister of religion. Whilst visiting a well known international company I was quietly (and nicely) taken aside and told that company policy that, whilst respecting the religious obligations of all staff, was not to allow visits from any faith leaders. I wondered what had prompted such a policy which, at least in my experience, is relatively unusual.

I write this as the memory of "Black Friday" is also present; now there is much I like about the run up to Christmas and I know the Christmas markets are commercial but they are fun and there is much about this time of year to enjoy and embrace but there are also elements which I find a challenge as a person of faith, even though I don't want to appear a kill joy, not least because that does nothing for the Christian message. We all know, deep down, don't we that Christmas isn't really about a new telly or which perfume I buy my loved one...whatever the price I paid for it?

So I will continue to enjoy Advent and many of the preparations for Christmas but I will retain my right to be critical of some of the worst excesses of the pre-Christmas period.

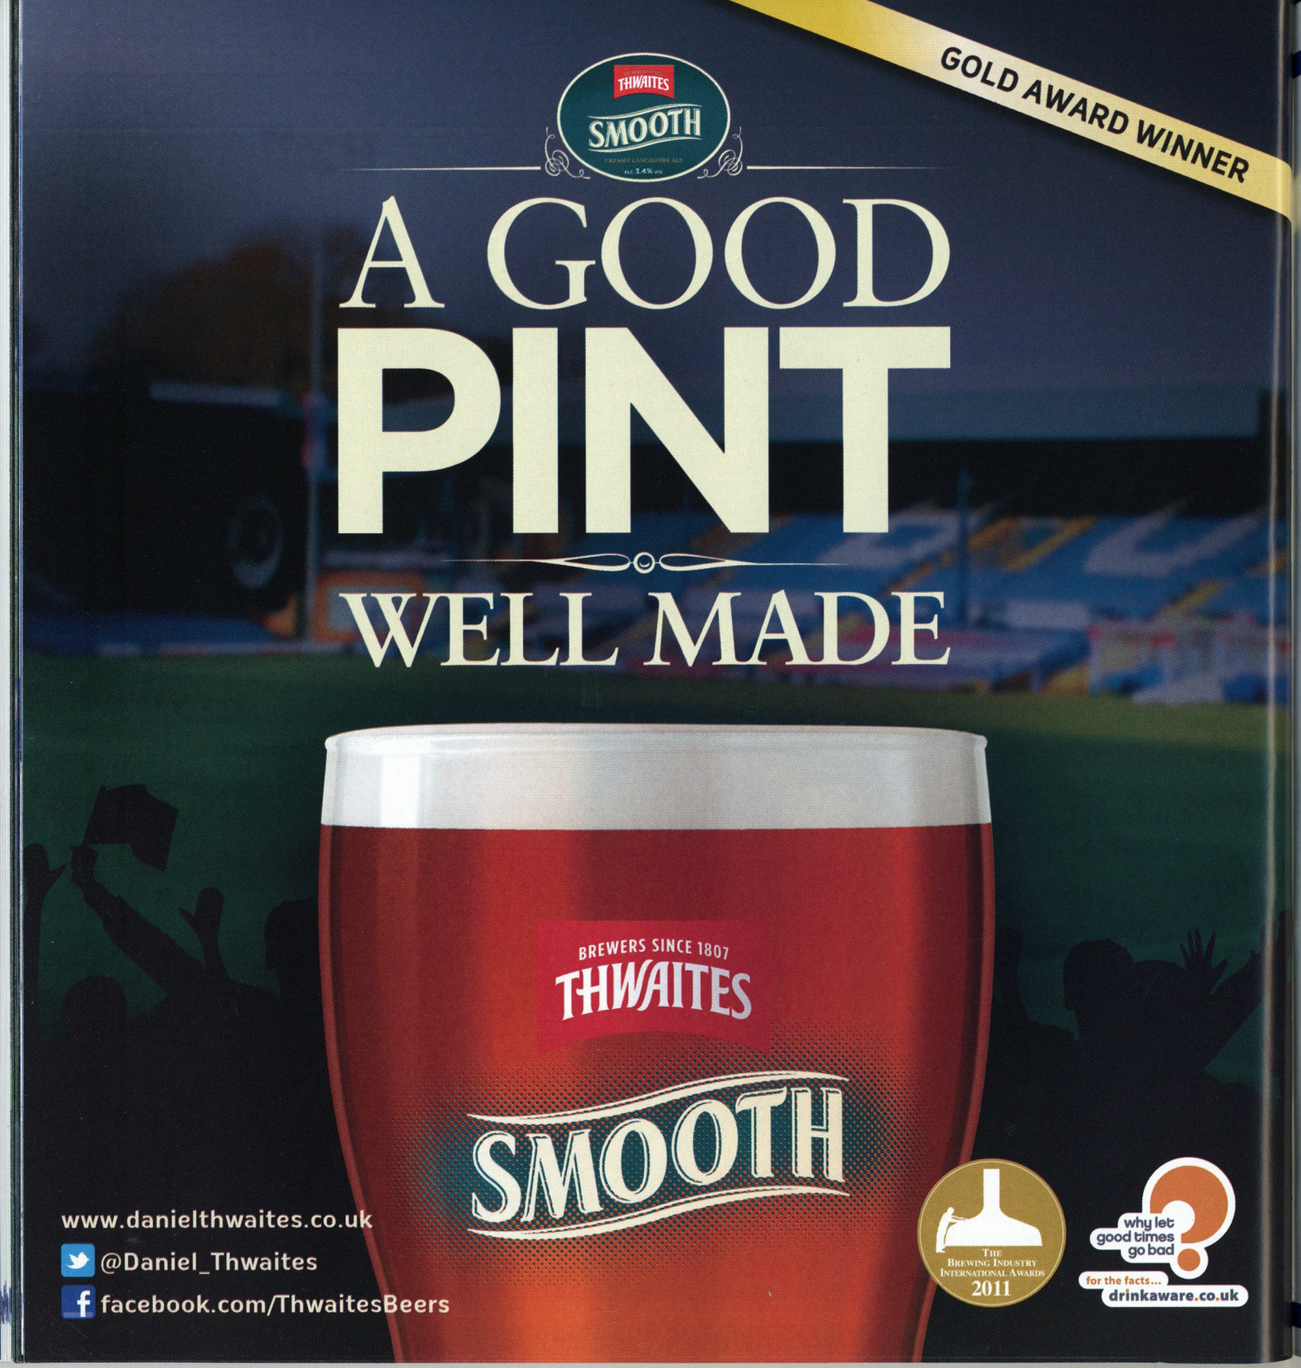

When God's son entered into the world at Bethlehem all those years ago he actually made a very public statement. So, yes, it does matter what I think and do, it isn't just about letting everyone do what they want because it doesn't actually matter. Ultimately, faith does have this public face as well as the personal dimension.

Enjoy the game today.

David Ottley

WORLD EVENTS ON A PLAYERS BIRTHDAY

FOOTBALL

With Danny being born on a Friday, teams were preparing for games the day after so no games were played on the day he was born.

On Saturday 11th December 1993, Manchester United were top of the Premier League by thirteen points after drawing 1-1 away at Newcastle United.

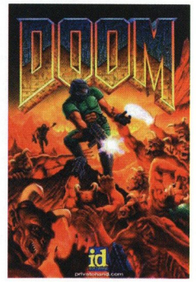

Swindon Town propped up the top league in England with only one win from their opening 20 games.

Bury were 11th in Division Three after beating Scunthorpe 1-0 at Gigg Lane.

GENERAL

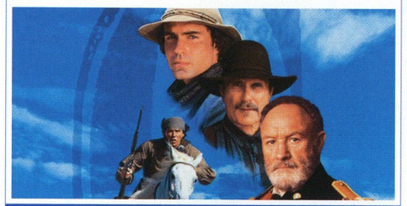

On Friday 10th December 1993, The last shift leaves Wearmouth Colliery in Sunderland. The closure of the 156-year-old pit marked the end of the old County Durham coalfield, which had been in operation since the Middle Ages.

CREASED & FOLDED

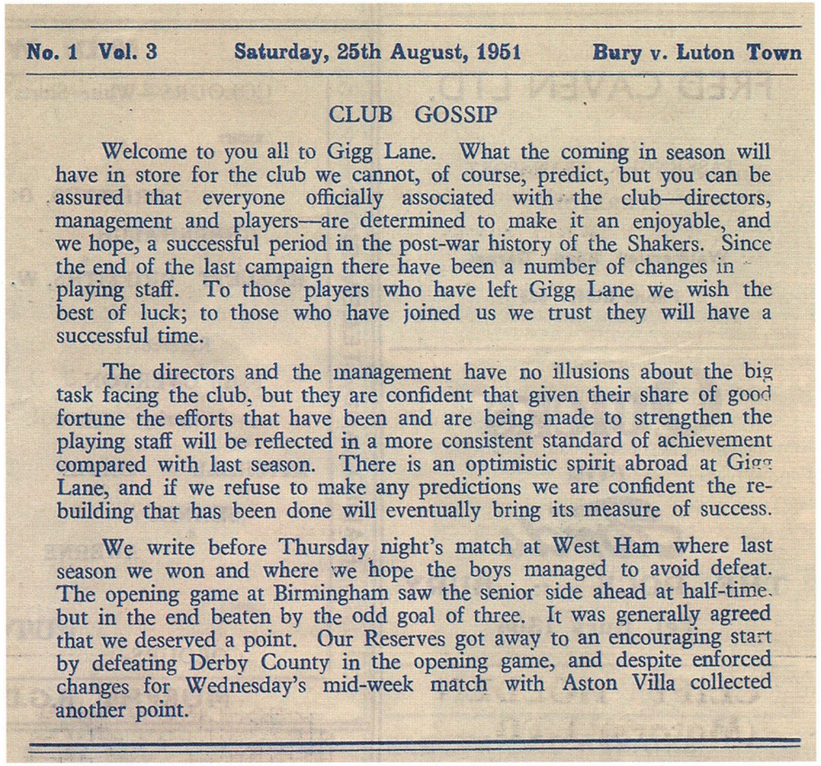

DAVE CLIFF ON HIS VAST PROGRAMME COLLECTION

Bury v Luton Town Division Two August 1951
Today we go back over 60 years for the Hatters visit to Gigg Lane for Bury's opening home league game of the 1951-52 Division Two campaign.

An eight page programme was produced costing three old pence. Clearly the marketing department at the club were not quite as progressive as today's regime, evidenced by the several empty spaces throughout the programme, reserved for advertising, but for which advertisers were yet to be found.

Even so, the adverts that were included make good reading. Walmsley's (Bury) Limited offered 'congenial and profitable employment for all classes of engineers'. For the smokers, Double Ace cigarettes were the 'Ace of Cigarettes – a winner on all grounds'!

Meanwhile, Thwaites' brewery proffered three 'winning' ales: East Lancs Pale Ale, Big Ben Strong Ale and Cream of all Stout. A brew called Big Ben, a 5.8% brown ale, is still available today though I'm not sure that it is exactly the same offering as the Big Ben Strong Ale served up in Bury pubs in the early 1950's. It would, whatever, be much needed on a Saturday evening after some of our recent results!

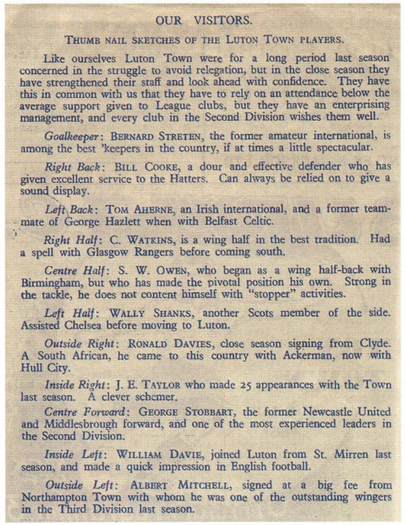

No. 1 Vol. 3 Saturday, 25th August, 1951 Bury v. Luton Town

CLUB GOSSIP

Welcome to you all to Gigg Lane. What the coming in season will have in store for the club we cannot, of course, predict, but you can be assured that everyone officially associated with the club—directors, management and players—are determined to make it an enjoyable, and we hope, a successful period in the post-war history of the Shakers. Since the end of the last campaign there have been a number of changes in playing staff. To those players who have left Gigg Lane we wish the best of luck; to those who have joined us we trust they will have a successful time.

The directors and the management have no illusions about the big task facing the club, but they are confident that given their share of good fortune the efforts that have been and are being made to strengthen the playing staff will be reflected in a more consistent standard of achievement compared with last season. There is an optimistic spirit abroad at Gigg Lane, and if we refuse to make any predictions we are confident the re-building that has been done will eventually bring its measure of success.

We write before Thursday night's match at West Ham where last season we won and where we hope the boys managed to avoid defeat. The opening game at Birmingham saw the senior side ahead at half-time, but in the end beaten by the odd goal of three. It was generally agreed that we deserved a point. Our Reserves got away to an encouraging start by defeating Derby County in the opening game, and despite enforced changes for Wednesday's mid-week match with Aston Villa collected another point.

OUR VISITORS.

THUMB NAIL SKETCHES OF THE LUTON TOWN PLAYERS.

Like ourselves Luton Town were for a long period last season concerned in the struggle to avoid relegation, but in the close season they have strengthened their staff and look ahead with confidence. They have this in common with us that they have to rely on an attendance below the average support given to League clubs, but they have an enterprising management, and every club in the Second Division wishes them well.

Goalkeeper: BERNARD STRETEN, the former amateur international, is among the best 'keepers in the country, if at times a little spectacular.

Right Back: BILL COOKE, a dour and effective defender who has given excellent service to the Hatters. Can always be relied on to give a sound display.

Left Back: TOM AHERNE, an Irish international, and a former team-mate of George Hazlett when with Belfast Celtic.

Right Half: C. WATKINS, is a wing half in the best tradition. Had a spell with Glasgow Rangers before coming south.

Centre Half: S. W. OWEN, who began as a wing half-back with Birmingham, but who has made the pivotal position his own. Strong in the tackle, he does not content himself with "stopper" activities.

Left Half: WALLY SHANKS, another Scots member of the side. Assisted Chelsea before moving to Luton.

Outside Right: RONALD DAVIES, close season signing from Clyde. A South African, he came to this country with Ackerman, now with Hull City.

Inside Right: J. E. TAYLOR who made 25 appearances with the Town last season. A clever schemer.

Centre Forward: GEORGE STOBBART, the former Newcastle United and Middlesbrough forward, and one of the most experienced leaders in the Second Division.

Inside Left: WILLIAM DAVIE, joined Luton from St. Mirren last season, and made a quick impression in English football.

Outside Left: ALBERT MITCHELL, signed at a big fee from Northampton Town with whom he was one of the outstanding wingers in the Third Division last season.

Along with 'club notes' reproduced here are the 'thumb nail sketches' of the visiting Luton players including some excellent no-nonsense descriptions of the visitors. Very different to the more detailed yet prosaic 'pen pictures' that we read in modern day programmes.

The Hatters were to return back south from Gigg Lane with the points following a 1-0 victory in front of a crowd of 11,198. The Shakers went on to the finish the season in 17th position with Luton in a more creditable 8th. It was very much a case of Bury's away form being to blame for the poor finishing position. At Gigg Lane 13 out of the 21 league matches ended in victory. However, away from home, it was a very different picture with only 2 wins but 14 defeats.

Programme collecting news

One of the rarest Bury post war programmes, the single sheet for the postponed home League Cup semi-final against Birmingham City on 26th January 1963, sold recently at auction for a handsome £240. Only a single sheet programme was issued, as the fixture was only scheduled and agreed with the Football League the day before, but it was all to no avail as a cold snap of weather caused the game to be postponed. Such was the bad weather during winter of 62/63, that the game itself did not actually take place until 8th April!

Hopefully, we'll have no such troubles this afternoon! Finally this week, a round-up of some recent rare Shakers programme sales on eBay:

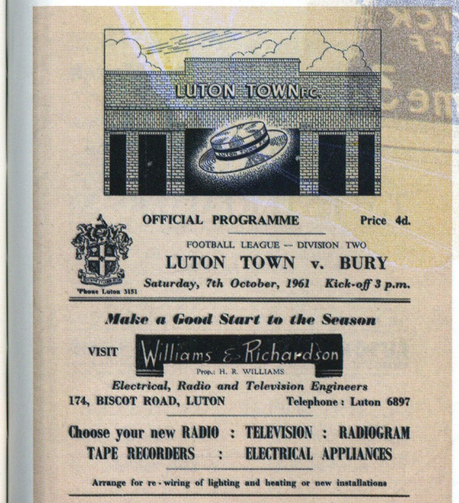

Bury v Halifax Town – War Time League (1944/45): £63.25

Bury v Liverpool – War Time League (194/45): £56.57

Stockport County v Bury – Division Two (1937/38): £53.52

Rochdale v Bury (single sheet) – FA Cup 3rd Round Replay (1945/46): £79.00

Enjoy the game and the programme today.

He made his debut as a late substitute in the Capital One Cup First Round game against Bolton Wanderers and has gone on to make four appearances for the club.

Thompson started his career out at Rochdale and featured over 150 times for Dale before making the switch to Tranmere in 2012. In November of last year it was announced that he had been diagnosed with nodular sclerosis Hodgkin Lymphoma, a rare form of cancer. In June this year he announced that he was in remission and "couldn't wait to get back out on the football pitch".

Joe joined Wrexham on loan until January last Thursday.

He only made one further appearance that season before establishing himself as a first team player the following two seasons with him making 51 appearances.

He was released in the summer of 2004 by Graham Barrow and was without a club until 2005 when he signed for Radcliffe Borough. However, his time at Stainton Park was short lived as he only made two appearances.

TONY'S SOAPBOX

ALL THINGS FOOTBALL WTH TONY CUNNINGHAM

A warm welcome to the JD Stadium this afternoon and a special welcome to all who have travelled up from Bedfordshire to support the southern Hatters.

Luton Town fans will still be feeling resentful at the football authorities who oversaw their dive from the Championship into the Conference with a batch of, what appears to the fair-minded football fan, draconian points and financial penalties.

No doubt, upon entering the world of non-league, most people expected Town to quickly re-emerge, shake themselves down and return from whence they came. It didn't quite work out like that, did it? The Conference is an unforgiving competition and many other League clubs that have slipped down there will testify to the difficulty of clawing their way out of it.

It took five years of being the bookies' favourites before they finally emerged at the end of last season, led by the excellent John Still.

John has an first-class record of managing in the lower leagues, although eyebrows were raised when he left the comparative comfort of working in the Football League with his beloved Dagenham and Redbridge, to drop out of the League and become the latest manager to attempt to resuscitate today's visitors.

However, the pedigree of Luton Town proved an attractive proposition and it was no surprise to me that it was he who finally brought Town back into the League. After a sticky start to this campaign, they really are on a good run of form, which makes today's game a massive test for our lads.

Especially after the recent run that we have been on. We looked at the November fixtures and thought that here was an opportunity to turn our away form round and go on a fine run against opposition that we would have been expected to beat. Cambridge at home were beaten as expected, although we found non-league Hemel Hempstead a little harder than anticipated. But four games (three at home) against teams below us in the league should have provided the springboard for our promotion push.

Not many would have predicted four defeats!

Is it the injuries? Is it the constant comings and goings in the loan market? Is it the unsettled team? Who knows? Football, fortunately, is not quite as predictable as we would sometimes wish, and that is the beauty of it.

But should we need a fixture to test us to the limits, then we certainly have it this afternoon. The Third Round and the possibility of being drawn against one of the big boys, is at stake. No greater incentive should there be for teams at our level. Luton will certainly be up for it and we need to roll our sleeves up and rid ourselves of this recent dire run of form. Not, to be fair, has it been down to a lack of effort. Let's be honest, Dagenham pinched the points last week, as no matter what we did, especially near the end of the game, every attempt that had "goal" written all over it, somehow managed to take a last ditch deflection to sail wide of the target. Had we been on a good run, I reckon we'd have scored four or five, but that's the way it goes!

So here we are, in a weekend of FA Cup frenzy, as all the teams still involved begin to dream of a big pay-day.

> "Blyth Spartans (last night), Maidstone United, Worcester City, Southport, and Eastleigh complete the line-up of non-league sides battling for glory.
>
> As always, there will be "shocks", and I'm willing to bet the bookies have Luton down as favourites today. So here's looking for a "shock" a little closer to home!"

There are some fascinating ties talking place.

Little Warrington Town will again be dreaming of making the headlines when they travel up to Conference Gateshead. After their backs-to-the-wall performance against Exeter, who would bet against them? Our neighbours at Rochdale won't be looking forward to taking on an Aldershot side that disposed of Portsmouth in round one. In the west country, two non-league sides in Telford and Dover Athletic will be hoping for a scalp against struggling Cheltenham Town, and high-flying Bristol City respectively, whilst Chester (at Barnsley) and Dartford (at Bradford City) will go with high hopes of making the next day's back pages.

Blyth Spartans (last night), Maidstone United, Worcester City, Southport, and Eastleigh complete the line-up of non-league sides battling for glory.

As always, there will be "shocks", and I'm willing to bet the bookies have Luton down as favourites today. So here's looking for a "shock" a little closer to home!

Be proud to support your local team!

IN HIS OWN WORDS

MICHAEL HENSON CHATS WITH CRAIG JONES

Much to the delight of Bury fans last Saturday, Craig Jones returned to the starting eleven after a brief spell out following a minor operation.

"I had a slight hamstring niggle from training but I was also playing with a hernia, which I knew I had, so it seemed right to get the operation done. The healing time was the same for both so it was a quick turnaround. It was nice to get back on the pitch. The projected timescale was to be back for today's game against Luton but I managed to get back a bit quicker, which was pleasing, but I'm disappointed with the result."

Saturday's 2-0 defeat against Dagenham & Redbridge saw Bury drop out of the play-offs for the first time since the 19th August, after the 1-1 draw with today's opponents.

"I think everyone is going to have a blip at some point in the season. There have been players coming in and going out of the club and there has been a few changes so the lads are looking to settle down. I'm sure after one positive result things will turn for us again and we'll get back to where we want to be." said Craig.

He continued "I think, on Saturday in particular, we dominated the first half without really getting the goal that would have changed the outcome of the game and then they scored against the run of play. Obviously, when you are on the back of a couple of defeats, it sort of knocks the stuffing out of you a little bit. But I think if we dig in and just keep going, it will turn for us and it is just a blip. I still believe this team will get promoted."

Before the first game of the season against Cheltenham, the Shakers were favourites to win the league and with that comes added pressure but Craig believes there was more pressure last season when we were towards the other end of the table.

Craig added "At the start of the season we were favourites and there was a lot of pressure put on ourselves. We embraced that pressure and we were expected to perform under it, which we were doing. We have dropped out of the play-offs now but I think the biggest pressure we had was last season when the club was threatened with going out of the Football League. At the minute we're neither here or there so we should be playing with a freedom. I think a good FA Cup win today could propel our season."

He continued by saying "Nothing is won or lost in December but it would be nice to go up as Champions but I think that people remember the teams who get promoted so any position in that top three is a massive achievement for the club, especially from where it was when I first joined. It would be a great achievement to get promoted. If it has to be via the play-offs then so be it, whatever it takes to get to League One we'll be happy with."

"I think everyone is going to have a blip at some point in the season. There has been players going in and out of the club and there has been a few changes so the lads are looking to settle down. I'm sure after one positive result things will turn for us again and we'll get back to where we want to be."

With the SkyBet League Two season nearly at the half way mark, Bury have now played the majority of the teams in the division but Jones thinks that every game is a difficult one with teams fighting for their lives or pushing for promotion. "To be fair, I don't think there are any easy games. There are shock results every week, teams expect to beat teams down the bottom but the teams near the bottom are fighting for their Football League status. The teams in the top half are fighting to get back to League One or up to League One for the first time so I don't think there are any easy games, you know what to expect from most teams. Some teams are quite direct with big and physical players whilst there are a few teams, like ourselves, who like to pass it and that could slightly be our downfall at the minute. We have been trying to play football on pitches that don't suit us, due to the weather at this time of the year."

With many of the summer additions having played in higher leagues, it would be safe to say that we have one of the strongest squads in the league - something Craig agrees with. "I definitely think we have one of the strongest squads in the league. I think every player in the team has played in League One or higher, and still should be playing in League One or higher as well. That's where we want to be, including the staff, so together we can achieve that."

The fan's favourite added "When I first arrived it was a formidable squad to be fair and they had done well the previous season and finished 14th in League One. A few players left and things happened and we ended up going down in my first season. I think, now, we have the strongest squad since I've been here."

With being at the club since August 2012, Craig Jones is now Bury's longest serving player in the current squad and it's something he would never have thought of when he first arrived from TNS.

He said "I wouldn't have thought that would be the case at this club! They've shown loyalty by me and I'm paying them back for giving me an opportunity to play football in the Football League."

Since his arrival the club has gone through a transformation both on and off the pitch but Craig couldn't have imagined what things would have been like when he first showed up at the beginning of the 2012/13 season.

"I couldn't have seen the changes happening when I arrived, definitely not. I think that's a big thing as well, it's not just the team but everything has evolved with it. They're trying to get better training facilities, we've tried to get a better pitch and we're trying to get more fans through the gate. They're trying to bring the club forward all together, rather than doing one thing at a time, which is massive steps and you've got the Chairman to thank for that."

In his first season with the club, Craig found himself unused in both games against Southend in the Second Round of the FA Cup before being knocked out by Cambridge in the First Round last season and he now wants to get past it today.

He stated "My aim this Saturday is to try and

get past the Second Round. Since I moved from Wales, I've never played in the Second Round of the FA Cup as I didn't play against Southend in my first season and we were knocked out against Cambridge in the First Round last season but we beat Hemel Hempstead in the First Round this season so it would be nice to go on a cup run."

Today's opponents, Luton Town, are one of the high flyers in the league and come into the game second in League Two but Craig believes league form gets put to one side as it's a completely different competition.

"They've not been here yet and I didn't play in the away game as I was injured but it was a really late equaliser from them. Did they kick on from there? I think we could have gone four or five points clear of them if we had beaten them. I think we've just got to enjoy the game. It's a great game for us and they are on a good run, but it's a different competition from the league so it's a chance to put our league form to one side and concentrate on the FA Cup."

On the 7th August 2012, the day Craig joined Bury, Mark Cullen re-joined the Shakers on loan from Hull City and now plies his trade with the away side. The pair remain good friends and Craig thinks that he is one to watch today.

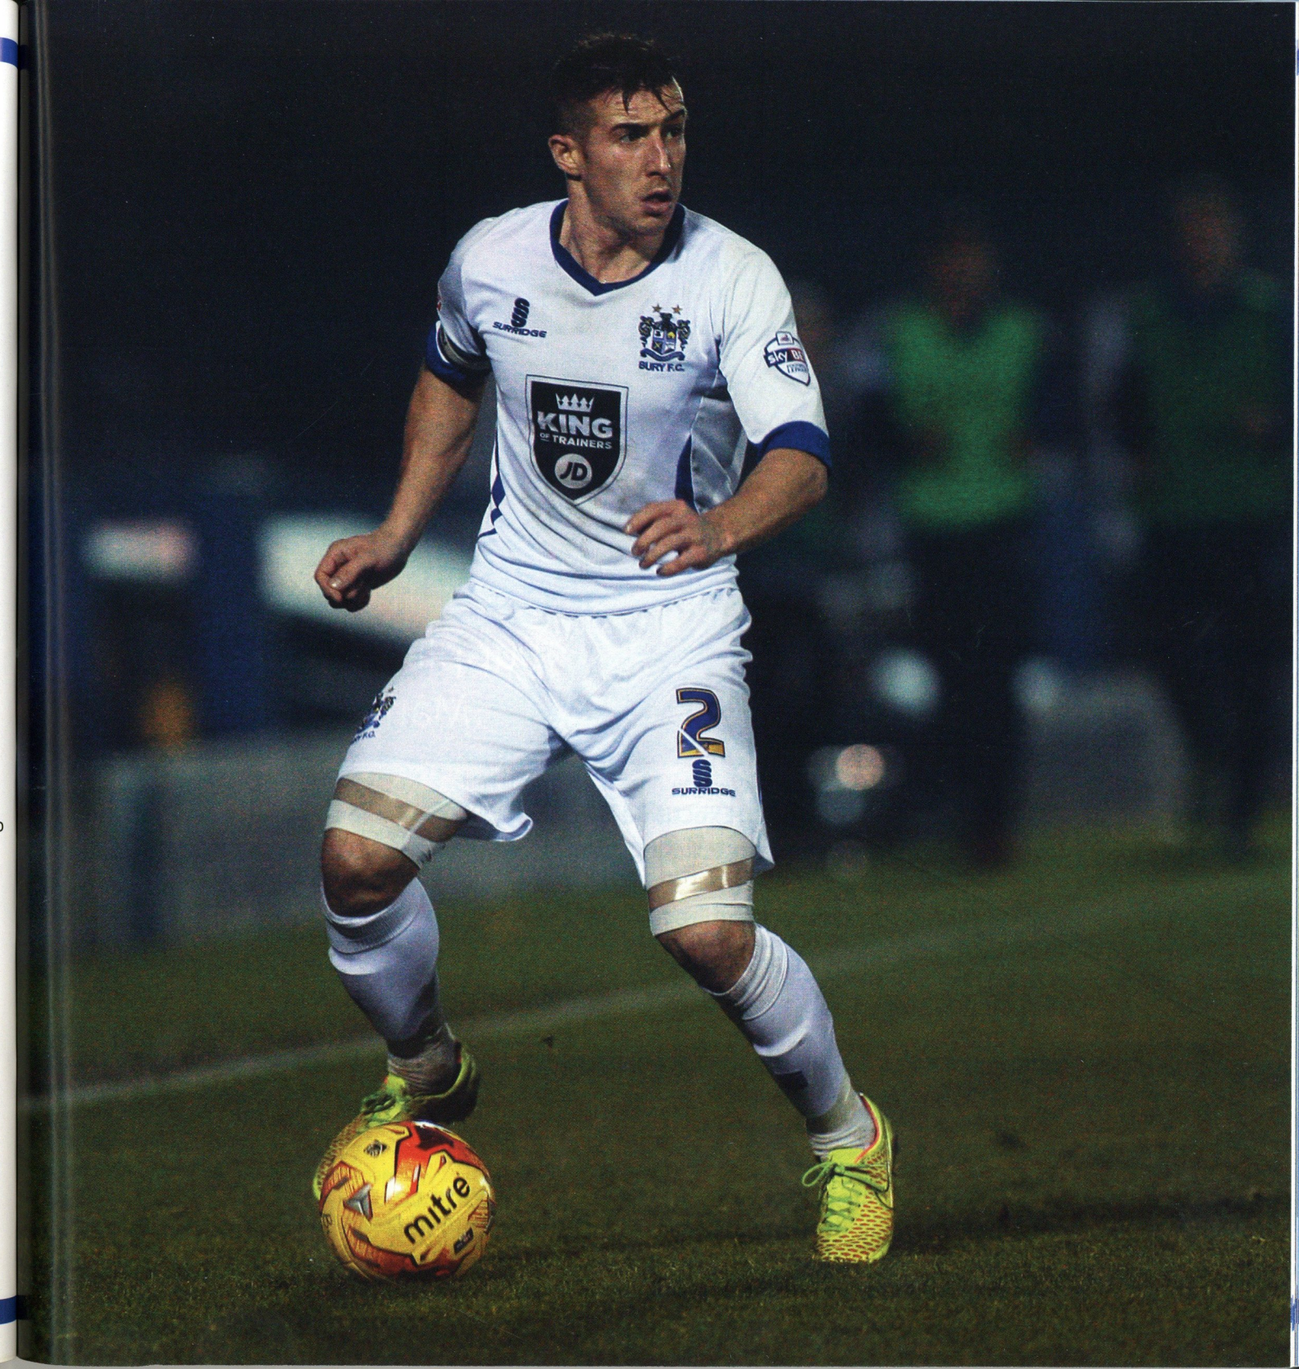

"I'd say he was one of their key players. He's been in great form and he's a nice lad. I do still speak to him now and again so it's good to see him doing well but I don't want him to be doing well on Saturday!"

Although he's not featured regularly in the English FA Cup, Jones has had previous experience in the Welsh version with TNS in 2012.

"I've got a winners' medal in the Welsh Cup but it's not as exciting as the English version. Obviously, there are a lot less teams in it and, with all due respect, the standard is a lot different. Now it would be nice to do well in this competition."

When I last spoke to Craig in the 2013/14 season, we spoke about the Welsh senior side and, although he's had a few set backs recently, he still believes he will make the step up one day and takes belief from the fact that players from League One and Two have been called up recently.

"Possibly. I don't think injuries help as they do set you back. When I have come in to form and got a goal and a few assists, I have had these injuries and set backs but they do happen and I'm a firm believer of things happen for a reason. Maybe they've happened because I'm not quite ready for that yet but that's something I'm going to keep aiming for because I do believe, one day, I will play for my country." he added "Owain fon Williams and Gwion Edwards got called up and they play in the lower leagues so if we get into League One, maybe they will start looking at me."

POOR old James Linington was left looking like a right wally after his botched attempt to dismiss Reading's Alex Pearce last week.

The man in black from the Isle of Wight blew his whistle, purposefully strode forward ... and then spent the next 30 seconds scrabbling in his pockets for a card that wasn't there.

He eventually managed to borrow one off a helpful linesman and the Reading skipper was belatedly sent packing.

Yet while Linington was left red-faced, he certainly isn't the only man to forget a crucial piece of kit come match day.

Chelsea
Plenty of teams have been forced to wear an opponents' away shirt to avoid a colour clash but Chelsea's bizarre behaviour in 1997 stands out above the rest.

For some reason, Chelsea (who play in blue) completely forgot to take their away kit to Coventry (who also play in blue), and were anguished to discover they would be forced to wear the home side's hideous red-and-black chessboard change strip.

Having first tried to coerce Coventry into handing over their own home shirts (apparently Chelsea wanted to play in blue), they eventually settled on sticking gaffer tape over the badge. When the home side then pulled off a comprehensive 3-1 win, France star Frank Leboeuf ripped off the offending article, chucked it on the floor and spat on it before stalking off.

Peter Walton
Unlike Linington, referee Walton didn't need a linesman to help him out when he left his cards in the dressing room.

Having elected to book Jordon Mutch during a match between Birmingham and Everton in 2011, the ref dug into his pockets only to find them bare.

Walton, though, wasn't going to let that stop him. Like a RADA veteran, he simply raised his arm and showed Mutch an imaginary yellow card.

Willie Woodburn
Edinburgh teenager Woodburn couldn't believe his luck when, in 1938, he was summoned to the mighty Glasgow Rangers for trial game against Third Lanark.

In fact, he was so excited that he completely forgot to pack his boots, only realising his error on the express train from Edinburgh to Glasgow.

His only option was to borrow a pair from veteran centre-half Jimmy Simpson, which were a size too big. Woodburn subsequently had a shocker, conceding a penalty and almost getting sent off.

An hour later, he was called into the office of legendary Rangers manager Bill Struth. "The man who never made a mistake, never made anything," he said. "How would you like to be a Rangers player?"

Woodburn liked it very much, making over 200 appearances in 16 years and never playing for another club.

Alan Rough
During his days with Partick Thistle, the Scotland keeper hadn't realised the photographers had been called in for the obligatory pre-season team shot.

As a result, he hadn't brought his keeper top. Stuck for something to wear, Rough went fishing in his locker and emerged with a Wales international goalies' jersey procured during a bout of shirt swapping.

The resulting photo is still out and about to this day, with Rough looking rather odd.

THE HISTORY MAN

IAN MCPHERSON AND HIS KNOWLEDGE OF BURY

1885 2015 CELEBRATING 130 YEARS

Bury in action on: 6th December

1890: Bury's first recorded game on this day was a Lancashire League fixture away at Southport, where goals from Jack Plant (2), Bob Conway and Tommy Cooper saw the Shakers edge their way to a narrow 4-3 victory.

1902: There was a hard fought point for Bury on this day when they travelled to Middlesbrough, where Charlie Sagar's goal earned them a 1-1 draw.

1913: Joe Smith, a winger signed from Belfast Distillery, made his Bury debut in their home game with Notts County. Honours were shared in a 3-3 draw, which featured Shakers goals from Billy Peake, Fred Wilson and Jack Goldie.

1919: Newcastle born centre forward Jimmy Trotter having just signed from Parsons Turbine Works of Wallsend in North Tyneside, made a scoring debut for Bury, in their home game with Port Vale. Billy Ritchie was also on the mark in a 2-1 win.

1924: George Brooks made his first appearance of the season, replacing the injured Tom (Tiny) Bradshaw at centre half and went on to score the only goal of the game for Bury, in their home win over Leeds United.

1930: There was another close game and another 1-0 victory for Bury, as Wally Amos scored the vital goal against Nottingham Forest at Gigg Lane.

1941: In a North War Time League fixture, Bury were well beaten 6-2 at Southport, where George Davies was one of the scorers, netting his 12th of 35 goals that season.

1947: Filbert Street was the venue as Bury were beaten 2-1 by Leicester City, despite a seventh goal of the season from centre forward Jimmy Constantine.

1952: Goalkeeper Lew Goram made his only appearance of the season for Bury as they were well beaten 4-1 at Nottingham Forest, where Walter Kelly got the consolation goal.

1958: Bury played in an F.A. Cup 2nd Round game away at Chester and thanks to John Willie Parker's goal held on for a 1-1 draw to earn a replay at Gigg Lane.

1966: In a Tuesday evening Lancashire Senior Cup 1st Round game away at Rochdale, Bury won 2-1, courtesy of goals from Paul Aimson and Jack Maltby.

1969: On this day Bury played Rochdale in a game that had been brought forward from Boxing Day, as it was F.A Cup 2nd Round day and both sides were out of that competition and had no game. It also suited Bury not to play on Boxing Day, as they were to make a long journey to Brighton on December 27th. Rochdale were in second place in Division Three and brought around 5,000 fans to Gigg Lane as part of an impressive gate of just over 10,000. Former Shakers Chris Harker and Vinny Leech were in the visitor's side along with future Bury player Billy Rudd. It was the home side who went in front just before half time, with Jimmy Kerr side footing home a pass from George Jones. Shortly after the hour mark, the Shakers increased their lead with a stunning solo effort from Kerr, who advanced 30 yards with the ball before slotting it past Harker. With eight minutes remaining Rochdale substitute Hughen Riley, another future Bury player, flicked the ball on for Tony Buck to volley in to make it 2-1, which was the final score.

1975: A Gigg Lane crowd of 10,035 watched fifth placed Bury entertain league leaders Crystal Palace, managed by Malcolm Allison. Bury included Jimmy McIlwraith, whom they had bought from Motherwell two days earlier and who had played two games on loan earlier in the season. The only goal of the game came from the visitors in the second half, through David Kemp.

1980: Bury lost 2-1 in their away game at Lincoln City, with David Carr scoring an own goal for the Shakers.

1986: In the Freight Rover Trophy, Bury beat Stockport County 3-1 at home, with strikes from Liam Robinson, Andy Hill and Alan Taylor.

1997: Bury were beaten 0-1 at home by Division One league leaders Middlesbrough, a side that included Nigel Pearson, Paul Merson and Andy Townsend. The winner came in the second half from Danish player Mikkel Beck.

2003: Included in a run that saw seven straight league defeats, Bury were on this day beaten 2-0 away at Hull City, for whom Jason Price and Ben Burgess scored.

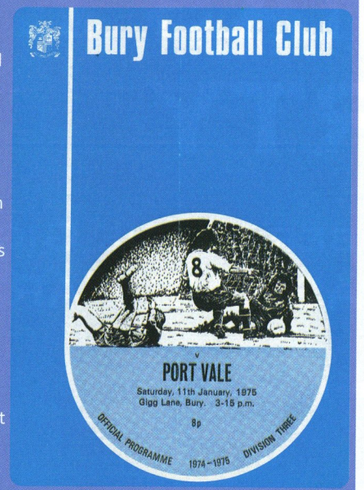

2008: In their last game on this day Bury drew 1-1 away at Macclesfield Town, with Stephen Dawson equalising for the Shakers after an early Martin Gritton goal.

40 years ago this week in 1974...

In Division Three, Bury were away at Port Vale and were beaten 1-0, with the only goal coming from the penalty spot from Brian Horton.

Up in Division One, Luton Town were away at Chelsea where they suffered their fifth straight league defeat, going down 2-0, to second half goals from Ian Hutchinson and Steve Kember.

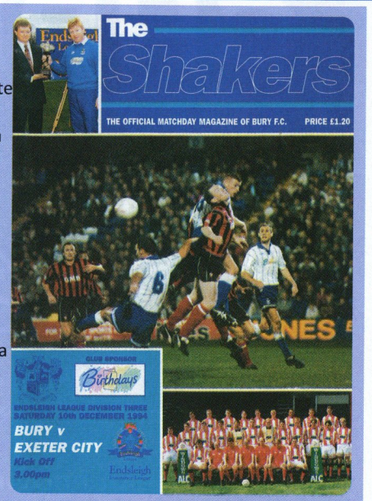

Paul Futcher, the father of ex Bury player and current Development Coach Ben Futcher, made his Luton debut in this game at the age of 18.

20 years ago this week in 1994...

Bury remained in second place in Division Three despite again dropping points with their third successive draw, a 0-0 stalemate at home to Exeter City.

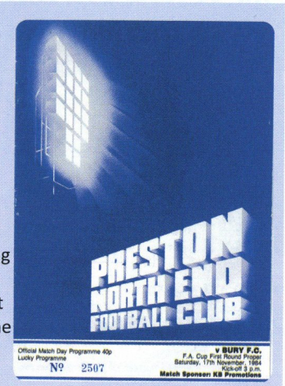

Luton, in Division One, were involved in a high scoring home game with Sheffield United. Despite scoring through John Hartson, a Marvin Johnson penalty and a Brian Gayle own goal, they were beaten 3-6, with Kevin Gage and Carl Veart both scoring twice for United.

30 years ago this week in 1984...

Bury had no game this week as it was F.A. Cup 2nd Round day and they had lost at Preston North End in the first round. They were however sitting comfortably in second place in Division Four, having lost just twice in their 18 games.

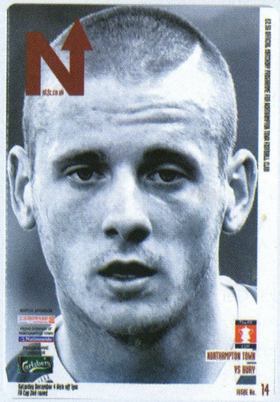

First Division side Luton were at home to Aston Villa, with David Preece making his debut, having just signed from Walsall. It was to be an impressive start for the 21 year old, as he also scored the only goal of the game

10 years ago this week in 2004...

Bury had just lost 1-0 at Northampton Town in the F.A, Cup 2nd Round and then went into a midweek Division Two home game against Wycombe Wanderers. David Nugent scored early on for the Shakers, but in the second half Nathan Tyson struck twice for the visitors, before Nugent grabbed a second to secure a 2-2 draw.

Luton who were top of Division One and on their way to the title, had also played Wycombe Wanderers in the F.A. Cup on the Saturday, winning 3-0 away, with goals from Steve Howard (2) and Kevin Nicholls.

Teaser Question No.1...

Which then 19 year old striker, who claimed over 190 league goals and scored six goals in 14 games for England, was a scorer for Luton Town in their 3-1 win over Bury at Gigg Lane in January 1970?

Teaser Question No.2...

Portsmouth striker Aruna Dindane is one of seven players who have scored a hat trick in the Premier League, whose surname begins with the letter 'D'. Who are the other six players?

FOREVER BURY

BURY FC SUPPORTERS TRUST

1885 2015 CELEBRATING 130 YEARS

The Bury FC Supporters Trust would like to welcome the Manager, Players, Directors and Supporters from Luton Town for today's FA Cup Second Round tie who have made the long journey north to the JD Stadium for today's game. All the directors at Forever Bury would like to wish them all the best for the rest of the season but only after today's game.

Forever Bury Update

We are pleased to report that the Forever Bury Board meet with Glenn Thomas, CEO of Bury Football Club, who addressed the meeting and answered questions put to him by the Forever Bury Board members.

Glenn outlined, in some detail, the plans Bury FC have to make Bury FC sustainable, with a substantial income stream emanating from non-football activities.

It will be appreciated that many of the plans and the income forecasts, at this stage must remain confidential, however, of those which are already common knowledge, the use of the stadium for concerts, boxing (including, hopefully, Bury's own Scott Quigg), and the development of the stands, are impressive and, more importantly, realistic, and are in the advanced planning stages.

Glenn answered questions about the 'loans' and the recent David Conn article. He assured us that the loan referred to is about to be repaid and that any loan, on which a charge or interest is noted, on the ground will be effected with the best interests of the Club at heart. That is how businesses progress. Glenn also agreed and committed to a greater role for Forever Bury within the Club, with us working together to increase the profile and image of Bury Football Club, ranging from fans forums to regular meetings of the two Boards, to events hosted by Forever Bury, including greater use of the Social Club, from which figures given, already confirms its increasing popularity.

As said, the fine details of the Board's plans, which were given, cannot at this stage, be made public until they have been put before the shareholders in January. They will be then announced to the fans shortly afterwards at Forever Bury's Fans Forums and then to the public. So we expect exciting times ahead for Bury Football Club. But, as always, Forever Bury, the Supporters Trust, will always have Bury FC's long-term interests at heart.

The Board of Forever Bury would like to thank Glenn Thomas for attending our Board meeting and for answering some difficult questions, candidly. We look forward to our next formal meeting together next month.

Joy Hart, who is now a Director of Bury Football Club, will be attending Director's meetings as your Forever Bury representative and we are pleased to announce a fans forum at which at least one other Director will be present and members of the playing staff have been invited. The date has provisionally been pencilled in for 18 February. Watch this space!

On Wednesday 30th November 1955 England played their very first floodlit international match at Wembley when they met Spain in a game which they won 4-1.

A significant indication of how things have changed in football since then is seen in the make-up of the England team that night. It contained nine players from the First Division and two, John Atyeo of Bristol City and Johnny Haynes of Fulham, from the Second Division. Centre forward Atyeo only a few months earlier had been playing in the Third Division (South) when 'The Robins' ran away winning promotion scoring 101 goals in the process with Atyeo leading the way as the club's top scorer.

In a 15 year career with City Atyeo found the back of the net on 314 occasions and so it is not really surprising that he scored England's opening goal with virtually his first kick in International football. However, he would make only five further appearances in an England shirt.

The nine other England players that foggy evening came from nine First Division clubs but amazingly only one of those teams (Manchester United) still play in the top flight of English football. The goalkeeper was Luton Town's Ron Baynham winning the second of his three England caps. Ron had taken over Luton's 'number one' shirt from Bernard Streten, who himself, had earned one England cap. Ron was between the posts in Luton's one appearance in the FA Cup Final when they lost 1-2 to Nottingham Forest in 1959.

Forest's first goal came after 10 minutes from right winger Roy Dwight who sadly just 20 minutes later left the pitch on a stretcher having broken his leg, the Wembley 'hoodoo' which resulted in bad injuries to players in the 1950's finals having struck again.

Luton's captain that day was centre half Syd Owen making the last of his 413 appearances for the "Hatters". Syd, a Luton legend, who won just three England caps, was an influential figure at the club and in 1959 was named "Footballer of the Year". Syd's picture regularly appeared in Charles Buchan's Football Monthly in the 1950's as did his team mate, Northern Ireland International right winger Billy Bingham.

Playing for on the left wing for Forest was Stewart Imlach who had begun his professional football career with the Shakers in 1952 before moving on to Derby County a couple of years later. Stewart's story is told in "My Father and other working class football heroes" by Gary Imlach – if you have not read this book then I strongly recommend that you do – put it on your Christmas List.

In programme Issue 13 I briefly mentioned the Boy's Stand which stood at an angle between the South Stand and the Cemetery End. It had been built during the development of the ground in the 1920's and occupied that corner until 1985 when it was demolished in the wake of the Bradford City fire tragedy. It was not a place for the faint hearted and probably gave inspiration to William Golding to write 'Lord of the Flies'.

In October 1960 when the Shakers were in the middle of a run of nine consecutive wins, in which they scored 30 goals and conceded just three, a major controversy brought discord into the Bury boardroom. It was an era prior to the constant plethora of "ism" complaints we hear today with our club's directors required to deal with a complaint that men and GIRLS were using the Boy's Stand! However common sense and decency prevailed and the board upheld the complaint and ordered that the stand remain a boy's only establishment!

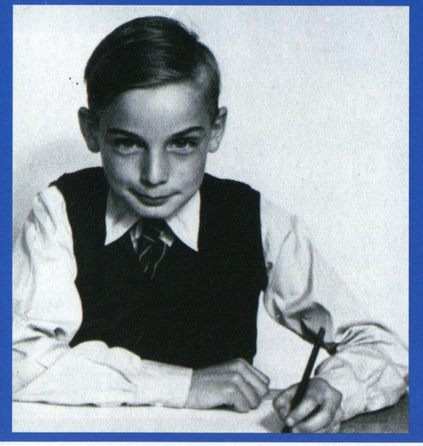

Our victory a few weeks ago means that we are now just six games away from going back to Wembley, and our one and only previous meeting in the FA Cup with today's opponents was at Gigg Lane way back on the 13th January 1923 in the 3rd round. It was the first ever meeting of the two clubs when Luton at the time played in the Third Division (South). Goals from Norman Bullock and Jimmy McCrae gave the Shakers a 2-1 victory - a repeat result today would do very nicely.

YOUTH UPDATE

LATEST FROM IAN KENDALL

Welcome to the FA Cup game today with Luton Town. However, it is not the only cup game that we have to look forward to at this club. As many of you will know, our youth team has a trip to Old Trafford to face Manchester United youth on Tuesday, 16th December.

The excitement grows daily within the club about the trip, only tempered by the challenge that a draw today will split the loyalty in the Boardroom as any replay will be at Luton on the 16th too. So, here's hoping that the game today doesn't need a replay to decide who goes forward to the Third round. It is a game that we go into full of confidence and with nothing to lose. Our youngsters are fresh from a superb win against Burnley with Scott Burgess and George Miller scoring before half time to take the points.

Whilst this excitement continues to develop the gaffer has continued on the building process of investing in youth at this club. On Tuesday night, the team to face Southport in the Lancashire Cup will have had nine of our youngsters representing the club. It will be a significant test for them and it will be interesting to see how we fare, but it is a mark of the trust and respect the gaffer shows for our youth players and their coaches.

Last Friday saw the reassessment of our Elite Player Performance Plan (EPPP) which has caused a significant amount of work and distraction from day to day business at the club and I am delighted to report back to you that the assessors were delighted with the progress made at the club since last October and, whilst we will not receive official confirmation of the inspection until Christmas, they were full of praise for the way in which we have developed the infrastructure. They were especially pleased with the way in which Helen Smithson has established herself within the heart of the team, and started to get a grip on ensuring education remains important for all our Academy and Youth players. This, together with some minor policy weaknesses, were identified as an area for improvement last time around. Credit must go to the whole Academy team led by Mark Litherland and Ryan Kidd for embracing the process and ensuring that the assessors had all the evidence to demonstrate just how much the Club has progressed.

On Monday, 8th December, there is a seminar on Nutrition for the parents of our U14, U15 and U16 Academy players parents. This will be in the Social Club at the JD Stadium and will coincide with the training for these Academy players at the Club between 5-30 to 7.00pm. The seminar will be delivered by Wendy Griffin, who is a fully qualified Nutritionist and who works with our First team on a regular basis.

'A day in the life as Bury FC Scholar'

Our day starts by arriving at the club for 8:30am. From then on we all have fixed jobs to be done throughout the day which are sorted out at the beginning of each season, along with our training schedule, and we rotate these jobs between us over the season. We are put into groups of 2-3 players and then we cover different areas of the club to get organised for the day.

These areas include first team changing room, away team changing room, the Boot Room and the Gym. All these areas have to be cleaned and be tidy and all equipment ready to use. We all have full use of the gym so weights have to be put away neatly and equipment clean and ready. All boots need to be clean and hung up for the First team Players and First team Coaching staff (in the hope of a Christmas Tip if we have done a good Job...) and things like bibs, cones, balls all need to be cleaned and counted in preparation for the days training ahead for us and the First team players.

Once all these jobs have been done we can get ourselves ready for training. This includes a session in the Gym. We all have programs to follow and usually start with an upper body program to build strength and stamina. We work on all areas of the body and take advice and help from Jamie and the rest of the staff.

From the gym we head down to one of the training pitches usually around 10.30am. It's a really good part of the day and Ryan will have a session already organised covering different areas of the game we need to work on. These can include possession based play and we work on passing the ball, keeping possession. We work on pressing the ball and winning it back as high up the pitch as we can. We watch games showing opponents we are going to be facing and we can look at their style of play and their formations and we sometimes work on this during these training sessions. This training session can take 2 or 3 hours and then we head back to have our lunch.

Sometimes we will join the first team players as they give us a lot of encouragement and we attend all First team home games and we watch the first team players especially in the position we play in, to help to improve our game. The Chairman, the Gaffer, Futch and Brassy also attend some of our Youth Team games when they can and they will give us feedback on our game and performance and give advice on areas we can improve. Then it's back in the gym for another session depending on what area you want to build or work on and then a check to ensure all the equipment is back and ready for the next day. We then get showered and changed and head home ready for the next day's training and developing.

This is a typical day in our time at the club as a Youth Scholar, although our week is made up with attending college and game time and also we will have presentations on some days which include information on diet and nutrition, or about mental attitude,

It's a great team environment and our coaches, the gaffer and the players are all a great influence on making us better players for the club and for them.
