## COLEY'S COMMENTS

**WELCOME** to everyone for this evening's Sky Bet League One game and to Mick Harford, the staff, players and fans of Luton Town to the Wham Stadium.

I like Mick a lot, he is a good footballing person and he has made sure Luton maintained their unbelievable run. They deserve to get promoted for him and the club.

Last year we went on a run when we just couldn't stop winning and the same has happened to Luton this season. They played us earlier in the season when we were above them and it was never a 4-1 game but they were clinical.

They punished us. Since then, they have been on an amazing run, they have developed a successful style of play and, for me, they have been the pick of the bunch this season.

It should be a good game for the cameras. A lot has been said about all pitches at this

stage of the season making it difficult, but both sides are good footballing teams who will do their best to entertain and hopefully we will come out on top.

When you are on television, it shouldn't happen, but players do tend to give an extra 10/15 per cent, that's a fact.

We welcome Matty Pearson back with Luton. He will obviously be remembered by Accrington fans for that goal against Burnley but I would like to think me and Jimmy (Bell) helped him in his career, in two spells at Rochdale and Accrington.

You could go on about the good players Luton have but we have good players and we know we can give anyone a tough test. We did at Sunderland and also Portsmouth at home so we know, when we are good, we are a handful for anyone.

I was delighted with the Walsall win, and delighted for Ross Sykes to score twice, especially

as the first was a training ground routine which came off. We say he should score more with his height but four goals so far is a good return from a defender.

But we mustn't get carried away by thinking that's job done. We are not safe yet and we have to be mindful of that. We can't take our foot off the gas and we know we need more points.

**Here's hoping for a good clean game.**

**Keep the faith**

## MATTY RAISING MONEY FOR BLOODWISE

**MATT** Donnelly, Accrington Stanley's sports therapist, is lacing up his trainers to help raise money for a blood cancer charity in memory of his father.

The 25-year-old lost his dad, Steve Donnelly, 14 years ago to lymphocytic leukaemia and Matt is running 10k to raise money for Bloodwise (formerly Leukaemia and Lymphoma Research) on 21 July at Aintree race course. Prior to his passing, Steve was a fit and active man who completed several marathons, as well as bike rides from Lands' End to John o' Groats in aid of various charities. Bloodwise funds vital research and provides support to help improve the lives of blood cancer patients, with blood cancers claiming more lives than breast or prostate cancer each year.

Any donations are very gratefully received, and those wishing to make a donation can do so via Matt's JustGiving page.

## CAPTAIN'S LOG

**WELCOME** everyone to the Wham Stadium for today's League One fixture against Luton Town.

The mood in the camp is a lot better now after the victory against Walsall. I've said before that we just needed to get a win from somewhere, and thankfully we got it last weekend. It's given everyone connected to the club a lift and there's more confidence and belief in the team ahead of today's game.

I'm obviously delighted for Ross Sykes to have scored twice, as I am always delighted for any of our lads who score. We need goals, it's something that's plagued us all season because we haven't scored enough, and for a centre back to pop up with two is great. I'm sure the manager will take some credit too as we'd worked on attacking set-pieces in the build up to the game.

The manager asked the fans to back us with noise and flags and I thought they were brilliant. I certainly noticed when I walked on to the pitch that the Clayton End had created a superb atmosphere, almost as if it was one of our promotion games last season.

Our supporters play a massive part in what we do, and it really does give us a boost when they're on song. Given our facilities here, the atmosphere they create can make it difficult for opposing teams too which obviously helps us even more.

Luton will bring a big crowd with them today and they're hoping to gain promotion this season, so we'll be looking to throw a spanner in the works and take care of our own agenda.

They will be full of energy, good on the ball, high in confidence and have a bit of swagger about

them, which is to be expected when you're top of the league and having such an impressive season.

No doubt it will be a very difficult game, live on Sky Sports, and we'll have to be at our very best to get anything from the match, but it's something that we can do. We can build on the result from last week and get something from the game today.

**Enjoy the game!**

## Manager: Mick Harford

LUTON Town legend Mick Harford returned to Kenilworth Road in January 2016, soon after Nathan Jones' appointment as manager, to head up the recruitment side of the club.

Harford first joined the Hatters as a player in 1984 and spent six years leading the line in the old First Division, before returning in 1991-92 for a second spell.

At the end of his playing career, the ex-England international returned as coach, then director of football and finally manager, winning the Johnstone's Paint Trophy in 2009.

Mick is currently the club's interim manager, as the club begin their search for a full-time boss after the departure of Jones to Stoke City. He was named Sky Bet League One Manager of the Month for March.

**JAMES  
SHEA**

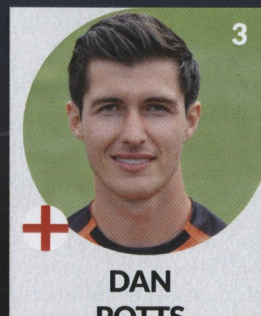

**Position** Goalkeeper  
**Age** 27

James Shea came through the academy at Arsenal and had loan spells with Southampton and Dagenham & Redbridge before plying his trade in non-league football after his release by the Gunners in 2013. The 27-year-old continued to train with Arsene Wenger's squad on a full-time basis during his year outside the pro game, but returned to the EFL by signing for AFC Wimbledon in 2014. He was part of the Dons squad which overcame Stanley in the Play-Off semi-finals in 2015-16 and went on to gain promotion to Sky Bet League One. He signed a one-year deal with the Hatters as a free agent in July 2017, which was extended until 2020 in February. He forced his way into the first team at the tail end of the season, making eight league appearances, to win a second promotion from the fourth tier.

Defender Matty Pearson needs no introduction to Stanley fans. He was the scorer of one of the most memorable goals in Accrington's history, to beat Premier League Burnley in extra-time in the EFL Cup – called a £100,000 goal by owner Andy Holt. Stanley signed former Blackburn trainee Pearson from Halifax Town, after a spell at Rochdale under John Coleman, in 2015. He became a popular and regular member of the squad, scoring 12 goals including that one against the Clarets, and also was part of the 2015/16 team which narrowly missed out on promotion. He signed for Barnsley in 2017 but was snapped up by Luton last summer and has scored six goals in the campaign as the Hatters top the table.

Position Midfielder

Former West Ham United academy graduate Mpanzu was an instant hit when signed on loan by then boss John Still from the Hammers midway through the Conference title winning campaign of 2013-14. Versatile to play in central defence, midfield, on the wing or even up front, Pelly is a crowd favourite and he passed the 100-game mark for the Hatters during 2016-17. He extended his stay with the Hatters until 2020 over the summer of 2017, which was ex-tended until 2021 following promotion last season. Mpanzu has three goals and five assists in this campaign.

Since leaving Aston Villa, the 27-year-old has enjoyed a prolific career in the lower leagues, scoring regularly for the likes of Shrewsbury Town, Swindon Town and Crawley. The Coventry-born former Republic of Ireland U21 international has now won promotion four times from League Two - twice with Shrewsbury, once during his loan at Northampton Town in 2016 and once with the Hatters.

## GETTING TO KNOW...

# PAUL SMYTH

THE 21-YEAR-OLD NORTHERN IRISH STRIKER LETS US GET TO KNOW HIM A BIT BETTER.

### WHAT'S THE BEST THING ABOUT BEING A FOOTBALLER?

You get to play every day. You get to do what you love, playing on a Saturday, and enjoy it.

### WHAT'S YOUR FAVOURITE PLACE TO GO ON HOLIDAY?

I haven't been on a lot of holidays, but I went to America, Costa Rica and Panama with the Northern Ireland squad which was a bit different.

### LEAST FAVOURITE AWAY DAY?

Travelling to Middlesbrough with QPR. It was a seven-hour bus journey.

### WHAT'S YOUR FAVOURITE AWAY DAY?

I liked Sunderland away this season. I scored too so it was a good day.

### WHAT'S YOUR LEAST FAVOURITE FOOD?

Mushrooms. Hate them. Worst bit of food in the world.

### WHAT'S YOUR LEAST FAVOURITE HOLIDAY DESTINATION?

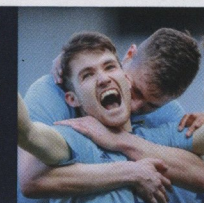

I don't have one. I don't really go on holidays!

### WHAT'S THE WORST THING ABOUT BEING A FOOTBALLER?

Having to wake up early! I'm not an early man.

### WHAT'S YOUR FAVOURITE FOOTBALL MEMORY?

Scoring on my international debut against South Korea.

### WHAT'S YOUR FAVOURITE FOOD?

I like a chicken korma you know.

### IS THERE A FOOTBALLING MEMORY YOU'D RATHER FORGET?

When I was at Linfield we lost the Irish Cup final 2-0 to Glenavon. The weather was terrible that day too.

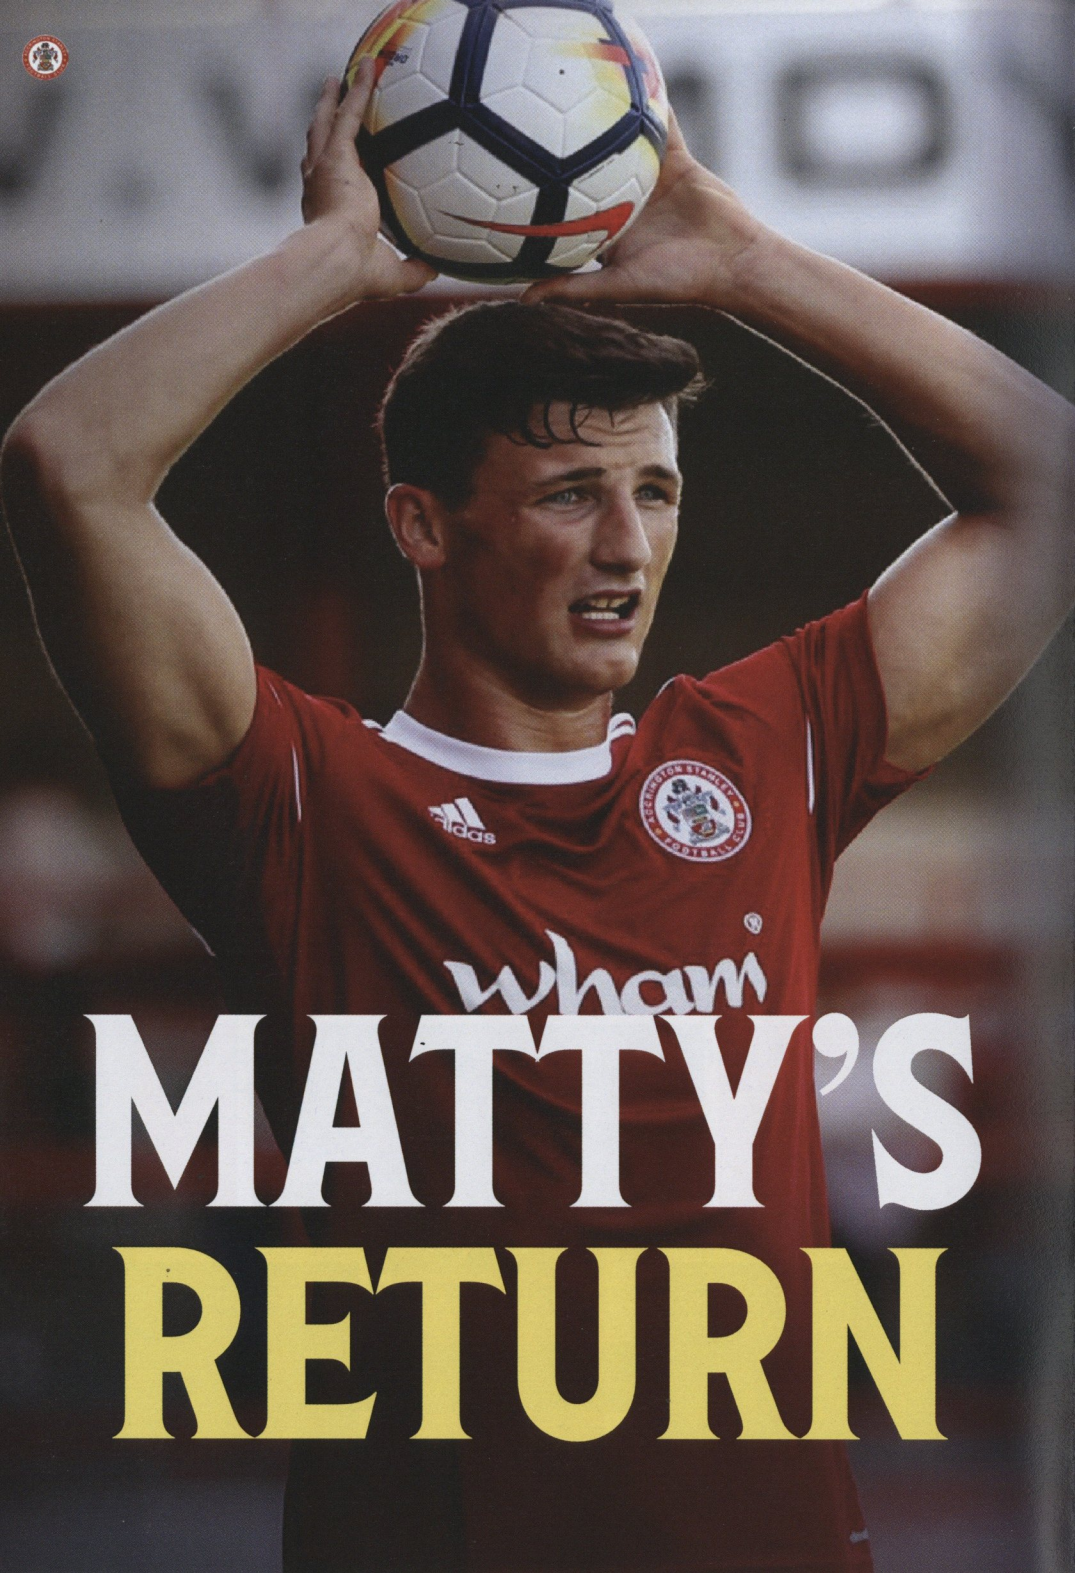

### WHAT DO YOU LIKE DOING AWAY FROM FOOTBALL?

Play PlayStation. It's all I do. I'm a big kid at heart.

### WHAT'S YOUR PET HATE?

When people get out of the shower, and there's no mat so the water goes all over the floor. It's random I know but it's so annoying!

# MATTY'S RETURN

MATTY Pearson scored one of Accrington Stanley's most memorable goals – and now he hopes to celebrate a memorable season for Luton Town.

Defender Pearson returns to the Wham Stadium for the first time since he left in 2017 to join then Championship side Barnsley.

He signed for the table-topping Hatters last summer and has played his part as their record breaking 28-game unbeaten run was only halted last week at Charlton.

For fans of Stanley, however, Pearson will always be remembered for what owner Andy Holt called a '£100,000 goal' as the Yorkshireman fired home the winner in the last minutes of extra-time against Burnley in the EFL Cup to earn the Reds a trip to the Olympic Stadium and face West Ham.

"It was a big time for me at Accrington," said Pearson, now 25. "It put me back on the path back in the Football League.

"I had been at Blackburn, played at Rochdale with John Coleman, and then I was at FC Halifax when Coley signed me.

"I had been in non-league but got the chance to play League Two football and it did me the world of good.

"We had some really good times, the Play-Offs and of course scoring against Burnley and playing at West Ham. I also remember other things like the floodlights going out in the Play-Offs!

"The fans were always great with me, I have a soft spot for them as they were good fans. "I am sure John and Jimmy (Bell) will give me some stick but obviously now I just want to gain promotion with Luton."

Pearson admits, while he expected the Hatters to be up challenging for promotion, he didn't expect them to be leading the way.

"I thought we would be in and around the top but not so much top of the league. We didn't have the best of starts, I think we lost three of our first four games, one was a cup game at West Brom, and we lost to Portsmouth and Peterborough, it was an iffy start.

"Since then we have picked up and we just got momentum and went on an unbeaten run, until last week. It has been special but now we just want to seal promotion as soon as possible.

"I know it's my former club but for me, it's another game of football and a game I want to win. If I score, you want to celebrate as it's important for the team and emotions take over."

The manager has also changed with Nathan Jones joining Stoke City and Mick Harford taking over but it has made little difference to Luton's charge.

"The players didn't change so we just kept doing what we were doing on the pitch," said Pearson, who admitted Luton

has improved him as a player and a person.

"I think it has improved me coming here, I was always at clubs close to home and this took me out of my comfort zone which was something I needed. I am happy here and it's great when things are going well."

The defender has chipped in with six goals so far this season – but admits he was aiming higher.

"I wanted 10, when I was at Accrington I got nine in a season so I wanted to go one better. They tend to be set-pieces, tap-ins or keeper mistakes, I rarely get the spectacular!

"On a par with my Accrington goal against Burnley is my Luton goal against Southend. We won 1-0, I got the winner and it sent us to the top of League One, it was an important goal."

There are still a lot of familiar faces at the Wham Stadium who he keeps in touch with.

"There's Billy (Kee), Seamus Conneely, Mark Hughes, Jordan Clark, Sean McConville and Janoi (Donacien) is back, I still have a lot of friends at the club and it will be nice to see them.

"I was so pleased they got promoted last season as, when I left, you could see the core of players they had would do well in League Two. It should be a good game."

UP CLOSE & PERSONAL

# NEVER GIVE UP: ROSS

**ROSS** Sykes has learnt throughout his short football career so far to never give up – and he believes that has taken him a long way.

The 20-year-old has been one of the stand-out performers this season, forming a solid

partnership at the back with Mark Hughes and chipping in with four goals at the other end, including a brace against Walsall last weekend.

The Burnley-born defender has had various setbacks along the way but believes

these have only made him stronger.

"I always wanted to be a footballer," said Ross, who signed a new three-year deal recently. "I went to Unity College in Burnley, I got a number of GCSEs but I had

already been offered a scholarship by Accrington by then so my full focus was on football.

"I was picked up by Burnley when I was 10, playing for my dad's Sunday League team Padiham Saints.

"It was great to be there, I was there for two years as 'Gawthorpe' was being updated to the 'Barnfield Training Centre' and it was great to see.

"Despite being 6ft 7in now I was never the biggest and they told my mum I wasn't being kept on when I was 13 because I was too small.

"I was gutted at the time, I wanted to give up football but my mum persuaded me to go to Accrington.

"A few of my mates were there, including goalkeeper Jack Little, who I had gone to school with.

"John Townsend was the Academy coach then and he took me on, he is now at Burnley FC.

"There wasn't a lot of difference in the training at Burnley to Accrington, it was Astro Turf and the coaching was good.

"When I was around 15/16 I had a dip in form and that was a worry but thankfully the Academy coach at the time Dave Fitzgerald knew it was because I was growing, I just shot up all of a sudden.

"I was offered a scholarship in October when I was 16, so quite early, as my alternative was to go to Burnley College and study Business Studies."

Ross was part of the Stanley youth side who made it to the FA Youth Cup third round.

"We played Crystal Palace at home and I learnt then that you must never give up. We were 2-0 down at half-time to a good side but ended up pulling it back to 2-2. It was just gutting we lost in extra-time."

Aged just 17, Ross was given a two-year professional deal at Stanley, despite being a first year scholar.

"I wasn't expecting it. The second year scholars were being called in to be told their future and I was just called in at the end of it and told I was getting a pro deal early, I couldn't believe it! Everyone was over the moon, especially my mum."

Ross has grown with the first team, going out on loan to Southport in the Conference North last season.

"The first time I went I played

five games and it was good for me. It was completely different to youth football, it was more physical and more demanding. I learnt a lot from going there."

This summer, as he does every pre-season, he worked hard but this time he put the extra effort in and got his rewards.

"I was running on the beach, I was in the gym every day, I just wanted to be ready for the season.

"I played the first few games and it was superb to take my league debut, I just took it in my stride really.

"I scored my first league goal at Oxford. It's hard to describe as I touched it and hooked it back over me! It was good as it was an equaliser.

"Obviously I have learnt a lot from playing alongside Mark Hughes, Mark talks to

me all the time, he has great experience, you learn how to play out from the back and it gives you more confidence being alongside him."

A groin tear ruled him out recently but he is back raring to go for the end of the season – shown by his Walsall double. "I was out for seven weeks which was a frustrating time as I don't like watching from the sidelines.

"But now I am back and I want to finish the season strongly. "It has been a big learning experience, I have played against some really good players, the likes of David Nugent at Derby where I learnt a lot just in that game.

"It's also great to have four goals although Jimmy (Bell) will say I should have more as I come up for set-pieces!

"I was buzzing all weekend after scoring two but my focus is always just on playing football and not getting carried away with anything.

"There is a lot more to come from me and I just want to keep improving."

# ACADEMY UPDATE

## Q&A WITH STANLEY ACADEMY COACH AND EX-HATTER ANDY BURGESS

Ahead of today's Sky Bet League One encounter we caught up with current Lead Foundation Phase Coach and ex-Luton player Andy Burgess about his role here at Accrington Stanley and how past experiences have shaped his coaching.

**Q. Andy you played professionally for 13 years and are now involved in the game in a coaching capacity. How have you found the transition from playing to coaching?**

I started coaching when I was 18, a local grassroots U13 side, then coached all the way through my playing career in grassroots and various elite level women's clubs so I've found the transition quite easy. That said, it's brilliant to be in full-time coaching now at Accrington Stanley Academy and it's something I enjoy immensely. You can't be playing, but being involved on the coaching side is probably more rewarding.

**Q. What experiences have you been able to pass onto the players here at Accrington Stanley?**

I was fortunate enough throughout my career to win the Conference and League Two titles so I like to think I have the experience to pass on regarding the levels the first team are playing

at now. I played for clubs, including Luton, who had and have high levels of expectation so it was a case of having to perform and work hard week in, week out which I try and make sure the players realise is important.

**Q. Did you ever think you would get involved in coaching while you were a player and if so who has helped influence you?**

I always hoped I would when my career finished and I am pleased I have the opportunity to do so. Terry Westley was the best coach I ever had. He was married to the game, showed a real intensity and his

knowledge and understanding was second to none. He is now Academy Manager at West Ham United which comes as no surprise.

**Q. Finally, I think it's safe to say you are a big Luton Town fan while obviously wanting Accrington to do well. How do you think the season has gone for both clubs?**

Obviously from Luton's point of view it's been amazing. At various periods you've felt the wheels might come off and we've just kicked on and kept going. Mick Harford took the reins in January when Nathan Jones moved to Stoke City and Mick's taken us to another

level, which is great to see. He's a real players' manager.

Accrington started well with the momentum from last season's superb title-winning campaign but have found it difficult of late, although had a brilliant win last weekend at home to Walsall. I don't think the team has been far off, just struggled to score goals at key times in games which has cost them. I think the togetherness and spirit in the squad combined with the undoubted quality will see the club stay in the division which I think will constitute a good season, finding their feet in League One.

# COMMUNITY TRUST

## Conneely Wins PFA Community Award

**SEAMUS** Conneely has picked up the award for PFA Community Player of the Season for his commitment and effort in organising a variety of community events throughout 2018/19.

The Stanley captain was presented with the award, which is judged by a panel of representatives from Accrington Stanley Community Trust and the PFA, by the Community Trust's CEO, Martin Fearon.

Conneely contributes a great deal both on and off the pitch. He is the nominated PFA representative for ASFC and has visited several schools

and community events in Hyndburn and surrounding areas this season.

Conneely is an influential member of the first team and helps the Community Trust organise the events and ensure players see the importance in getting out in the community.

Martin Fearon, CEO of Accrington Stanley Community Trust, said: "Seamus has played a big part in organising player visits for the last three seasons. He is also the Ambassador of our Sports Participation programme and has supported several different projects

throughout the season.

"His commitment to give back to the local community is fantastic and he is a great role model for the young children of the local area. Seamus continues to go above and beyond the traditional role of a professional footballer and it is fantastic to see the positive effects the player visits are having on the local community."

Sorry Ozzy! (Offrande Zanzala)

Junction 3 and take the A6182 towards Doncaster (the stadium is well signposted from Junction 3 and is about one and a half miles away).

You will pass a retail park on your left and then at the next traffic lights (which has the Lakeside Pub visible behind it) turn left onto White Rose Way. The Lakeside Shopping Centre is now on your right (the stadium is located directly behind the shopping centre). At the next island turn right onto the industrial estate and after passing the Tesco distribution centre on your right, turn right at the bottom of the road and the stadium is further down on your left.
